## Supreme Contest Will Be Made In New York

EMPIRE STATE TO BE BATTLE GROUND OF THE COMING PRESIDENTIAL CAMPAIGN—DEMOCRATIC AND REPUBLICAN MANAGERS ALREADY SETTING THEIR LINES TO CAPTURE ITS ELECTORAL VOTE—CONTEST TO DIFFER FROM TWO LAST STRUGGLES—PARKER, WITH BACKING OF HIS OWN COMMONWEALTH AND WITH STATES CONCEDED HIM, MUST GAIN BUT THIRTY-FOUR MORE IN THE ELECTORAL COLLEGE.

## GREAT CITIES IMPORTANT FACTORS OF ELECTION

New York, July 21.—Both the Democratic and Republican managers are making arrangements which show that they regard New York as the battle ground of the coming campaign. In 1896 and 1900 the New York Campaigns were of the nature of side shows. The managers on both sides gave their attention chiefly to the Chicago headquarters, and maintained headquarters here partly for sake of convenience and partly for the sake of established precedent.

Now the plan of both parties is to have their real working headquarters in New York City, and to establish branches in Chicago. Of course a great deal of attention will be given to such doubtful states as Indiana, Illinois and Wisconsin, but it is apparent that all of the political managers have come to the conclusion that "as New York State goes, the country will go."

The Democratic National Committee will meet here before August 1 to elect officers. As soon as a chairman is elected headquarters will be opened.

During his last illness Senator Quay predicted an old-fashioned battle for the presidency, like that of 1876, when Tilden carried the doubtful northern states, or like the exciting and memorable contest between Blaine and Cleveland in 1884. Senator Quay assumed that a united Democracy would nominate a conservative candidate and refuse to reaffirm the Kansas City resolutions.

In Judge Alton B. Parker the Democrats have a conservative candidate. Mr. Bryan has announced that he will support the ticket, but he begs leave to differ with the majority about some things in the platform, and he wants it understood that he won't be misused.

Speculation at long range about the result of the election must take into account a possible deduction from the Democratic ranks. These deductions could be made up by the accession of Republicans who preferred Alton B. Parker to Theodore Roosevelt. So there is likely to be a baffling shift of votes, and a lighter vote, considering natural increase, than there was in 1900, for the inclination of the partisan who does not like his own candidate is to "go fishing" on election day.

So much being said, it will be interesting to run through the list of states and tally them as Republican, Democratic and doubtful. It is conceded that the following states will be carried by the Democrats:

States—	Electoral Votes.
Alabama	11
Arkansas	9
Florida	9
Georgia	13
Kentucky	12
Louisiana	9
Mississippi	10
Missouri	12
North Carolina	12
South Carolina	9
Tennessee	17
Texas	18
Virginia	12
Total	151

It is generally conceded that Parker and Davis will carry Maryland and West Virginia, states which in the last two presidential campaigns have been found in the Republican column. The Democratic ticket would have stood a good chance of success in these States, particularly in Maryland, without the Davis nomination, but with it, and in view of the factional fight among the West Virginia Repub-

licans and the growing recovery of the Democratic strength in Maryland, will both be likely to land in the Democratic column. This is the respect in which the action of the convention has most specifically affected the estimates of the result. Before the convention these two states were placed in the doubtful column, one with Democratic and the other with Republican leanings. Today they by common consent belong to the Democratic column.

It will at least take an extraordinary fight on the part of the Republicans to save the state of Davis' birth, and that which he has represented in the Senate. Maryland is naturally Democratic. It was the German Democrats at Baltimore, and quite conspicuously the Jewish vote, which rebelled at the free-silver ideas of Bryan, and took the state out of the Democratic column. Isidore Raynor, who has now been elected to the Senate, will take the stump for the Democratic ticket, and few men exceed him in effectiveness as a campaign orator. He will feel it incumbent upon him to hold the Jewish vote for the Democratic ticket, now that the free-silver scare has passed and that he has been elected to the Senate. Everything is apparently ready for Democratic success in a presidential vote. West Virginia is something of a "follower" of Maryland, although naturally less Democratic. The Davis nomination will doubtless make up the difference.

The thirteen states of the old South which are not open to real contest, cast 151 electoral votes. To these the 15 votes of Maryland and West Virginia may be added, making 166. Of the 476 members of the Electoral College, 239 will be necessary to elect a President.

The following states may fairly be regarded as Republican in a national contest with the Democracy under present conditions.

States—	Electoral Vote.
California	10
Idaho	3
Iowa	13
Kansas	10
Maine	6
Massachusetts	16
Michigan	14
Minnesota	11
New Hampshire	4
North Dakota	4
Ohio	23
Oregon	4
Pennsylvania	34
Rhode Island	4
South Dakota	4
Utah	4
Vermont	4
Washington	5
Wyoming	3
Total	175

The following states, if not all doubtful, will be the scene of spirited and obstinate campaigning between the political generals:

States—	Electoral Votes.
Colorado	5
Connecticut	7
Delaware	3
Illinois	27
Indiana	15
Montana	3
Nebraska	3
Nevada	3
New Jersey	12
New York	39
Wisconsin	13
Total	135

would be victory on the old battle-

Continued on Page Two.)

## W. J. Bryan Endorses Alton B. Parker But Wants to Reform Democracy

Lincoln, Neb., July 21.—Wm. J. Bryan's plan for reformation of the Democracy was published today. In it Bryan favors radical changes and departs from conservative lines, but advocates the election of Judge Parker for president as a good beginning. He declares for state ownership of railroads as against the plan usually suggested, their purchase by federal government. To put railroads in the

hands of the federal government would, so Bryan affirms, mean an enormous centralization of power. In addition to the policy advocated for railroad ownership, Mr. Bryan espouses the cause of municipal ownership of municipal franchises, defends the income tax, advocates the election of federal judges by the people, and declares for government control of the telegraph and abolition of private monopoly.

## RUSSIA'S LEFT FLANK BROKEN

JAPANESE COLUMN MARCHING ON MUKDEN—BIG BATTLE IS ON.

Russia Will Release British Steamer If England Assures Russia That Cargo Is Government Property—Japs Broke Through Russians' Left Flank.

London, July 21.—According to a special dispatch from Moscow, the Russian Listok, of that city, confirms the Associated Press report from Liao Yang that the Japanese have broken through the Russian left flank and are marching on Mukden.

Up to the British. St. Petersburg, July 21.—The general tone of the newspapers this morning in commenting on the Malacca incident is calm and non-provocative. It is assumed that the Malacca will be released quickly on assurance from the British Government that her cargo consisted of government property, but this assurance will be demanded.

Japs Marching on Mukden. Liao Yang, July 21.—News was received from Ta Tehe Kiao yesterday that the Japanese had broken through the Russian left flank, between Lieut. Gen. Keiler's position and that of Gen. Rennenkampf, and that they were marching on Mukden. Rumors to this effect are persistent, but there is no official confirmation of them.

Been Fighting Two Days. London, July 21.—The Russian correspondent of the Daily Telegraph, at Mukden, under date of July 19, says: "Fierce fighting has been raging during the past two days, and it still continues. The Japanese, who are in superior numbers, attacked with great daring and coolness, the Russians contesting the ground splendidly. The Japanese flanking movements to the east are the real cause of our retirement. Heavy losses have been sustained. The Japanese artillery has again shown its superiority." The scene of the fighting is not mentioned by the correspondent.

## Strikers Rioting Police Called Out

POLICE ARE ENDEAVORING TO CONTROL FRENZIED MOBS OF STRIKERS.

Union Men Say That Packers Are Not Acting Fairly in Not Taking the Strikers Back as Agreed, and Retaining Non-Union Men.

St. Joe, Mo., July 21.—A riot call was turned in from the stock yards at 9 o'clock tonight, and all the available policemen were called on to control the frenzied members of the labor unions who went out on a strike several days ago. The packers are not discharging the non-union men fast enough to suit the strikers.

Tonight the managers of all the packing plants in St. Joe notified the union men that but sixty per cent of the strikers would be put to work tomorrow. The strikers say that the packers are endeavoring to hold all non-union men, and that all of the union men can not get back to work if the packers are permitted to carry out their plans.

## Sixth Street Dives To Lose Licenses

VIGOROUS ACTION TO BE TAKEN TO RID DOUGLAS OF LOW CRIMINAL ELEMENT.

Judge Johnson, of Douglas, was in Bisbee yesterday on his way home from Tombstone. He stated that the notorious Sixth street district of Douglas will soon be cleaned out. It is now a nest of the lowest kind of dives, inhabited by Mexicans and negroes of both sexes. Crime is frequent and drunkenness and disorder is constant among the women of this district. No matter how many officers are kept on the street it is impossible to keep the element that hangs out there quiet.

To rid Douglas of this element all of the tough dives will be closed by having their licenses taken away from them. This action, followed by the investigation to be made by the government officials, will rid Sixth street and Douglas of the people that have been the cause of the most of the crime in the Smelter City.

Gone to Tucson—Editor De Sousa, of the Miner, left last night for Tucson on business. He will return Saturday.

## THREE FATAL ACCIDENTS OCCUR

TWO MEN KILLED BY ACCIDENT, AND ONE COMMITTED SUICIDE.

## SUICIDE SENSATIONAL

G. W. Nicholas Lays His Head on Track for Train to Pass Over—Mexican Killed by Train at Osborn—J. McCarthy Falls Down Chute.

Yesterday morning G. W. Nicholas, a barber by profession, and the owner of a ranch in the flat west of Naco, committed suicide in a most sensational manner. He left Bisbee, it is believed, early this morning with a kit of barber's tools to walk down the track, his destination being unknown to any one. When he neared the tunnel where the Copper Queen keeps its powder, Nicholas saw the stub train coming toward him. With perfect deliberation he knelt down to the track and laid his head on a rail, and the front wheels of the head car passed over his neck and part of his chest, nearly severing the head from the body. His body was at once brought to town and an inquest held by Coroner Brown. After examining the witnesses the jury brought in the verdict that Nicholas deliberately committed suicide. No motive for the terrible deed is given or known, although it is thought that the man was at the time insane.

The conductor on the train was F. M. Hawley, and the engineer was J. Holman, who when he saw the man on the track shut off the steam and threw on the brakes to the emergency notch. Nicholas comes of a prominent Spanish family on his mother's side, she being a Covarrubias, his father being an Italian. He was a native of San Diego, and has relatives on his mother's side living in that city, who have been notified of the death of their kinsman.

Early this month Nicholas was employed in the barber shop of G. W. Nichols in Brewery Gulch. He was not much of a talker, and said very little about himself. His remains are in the International Undertaking Parlors awaiting the arrival of directions as to their disposal from his relatives in California.

## Crushed Under Train.

Yesterday morning the south bound train on the main line, with Baker at the throttle, struck a Mexican at Osborn and killed him, although he did not die until he had been brought to Bisbee.

The Mexican with another man was shoveling coal near the bins at Osborn, and was on the track. One of the men jumped out of the way of the train, but the other did not hear the train until too late to jump, and was crushed under the front wheels of the engine. The inquest will take place this afternoon or tomorrow at the court of Judge Brown.

## Killed at the C. & A.

Yesterday afternoon, shortly after the dinner hour, J. McCarthy, a miner at the C. & A., fell down a chute and was instantly killed. He had been working in an upraise, judging from the position of his candlestick, when he slipped and fell nearly ninety feet into the chute, breaking many bones and fracturing his skull. It is thought that he struck the timber in the sets as he fell.

His partner, who was working with him just before the accident, had gone after powder, and when he returned he found the lifeless remains of McCarthy in the bottom of the chute. The inquest will be held this afternoon at 1 o'clock at Coroner Brown's office. The jury has been summoned, and yesterday afternoon went to the mine and viewed the remains.

## An Athletic Tournament—Sid

Coburn, of Naco, was in Bisbee yesterday. He said that he is doing everything possible to get the drilling match between Yockey and the Mexican champion of Cananea for the athletic tournament for the first week in August. He also expects to put on a double-hand match between two well known professional teams. After the tournament Mr. Coburn expects to go to Buffalo, New York, where he has valuable city real estate.

Rained a Torrent—Yesterday afternoon one of the hardest rains that ever fell in this vicinity came pouring down at Osborn and across the near by flat. Part of the track at Osborn was completely submerged by over 8 inches of water.

The trains had to run very slowly over this part of the track, which caused delay on the main line. All of the low country near Naco was under water and the washes were all running at a late hour last night.

## FOLK NOMINATED FOR GOVERNOR

AFTER STORMY SESSION MISSOURI'S GREAT PROSECUTOR IS UNANIMOUSLY CHOSEN.

Platform Promising Unrelenting Fight Against Corruption and Boodling Is Adopted—The Convention Lasted All Night—Scenes of Disorder.

Jefferson City, Mo., July 21.—After an all night session, marked at intervals by disorder and commotion that could not be quelled by gavel, the Democratic State convention unanimously nominated Jos. W. Folk, circuit attorney of St. Louis, for governor, and adopted a platform which promises a vigorous and unrelenting crusade against corruption and boodling in Missouri, in the event of Democratic supremacy at the polls. Just as day was breaking the convention adjourned, and one of the most turbulent sessions of a Missouri Democratic convention ended.

## NATIONAL COMMITTEE MEETING.

St. Louis, Mo., July 21.—James J. Jones, of Arkansas, chairman of the Democratic National Committee, today issued a call for the meeting of the committee at the Hoffman House, in New York, on July 26.

## EX-SENATOR VEST SERIOUSLY ILL

Sweet Springs, Mo., July 21.—Ex-Senator George G. Vest is in a critical condition, and his closest friends say there is but little hope of his recovery. The Senator's health has been failing rapidly since his arrival here a week ago.

## UNCLE SAM'S NEW CRUISER.

San Francisco, Cal., July 21.—The armored cruiser South Dakota was successfully launched from her cradle, at the Union Iron Works at 6:40 o'clock this evening.

## Striking Packers Go To Work Today

THIS MORNING STRIKERS WILL GO TO WORK IN ALL THE PLANTS.

All the Men Can Not Be Put to Work Because of the Scarcity of Live Stock—Non-Union Men Quit Yesterday Five Thousand Strong.

Chicago, July 21.—All the big meat packing establishments of the country, where nearly 50,000 workmen went out on a strike ten days ago to enforce certain demands of the Union, will be thrown open tomorrow morning at 7 o'clock, and as many of the former employes as can be taken care of will return to work. The majority of the butchers will be reinstated tomorrow, but it will be several days before all of the strikers will be given employment, as there is not enough live stock at some of the yards to require a full force of workmen. When the news reached the non-union men today that the old men were to return to work tomorrow, more than 5,000 of the men quit work.

## Judicial Trial Today

The trial of Bert Judia will take place in Judge McDonald's court this morning. This case was brought from Naco on a charge of venue from the court of Judge Greaves. Mr. and Mrs. Judia are here from Graham county, where they are well known and held in high esteem by the community.

## PRISONERS PLEAD GUILTY

RECORD OF COCHISE COUNTY JURIES CAUSES FIVE MEN TO TRUST MERCY OF COURT.

## GIVEN LIGHT SENTENCE

Motion to Continue Graham Case Is Denied, and Attorneys Given Three Days To Prepare Affidavit for a Change of Venue.

(Special to Review.) Tombstone, July 21.—The work of the Cochise county juries and the able manner in which the prosecution of criminals has been handled by the district attorney's office at the present term of court, has started a chill down the back of the unfortunate, and today five of the prisoners confined in the county jail resolved to plead guilty and throw themselves upon the mercy of the court.

Shortly after court convened this morning their desire was made known to His Honor, who ordered the prisoners brought into court. They were:

Pablo Diaz, burglary.  
Pablo Ruiz, burglary.  
Salvador Rivera, burglary.  
Carlos Ramirez, petit larceny.  
Jack Ripple, aggravated assault.

After hearing the plea of guilty as charged in the indictments, sentence was passed upon them at once. Diaz, Rivera and Ramirez were each sentenced to one year in Yuma. Ruiz got off with six months. Jack Ripple was sentenced to one year. These prisoners will be taken to Yuma on Saturday.

Shortly before noon the attorneys for Dayton Graham, charged with the murder of Eph Smith, moved the court that the case be continued until the next term of court. After listening to the arguments on both sides, Judge Doan overruled the motion. The attorneys next asked permission of the court for three days time in which to prepare an affidavit for a change of venue. This request was granted by the court, and the affidavit will be presented to the court on Monday.

Tomorrow morning the first case on the docket is Territory of Arizona vs. Harry Fisher, for assault on Jack Howard. It is expected that this case will go to trial during the morning hour.

C. C. McNeil, who was arrested here a short time ago on a charge of extracting a letter from the post office addressed to Neil McNeil, and appropriating therein, today waived examination before Commissioner Wardwell and was bound over to the federal grand jury in the sum of \$1,000. McNeil was at one time superintendent of the Maricopa and Phoenix railway.

Two divorce suits were filed today, both from Bisbee. Mrs. Pete McCoy asks for a divorce from Peter McCoy, and Myra Willis is seeking a separation from her husband, Henry Willis. Sheriff Lewis is expected back in Tombstone tomorrow. The Board of Supervisors today ordered Attorney Goodrich to enter suit against the sheriff's office in the sum of six hundred dollars on account of fees retained by the sheriff for the care of United States prisoners. Attorneys who have been asked for advice upon the subject have rendered conflicting opinions, and the board decided to enter a friendly suit and settle for once and all the mooted question.

## Bartlett, accompanied by a man and

wife answering the description of Harcourt and wife, were in Bisbee about that time, and it is reported that they had a quantity of jewelry with them, which was offered to one of the banks in this city, but the offer was politely refused.

## Shameful Conduct of Russian Grand Duke When Sent to the Front to Fight

New York, July 21.—A cable to the World from Berlin says:

Particulars of the circumstances under which Grand Duke Boris was ordered home by the Czar on complaint of Kuropatkin, say that Boris arrived at Mukden with a suite filling four railroad cars and including seven handsome girls from St. Petersburg theaters, with maids, vast piles of luggage, a chef and assistants and a quantity of tinned delicacies.

Boris proceeded to demoralize the entire garrison. He had parties which became indescribable orgies and treated everybody with insolent disdain. Among other escapades, he issued a proclamation offering a reward for the

capture of the handsome Japanese geishas who are reported to be following the Japanese general staff.

On one occasion at Mukden a beautiful Caucasian was worshipped as Venus by Boris and his officer friends, and an impudent message was sent by him to Kuropatkin, inviting him to forsake the god of war for the goddess of love.

Boris departed in a very crestfallen state, while Kuropatkin the following day bundled off the harem and other hangers-on in an ordinary troop train, very different from the luxurious cars they had traveled out in.

The grand duke probably will be banished to his father's estate in southern Russia for a year.
