STATE BOARD OF EDUCATION

The state board of education will meet at the state house April 20.

DIRECTORS' MEET - Directors of the chamber of commerce will meet this afternoon at four o'clock.

MISSIONARY MEETING - The Women's Missionary Society will meet in the parlors of the Presbyterian church this afternoon at two-thirty o'clock. A full attendance is desired.

PRESBYTERIAN SOCIAL - The ladies of the Presbyterian church will hold a social this evening in the church parlors. All members and friends of the congregation are invited.

MARRIAGE LICENSES - Landis B. Nolt and Sarah Ann Hirschy, Richard Yates and Cora A. Boylan were granted marriage licenses by the clerk of the superior court yesterday.

THE FIRST BORN - The home of Mr. and Mrs. Harold Hodder of 927 East Garfield street was gladdened yesterday morning by the arrival of a ten pound boy. Nothing like this ever happened in the Hodder family before.

A CHURCH SOCIAL - The ladies of the Central M. E. church will hold a social at the church this evening beginning at eight o'clock. The admission will be a dollar and with a statement as to the manner in which the dollar was earned.

DIVORCE SUIT FILED - Petition for divorce was filed yesterday in superior court by Mabel Doychin against Thomas Doychin. The petition alleges non-support. Order to appear and show cause was issued by Judge Stanford. Derry and Charlie of Florence are the attorneys for the plaintiff.

OSBORNE ENTERTAINMENT - Osborne Parent-Teachers Association will give an entertainment for the husbands and fathers of the association at eight o'clock this evening in the new auditorium of the school. The committee in charge has arranged a program of vocal and violin solos, recitations and readings, at the conclusion of which refreshments will be served. The public is invited. There will be no admittance charged.

RIDE TO ROOSEVELT. over the wonderful road to the wonderful dam. Comfortable, big Columbia touring car. Rates reasonable. Phone 712. Chas. Lance, 1416 East Monroe.

BONNER GIVES RENT FREE ON STRENGTH OF FULL RESERVOIR

John Bonner, the owner of block 27, Phoenix, is a genuine booster for the valley and a firm believer in the near approach of the most prosperous times Phoenix has ever enjoyed.

Sometime ago he stated he would give to all his tenants occupying the north half of the block a month's rent free whenever the water sloshed over the spillway at the big dam.

He went around yesterday morning congratulating his renters on their gain and says he never before gave away \$250 so cheerfully.

ANNUAL BALL TO NIGHT OF CARPENTERS UNION

The union carpenters of Phoenix will make merry tonight at Patrick's hall, when their annual ball will be given. Committees have been hard at work for several weeks and the arrangement committee announces that the event will probably surpass any similar event of the season. Jesse's orchestra will furnish the usual good quality of music, and the hall will be beautifully decorated. A refreshment committee has been busy and there will be no reason to suffer on that score, for an ample amount of drinks—soft, of course—will be provided.

The Carpenters Local 1939 bears a heavy financial burden each year in the caring for diseased members who have come to this climate in the hope of regaining their health. Nearly two thousand dollars is paid out each year for this purpose, and the proceeds of tonight's ball will be devoted exclusively to this purpose.

The committee on arrangements consists of the following: R. W. Smith, John Kline, Jack Roberts, Walter Mougout, Sam Sellers.

UNDELIVERED TELEGRAMS

There are undelivered telegrams at the Western Union Telegraph office for the following: Mrs. Tersia Golden, Alfred H. Elliott and E. Lloyd Strong.

SOME JUDGMENT - A. W. Gregg, the architect, was yesterday given judgment in superior court for \$12,375 against the state in satisfaction of a claim for services in the construction of the prison at Florence.

INDUSTRIES - A meeting of the chamber of commerce committee on industries has been called for next Wednesday, with the object of looking into the problems confronting promoters of the Phoenix Portland Cement company.

MISSIONARY GATHERING - The Women's Home Missionary Society of the First M. E. church will meet at the residence of Mrs. A. H. Lawrence, 432 East Adams street, Friday at two-thirty o'clock. All ladies of the congregation are invited to attend.

LUTHERAN AID SOCIETY - The Ladies Aid Society of Zion Evangelical Lutheran church entertained last night at the home of Mr. and Mrs. B. B. Balyeat of 224 North Fifth avenue. Various articles of clothing and pennants were sold for the benefit of the church and Sunday-school fund, and a neat sum was realized.

FLAGSTAFF - Word has been received at the chamber of commerce regarding rooms to be had for summer cottagers at Flagstaff. Immigration Commissioner F. O. Allen of Coconino county writes that the big little city on the Santa Fe is singularly well equipped for the season.

ACRE CITY STILL GROWS - Many things are doing at Acre City. National avenue is being paved, and oil, Pacific street is being graded, Geneva court is being surveyed, and several houses are being erected. Acre City has a fine baseball ground and the team under the management of W. C. Pashy challenges any of the young teams around the valley.

EIGHTH GRADE EXAMS - The regular eighth grade examinations for the year 1914-15 will be given in the schools of this county on April 20 and May 1. All schools which close on or before May 7 will take the examinations on April 29, and schools that do not close until later will be examined on the later date. County Supt. Riggs is sending out the first set of questions to the various principals. Seventeen schools of the county will close before May 7, and the remaining 33 after that date.

LIVELIEST TOWN IN ARIZONA - Gus H. Hirschfeld of Hayden was in the city yesterday after a tour of the northern part of the state and he said last night that he had found no other place so active as Hayden, whose two principal industries are the making of copper and lemons. Much more lemons is manufactured there now than before January 1, and the output is increasing as the warm weather gains. More men are also employed in the mill and smelter than were at work before the war broke out. With copper approaching 17 cents a pound there is a prospect of still greater activity in the mines and reduction works of the Ray Consolidated.

MELON GROWERS' CASE - The customary procedure in making cantaloupes and the time required for money to pass from buyer to grower was the subject of much wrangling in superior court yesterday when the case of the Mesa Melon Growers' Association against the Mutual Distributing company was continued before Judge Smith. P. D. Jones, Nate Brundage, Zeb Pearce, Ed. M. LeBaron, George Dylke and others took the stand for the plaintiff association and testified as to the customary method of transactions. Albert G. Kohhorst of Long Beach, Cal., secretary of the United Marketing company of California, and Joe Bowers, a bookkeeper for Gerod and company, were on the stand during the afternoon, and were closely questioned as to contracts and methods of payment. The case will be continued today.

Boys Fire School Building And Send Women Scurrying

Nearly one hundred women holding a parent-teacher meeting in the Kindergarten building of the Fillmore school, were given the scare of their lives about four o'clock yesterday afternoon, when the frame structure, which constitutes an annex to the more substantial school building, was discovered to be on fire. Two young boys, who were seen scurrying away from the building about the time the smoke was discovered, seemed to be having the time of their lives and are believed to have started the incipient conflagration just to see their elders scamper.

An alarm was telephoned to the fire department which made a quick run and easily extinguished the blaze. A quantity of rubbish had been gathered and stuffed under the rear of the building. A match had been applied and the smoke began to fill the room. When the firemen reached the scene, little flames had begun to connect with the woodwork and a few minutes later would have been enveloping the building.

Prof. John D. Loper, superintendent of the Phoenix public schools, instituted an investigation, as did also the police, but up to late last evening the alleged culprits had not been discovered.

EASTERN MARKET OPEN FOR VALLEY LIVE STOCK

Train of Forty Cars by S. P. for Kansas City

The Southern Pacific is making arrangements to run a special live stock train loaded with fat beef cattle and sheep from Phoenix, Tempe, Mesa and Buckeye, on April 26. There will be about 40 cars in the train and through hard work of the Southern Pacific and Rock Island officials they are now in position to handle this train. The following telegram was received by A. R. Gatter today: "Sheep and Cattle, Texas will modify live stock embargo effective tomorrow, permitting feed in transit and intermediate points. Can handle sheep and cattle feeding at El Paso and Delhart, destined for Kansas City, but cannot feed in New Mexico. Arrangements can be made to run through Delhart to Kansas City without unloading to feed. R. R. Seeds, Commercial Agent, Rock Island."

This train will make 16 to 18 hours from Maricopa to El Paso, and will schedule from Phoenix all the way to Kansas City. This will be one of the fastest stock trains ever run out of the Salt River Valley and any one interested will do well to call up Travelling Freight Agent Sparks as he has the train and arrangements in hand and says he is going to put this train through with the least possible shrinkage of the stock. There are now 20 cars signed up to go. This will be a great thing for the cattle and sheep men as the California markets have taken about all the sheep and cattle out of the valley that they need.

THIS IS WORLD RECORD FOR DEEP PESSIMISM

One Citizen Finds Terrible on Every Hand—"Dam Full" Extra

A citizen of Phoenix who is always looking for the worst of it for the last two years has been trying to sell out his holdings in the city and the valley because as he supposed, the Roosevelt dam was going dry. He was anxious to get away before the collapse came. But in his opinion there is such a thing as overdoing a good thing that it is more potent for disaster. Accordingly yesterday morning he announced that he was more anxious than ever to sell out. He did not want to be here when the dam should burst.

Among the seventy-five or eighty noisy youths who appraised the multitude that the dam was full and that the Republican in an extra had made a record of that fact for the first time in the history of the dam were two little Mexican boys who wasted no words in the preparation of the newsboy's slogan, "Dam Full! Dam Full!" they cried as they rushed among the crowds pouring out of the picture house. Only they gave the vowel sound of the last word an extension that caused many a pedestrian to stop and take notice. But the boys were referring to the stage of the water in the reservoir and not to a "dampfold."

JOHN J. McGRATH IS NEW POLICE CAPTAIN

Popular Policeman Is Elevated Head of the Night Police

Following the resignation of John B. Fraley, effective yesterday morning, Chief of Police George O. Brisbois named Police Captain John J. McGrath to the office of night captain of police. McGrath assumed the duties of his new office last evening with the promise of continuing in his higher position the success he has attained as a policeman.

John J. McGrath has been a member of the Phoenix police force for several years, in fact is one of the oldest on the force in point of service. He has won many friends through his courteousness and good judgment and he enters upon the duties of his new office with the best wishes of all who know him.

AMUSEMENTS THIS IS A NEW ONE COLISEUM "MIX-UP"

What will doubtless prove to be an amusing entertainment is billed as an extra attraction at the Coliseum theater tonight, it being the much talked of "mix-up" night, and a new departure in local theatricals should attract a capacity house. The idea of the "mix-up" gives possibilities for considerable fun. The first performance is given by the company in the usual manner, immediately following this however, the stage is cleared and a committee selected from the audience. The committee recasts the comedy to their liking, and with a committee familiar with the players, some ludicrous selections may be made. After the comedy is re-cast it is then up to the players to play the parts allotted them to the best of their ability, and to see Alice Lewis cavorting through a dignified prima-donna role or dainty Irene Barker impersonating a tramp, or perhaps, Frank Vack doing Alice Lewis' character or Edget Young and Earl Hall in the chorus, while one of the chorus may be selected for Rena Vivienne's difficult role gives possibilities of some unexpected comedy.

Mix-up night is new to Phoenix theater goers and will, for that reason, if no other, be a welcome addition to the already long list of so-called "contest" nights, country store, etc.

Fatty Arbuckle at Lion Today The funniest of all fat comedians is seen at the Lion today in a Keystone comedy called "Fatty's New Role." This picture will be enjoyed, for it contains a number of very funny situations. The two reel number of the program today is "The Chinatown Mystery" by the Bronco players and is a story full of thrilling scenes and very interesting. Fatty Tucker, supported by Augustus Carney, better known as Alkali Ike, takes the leading part in a comedy entitled "Music Hath Charms," which is a splendid laugh maker. The program at the Lion today is diversified enough to please everybody and Mutual movies continue to please Lion audiences.

At the Lamara The Balboa Pathé three reel drama, "The Coveted Heritage," proved yesterday an excellent evening. The exploits of Elaine as a film attraction. It is a splendid picture in which Jackie Sanders and an all star cast live up to the reputation made by that company in the production of St. Elmo which was recently shown at the Lamara theater. The installment of the exploits of Elaine is especially interesting showing as it does what can be done by a criminal of scientific knowledge in his attempt to overawe the family of the late millionaire Taylor Dodge in order to get his vast estate. The pictures will run again today.

Another Day for Redmond The announcement is made that the Redmond company which is finishing the last week of their long run will remain for an extra performance Monday next and repeat the play that saw them introduced to Phoenix, "In the Bishop's Carriage." This splendid vehicle will be
