

WEALTHY DRIVER WINS THE GRAND PRIX AUTO RACE

De Palma's Car Overtakes Just as He Was About to Pass Victor Brugg Near Goal

BEATEN CHAUFFEUR SERIOUSLY INJURED

Teddy Tetzlaff Led Field for First Eighty Miles but Accident Puts Him Out of Race

WAUWATOSA, Oct. 5.—Caleb Bragg, the wealthy young Cincinnati driver, won today the fourth international Grand Prix automobile road race, with a Fiat car after a sensational last lap brush in which Ralph de Palma's Mercedes car overtook and De Palma was seriously injured.

Bragg's speed average for the race was 69 3-10 miles an hour as against the late David Bruce-Brown's average of 74.45 miles an hour in last year's Grand Prix at Savannah, Ga. He covered the distance of 400 miles in 4613 feet in five hours, 59 minutes 25 seconds.

Winner on Lead Mostly The winner drove a heavy, consistent race, never being further back than third place at any stage of the long and tiring race.

For the first eighty miles Teddy Tetzlaff led the field but Bragg and De Palma were almost on top of Tetzlaff all the time. With the elimination of Tetzlaff by a minor accident in his Fiat car at the 244 mile post the race settled down to a driving duel between Bragg and De Palma.

De Palma Nearly Victor DePalma was two minutes, 36 seconds behind Bragg as he swung into the last 7.55 mile lap. Bragg had slowed down considerably and De Palma was in the next to the last lap of the contest. In a desperate effort to pass Bragg in the narrow roadway, near where Bruce-Brown was killed Tuesday, De Palma shot his heavy Mercedes into the rear of Bragg's Fiat. In the result the collision De Palma's car was thrown into a ditch and wrecked.

Thrown Clear of Car De Palma and his mechanic, Tom Alley, were thrown clear of the car. Bragg as his part of the \$10,000 purse, received \$500.

Evelyn Bergdell of Philadelphia, who drove a Benz car made second place after a pretty fight with Gil Anderson for the last sixty miles of the race and received \$2500.

Bergdell's average speed for the race was 45.61 miles an hour. Gil Anderson, who finished third with a Stutz car, the only American car to remain through the race, gets \$1250 as his end. His average speed was 65.55 miles an hour.

Oldfield Finishes Fourth Barney Oldfield, who finished fourth with a Fiat car at an average speed of 64.75 miles an hour, took \$950 as fourth money.

George Clark, who still was driving a Mercedes with one more lap to go when Oldfield finished was flagged by starter Wagner and awarded \$500 as fifth money.

ASKS WALLACE TO HELP TAFT

Anti-Roosevelt Republicans Call on Acting Governor of California to Summon Legislature

AMEND PRIMARY ACT

SAN FRANCISCO, Oct. 5.—Resolutions calling on Lieutenant Governor Wallace, acting governor in the absence of Governor Johnson in the east, to call immediately an extraordinary session of the state legislature for the purpose of amending the primary law so as to permit the placing on the ballot in November the names of the electors named by the Taft wing of the republican party, were adopted today at a meeting of the executive committee of that organization.

The meeting was called to discuss the situation because the Taft wing of the party, which by failure to name electors by petition, through a decision of the supreme court, holding that the Roosevelt electors named by the state convention in Sacramento were entitled to go on the ballot under the designation "republican," is unable to get on the ballot the names of the electors.

The advisability of sending to other states speakers to inform the voters of those states of the "manner in which the republicans of California have been robbed of their franchise" also was discussed and commented on favorably.

FRIENDS OF BODIE TO TRY TO FREE SLAYER

Petition Sets Forth Man Pleaded Guilty Because of Prejudice

A petition, asking Governor George W. Hunt to pardon John Rudisavovich, alias John Bodie, is being circulated in the Warren district and many are signing it. Bodie shot a fellow countryman at Lowell several weeks ago and was held to the superior court, in which he entered a plea of guilty and received a comparatively light sentence. On account of a plea of guilty the state's case was not presented but it was reported at the time that it had a strong case against Bodie.

Bodie was said to have shot his fellow-countryman in the back and the sentence was affirmed by the state court. The petition sets forth that Bodie entered a plea of guilty on account of prejudice that he felt there was against him and that there is a reasonable presumption that Bodie acted in self-defense.

The petition also points out that Bodie is ignorant of the laws and customs of this country and that they are looked up for him in a foreign language as he did not speak or understand the English language. Bodie was sentenced at the present term of court and only recently was taken to Florence.

2 HIGHWAYMEN SHOOT AND ROB MINER OF \$45

Lowell Visited by Bandits Who Hold up Man in Room Above or Near Saloon

VICTIM SERIOUSLY HURT; MAY RECOVER

Mystery Enshrouds Case and Bystanders Loath to Give Information; Officers Investigating

Kusti Laitine, a Finlander, was held up by two masked highwaymen in a room over or back of the Pitts saloon at Lowell early last night and was shot through the head by one of the highwaymen with a .22-caliber automatic pistol.

Laitine and another man were in the room when the highwaymen appeared at the door, both masked and demanded their money. The robbers went through the clothes of the man and it is said got \$45 from the two. There is mystery about the case that has not yet been cleared up, though Officer Rooney, of Lowell, is working diligently on the case and interesting developments may follow.

It is presumed, however, that Laitine resisted the hold-up and was shot by one of the highwaymen. The bullet entered his chin, passed under the tongue and came out at the back of his head. No report of the shooting was made to Lowell officers and some time was lost in getting the trail of the highwaymen on this account. Also there appeared to be an intangible indifference on the part of bystanders in the street to give information or to hinder investigation.

Laitine speaks English but poorly and was unable to throw any light on the hold up when questioned shortly after the shooting, except that he was held up and robbed. He is at the Calumet and Arizona hospital and is in a serious condition but probably will recover.

Dr. Bledsoe Called. Dr. N. C. Bledsoe was called to attend the man and ordered him sent to the hospital. Deputy Sheriff Roopery has not yet been permitted to see Laitine and get his story and the other man was unable to give a description of the masked men as their faces were almost completely hidden by handkerchiefs.

This man also told conflicting stories about the amount of money taken and is said to have stated at one time that they lost no money.

The affair has a striking similarity to another that occurred at Lowell several months ago, except in that affair there was no shooting. A room in which a game was in progress was invaded one day night by highwaymen and the "jackpot" and the players copped. Yesterday was C. & A. payday.

Few people in Lowell knew of the shooting as long as an hour after it occurred; and, according to officers who heard of it were loath to give information.

RED SOX ENDS SEASON AHEAD OF ALL TEAMS

Boston American Lead Every Team of the 16 Clubs in Two Major Leagues

FINISHES 9 POINTS MORE THAN GIANTS

Washington Senators in Second Place but May Lose Standing Today if Cubs Win

NEW YORK, Oct. 5.—The National and American league seasons closed in the east today with the Boston Americans being credited with the largest string of victories of any of the sixteen clubs in the two leagues. Their record of 105 games won, forty-seven lost, with a percentage of 69.1 is nine points better than the standing of the New York team of the National league which was 103 games and won, forty eight lost.

Senators Second By results of today's play of the American league, Washington finished in second place by a seven point margin over Philadelphia, last year's world's champions.

In the National league a still closer race for second place brought Pittsburgh and Chicago almost to a tie. The Pittsburgh men have the honor tonight by a two-point margin, but the loss tomorrow to Cincinnati and a Cleveland victory over St. Louis would give the Cubs second place.

Giants Won Final Game The Giants won the final game today in Washington park, Brooklyn, marking the last major league contest to be staged in that old park.

Exceptional success during the latter half of the Giant's season placed him at the forefront at the world's series, worked out today and showed in fine form in five innings pitched, allowing but two hits.

Defeats Precedence

Precedence, incidentally, has been against any who loom up in advance as possible heroes of the world's series. Speculation as to who will "bake" the forthcoming contests has led to the choice of Speaker, Wood, Gardner, Stutz among the Boston men, and Doyle, Meyers, Torsum and Mathewson for the New York team, but there are as good chances for a dark horse.

WIFE CHARGES SHE'S DESERTED

Mrs. Lee Joiner Says Husband Left Sept. 10 with Niece; not Heard from Since

ASKS MAN'S ARREST

Lee Joiner, former police officer of this city, and a candidate for the democratic nomination for city marshal in the last city election, who left Bisbee September 10, accompanied by his niece, has failed to arrive at their destination, a point in the state of Texas whether he was accompanying his niece, and a complaint charging him with wife and child desertion may be made against him by his young wife.

Joiner's disappearance has been a more or less subdued scandal for several days but not until yesterday was the whispered charge against him given official cognizance. His young wife, to whom he was married about a year ago, appeared before a justice of the peace and told the judge that she desired to swear to a complaint against Joiner, charging him with desertion.

Wife Wants Arrest of Husband The seriousness of the offense was explained to her but she stoutly asserted that she desired to have Joiner arrested and returned to Bisbee to live with and support her, but to be punished. The law for the punishment of wife and child desertion is a new one, having been passed by the last legislature, and violation of it is a serious offense, constituting a felony with punishment of imprisonment in the state penitentiary. The wife, who carried an infant baby in her arms, was referred to Deputy County Attorney Murry, who will return tomorrow from Tombstone.

Not Heard of Since Sept. 10. Mrs. Joiner is in receipt of letters from Joiner's relatives in Texas and from the girl's relatives, stating that they had not arrived. They left Bisbee together September 10 and have not been heard of since they passed through El Paso, where Joiner mailed his wife a card. More than sufficient time has elapsed, it is said, to have enabled the couple to reach their destination and the young wife has concluded that she has been deserted. She says that she was left

Southerners Like Teddy's Ideas On Waterways; Deny Him Votes

Col. Roosevelt in the South.

MEMPHIS, Tenn., Oct. 5.—Col. Roosevelt came south last week, he saw, but so far as votes are concerned at least, he failed to conquer. The south received the colonel with true southern hospitality. It turned out to greet him in goodly numbers. It gave him generous applause. But when he had some it said: "Well, of course, Teddy's a bully good fellow, but we can't give him our vote. We've always gone dem-cratic since the war, and there's no particular reason for changing this year."

Probably Roosevelt didn't expect to take the south by storm. Of course he wouldn't mind getting a few southern electoral votes this year, but those who are on the inside say the colonel will not be disappointed if he does no more than to establish the progressive party in the states below the Mason and Dixon's line this year. This he will probably succeed in doing.

The thing about Roosevelt that caused the southerners most was his attitude with regard to the development of the Mississippi river. The colonel told the people that if elected he would do all in his power to make the "father of waters" a great highway of commerce; that he would favor the removal of the machinery now employed at Panama, to the Mississippi as soon as it work is done on the isthmus; that he favors spending as many millions as need be to make the great river a commercial highway.

Here in Tennessee the workers in the new party believe it has a chance to carry the state. Both old parties are split with internal dissension and the Roosevelt party is very active. In other southern states, however, the colonel's friends concede that he really hasn't a chance.
