

CONSOLIDATION UNCERTAINTY IS BUGBEAR

(Furnished by Frank J. Graf, broker, Copper Queen Hotel building, Telephone 111, Bisbee, Arizona.)

Today's market in the Bonanza Circle stock was a dead one. A great deal of stock has been offered for sale all the day with no takers. Even C. & A. was not sought after, while the balance of the list was offered freely at considerably below asked prices. We can not account for such a market, unless we lay it all to the consolidation, which must concede has more or less hurt the demand for the Bonanza Circle stock as far as trading is concerned. There is, however, no doubt in my mind that the consolidation will be the best thing for all properties concerned, but until some definite statement is made there will be more or less inclination to keep out of the market.

Late this evening Duluth offered Bisbee the first Dena-Arizona at considerably lower price than the same stock can be bought for at home. They offered us a few shares at \$13.00 for \$2.50 paid stock, and we immediately wired in as to how many shares they had that they could sell at that price out as yet have failed to hear from them. We will from now on quote \$2.50 paid stock, as that is what our eastern brokers are quoting. From a wire received from Mr. Patterson, of Duluth, I am informed that the certificates have all been made out for the Bisbee holders. This being the case we should expect to receive them some time this week, or possibly the first of next week. We do not expect to see Duluth offer us very many shares at their tonight price, for they will certainly be taken up. We must admit that our eastern friends are not as well posted on the properties as we are at home, and we might look for small holders to let go some shares as they did here.

Out of the 5000 shares that were subscribed in the copper country, we understand that Ashland received 2000, Duluth 2000, and St. Paul 1,000.

The Day on N. Y. Exchange.

New York, March 15.—The stock market closed lower all around. Prices had rather an erratic tone. Profit taking sales were quite urgent, though the market showed a disposition to rally. The advance in money to 3 1/2 per cent caused a renewal of selling, giving the market a somewhat ragged appearance. This long delayed reaction will certainly help the market. Special stocks were pulled without any definite reason except rumors of deals pending. If those are worked out, the market will take care of itself and respond readily from the lower level. The closing shows rather a tired appearance, and conservative traders rather hope for further reaction. Sales of shares, 1,063,000. Money on call, 3 per cent.

Industrial Conditions.

New York, March 15.—Good progress is being made toward consolidation of the Vanderbilt roads. It is expected that the Pennsylvania will issue \$30,000,000 in convertible bonds. Anthracite trade is active, the leading companies being unable to fill orders promptly. The banks have lost to the sub-treasury since Friday \$1,745,000.

GOLD IN COCHISE COUNTY ON THE INCREASE

Our copper statistics are involving such enormous figures, that few people stop to reflect, that Cochise county is the strongest gold and silver producer in the Territory.

Most of this comes in in the form of by-products in the great copper mines, which by virtue of their wealth and the magnitude of their operations, eclipse the ordinary gold and silver proposition, not in the value per ton, but in regard to general results.

Since the suspension of the Pearce many wonder just where the gold comes from, but it materializes just the same.

Of late, several new and promising gold propositions have leaped into prominence and bid fair to swell the aggregate gold production beyond all former records.

Among these, the Gold Nugget, is prominent, while the Huschua Consolidated gives promise of rivaling it if not surpassing the palmist days of the Old Commonweath.

During the last few days, the snows which have been carried away by the warm rains, have been replaced by a brand new blanket of the same variety, and with plenty of gold and more water than they need, the Huschua Consolidated should be an ideal location for a Keeley Institute.

Owing to the solid character of the formation in and about the mine, the heavy rains and consequent percolation of water has not affected the conditions in the mine unfavorably nor impaired the substantial results of systematic development work.

President and General Manager Palmerlee was in Bisbee a couple of days last week, in the interest of the company, taking the preparatory steps toward installing the new reduction plant.

The success with which the new issue of development stock is meeting, justifies definite plans in regard to the future of the enterprise.

The prospects now are good, that the mountain streams, especially in Miller, Carr and Ramsey Canyon will continue to flow until the summer rains connect with them and insure a plentiful supply of water during the entire year.

The water conditions this season demonstrate the manner in which the pre-historic people, whose ditches can still be plainly traced, were able to irrigate and cultivate the mesas centuries ago.

The grass is springing up rapidly and the mountains and foothills are as beautiful as a garden.

WANTED—MINING PROPOSITION.
We desire to get a meritorious undeveloped mining property (copper preferred) in Arizona or Sonora. We wish to hear from parties who have something of a standard character, and are willing to sell upon demonstration, we being ready to furnish money for substantial development, payment for property to be made if demonstration of value be satisfactory. We will consider offers on above basis only. The officers and directors of the company have been engaged in mining in Colorado for many years, and are familiar with the business. Fair and honorable treatment will be the rule in every instance. A representative of the company will visit Arizona and Mexican mining districts in the near future. **ARIZONA AND EASTERN MINES AND POWER COMPANY,** 6 & 8, Plankinton Building, Milwaukee, Wis.

Any claimant of any lot situated within said townsite is hereby required to file a statement of said claim to said lot in the office of John S. Taylor, trustee, on or before ninety (90) days from the date of the first publication of this notice. Such statement shall be made in writing, signed and sworn to by the claimant, or in case of his absence from this county, then by his agent or attorney. The statement shall specify the grounds of the claim, particularly describe the lots claimed, the date and name as near as may be of the first actual occupant, what improvements have been made thereon, and at the time of making such statement the lots are actually possessed and occupied by the claimant, or that the right to such possession and occupation is in him if the same is occupied by another. And that such claimant shall pay to the trustee the sum of five dollars (\$5) as the purchase price for each lot claimed not exceeding 3125 sq. ft. per lot, together with the fees allowed by law to said trustee, consisting of five dollars (\$5) for executing and making a deed to said lot, and twenty cents (20c) per folio for filing and recording a statement of claim to said lot.

All claimants who have filed their claims, shall within sixty (60) days after the expiration of the time of filing claims with the trustee, by competent evidence make proof of the facts alleged in his statement before the trustee. No proof can be made after that time, unless the party has appeared within that time and obtained a continuance, the order for which must be entered by the trustee.

JOHN S. TAYLOR, Mayor and Trustee.

MINERAL APPLICATION NO. 947.

Mineral Survey No. 1271. United States Land Office, Tucson, Arizona, November 2, 1904. "Notice is hereby given, that in pursuance of Chapter Six, of Title Thirty-two, of the Revised Statutes of the United States," Frank S. Douglas and Thomas H. Collins, whose post office address is Douglas and Bisbee, Arizona, respectively, claiming 1497.7 and 1500 linear feet respectively of the Fashion and Garfield veins, lodes or mineral deposits, bearing copper and other minerals, with surface ground 486.7 and 325 feet respectively in width, lying and being situated within the Warren Mining District, County of Cochise, and Territory of Arizona, are about to make application to the United States for a Patent for the said Mining Claim, which is more fully described as to metes and bounds by the official plat and field notes of survey, thereof, now filed in the office of the Register of the District of Lands, subject to sale at Tucson, Arizona, which field notes of survey described the boundaries and extent of said claim on the surface, with magnetic variation at 12 degs. 30 mins. east, as follows, to-wit:

FASHION: Beginning at cor. No. 1, the N. W. cor., identical with cor. Nos. 6 and 2 respectively of Surplus and Well lodes, Survey No. 1782, a pine post scribed 1-1871, F. L., whence U. S. M. No. 4, hrs. N. 49 degs. 22 mins. W. 800.0, thence N. 49 degs. 26 mins. E. 1497.7 ft. to cor. No. 2, identical with corner No. 3, American lode, survey No. 1716, a pine post scribed 2-1871, F. L., thence S. 35 degs. 16 mins. E. 462.5 ft. to cor. No. 3, the S. E. cor., identical with cor. No. 5, Garfield lode of this survey, a pine post scribed 3-1871, F. L., thence S. 48 degs. 38 mins. W. 1382.8 ft. to cor. No. 4, a pine post scribed 4-1871, F. L., thence S. 49 degs., 11 mins. W. 117.3 ft. to cor. No. 5, the S. W. corner identical with corner No. 5, Surplus lode, Survey 1782, a pine post scribed 5-1871, F. L., thence N. 85 degs., 16 mins. W. 486.7 ft. to place of beginning.

GARFIELD: Beginning at cor. No. 1, the N. W. cor., identical with cor. No. 4 and the N. E. cor., respectively of Fashion lode of this survey, and Antelope lode, unsurveyed, a pine post scribed 4-1871, G. L., whence U. S. M. No. 4 hrs. N. 49 degs., 21 mins. W. 849.1 ft., thence S. 41 degs., 51 mins. E. 3003 ft. to cor. No. 2, the S. W. cor. identical with N. W. cor. Jessej lode, Survey No. 1779, a pine post scribed 2-1871, G. L., thence N. 49 degs., 33 mins. E. 1500 ft. to cor. No. 3, the S. E. cor., identical with N. E. cor. and N. W. cor. respectively of Jessej lode, Survey No. 1779 and Eagle Eye lode, unsurveyed, a pine post scribed 3-1871, G. L., thence N. 41 degs., 51 mins. W. 300 ft. to cor. No. 4, the N. E. cor., a pine post scribed 4-1871, G. L., thence S. 60 degs., 19 mins. W. 119.5 ft. to cor. No. 5, identical with cor. No. 3 Fashion lode of this survey, a pine post scribed 3-5-1871, G. L., thence S. 48 degs., 38 mins. W. 1382.8 ft. to cor. No. 1, the place of beginning.

The presumed course of the vein on the Fashion is from the W. E. C., N. 49 degs., 36 mins. E. 147.7 ft., and on the Garfield from the W. E. C., N. 49 degs., 33 mins. E. 1500 ft. Magnetic variation 12 degs., 30 mins. E. Containing an area of 26,987 acres.

The location notices of the said Mining Claim being of record in the office of the Recorder of Cochise County, Arizona, at Tombstone, in the County and Territory aforesaid, in Book 14, Record of Mines, pages 455 and 481 respectively, the presumed general course or direction of the said Fashion and Garfield veins, lodes or mineral deposits being shown upon the plat posted herewith, as near as can be determined from present developments, this claim being for 1497.7 and 1500 linear feet thereof, together with the surface ground shown upon the official plat posted herewith, the said vein, lode and mining premises hereby sought to be patented being bounded as follows, to-wit:

North, Well lode, Survey No. 1782, Junction Det. Co. owner; Guard and American lodes, Survey No. 1716, Jacob Pirrung et al. owners; East Bayonne lode, unsurveyed, Jos. F. Chisholm, et al. owners; Eagle Eye lode, unsurveyed, Jacob Pirrung, owner; South, Jessej lode, Survey No. 1779, I. W. Wallace et al. owners; West Antelope lode, unsurveyed, L. C. Shattuck et al. owners; Surplus lode, No. 1872, Jacob Pirrung, owner.

The said claim being designated as Mineral Survey No. 1271 in the official plat posted herewith.

Any and all persons claiming adversely the mining ground, vein, lode, premises or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed according to law, and the regulations thereunder, within the time prescribed by law, with the Register of the U. S. Land Office at Tucson, in the Territory of Arizona, they will be barred, in virtue of the provisions of said statute.
