PORT ARTHUR SHAKING

UNIVERSITY CLUB

DISPATCHES TELL OF FIERCE FIGHTING DAILY.
Shanghai, July 29.—The dispatches tell daily of a number of conflicts between the advancing Japanese and ever-retreating Russian forces which are gradually being driven back on General Kuropatkin's main line of defense centered at Mukden. Although outnumbered frequently and invariably outmaneuvered, by the Japs, the Russian rank and file have shown that it is no lack of courage that has given the yellow armies such a continued success.

Shanghai, July 28.—A telegram just received from Wei Hai Wei confirms other telegrams received here today from Chee Foo, to the effect that Port Arthur had been captured. The Wei Hai Wei telegram says also that the British fleet, which has been cruising, will return tomorrow. At Wei Hai Wei there is a British wireless telegraphic station, and British warships are equipped with the means of communication.

REAR GUARD BATTLE WITH RETREATING RUSSIANS.

It is possible that Wei Hai Wei has been in wireless telegraph communication with the English fleet, and that the information of the fall of Port Arthur was received in this manner.

BATTLE RAGED DAY AND NIGHT JULY 28TH.
Chee Foo, July 29.—A junk containing thirty refugees from Port Arthur, who are all foreigners of the better class, arrived here to night, having left Port Arthur on Thursday. The refugees report that exceedingly heavy firing by land and sea occurred on Thursday, and the capture of Port Arthur was hourly expected.

JAPS LOST TWO SHIPS IN ENGAGEMENT.
Chee Foo, July 29.—Refugees who arrived here from Port Arthur say that the Japanese lost a cruiser and a gunboat last Thursday night as a result of striking mines.

London, July 29, Midnight.—Up to this hour the Japanese legation has received no news indicating the fall of Port Arthur.

BIGGER BATTLE THAN FIRST REPORTED.
Washington, July 29.—The Japanese minister here has received the following cablegram from the foreign office at Tokio, dated today: "Gen. Oku reports further that according to statements from Russian officers captured during the recent battle, Gen. Kuropatkin was present on the battlefield, and that Generals Salakaloff and Kondratsvitch were wounded. Also that the Russian casualties were about 2,000 and the Japanese casualties about 1,000. Investigation are being made as to number of prisoners taken and munitions of war captured."

REFUGEES REPORT PORT ARTHUR BATTLE.
Chee Foo, July 29.—Refugees who have just arrived from Port Arthur confirm previous reports that a general assault has been begun by the Japs on that fortress, and they declare that the Russians are sanguine that the Japanese could not succeed in capturing the place, even though they had twice as many troops. The Russians, according to the refugees' stories, are still hoping for succor from Gen. Kuropatkin. They are unwilling to believe reports of his defeat at Ta Tche Kiao. The refugees further confirm the reports that the Russian fleet is unwilling to attack that of Admiral Togo on account of the mines which the Japs place nightly at the entrance to the harbor. It is believed at Port Arthur that if the Vladivostok squadron or reinforcements from Gen. Kuropatkin should arrive the Russian fleet would take the risk of going out. Ammunition is said to be growing scarce, and the large fort guns are not often discharged. Attempts to manufacture ammunition in Port Arthur are said to have been failures. All the public buildings are being used for hospitals.

New York Butchers to Strike

Strikers Want Settlement

Chicago, July 29.—Unable to arrange a conference with representatives of the New York packers, M. J. Donnelly, president of the Amalgamated Meat Cutters and Meat Butcher Workmen of America, has ordered a strike of all the members of his organization employed in New York by Schwarzfeld and Sulzberger and the United Dressed Beef Co. The order was telegraphed to New York tonight. That the probabilities of a settlement by the opposing interests in Chicago are as remote as ever was plainly demonstrated today, when Henry C. Wallace, of Des Moines, and A. I. Ames, of Buckingham, called on the packers with a proposal from the strike leaders offering to concede the most important points in the controversy if the employers would agree to renew the peace negotiations. Mr. Wallace and Mr. Ames were told by the packers there was no possible chance for any further conciliatory move, and that the packers were now in a position where they could ignore labor unions, and they proposed to ignore the strikers. The packers' answer was delivered tonight to the strike leaders, and the men from Iowa left for home. From statements made by President Donnelly tonight it would appear the

Nelson Defeated Hanlon

the Police Stopped Fight

San Francisco, Cal., July 29.—In one of the fiercest battles ever witnessed in this city "Battling" Nelson of Chicago tonight defeated Eddie Hanlon of San Francisco, the end coming in the nineteenth round. From the time of the ringing of the signal for the commencement of the fight the youngsters commenced mixing matters in the liveliest manner. Hanlon fought in his usual fashion, but the Chicago lad early penetrated the guard of the Californian, who bore several facial marks before the tenth round, testifying to the accuracy and force of his opponent's blows. It was almost an even thing until the fifteenth round, with the boys fighting fiercely. After the fifteenth the tide of battle began to go toward Nelson, who throughout, although very heavily punished about the face and body, had manifested his usual powers of endurance and assimilation of punishment. The sound of the gong in the eighteenth saved Hanlon from defeat at that period, but in the next round he came up so badly dazed that Nelson had him at his mercy, and was battering him around the ring until the local lad became so helpless that the spectators made protest against the continuance of the now one-sided fight. Simultaneously with the signal from the police caption to the referee to stop the contest, the towel was thrown into the ring from Hanlon's corner, and Referee Billy Reche pronounced Nelson the victor. Throughout the affray the blows of Hanlon did not have any apparent effect whatever upon Nelson, who came up gamely and stubbornly to the firing line, and always carried the battle to the other man's territory. At the conclusion of the battle he did not display a bruise, while Hanlon's face was bleeding and cut.

Slocum Officers Indicted By

the Grand Jury For Murder

New York, July 29.—Capt. Van Schaik and Federal Steamship Inspector Fleming and former Inspector Ludberg were today indicted by the Federal Grand Jury in connection with the disaster of the General Slocum on June 15 last, when nearly one thousand lives were lost. Van Schaik was commander of the Slocum. United States District Attorney Burnett said that indictments were also reported against President Barnaby, Secretary Atkinson and Treasurer Dexter of the Knickerbocker Steamboat company, and Capt. John Peace, commodore of the company's fleet. Gen. Burnett said that when these men and Capt. Van Schaik and Inspectors Ludberg and Fleming are arraigned for pleading on Monday he will insist upon bail being fixed at \$25,000 in each case.

Vatican Sends Reply to French Note

RUPTURE BETWEEN FRANCE AND THE VATICAN IS NOW INEVITABLE.

Paris, July 29.—The Vatican's reply to the French note demanding the recall of the letters summoning the Bishops of Dijon and Laval to Rome was received at the foreign office this morning, and is being translated for the council of ministers. It consists of two notes dealing separately with the cases of the two bishops. The impression prevails that the rupture is almost inevitable.

McNeil Was at El Paso

Cashed Checks There

El Paso, July 29.—The Herald of last evening printed the following: In yesterday's issue of the Herald this personal item was published: "Attorney N. E. McNeill, of the law firm of Buehler & McNeill, of Douglas, is in the city on business." Today it develops that Mr. McNeill's business was urgent indeed, so urgent in fact, that he has left town and is now perhaps speeding towards Mexico City or some other haven of refuge. The personal item which was printed yesterday was given a representative of this paper by a well known attorney of El Paso. This morning a dispatch from Douglas stated that McNeill had left Douglas hurriedly on an east bound train, and that he had issued worthless checks to the amount of over \$200 before his departure. The dispatch was shown to the El Paso attorney, who signed and said: "Well, I'm out \$35, but thanks to Mr. McNeill's kindness, I'm not out any more. I endorsed a check for him and identified the man at a local bank; and, having had slight dealings with him, and knowing the firm, I would have endorsed a check for a hundred or more if he had asked me to do so. McNeill seemed in a hurry, saying he was going to Silver City, but I presume he went in an opposite direction."

Jacob Pirrung's

Serious Trouble

TAKEN TO TUCSON TO ANSWER ON A FELONY CHARGE.
Issued Worthless Checks in Tucson for \$1450 to "Doc" West—Arrested in Bisbee by Sheriff Murphy—Pirring Proclaims Innocence.

Jacob Pirrung, the "Dutch Baker," is now a prisoner of Sheriff Murphy, of Pima county. He is under arrest on a felony charge, and will have his preliminary hearing in Tucson today. Attorney O'Connell, of Bisbee, is employed to defend Pirrung. Pirrung is charged with issuing worthless checks for the sum of \$1450 to Doc West, a well known saloon man, formerly of Bisbee. Pirrung was in Tucson recently, and it is stated played at various games of chance, losing all of his ready money. He gave the checks to West to cash, and this was done. To cover the checks Pirrung gave a check signed by Charles Strong, of Bisbee, which he endorsed over to West. Pirrung's side of the story is that he gave the Strong check to West to take up \$1,000 worth of his personal checks. He states that West did not destroy the first lot of checks, as he agreed to, and is now trying to collect the whole amount. Pirrung further states that he is willing to pay the \$450 over the amount of the Strong check, but the balance of the money he claims to owe.

Pirring was drinking at the time he issued the checks. The case is a complicated one, and who is right will not be known until all the facts are brought out in court, as West claims that Pirrung cashed all the checks, including Strong's. Last night Pirring was taken to Tucson by Sheriff Murphy. He got on the train at Lowell accompanied by his attorney.

Frank H. Hereford, of the law firm of Hereford & Hazzard, at Tucson, arrived in the city last evening on mining business. The firm of Hereford & Hazzard enjoys a big mining practice in this county.

Mrs. Caven, wife of Dr. Caven, of this city, returned from Douglas last evening.

Arrested In El Paso

Wanted In Douglas

OFFICER LEAVES FOR EL PASO TO BRING BACK THE PRISONER.
Charged With Being a Horse Thief—Made Nightly Trips From El Paso to Juarez and "Fly Coop" Takes L. A. Osthoff Prisoner.

An officer left Douglas Thursday for El Paso to bring back L. A. Osthoff whose arrest in that city is thus told about in the Herald. Charged with being a fugitive from justice, because of horse theft, at Douglas, L. A. Osthoff is in the city jail awaiting the arrival of a deputy sheriff from the territory. Rumors reached Chief of Police Wootton that Osthoff was wanted by the officers at Douglas, so a message was sent to a deputy sheriff there to the effect that Osthoff was across the Rio Grande at Juarez and if he was wanted his capture could be perhaps effected since it was known that he made frequent trips at night to El Paso. Deputy Sheriff Coffey at Douglas, wrote that Osthoff was wanted for stealing a horse and saddle belonging to a man now in Paradise camp.

Detective Billy Smith was detailed by the chief to bring Osthoff in and the alleged fugitive was captured in a saloon near Washington Park this morning. It is also charged that Osthoff defrauded Hotel Dieu by placing detective wires and other electrical apparatus in the new addition to the Sisters' Hospital, he having had charge of the electrical work of the building. It is claimed that he sold the apparatus furnished him, substituting inferior material in its place.

Knowing that Osthoff is an electrician, Detective Smith approached him in the saloon having been furnished with a description of the man wanted. Asking him if he was not looking for work and if he were an electrician, the officer told Osthoff that he had work for him if he would come back to town. Osthoff came to the city with the detective, oblivious of the fact that he was being brought to jail. Detective Smith says that the prisoner offered him \$50 if he would release him when told near town that he should consider himself under arrest.

Traveling Salesmen

Must Pay Tax

NEW LAW IN EFFECT IN SONORA MUNICIPALITY AND STATE TO COLLECT LICENCE FROM SALESMEN.

Commercial travelers going into Sonora will find a new law awaiting them when they try to do business in Mexico. Mr. Hunter, of the Nordburg Co., was the first salesman to discover the workings of the new law at Cananea, yesterday here he went to sell machinery. This law is to the effect that a traveling salesman must first get a permit from the municipal authorities to solicit business; then upon getting the first orders for his wares he must report to the city authorities and pay a fine or tax of \$50 to the state, and \$25 to the city.

Several of the salesmen who were in Cananea yesterday when this law went into effect, left without attempting to get any orders for their houses, as they had no authority from headquarters to pay Sonora or the Cananea municipality a tax or license.

Hon. B. A. Packard was a visitor in Bisbee yesterday from Naco, and reports the big rains as having relieved the cattlemen and ranchers all over the country. Mr. Packard will leave on Sunday for Denver on business connected with his cattle interests in this county.

Fooling With Gun

Man Is Shot

SAME OLD STORY—MAN AND SIX SHOOTER—GUN DROPPED, WENT OFF AND BULLET ENTERS BACK OF A MAN IN ADJOINING BUILDING.

Douglas, July 29.—L. C. Gilpin, a shoemaker at the Woodward shop on G street, came as near to death about 1 o'clock this afternoon as he ever will and still live unharmed to tell about it.

An Italian in the Savich saloon next to the shop accidentally discharged a 45-Colt's. The bullet tore through the bar fixtures, the wall behind them, the thin wall of the shop and a board on the bench of Gilpin against which he rested his back. When the bullet struck it was spent, but it hit hard enough to bruise the flesh severely and to occasion the man to jump from his seat on the bench on the instant. The board at his back undoubtedly saved his life. The shock put the man out of business for an hour, during which time he held the big chunk of lead that came through the wall and took a good long think about the luck that spared his life.

Manager E. O. Rouzer Returns—Manager Edward Rouzer, of the Copper Queen Hotel, returned last night from his vacation trip spent at the home of his parents in Indianapolis, Indiana.
