TO GET THE NEWS—ALL OF THE NEWS—YOU'LL HAVE TO READ THE REVIEW — IT'S ALL THERE.

ARCHBISHOP IRELAND.

Archbishop Ireland, of St. Paul, is one of the hosts who entertain Cardinal Sattoli during his present visit to the United States. Archbishop Ireland has been mentioned as the probable recipient of the Red Hat should another Cardinal be created in America.

## Providence Surely Has It In For the Santa Fe Road

AFTER STARTING THE DELAYED PASSENGER TRAINS FROM WHERE THEY HAD BEEN HELD UP AT ASHFORK AND SELIGMAN, BACK TO DEMING TO DETOUR TO CALIFORNIA BY WAY OF SOUTHERN PACIFIC, THE TRAINS AGAIN ENCOUNTER CLOUDBURST AND WASHOUT ON EL PASO BRANCH, AND NOW THEY ARE UNABLE TO MOVE. WOMEN AND CHILDREN SICK—TEN CARS OF U. S. MAIL DELAYED.

(Special to Review.)  
 Albuquerque, N. M., Aug. 25.—After moving east 250 miles to detour by way of New Mexico, the west bound overland Santa Fe trains that were stalled in Arizona for several days owing to washouts, have met with another obstruction at this end. During heavy rains this afternoon large washouts occurred at Isletta, thirteen miles south of here on the El Paso branch of the Santa Fe railroad. Five of the Arizona storm bound trains arrived at Albuquerque from Seligman and Ashfork this afternoon. They were to go to California, by way of Deming, on the Southern Pacific. The Cuthbert Canadian party, which left Seligman at 2 o'clock, passed the fresh damage safely. Another train with sixteen cars started toward Deming at 4 p. m., but half an hour later encountered

a washout nearly 300 feet long. Sand at this point is washed from under the track, and as water is flooding the road bed in other sections it will be impossible to move a train until repairs are made. The big train was backed into Albuquerque, and here the weary travelers are again to be delayed indefinitely. It is not known at this time what will be done to move the delayed passengers to their destination.  
 The roadbed is badly crippled in many points in western Arizona. Passengers are making requests to be sent over the Santa Fe to Denver and transferred to the roads that will take them to their homes. There are many sick among the women and children passengers, who have occupied the chair cars and tourist coaches for a week. Ten cars of U. S. mail are delayed on these trains.

**EXODUS FROM ZEIGLER.**  
**IMPORTED MEN DISSATISFIED WITH CONDITIONS — CLAIM THEY WERE DECEIVED.**  
 Duquoin, Aug. 25.—Exodus of miners from Zeigler evidently produces no effect on Leiter's determination to operate his mines on a non-union basis. Parties of men are daily deserting the town because of dissatisfaction with the condition of affairs. Within the last week nearly 100 miners have effected their release in one way or another.  
 Of the contingent of Pennsylvania men imported Thursday, thirty-two in number, twenty-seven yesterday deserted, and, on being refused transportation, were compelled to walk to this city, sixteen miles distant, being furnished with the necessary funds by lo-

cal miners.  
 Accompanied by local officials of the Mine Workers' Union, they appeared before an attorney and swore to affidavits against Leiter for misrepresentation as they had been promised, they learned that Leiter intended that they do mine work, to which they objected.  
 Yesterday afternoon, a few moments before train time, a number of Italians, unable to speak English, made an effort to escape from the stockade, but were prevented from doing so by the guards.  
 Between 150 and 200 tons of coal are being mined daily, though the output will be greatly increased when the mine is in full operation. There are now in Zeigler about 200 men.  
**On Legal Business.**—Alex Bryan and Tom Lyons leave this morning for Tombstone, where they go on legal business.

## Two More of the Czar's Boats Go Below to Meet the Others

Tokio, Aug. 25.—Two Russian torpedo boat destroyers struck a mine at the entrance of Port Arthur last evening. The largest one of the destroyers, a four funneled one, was sunk. The names of the vessels and number of lives lost is unknown.

Paris, Aug. 25.—An official dispatch from Shanghai says the Askold and Grozovoi have disarmed. The authorities here are awaiting similar notice from Saigon of the disarmament of the Diana. The French officials are much relieved at the avoidance of dangerous possibilities at Shanghai.

## DEMOCRATIC CENTRAL COM.

MET YESTERDAY IN BISBEE AND TRANSACTED BUSINESS QUICKLY.

### DOUGLAS PICKS PLUM

And Secures the County Convention. Most Businesslike Meeting, Promptly Executed—Marcus A. Smith Is Endorsed for Arizona's Delegate to Congress.

It was a businesslike meeting. What was to be done was done with a snap and a vim that betokened the confidence that is impressed upon the countenances of every active Democrat this year whether interested locally or nationally in the success of the ticket for which they stand. There was no hickety-cocking no hawling, but promptly at 11:30 the Cochise Democratic Central committee came to order in the parlors of the Copper Queen Hotel in Bisbee and went through with what was to be done by the committee as though it was a regular daily transaction.

The meeting was called to order by M. J. Cunningham, who acted as chairman, and James Henderson was chosen as secretary pro tem, and these officers acted throughout the meeting.

Upon motion of C. F. Nichols, seconded by John J. Bowen, a committee of three was appointed on credentials, and during a recess of fifteen minutes the committee retired, examined the credentials and returned with their report, which, upon motion, was accepted.

Those present were: L. C. Shattuck, R. E. Kohler, J. E. Henderson, James Letson, Geo. M. Porter, J. C. Callaghan, W. B. Kelly, John J. Bowen, M. J. Cunningham, Richard Humphrey, C. F. Nichols, A. S. Kelly, L. A. Smith, C. M. McKean.

The following were represented by proxies:

- M. J. Cunningham for B. A. Packard, George Dunn, W. C. Read and Henry W. Etz.
- Harry Jennings for J. E. Brophy.
- F. A. Satter for Sid Harris.
- N. E. Bailey for B. J. O'Reilly.
- Geo. H. Kelly for J. W. Stevens.
- C. A. Taylor for L. V. McCourt.
- John Inland for J. P. Jarrieu.
- J. T. Ross for J. H. Tevis.

With the committee now in full working order a motion was made by C. F. Nichols, duly seconded by R. Humphrey, that a committee of five be appointed to apportion the delegates throughout the county to the county convention, and the chair appointed Geo. H. Kelly, C. M. McKean, L. C. Shattuck, N. E. Bailey and James Letson, and at this point a motion was made to take a recess until 1:30 p. m. for dinner.

At 1:30 p. m. the committee was again called to order and the last committee presented its report as follows:

Bisbee, Ariz., Aug. 25, 1904.

To the Chairman and Members of the Democratic Central County Committee:  
 We, your committee on apportionment, beg to submit the following report on the apportionment of delegates to the county convention, based on the vote cast for Hon. J. F. Wilson for delegate to congress in the last election—one delegate being allowed for each fifteen votes cast. We have deemed it just that each voting precinct be represented, and have therefore allowed such precincts one delegate where the vote did not reach the required number of fifteen.

- (Signed.)
- L. C. SHATTUCK,
  - Geo. H. KELLY,
  - JAMES LETSON,
  - CHAS. M. M'KEAN,
  - N. E. BAILEY.
- The report of the committee was immediately adopted, and will give the precincts a total representation in the county convention of one hundred and eight votes, apportioned as follows:
- Tombstone ..... 10
  - Bisbee ..... 41
  - Naco and Osborne ..... 19
  - Douglas ..... 15
  - Hereford ..... 2
  - Carr's Canyon ..... 1
  - West and Fort Huachuca ..... 1
  - Fairbank ..... 1
  - Curtis ..... 1
  - St. David ..... 2
  - Benson ..... 4
  - Johnson ..... 1
  - Cochise ..... 1
  - Dos Cabezas ..... 1
  - Rucker and Gleason, one: C. M. McKean ..... 1
  - Rucker ..... 1
  - Gleason ..... 2
  - Eagle City ..... 1
  - San Bernardino ..... 1
  - Willcox ..... 3
  - Tevison ..... 1
  - Paradise ..... 1
  - Pearce ..... 4

## More Devastation Is Wrought by Cloud Bursts and Washouts in Tonopah

THE WIDE SPREAD DESOLATION IN NORTHERN ARIZONA DURING THE PAST WEEK HAS MOVED OVER INTO NEVADA—THIS TIME TONOPAH IS STORMSWEEP—TRACK IS WASHED AWAY AND UNDER WATER FOR MILES—GREAT CHASMS WASHED IN THE DESERT—TRAFFIC ENTIRELY SUSPENDED—PROVISIONS RUNNING SHORT, AND WAGON TRAINS DOING BEST THEY CAN TO RUSH IN FOOD SUPPLIES.

Remo, Nev., Aug. 25.—Cloudbursts and washouts along the lines of the Tonopah and Carson and Colorado railroads is the most disastrous in the history of these districts. On the Tonopah road all the track rebuilt after the last washouts have been swept away, and it will be a week at least before any traffic can be moved.  
 At Walker Lake, near Hawthorne, the track is under three feet of water for nearly four miles, and the lake is rising above its level from three to nine feet. Great chasms have been washed in the desert, and traffic is in a

## THE MINER SAYS IT'S EASY

MUNROE BELIEVES HE HAS VICTORY CINCHED TO-NIGHT.

### JEFFRIES SAYS NOT SO

Jeffries is Equally Confident, and Says He is Not Going to Take Any Chances Trying Any Fancy and Dangerous Punches.

San Francisco, Aug. 25.—Both Jeffries and Munroe are ready for the sound of the gong tomorrow night. Each one expresses himself as fit and confident of winning.

Champion Jeffries made this statement:  
 "This is all poppycock to say that this other fellow is a pudging. He is big and strong, and on one can tell what will happen when he gets into the ring. I don't want to win on a dangerous punch if I can win easier on a decision. I am not going to take any chances for the sake of winning in a certain number of rounds."

Munroe said:  
 "I am glad the hard work is over, and I am in as good shape as it is possible to be. I am confident of winning, notwithstanding the odds and the way the public look at it."

TEN ROUNDS SAYS JEFFRIES.

JIM THINKS MUNROE WILL NOT LAST LONGER THAN TEN.

San Francisco, Aug. 25.—Although Jeffries is very reticent and seldom talks to any reporter about his plans, and the night before he left Harbin the champion relaxed and said:

"Well, I think I'm in good condition to go ten fast rounds, and if the fight lasts to twenty I ought to be in shape for that."

His expression said certainly that he didn't think it would go beyond ten. From what "Jeff" has let drop to his trainers it is evident that he is mad clean through against Munroe, but chiefly against Pollock, who intimated when "Jeff" had a sore knee that the champion was afraid of the miner. Then, too, all of "Jeff's" backers are betting that the fight will not last beyond ten rounds. So "Jeff" may be counted on to take the aggressive.  
 Jeffries has notified the club people that he doesn't care whether there is \$1,000 or \$30,000 in the house on the night of the fight, and that he will remain away from San Francisco until the night of the contest. The big boiler-maker weighs about 220 pounds, and will enter the ring weighing 215 pounds.

Munroe, who has been carefully coached by Kid McCoy, is looking remarkably well, and says that his health was never better. The wily McCoy says that the miner pugilist has improved wonderfully since his meeting with Tom Sharkey, and that he will furnish pugilistic experts with a surprise when he faces Jeffries in the Yosemite Club's arena Friday night.  
 McCoy points out that Munroe is a stronger and more youthful man than any of Jeffries' recent opponents. Working in the mines for years, McCoy says, has made Munroe a strong, rugged fellow, and he believes that if the miner does not have an attack of stage fright when he faces the champion the pugilistic crown will change hands on Friday night.

**Football Players.**—All the members of last season's football team and any candidates for a place thereon are requested to meet at the Bisbee gymnasium this evening at 7 o'clock for the purpose of organization. Cananea, Clifton, Douglas, the University of Tucson, Phoenix Indians and the Normals, who were the champions of the season of 1903-1904, are desirous of meeting Bisbee. This will make a fine circuit, and from the reputation Bisbee enjoyed in the past in the football arena she should be able to put up the material that would make these clubs "go way back and take a rear seat."

## Extraordinary Is This Statement by Premier

London, Aug. 25.—Premier Ha'leur announced this evening that the British government had ordered two cruisers from the squadron at Cape of Good Hope to locate the Russian volunteer steamers Smolensk and Petersburg and convey to them the orders of the Russian government that they must not further interfere with neutral shipping. The premier stated that this action was taken at the request of the Russian government.  
 This extraordinary statement was made when the premier by appointment received a deputation of the London Chamber of Commerce.

### A DELIGHTFUL SERENADE.

#### The Copper Queen Band Generously Remembers Grateful Friends.

Last evening the Copper Queen Band, rejuvenated and reorganized under the leadership of Professor Weinstein as director, called at the business office of the Review and tendered the paper a most enjoyable serenade. The boys have taken a fresh grip on the music problem of Bisbee, in which of late it must be said they have been somewhat lax. This the Review attributes to the infrequency with which they appear in public. Though they may indulge in private practice much or little, if they appear on St. Patrick's Day, the Fourth of July and Labor Day, that is not enough, for the people would gladly support a good band in Bisbee, and the Copper Queen Band is composed of material that will make a reputation if they seize the opportunity.

A number of the boys are excellent musicians to the writer's knowledge. Nothing advertises a town more than a good band and the course Professor Weinstein is pursuing is just what is needed, namely, to have the band appear frequently in public, permitting the citizens of Bisbee to mark their progress, keeping them constantly before the public eye, and it begets confidence among the players.  
 The Review begs to return its thanks to the director and his band for the entertainment of last evening, and invites them to call again.

#### May Return Double.

C. M. Henkel is expected home tomorrow from his trip east and to the Catalina Islands. Among his friends there is some speculation as to whether he will return alone or with a better half. That matrimony was among the possibilities attendant upon the trip was among rumors current when Mr. Henkel left the city.

## Loss of Life at Port Arthur Running Into Appalling Figures

Chee Foo, Aug. 25.—Russian advices received here say that the Japanese assaults on Port Arthur of August 21 and 22 were repulsed with tremendous losses. This information says also that the Japanese attempt to capture Fort No. 1 cost the Japs 10,000 men, and that their attack on Fort Eteshan

resulted in their losing 3000 men killed or wounded. Port Dalny is said to be filled with wounded men. The Japanese are hiring laborers here for service on the Liao Tung peninsula. It is reported that the Japanese are obtaining provisions through the Port of Wei-Hai-Wel.
