Daily Report of Importance

INCORPORATION

DOUGLAS INTERNATIONAL-AMERICAN BEING COMPLIMENTED FOR ITS EFFORTS FOR CITY GOVERNMENT.

Douglas, Aug. 26.—The movement in this city to provide Douglas with a city government is attracting favorable attention and commendation from those who own property here but live in other states. The International-American is in receipt of a letter from Capt. J. W. Sansom, of San Antonio, Texas, who was a visitor in Douglas last year and invested in property here.

Mr. Sansom says in his letter: "I see you are doing excellent work in the effort to provide Douglas with a city government. Your city will remain far in the background, so far as satisfactory and good government is concerned, until you get Douglas incorporated, and I hope the work you and the progressive citizens are doing will be crowned with success."

"When you have incorporated your city, then keep up the good work by starting the proposition to create a new county with the county seat at Douglas. I heard some such talk when I was in your city, and I believe it is feasible, and advisable from the standpoint of economy and better condition for all the people now included in Cochise county. Bisbee should favor such a proposition, and I hope to see the matter taken up at an early day."

DOUGLAS SHORT ITEMS.

(Special Correspondence.) Joe Swartz, who recently sold out his plumbing business in this city, left this morning for Cananea.

Harry Overlock expects to leave on the first of the month for Los Angeles where he has accepted a position.

Walter Johnson, one of the time keepers at the Copper Queen smelter, will leave in a few days to visit his home in Indiana.

The local baseball team will practice tonight. Every ball tossed in the organization is expected to be on hand to get the finishing touches for Sunday's game.

This morning No. 3, the old compound engine, came out of the shops looking like a brand new locomotive and was hooked onto the train bound for Benson.

Wm. Lutley returned to this city last night from the San Juan mine where he is developing. He is now running a drift on the sixty foot level which is in ore.

It is reported in this city that a copper property, adjoining the Clark group, is to be developed on a large scale, and that the owners who are mostly eastern people are intending to install a plant of machinery very soon.

People coming into this city from the lower Sonora country report that a large number of Mexicans are placing at Valdesa, and are taking out considerable gold dust which is being bought by American traders.

Those who are circulating the petition for the incorporation of Douglas are meeting with little opposition, and have no doubt of their ability to secure the required two-thirds of the taxpayers. Whenever the petitions for incorporation receive the necessary two-thirds a city government will practically be an accomplished fact; without the signatures of two-thirds of the taxable inhabitants the city can not be incorporated.

F. A. Sutter has aspirations to represent Cochise county in the next council, but Hon. Steve Roemer has many strong friends in Bisbee who believe that his past record as a legislator for this county entitles him to promotion to the council.

PARADISE STRIKE.

(Special to Review.) Douglas, Aug. 26.—A letter from a business man in Paradise was received in this city yesterday, and states that great excitement prevails in that camp over the recent ore strike. The shaft is four by six, and is in ore twenty feet. The ore carries thirty-nine per cent lead and seven per cent copper. The first report that was sent out credited the strike with ten feet, but an expert who has visited the property reports twenty feet of ore and no walls. Over sixty men have visited the shaft, and location blanks are at a premium in Paradise. The strike has given the town new life, and the recent boom has reopened and another rush of property seekers is expected.

ATTEMPT AT MURDER.

An attempt to murder was made in Pterid-like night before last. Two Mexicans became engaged in a fight, and one of them drew a big knife and made a vicious lunge at his opponent. The knife point caught the unarmed Mexican under the right temple and raged down the side of his face laying his cheek wide open. Officer Davis, hearing the sounds of the fight, was coming toward the two men just as the knife flashed through the air. The armed hombre, seeing the officer, ran and succeeded in making good his escape, although the officer fired two shots at him. The wounded man, upon being questioned, refused to give the name of the man who tried to kill him.

Douglas Express Business Growing

E. P. & S. W. COMPELLED TO ADD ANOTHER CAR TO ACCOMMODATE THE CONSTANTLY GROWING VOLUME.

Douglas, Aug. 26.—The amount of express business on the E. P. & S. W. railroad is greater than ever before, and to handle it has necessitated putting on another express car which will be used exclusively for bringing the express consigned to Bisbee from Benson. This Bisbee express car will make its first trip today.

Conductor Purcell stated last night that the business of handling the express on his run had grown to such proportions that it was impossible for him to handle it and make time in getting over the road. Yesterday he loaded at Lamb station nearly four tons of express for Bisbee, consisting of all manner of vegetables and fruit; it required more than thirty minutes to unload the express at Bisbee, and as a result his train was twenty-five minutes late in reaching Douglas. Here after the express car will set out at Bisbee and be unloaded by the agent there.

The express for Douglas is also large, but it can be handled without loss of time by the train, as the unloading here can be done after the train has made its time.

Work Train Back.

The work train on the E. P. & S. W. yesterday finished the work it has been doing on the Tombstone branch since the recent damage to that line by washouts. It returned to Douglas today. The train is in charge of Conductor Rowe. The crew on this train is an efficient one, and the Tombstone branch was put in first class condition.

Pile Driver Outfit.

Today the pile driver outfit of the railroad began work at Charleston to repair flood damage to the line in that vicinity. The banks of the San Pedro caved in until the track is dangerously near the brink. At these places the banks of the river are to be rip-rapped with heavy rock. To lift this rock in place the pile driver derrick will be used.

EX-DEPUTY WANTED.

Posed as Officer, Collected Fines and Skipped.

(Special to Review.) Douglas, Aug. 26.—John Scott, the erstwhile deputy sheriff, whose commission was taken from him some time ago by Sheriff Lewis, has left for parts unknown. He was recently arrested for gun packing and was to appear in court at a certain time last Monday to answer to a charge of packing a gun. He failed to come to court Monday and it was found that he was over the line out of harm's way, hanging around Agua Prieta. Upon investigation it was found that Scott had collected fines and had pocketed the money, while posing in Maricopa as an officer after his commission had been called in. In the eyes of the law this crime is extraditable and it was planned by the local officers to have Scott arrested in Agua Prieta and bring him back to Douglas to answer to both charges—gun packing and obtaining money under false pretences.

In some way Scott found out what was going on and shook the dust of Agua Prieta from his feet and left for other parts.

If you have anything to Exchange advertise it in the classified columns of the Review.

NOTICE TO CREDITORS.

Estate of George C. Walker, deceased. Notice is hereby given by the undersigned, Administratrix of the Estate of George C. Walker, deceased, to the creditors of and all persons having claims against the said estate, to exhibit them, with the necessary vouchers, within four months after the first publication of this notice, to the said May E. Walker, at the office of M. J. Brown, Bisbee, Arizona, the same being the place for the transaction of business of said estate, in said County of Cochise.

MAY E. WALKER,

Administrator of the Estate of George C. Walker, Deceased. Dated Bisbee, A. T., this 25th day of July, 1904. First publication July 29.
