Parker Wants No Quibbling

DEMANDS PLATFORM SHALL BE CONCISE AND TO THE POINT.

Reported That He Disagreed With David B. Hill on Platform—The Judge Demands That It Shall Be Straight Out and Unequivocal.

New York, April 12.—Tammany members of the State Senate, who returned to the city tonight from Albany, spread a report that David B. Hill and Chief Judge Alton B. Parker had quarreled. The cause of this break is said to be due to a difference of opinion between the two men as to the contents of the platform to be adopted by the Democratic state convention in Albany on April 18.

Mr. Hill, they said, had prepared a platform containing several planks which were designed to attract the support of the Bryan and the socialistic elements in this State. This platform, according to the report, was submitted to Judge Parker in Albany on Friday evening. Judge Parker, after reading it, told Mr. Hill that he would not allow the convention to adopt a platform of that sort, and as a result of this a spirited argument followed, in the course of which Mr. Hill departed in a huff.

Many of Judge Parker's friends ridiculed this story. They said that it was merely another effort on the part of the friends of Charles F. Murphy to strengthen his position in favor of an unabstracted delegation by spreading reports of trouble between Mr. Hill and Judge Parker.

That the report had some foundation in fact was admitted by one of Judge Parker's most intimate friends in this city. Mr. Hill, said this man, met Judge Parker and a few friends to talk over the platform to be adopted by the convention. Mr. Hill took the stand that inasmuch as Judge Parker was a New York man, the Democratic State Convention, which was to formally place him in the field as the nominee for the National Convention, should adopt a platform which would be the basis of the national platform to be adopted by the St. Louis convention. After some further talk Mr. Hill was asked to prepare a platform, to which he consented. The result, according to Judge Parker's friend,

was far from satisfactory. "Mr. Hill wrote a platform," said he, "full of generalities and of party arguments along expedient lines. Judge Parker's friends, when they saw it, told Mr. Hill that it would never do to have a platform of this sort; that it must be a declaration going straight to the point, in order to give the Democrats of the country something tangible to draw on; that when they insisted upon a short platform, without any of the important national issues, they did not mean that it should be a 'straddle' or 'compromise' on any of the questions which it did discuss."

This statement was vouched for by other friends of Judge Parker in this city, who said that Mr. Hill's only object was to advance, and not to injure Judge Parker's interest, and that he would produce a plan when the convention convened two weeks hence which would suit every one. The position of Judge Parker was that New York was but one State in the Union, and the New York delegation (after all, had only a small percentage of the total representation in the National Convention. On this theory it was not to be expected that New York State would undertake to dictate to the Democrats of all the other states the issue to be considered in the national campaign.

Burglars Successful Up Brewery Gulch

At 2:30 this morning it was discovered that a successful burglary had been committed above the red light district. A small cottage occupied by a woman named "Bertha" had been forced open during her absence to a restaurant, and her trunk, containing fine wearing apparel, jewelry, etc., had been stolen. The trunk was found later broken open and rifled. No clue to the thieves was left, but Officer Wilmoth was following the matter up as the Review goes to press.

A Sad Case From Douglas

T. K. DAVIS, FORMERLY EMPLOYED AS SMELTER TIME-KEEPER.

Has Given Evidence of Mental Disarrangement for Some Time—His Friends Become Alarmed and Take Him to Tombstone for Examination as to His Mental Condition.

(Special to Review.)

Douglas, April 12.—A sad case was brought to light here today, it being the taking to Tombstone of T. K. Davis, for examination before the Probate Judge, that he might be sent to Phoenix to the sanitarium there, thus hoping that rest and separation from business might restore him to his customary good health. For several weeks the afflicted man has been suffering from nervous trouble, and from this, acting queerly, until his friends became alarmed as to his condition. Mr. Davis has a brother in Bisbee, and he was notified of his brother's illness. On coming here he found that the sick man's condition was becoming more and more alarming daily, and he at once telegraphed to Mrs. T. K. Davis, who has been teaching at Pearce, to come home at once. She arrived on Saturday last, and on Monday it was decided to take her husband to Tombstone for examination, as above stated. In company with two lady friends the party left this city on their sad mission, to leave it to the proper authorities as to whether it was not preferable to send Mr. Davis at least temporarily to Phoenix.

MORMON CHURCH ISSUES A POSITIVE DECLARATION.

If Any Officer or Member of the Church Shall Assume to Solemnize Plural Marriage, Excommunication is to Follow.

Salt Lake, April 12.—One of the notable features of the closing session of the seventy-fourth annual conference of the Mormon church yesterday was the official declaration by President Joseph F. Smith on the subject of polygamy. The statement follows.

"Inasmuch as there are numerous reports in circulation that plural marriages have been entered into contrary to the official declaration of President Woodruff of Sept. 26, 1890, commonly called the manifesto, which was issued by President Woodruff and adopted by the church at its general conference Oct. 6, 1890, which forbade any marriages violative of the law of the land, I, Joseph F. Smith, president of the Church of Jesus Christ of Latter Day Saints, hereby affirm and declare that no such marriages have been solemnized with the sanction, consent or knowledge of the Church of Latter Day Saints, and I hereby announce that all such marriages are prohibited, and if any officer or member of the church shall assume to solemnize or enter into any such marriage, he will be deemed in transgression against the church and will be liable to be dealt with according to the rules and regulations thereof, and excommunicated therefrom.

(Signed.) JOSEPH F. SMITH.

"President of the Church of Jesus Christ of Latter Day Saints."

This statement received the full endorsement of the church members assembled, who unanimously adopted the following resolution introduced by Apostle Francis M. Lyman: "Resolved, that we, the members of the Church of Jesus Christ of Latter Day Saints, in general conference assembled, hereby approve and endorse the statement and declaration of President Joseph F. Smith, just made to this conference, concerning plural marriages, and will support the courts of the church in the enforcement thereof."

Appointment was made of a committee to take steps toward the erection of a suitable building as a monument to the memory of Prophet Joseph Smith. Although Utah abounds with memorials of Brigham Young, there is at present not a single monument or building in honor of the founder of the church.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, needs bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of unhealthy condition. Mr. Mannett, in Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair.
