

LOCAL NEWS.

Mrs. A. Rodovich returned from California this morning.

H. E. Lacy and Chas. R. Drake arrived this morning from California.

The Democratic Delegation consisting of B. C. Parker, W. P. Woods, J. S. Finley, S. C. Heaton and J. W. Wiley arrived this morning from Flagstaff.

The fire department boys would turn out on an exhibition drill that have deferred until water becomes more plentiful.

Reid's opera house is being placed in a condition of theatrical reception that will surpass any season of opera and minstrel yet held in Tucson.

Mr. Scott of the mining profession is said to be a shrewdly horse in the race for that desirable office on the Democratic ticket.

A slight attack of warm weather is spreading itself to make itself felt before the cold and otherwise atmospheric competitor of a directly opposite extreme reaches the city.

The electric light is taking on substantial harness and will be billed in the light rate of Tucson's illuminating track by the fall season.

The block of buildings on Pennington street between Court street and North Meyer is undergoing a complete overhauling and a nice side walk of plank is being constructed both on Court street and Pennington street.

There was a meeting of some of the prominent members of the board of trade this evening the 27th, at 2:30 and it is fair to assert from the action of the gentlemen that Tucson will see the electric light in the city by the fall.

Wells, Fargo & Co. will move their office into the apartments of Radulovich's block on Stone avenue. The Masonic fraternity will occupy the upper floor and Wells, Fargo & Co.'s express the apartments directly under.

There was a meeting of the World's Fair exposition club last night. These gentlemen and ladies are determined that Arizona shall be represented in a manner of which it will not be ashamed.

Deputy U. S. Marshall Paul has returned from a trip to Mammoth where he had gone on an official trip. He takes the Mammoth mine running steadily and teams constantly employed delivering ore.

A Redwail will return to Phoenix after a couple of weeks stay here. He goes away remarkably well pleased with the patronage he has received at the hands of the musical loving portion of the city. Mr. Redwail's energy is unbounded in the scope of his work and he is richly deserving of it.

What an air of cheerfulness and what a degree of improved illumination will it not be to Tucson when the tall electric masts will send out their brilliant rays from Military park, Church plaza, Park square, City square, the P. & N. department and northerly and easterly of the railroad track.

Strangers abroad are notified that Tucson is a city on the eve of a great advancement. Has a Territorial University and a first-class system of public schools, with large attendance. Has gas works, ice works and a flour mill turning out a large tonnage of the choicest flour.

The ladies of Tucson who are engaged in house keeping, or who have a desire to teach their daughters that most desirable and useful art of properly and tastefully cooking one of the most desirable and profitable occupations of the family circle can secure such an aid to housekeeping education by sending their name and address to Prof. Flavoring extract Co., Chicago Illinois.

As duly announced from the pulpit on Sunday, there will be a special meeting this, Wednesday, evening at the Congregational church to arrange for a practical study of light in connection with the plan of Summer School. A business meeting will follow the other meeting.

Secretary Morford of Arizona, in the city. The secretary is one of those stalwart newspaper men and Republicans that has done good service for the party of which he is a most conspicuous member and of the newspaper profession of which he has proved himself a thorough journalist.

There will be a subject broached to the business men shortly after noon advertising this city and county. Speeches will be delivered, music will be there to aid the cause and all plans of conducting a campaign of publicity will be submitted to the enterprising citizens and merchants of Tucson. Remember the watchword one continual progress.

There was a large and well attended meeting of the Pima county World's Exposition Club last night at the board of trade rooms. Communications bearing upon the World's Fair were discussed as expressed by the late Flagstaff meeting of the World's Fair Commissioners and it was the sentiment of the meeting that nothing would be left undone to properly and satisfactorily represent Arizona at the World's great exposition in Chicago.

F. A. Stevens of this city announces himself as a candidate for Arizona to the action of the Republican county convention. Mr. Stevens is well known both in Pima and Pinal counties. He is at present engaged in the lively business in this city. He is an attendant of Co. F. N. G. A. and is popular, and provided the nomination is tendered him will draw votes largely from both Republicans and Democrats. He can testify to his efficiency in my case at all events. For sale by F. Fleishman & Co.

Mr. Van Pelt, Editor of the Craig, Mo., went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He said he prescribed it regularly in his practice and found it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by F. Fleishman & Co.

It was a delightful marriage party, at the residence of Mrs. E. A. Greenback in Safford on the evening of Wednesday, Sept. 21, when Miss Imogene H. Van Sicken was united in marriage to Mr. James H. McCune. The ceremony was performed in an impressive and artistic manner by Judge John Blake. There was a large attendance of friends, among whom I may note Judge Tuttle, wife and daughter, Mr. Dial, wife and daughter, Mr. and Mrs. J. C. Parsley, Mr. and Mrs. Will Parks, Mrs. J. D. Greenback, of El Paso, Texas, Mrs. Dickerson and Mrs. James H. McCune. The wedding supper was a feast of turkey, fatted calf, pumpkin pie, etc. James was very sedate, but his beautiful wife was charming. -Bulletin.

Report on Electric Light. Tucson, Ariz., Sept. 27, 1892. Hon. J. C. Heaton, President Board of Trade. DEAR SIR:—We, your committee, appointed to examine into the merits of a business standpoint of the electric light proposition, submitted by Mr. John M. Ormsby of this city, beg leave to report as follows:

We have carefully examined the estimates submitted by him and the guarantee of the general Electric Company, together with the minimum estimated earnings of the plant and its installation, a meritorious enterprise and a safe investment.

Very respectfully yours, ALBERT STEINFELD, C. E. SCHMIDT, (Com. A. V. GORHAM, Secy.

WEATHER BUREAU, UNIVERSITY OF ARIZONA. TUCSON, ARIZONA, Sept. 23, 1892. Local meteorological report.

Time (M., Temp., Wind, Humidity, etc.)

Min. 58.7, Max. 87.0, Mean 72.8, Wind S, Rain 0.0.

Report on Electric Light. Tucson, Ariz., Sept. 27, 1892. Hon. J. C. Heaton, President Board of Trade. DEAR SIR:—We, your committee, appointed to examine into the merits of a business standpoint of the electric light proposition, submitted by Mr. John M. Ormsby of this city, beg leave to report as follows:

We have carefully examined the estimates submitted by him and the guarantee of the general Electric Company, together with the minimum estimated earnings of the plant and its installation, a meritorious enterprise and a safe investment.

The New Post Office Building.

The post office quarters as now occupied by Postmaster J. Klox Corbett are really elegant and most creditable to a city with double the population of Tucson.

The Supreme court of the Territory is now in session at Phoenix.

Today, the 28th, the University of Arizona commences its second term.

The opera house is being arranged for the Democratic county convention tomorrow.

Postmaster Corbett gives the utmost satisfaction in the discharge of his many duties.

Mr. Benzoni, representing the Santa Cruz canal company, will arrive shortly in Tucson.

Mr. C. W. Wright has arrived in New York from England and will be home Saturday.

The photographers on Congress street will remain in the city a few days longer.

J. S. Mansfield has on sale postage stamps, stamped envelopes and postal cards.

Governor Murphy reached Phoenix from Denver via Salt Lake and San Francisco on the 27th.

Secretary of Territory Morford will visit the University this evening and return to the city tomorrow morning.

The new postoffice with its fine apartments and handsome equipments sets off the corner of Congress and Stone avenue with the air of metropolitan pride.

The Republicans will meet at the district court room this evening at 7:30 to take action relative to holding the primary election on Saturday for delegates to the county convention.

Richard Harding Davis' The West from a Car Window will be brought out by a Redwail book-form by Harper & Bros.

The merchants of Tucson have laid in an immense stock of goods and in consequence are reaping an appropriate patronage.

Happy and content is a home with the "Rochester" lamp with the light of the Mammoth mine running steadily and teams constantly employed delivering ore.

Secretary Morford left for the capital this morning after spending a day of observation within the limits of Arizona's metropolis and visiting the University.

"Bring hither the sword and cut the child in twain," cried the wine merchant. "Spice the child," said the pleading mother." Oct. 4, in Tucson.

The next volume of "Harper's Black and White Series" will be a Little Redwail. For catalogue, write Rochester Lamp Co., New York.

The natural and unnatural mortar, the great stone before King Solomon as well as witnessed October 4th in the vast tent of Robinson's world renowned school.

Chas. Bowman who has been quite sick for the past few days is now rapidly recovering and his many friends are pleased to learn of his being soon at his post of duty again.

L. Zackendorf & Co., corner of Main and Pennington streets, are receiving the largest and most elegant variety of furniture, carpets, matting, rugs and all the latest styles of elegant drawing room and parlor chairs.

October the 4th, John Robinson's great show, King Solomon upon his throne and the Queen of Sheba with thousands in silver treasure presenting to his majesty will be witnessed at the great exhibit on the plaza in Tucson on the above date.

The annual national encampment of the United States Grand Army of the Republic will be held in this city at Washington, will be fully illustrated in the forthcoming number of Harper's Weekly. A front page portrait of Mr. W. L. Reid will be given in the same number.

Thomas Hardy's new serial, "The Pursuit of the Well Beloved," will be first presented to the American readers through the medium of Harper's Bazar. The serial will appear in the Bazar for Oct. 1st, which will also contain a portrait of Mr. Hardy.

Armand Taquet has opened a French restaurant on Camp street, and Church plaza where all manner of French cooking is served. This building has been thoroughly renovated and a most pleasant dining room is opened to the public. The prices are moderate and the general establishment and the patronage of the opening fall season justifies in keeping these eating resorts up to the highest standard.

Mr. Vicente Lavinia is in the city today from the ranch where he has been for the last two or three weeks. Mr. Lavinia is a merchant who has had a large custom and who no doubt would have had most successful success in his line had not his health forced him to relinquish his business. The stock of goods that are now left is being retained at private sale and one can buy at a greatly reduced price by calling at Messila and Meyer streets.

Mr. Van Pelt, Editor of the Craig, Mo., went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He said he prescribed it regularly in his practice and found it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by F. Fleishman & Co.

The Tucson Democracy.

At work in Graham County. A TICKET NOMINATED FOR ITS INCOMPETENCY.

What a Spectator Saw.

Mr. Editor:—The Associated Press dispatches and the Graham county Bulletin report the Democratic convention held in Solomonville on the 22nd inst. as a success. The ticket nominated was uniformly strong and one calculated to inspire confidence and enthusiasm in the party nothing could be further from the truth. The ticket nominated was a mere third of the entire membership of the convention comprising some of the oldest settlers and best tax payers and representing nearly every section of the county and the entire Mexican vote, left the convention in disgust after the alleged temporary organization shows conclusively that the ticket nominated was a mere third of the entire membership of the convention.

Weather-Crop Bulletin of the Arizona Weather Service.

For the week ending September 26, 1892.

TEMPERATURE AND HUMIDITY. The week ending Sept. 26th has been slightly warmer than usual. This excess in temperature was evenly distributed. At Tucson, the excess was 10 degrees for the week; at Yuma, 11 degrees. Wednesday and Thursday the temperature was slightly below the average, but during the remainder of the week was above. The average maximum temperature at Tucson was 83 degrees, average minimum, 63 degrees; at Dudleyville, average maximum, 100 degrees, average minimum, 64 degrees; at Phoenix, average maximum, 90 degrees, average minimum, 68 degrees. Since March 1st the average temperature is 190 degrees below the normal.

RAINFALL. The rainfall during the week has been very light, and insufficient to improve vegetation of any kind. The drought remains unbroken throughout the territory. In Tucson 0.18 inch of rain fell during the week, which was not enough to be noticeable benefit. All other stations report no rainfall. In the northern and central Arizona, in precipitation as deduced from statistics covering a number of years is 2.38 inches below the normal.

IN WESTERN ARIZONA, crops under irrigation, such as late fruits and melons, have ripened well during the week, but the excessive heat and dry weather has had an injurious effect upon the crops which are now almost destitute of grass in most localities, and will not afford feed for many cattle during the winter. In northern and central Arizona, nearly all crops have been harvested. The yield in most cases has been light. Cattle ranges are in a worse condition than they have been for several years. In east central and eastern Arizona, about the same state of affairs exists as regards the cattle ranges. The growth of grass on the ranges. In most instances the corn has been cut for fodder owing to the scarcity of hay. In southern Arizona, most crops have ripened and been harvested. The yield has not been very good. In the vicinity of Fort Huachuca, eight favorable of rain, and cool weather, have favored the growth of grass on the ranges. But in other localities the weather has been hot and dry, and the hills and mesas are parched and destitute of good grass.

NOTE. This is the last Crop Bulletin that will be issued during the present season, as it is believed they will be of no special value, now that the growing season is over. The success and general approval of this bulletin surpassed the director's most sanguine expectations, when the number of agricultural inquiries, numbers over one-fourth of the entire vote of the county, were completely ignored, although the people from the western portion of the county are not numbered among the representatives and presented exceptionally strong and capable men. Both the people from the western part and the Mexicans are in place and ready to support the ticket.

Whereas, the demands of legislative opponents to protection policy are a constant menace to the sugar, rice and lumber of the third congressional district and

Whereas, it is an indispensable and self evident fact that these interests need the protection of an avowed protectionist, and

Whereas, admittance and counseling with congressional protective committees are in place and ready to successful effort on behalf of these interests, and

Whereas, democratic representatives although believing in protective policies need the cooperation of being debared entrance and concur in action with republican protective committees. Therefore be it

Resolved, that the people of the 3rd district shall vote for Benjamin Harrison for president and Whitelaw Reid for vice president.

The convention then proceeded to the nomination of candidates for congress.

W. B. Anderson placed in nomination Capt. Jno. T. White, of Ileria, seconded by C. Mayo, of Calcasieu. Judge Taylor Beatty was nominated for the 3rd congressional district, his name was withdrawn and the nomination of Capt. Jno. T. White was unanimous.

Moved and seconded that the chair appoint a campaign committee consisting of members who shall have full charge of the business matters of the district.

Moved and seconded that the chair appoint a committee to draft an address to the voters of the third congressional district.

The chairman stated that he would announce the two committees shortly. Capt. White, being called for, came forward and thanking the convention stated in unmistakable language his position on the political questions of vital interest to the voters of the third congressional district, and promised to be in place and ready to start up. The engine which was the machinery of a new one and the trial run was successful. The concentrates worth \$25 per ton in copper and silver. Sufficient to be made in the interest of our district and state.

Adjourned sine die. C. D. OTIS, Secretary. S. R. GAY, Chairman.

A Paving Mile. The claim on the south slope of the Anacapa mountain, being owned by members of the salvation army, is proving to be a paying property. Two rock crushers and a Free-Vanner concentrator have been placed on the site. The engine which was the machinery of a new one and the trial run was successful. The concentrates worth \$25 per ton in copper and silver. Sufficient to be made in the interest of our district and state.

Next Saturday Night. There will be a meeting of the teachers and public schools of the city on Saturday night, Sept. 24th, at 8 o'clock at the University of the University of Arizona next Saturday evening at the board of trade rooms in this city. The object of the meeting will be the discussion of the proper mode to be made in the appropriate celebration of Columbus Day on the 21st of next month.

A GREAT SUMMER DRINK—Celery and Iron in a delicious and palatable water. Invigorating and purifying. Sold by the Tucson Consolidated Bottling Works, 6-13-17.

Board of Trade Meeting.

At eight o'clock yesterday evening the board of trade held a meeting at their rooms on Congress street next to the Consolidated National Bottling Works. The party of Jefferson. The party of the constitution. That party which through sunshine and storm, and through peace and civil war, has ever maintained its name, and integrity of principles. That party which has seen a myriad of parties come and pass, but which still remains the principle of popular self-government.

Such a party and its principles, I declare unto you should be personified by the great and pure men of this party. While principles are important, the representatives of these principles are of still greater importance. For it is a fact, that while principles have always existed, their influence and effect is most felt when they are personified by men whose purity of character, patriotism and unselfish devotion to society effect these principles in applying them with a view of the greatest good to the greatest number; such men give expression, living force and vitality to the principles of their party, and are the personification of their principles.

Yes gentlemen this choice of Arizona Democracy will be worthy of a great party, and the coming state of Arizona appears to be in the possession of it. It will be another unanswerable argument for statehood (sensation) and high qualifications of the responsibility of it.

To Ben Parker as the leader and embodiment of the Arizona Democracy, and the exponent of its principle, we can only say in private and in public, say to our young men "If you would rise to eminence in the council of the Democratic party, follow in his footsteps. My own guide, our own path that he has trod, is certain distinction in the Democratic party of Arizona. The noble motherhood of Arizona can do no better than to follow the path of manhood set up before you, you will follow it, to become great in the councils of your party.

Remember gentlemen when you vote for Mr. Parker, you declare to the world, that you endorse him as a man, you endorse his high character and all he represents in private and in public, you raise yourself to his standard, you step on his path of action, for your vote is an expression of your inward spirit.

Gentlemen, the most important duty of the most important duty of this political body, the election of Mr. Parker means everything, it means victory, it means the future of the state, it means Judge Barnes set down and the cheer from the Pima, Yavapai and Mohave delegations and the Graham Pinal and Yuma provinces."

Protection in the South. We reproduce below from The American, a journal devoted to south western Louisiana, the proceedings of a mass meeting of business men held in Franklinton in that state. We commend a careful reading of the resolutions to free tradeability howlers.

FRANKLINTON, Sept. 1, 1892. The mass convention of the sugar, rice and lumbermen of the 3rd congressional district was called to order promptly at 10 o'clock by the Rev. J. G. Oatis, pastor of the Baptist church, and was opened by reading the following resolutions, which were adopted by a large majority of the delegates or their proxies.

Resolved, that the people of the 3rd district shall vote for Benjamin Harrison for president and Whitelaw Reid for vice president.

The convention then proceeded to the nomination of candidates for congress.

W. B. Anderson placed in nomination Capt. Jno. T. White, of Ileria, seconded by C. Mayo, of Calcasieu. Judge Taylor Beatty was nominated for the 3rd congressional district, his name was withdrawn and the nomination of Capt. Jno. T. White was unanimous.

Moved and seconded that the chair appoint a campaign committee consisting of members who shall have full charge of the business matters of the district.

Moved and seconded that the chair appoint a committee to draft an address to the voters of the third congressional district.

The chairman stated that he would announce the two committees shortly. Capt. White, being called for, came forward and thanking the convention stated in unmistakable language his position on the political questions of vital interest to the voters of the third congressional district, and promised to be in place and ready to start up. SOLID SILVER.

Boulders of Silver Embedded in a Lodge of Clay Like Plams in a Paddock.

Jesus Otero and E. Gonzalez brought to the city day before yesterday probably the highest grade ore ever brought into the valley in large quantities. It was taken from the Mount Cristo mine, formerly known as the Fortuna, near the lower dam of the Hasayampa. The ore, if it may be called ore at all, resembles boulders of various sizes and is about 75 per cent pure virgin silver. No assay has yet been made of it but the owners believe it will run \$10,000 to the ton. A REPUBLICAN reporter showed a sample of it taken at random from a large pile, to assayers and they believed that the owners' estimate was not far out of the way.

The mineral is found in extensive ledges of clay like huge plams in a paddock and are removed with little difficulty. The old Fortuna mine bore the same characteristic but it was supposed to be exhausted.

Messrs. Otero and Gonzalez relocated the Fortuna, changed its name and discovered new traces of uranium extent but unappreciated richness.

The Fortuna has a history. It was discovered in April, 1889, by two brothers named Salido, Mexicans from Sonora and not residents of the United States. In order to locate it they took in a former countryman named Ruiz, who had legally become a citizen, and gave him a contract for the possession of the mine. About \$30,000 was taken out in a comparatively short time and the very richness of the ore which is precisely the same as that now in the possession of Messrs. Otero and Gonzalez, led to trouble. It was like taking out silver from a mine which had been bought by a man who was not the owner.

At last a sort of compromise was effected between the brothers and Ruiz was given power of attorney to settle some legal business connected with the mine. Taking advantage of his power he sold out the mine to a man named Vasquez living in this city.

After this, Ruiz and Vasquez were afraid to go to the mine for the Salido mine turned out to be a man who valued human life highly.

A compromise was later effected through the mediation of Dr. W. J. Jones, of Phoenix, by which the Salido brothers recovered their interest and they accordingly turned over a one-third interest to Dr. Jones. About this time the mine seemed to be exhausted and Dr. Jones turned the mine over to the Pomodoro or of Diane de Politors, or the elegant grasp of Francis I. There are eighty-two out of the ninety-nine shares of the mine owned by Francis I. He has nothing of the mine, mostly proceeds of a copy of which has fetched \$2,000. He sell the Althorp library, indeed, is almost as though we were to sell the rarest rarities of the printed book department of the British museum.

That part of the country has for years been supposed to contain a fabulously rich silver mine, but as one prospector remarked, "it used to be a mighty unhealthy country to discover anything valuable in." It was the abode of cut
