BISBEE, ARIZONA, TUESDAY MORNING, OCTOBER 8, 1912

NUMBER 130

BASEBALL MEN SLEEP ON ARMS, EAGER FOR FRAY

New Yorks and Bostons Each Dream of Victory They Shall Win in Today's Battle

RED SOX GOES TO N. Y. IN SPECIAL CAR

More Hub City Money in Evidence Than Cash for the Victory of the Giants

BOSTON, Oct. 7.—Within a few hours of the departure today of the Red Sox for New York, where tomorrow they will meet the Giants in the initial contest of the world's series, hundreds of Boston and New England baseball enthusiasts followed in their wake. Starting late in the afternoon with "loyal routers," who went 300 strong in a special train, migration continued through the night. Even accommodations on the early morning trains were largely exhausted by reservation of baseball enthusiasts. Most of them had reserved seats for the New York game, but others started with only the hope of getting into the polo grounds somehow and "root" for the Red Sox.

Players Have Special Car. The players had a special car on the Knickerbocker limited. A demonstration planned for the Red Sox departure miscarried, as the crowd assembled at the south station while the players boarded the train at the Back Bay.

Confidence in the Red Sox gained strength from the general belief that "Smoky" Joe Wood will pitch for Boston in the opening game. Mayor Fitzgerald is imbued strongly with the same feeling. This was indicated in a telegram exchanged between him and Mayor Gaynor, of New York, in which Mayor Fitzgerald assured a good seat at tomorrow's game. He left at midnight.

Telegrams Facilitate

The exchange of telegrams follows: "Hon. J. F. Fitzgerald, City Hall, Boston: The mayor asks if you will give him the pleasure of sitting in his box tomorrow to witness the defeat of the Red Sox by the Giants Robert Adamson, Sec'y. Mayor Fitzgerald replied: "Hon. William J. Gaynor, City Hall, New York: It gives me pleasure to be your guest, as the Red Sox begin their onward march to the world's championship and to congratulate you upon the fact that your city, the greatest in the country, possessing the best ball team in the National league, is to have the distinguished honor of adding to the glory of the best city in the world, the laurels of the finest ball team ever organized. John F. Fitzgerald, Mayor."

EACH DREAMS OF VICTORY.

NEW YORK, Oct. 7.—Like two armies on the eve of battle, the New York Giants and the Boston Red Sox slept on their arms tonight, dreaming of a victory tomorrow. The last reports from the rival camps show not a regular will be missing from the batting list when the umpire says "play ball" for the first struggle in the series. The Giants had their first workout at the polo grounds this afternoon, their opponents being the New York Americans, tailenders in the 1912 American league race, who won the name by 4 to 2. Russell Ford, the star pitcher of the Americans, served his puzzling benders to the national leaguers. The Giants did not get their full strength in the field, neither Mathewson, Marquard nor Tesreau, owing to the pitching mound. After the fourth inning a few regulars were left and in the last inning only Herzog remained in the field.

The national champions as they came to bat looked fit for the fray tomorrow. Doyle showed no sign of his recent trouble and with the exception of "Chief" Meyers who slipped slightly as he ran out to hit, there was no case of "Charley Horse" in evidence. The trio of star pitchers appeared in condition as they walked across the field during the game. A big crowd was out to see the Giants' final workout. Betting does not appear as general as expected. Boston money seems to be in larger quantities than New York cash.

ELECTRIC RAILWAY MEN AT CHICAGO

CHICAGO, Ill., Oct. 7.—The American Electric Railway association, representing the 10,300 electric railways in the United States, holds its annual convention in Chicago this week. As a feature of the convention there was opened today the largest and most interesting exhibition of electric railway equipment and apparatus of all descriptions that ever has been collected.

AUSTRALIANS WIN AGAIN

PHILADELPHIA, Oct. 7.—The Australian cricketers defeated Philadelphia today in the second match of the series, by 45 runs. Score: Australians, 1,262; Philadelphia 1,318.

Gov. Wilson Claims Trusts Are Behind Bull Moose Party

Democratic Presidential Candidate Declares Monopolies Back of New Party

DENVER, Oct. 7.—"Is there a new deal?" asked Governor Wilson today in his speeches today throughout Colorado, when he charged that the United States Steel corporation and other combinations of capital are seeking control of the government by proposing that monopolies and trusts should be regulated by an industrial commission.

The old method was by campaign contributions; the new method is a legalized monopoly," said Governor Wilson, as he directed his attack on the interests, which he said were backing the program of the progressive party. The governor drew attention to the senate investigation of the Senator Clapp committee, and said the debate there was centered on which of the "certain privileged groups" had been "more intimate with the two candidates of the republican and progressive parties."

SHERIFF GIVES HIS STATEMENT

Harry Wheeler Writes Review Setting Forth Results of Investigation of Douglas Incident

LAW MUST PREVAIL

Sheriff Harry Wheeler, because of the criticism and statement made by United States District Attorney J. E. Morrison on the searching of a hotel in Douglas for an alleged Mexican rebel chief, feels it his duty to give his side of the incident. Mr. Wheeler does not feel aggrieved, but does regard it as his duty to set forth the facts in the case as he has learned them through investigation. The statement follows:

Statement of Sheriff

"To the Bisbee Review:

"The investigation between the Review's representative and Mr. Joe Morrison, United States attorney, regarding the alleged searching of the Hotel Mexico, of Douglas, Arizona, I feel bound by my duty to give to the exception to several of Mr. Morrison's assertions, notwithstanding the fact that personally and in every other way, I hold Mr. Morrison in high esteem.

"When Mr. Morrison stated his refusal to criticize county officers, the inference remained that he could criticize, were he so inclined. I wish to state to the public that I, and I alone, am responsible for the arrests effected based upon the sworn and oral complaints of Mrs. Villareal and therefore, if criticism is due anyone, let it fall where it belongs—upon me.

Morrison's Objection

"Again, Mr. Morrison infers that some one objected to the United States authorities seeking offenders of the federal laws, when he asserts, 'The government will not be hindered in the enforcement of law and order.' Again, Mr. Morrison states: 'We will continue as we have in the past, etc.' All of which is very right and proper. However, I may truly add that every officer in this county is only too willing to assist in the preservation of all laws, federal or state. Mr. Morrison states that 'Arrangements had been made to meet a peace officer with a search warrant.'

"To this extent Mr. Morrison is mistaken. No peace officer was notified by any one of any contemplated raid; therefore the inference conveyed, that some peace officer failed to appear when expected, is unjust, because not correct.

Peace Officer not Secured

"I am positive, however, that a reputable person did cause the military to believe a peace officer, with a search warrant, would be forthcoming, and on account of this deception practiced upon them, I find great extenuation for the error which followed.

"I have great respect for Colonel Guilfoyle and his younger officers. I have met these gentlemen, and am convinced they have no desire to injure or molest any citizen in any way. Neither would they knowingly or willingly violate any of our laws. They have so assured me, therefore I now, as sheriff of this county, extend thanks to the troops for the clean and orderly condition of our border lines, a condition I could have maintained only at a tremendous cost to the taxpayers.

Guilfoyle Courteous

"In conclusion I will say that Colonel Guilfoyle, upon learning I had warrants for his lieutenants, invited me to his camp to serve these warrants, therefore that portion of Friday's article which states the warrants were unserved for fear of a possible clash, is unfair to the military, interfering, as it does, that they would be capable of resisting a legal process. Mr. Morrison again states, or by his statements implies, that because of a war department order, our civil laws may be set aside and ignored.

"In time of peace this is not possible. In war times, or while under martial law, Mr. Morrison's theory would hold good. However, we have no war, and we have no martial law—

CRANE DENIES HE CONTRIBUTED MUCH AS SAID

Chicago Man Says He Gave to La Follette \$26,684 and to Wilson \$10,000

DEMAND ON MORGAN FOR FUNDS CLEARED

Newspaper Man Declares Garfield's Attorney General Told Him Harriman Asked for Funds

WASHINGTON, Oct. 7.—From half a dozen witnesses heard today by the senate campaign expenditure committee, the committee drew a small amount of information bearing on campaign expenditures. Charles R. Crane, of Chicago, denied the statements of E. H. Hooley that he had given \$79,000 each to La Follette and Wilson, and to Wilson's pre-convention campaign, \$10,000.

John D. Archbold, president of the Standard Oil Co., denied by the committee and will testify tomorrow.

Noted Witnesses Today

Tomorrow the committee will hear Ormsby McHarg, primary contest manager for Col. Roosevelt; Representative G. McKinley; Taft's pre-convention campaign manager; former Senator Chauncey M. Depew, who is said to have given \$50,000 to the Harriman fund in 1904; former Senator Nathan B. Scott, connected with the republican national committee last year and Matthew Hale, the Roosevelt leader in Massachusetts last spring.

Morgan Matter Cleared.

The controversy surrounding an alleged demand on J. P. Morgan for an additional contribution to the Roosevelt campaign fund was cleared today by Charles Edward Russell, socialist candidate for Governor of New York and Judson C. Williver, a Washington newspaper man. Russell had been quoted as saying that Wagner MacVeagh, attorney general under President Garfield was in Morgan's office when the latter was called on the telephone and asked for a contribution.

Under Pressure, Tells Story

Russell told the committee, under pressure, that Williver, then a magazine writer, was his informant. Williver, sitting at the newspaper reporter's table in the committee room, asked permission to take the stand after Russell had concluded. He said MacVeagh told him in 1910 that Morgan had been called to the telephone in 1904 as stated; but that it was Harriman who asked for the contribution. Williver testified that MacVeagh told him Morgan said Harriman was asking for more campaign money as a result of his visit to Roosevelt in October, 1904.

Crane Aids La Follette.

Charles R. Crane said he contributed both to La Follette and Wilson before the nominating convention because both were "progressive candidates."

A statement filed for La Follette by John J. Mason, financial manager of his campaign, showed his total expenses to have been about \$67,824 in the campaign for the republican nomination. Orden L. Mills, New York treasurer of the republican committee of New York county, denied the wholesale charges that had been made by the Roosevelt leaders of New York. He presented to the committee records from the different election districts in which he had though there was indicated fraud on the part of many workers for the Roosevelt delegates.

ON SITE OF WISCONSIN'S FIRST CAPITOL

PLATTSVILLE, Wis., Oct. 7.—With interesting exercises a bronze memorial tablet was erected today to mark the site of the first capitol of Wisconsin in the town of Belmont, east of this city. The tablet was erected through the efforts of the Wisconsin State Federation of Women's clubs.

thus at present the civil laws hold and are in force.

Civil Law Paramount

"The secretary of war may issue an order of arrest—but undoubtedly presumes the arrest will be effected according to law. The governor may order me to effect an arrest—without presuming always, of course, that I shall remain within the bounds of law and reason. Therefore, with all due respect to Mr. Morrison, to the military authorities and to all national representatives involved, I make this statement:

"Under Article IV of the federal constitution, and under certain sections of our state constitution and laws, the poorest citizen is guaranteed certain and inalienable rights, pertaining to his home. These rights I have sworn to defend, and I am going to defend them. There must be no more illegal searching of homes by night nor day—not by anyone—such work must and shall stop—this is final.

"HARRY E. WHEELER." Tombstone, Oct. 5.

What Will Be Political Effect Of Senate Investigation? May Secure Next President

Senate Investigation Committee, left to right, Senators Oliver, Pomeroy, Clegg (chairman) and Payson; at the bottom, C. C. Tegethoff and Ormsby McHarg.

The sessions of the senate committee investigating campaign expenditures reveal the fact that Senator Clapp, an active Roosevelt supporter, and Senator Oliver, just as ardent for Taft, are inclined to avoid if possible disclosures which will injure their presidential candidates.

Republicans and Democrats are already making capital of the fact revealed by the testimony of C. C. Tegethoff, W. H. Harriman's secretary, that Roosevelt dined with Harriman on several occasions. The testimony of Ormsby McHarg next week will be important, as it will throw a flood of light on the methods used and money spent by the Roosevelt managers in the campaign to secure Roosevelt delegates for the Chicago convention last June.

CHARGE SCHEME TO RUIN CANAL LOCKS

District Attorney Says Dynamiters Planned to Blow Up Locks

INDIANAPOLIS, Oct. 7.—Papers from the careers of the McNamara and McManis, as leaders of the "Bling" squad of dynamiters, said conversations in which they are said to have plotted to send McManis to Canada to blow up the locks of the Panama canal, were read by District Attorney Miller before the jury at the trial of the accused "dynamite conspirators" today. The incident with reference to Panama, Miller said, occurred prior to the arrest of the Los Angeles dynamiters, when they were becoming desperate in their efforts to secure explosives without betraying their identities.

"John J. McNamara called his brother, James B. and McManis, to the headquarters of the union," said Miller, "and John B. said to McManis: 'We cannot get any more dynamite around here without stealing it. You go to Panama and see what you can do there.' The McClintic Marshall Construction company has a lot of dynamite stored there. You could easily get it and blow up the locks. That will make them sit up and take notice, and draw their minds off the Los Angeles affair."

"McManis refused to go then," and later all were arrested.

Edward Clark, of Cincinnati, former president of the local ironworkers' union, changed his plea from not guilty to guilty, and was locked up pending sentence.

Ort Tveitmo, of San Francisco, was accused in the government's statement to the jury of having been the "protector" of the dynamiters on the Pacific coast.

DR. WILEY TO SPEAK FOR WILSON

ALACRON, O., Oct. 7.—Summit county democrats are making great preparations for the big political rally here tomorrow night, at which Dr. Harvey M. Wiley, former United States chemist and pure food expert, will speak in behalf of the democratic national and state tickets. It will be Dr. Wiley's only speech of the campaign. He will be accompanied to Alacron by Congressman James H. Cox, democratic nominee for governor.

BIG TASK AHEAD OF BRITISH LAWMAKERS

LONDON, Oct. 7.—In view of the stirring national issue awaiting consideration and action, the autumn session of the house of commons, which was formally opened today, promises to be one of the most important of recent years. In addition to the important Home Rule measure, the session is expected to take definite action in regard to Welsh Disestablishment, the Franchise bill and one or more of the reform measures demanded by organized labor.

METAL BARKET

NEW YORK, Oct. 7.—Copper steady at 17.25 to 17.82 1/2. Arrivals 325 tons. Exports, 3,770 tons. Lead, steady, 5.10 bid.

AUTO PLUNGES DOWN HILLSIDE

Party of Five Injured When Machine Turns Turtle Over 15 Foot Embankment

TAKEN TO HOSPITAL

Persons injured. Albert Brock, body wound. C. P. Lockhart, body bruises. Mrs. W. J. Melvin, collar bone broken. Mrs. J. W. Childers, sprained arm. (Small boy) scalp wound.

While traveling in an automobile over the Bisbee-Douglas highway Sunday evening Albert Brock, C. P. Lockhart, Mrs. W. J. Melvin, Mrs. J. W. Childers and a small boy, all of Douglas, were precipitated over a fifteen foot embankment a mile this side of Forest and all of them were injured, though none seriously. They were picked up by Bisbee autoists and taken in machines to the Copper Queen hospital, where physical claus dressed their wounds.

The auto in which they were traveling was almost demolished and was carted to Douglas yesterday by a team. The members of the party returned to Douglas by train yesterday afternoon. Heavily stitched and bandaged.

Miss Crockett to Rescue.

Miss Gertrude Crockett, of Bisbee, was preceding the Douglas party in her automobile and heard the crash as the Douglas machine went over the embankment. She immediately stopped her machine and with a friend who was riding with her went to the aid of the injured autoists. The two women and the little boy were placed in her machine and rushed to the Copper Queen hospital. The women and the boy occupied the back seat of the Douglas car and they were pulled from the wreckage of the trolley. It was at first thought that they might be seriously, even fatally hurt, as they were covered with blood from their injuries but examination at the hospital showed that no one had been fatally hurt. Mrs. Melvin, who suffered a fractured collar bone, being most seriously injured.

The men, Messrs. Brown and Lockhart, sat on the front seat and were more fortunate than the women. Brown suffered a small cut in the head, requiring five stitches to sew up. The little boy also received a painful cut in the head. The men were taken to the hospital by an ambulance while Mrs. Melvin, who drove up at the scene of the accident shortly after it occurred.

Turned Over Twice.

The accident occurred while the machine was traveling along a level road and at no very high rate of speed. It evidently became unmanageable and ran off the embankment, demolishing the top of the auto and

REBELS ARE ACTIVE NEAR TEXAS BORDER

Gen. Escobedo Surrenders Himself and Fifty Men to Federals at Cananea

WASHINGTON, Oct. 7.—Renewed activity of rebels on the Texas border was reported today to the war department by General Steever, who said he had advised of a rebel band near Sanderson, Texas. He has dispatched troops from Fort Clark to protect the Texas town.

General Steever reported the rebels had defeated the federal forces at Ascension, in northwestern Chihuahua, and had taken the town. State department reports out of Mexico City state that General Escobedo, a rebel leader who was operating in Sonora, gave himself up Saturday at Cananea, along with fifty of his soldiers.

Several small rebel bands are said to be hiding in the Ajos mountains. Reports of wanton destruction of property in the Mormon colony are being confirmed, and large numbers of Americans in Michoacan are said to be in danger from rebel bands.

HEARST'S MANAGER KILLED

JUAREZ, Oct. 7.—Fighting has occurred in many different points in the Casas Grandes district, southwest of this point, according to American travelers arriving here today. The rebels were repulsed in an attack on Old Casas Grandes. The rebels took the towns of Ascension and Janos, after a sharp fighting, but were defeated by the federals in a battle on the William Randolph Hearst ranch, southwest of Casas Grandes. It is reported that John Hayes, manager of the Hearst ranch, a native of California, was killed.

MILWAUKEE GETS RACES AGAIN

MILWAUKEE, Oct. 7.—This city is selected for the next Vanderbilt and Grand Prix races, according to an announcement made here today.

lady damaging the machine. The machine turned completely over and reversed itself, the front of the car being turned toward Bisbee and it is believed from this that it turned over twice in the air before it struck the ground. Those who saw the wreckage say that the autoists were lucky to escape with their lives.

Another Accident.

Machines driven by Dr. F. E. Shino and H. H. Poppen collided late Saturday afternoon at Warren and Poppen's car was badly damaged but neither autoist was injured. Poppen's car had to be sent to a garage for repairs.

BULL MOOSERS PURCHASE OLD PARTY ORGAN

Arizona Republican of Phoenix Is Sold to Dwight B. Heard—Possession Taken Sunday

WILLIAM SPEAR IS TO REMAIN EDITOR

Paper Will Use Every Endeavor to Enhance the Chances of Election of Roosevelt

The followers of Theodore Roosevelt and the new progressive party in Arizona have at last succeeded in taking one of the former republicans the state, and Sunday morning the Arizona Republican at Phoenix, which for twenty years has been the newspaper muddler of the republican party in this state, carried the announcement that Dwight B. Heard, the prominent capitalist in the state capital, with his business and political allies, had purchased the paper.

It has been known for several weeks that the progressives had been planning to take over a newspaper in the state, and they have now secured one of the best newspaper properties in the state.

Gazette Option Abandoned

First it became known that Mr. Heard was negotiating to buy the Gazette and it was reported that the option had been taken on that paper; later it was given out that this deal had been abandoned, so that when the announcement was made yesterday that the Bull Moosers had purchased the Arizona Republican, it was a surprise to the politicians of the state. "Billy" Spear's name is retained as editor of the new paper, and there was no change made in the management. Mr. Heard's name appearing as president and general manager.

The Paper's Policy

Mr. Heard, regarding the purchase of the paper and its policy, in a signed article, among other things, said:

"A number of men and women, having great faith in Arizona and its future, and earnestly believing in the principles for which the progressive party stands, have joined with me in the purchase of the Arizona Republican, which under the new ownership (not one dollar's worth of interest being retained by the former owners), will be conducted as an independent progressive newspaper, with malice toward none and with justice to all.

"We know that at this time in the history of Arizona there is a great opportunity before this paper in assisting in the rebuilding and development of the great resources of this state, and believe that a newspaper should use its influence to bring about co-operation between our citizens and to eliminate friction. Our policy will be directed solely to what we believe is for the public welfare, and the largest corporation in this state will receive the same justice from this paper as the humblest citizen, no more and no less.

"In the present political campaign this paper will vigorously support Roosevelt and Johnson because we have absolute trust in the ability, efficiency, integrity and high purpose of these two great men, and know that they regard the great constructive platform on which they stand as a covenant with the American people."

AMERICAN BALLOON CREWS LEAVE

KANSAS CITY, Mo., Oct. 7.—The American aeronauts who will contest in the International balloon race for the Gordon Bennett trophy in Germany the latter part of this month left here today for New York, en route to Europe. They are H. P. Lang and H. E. Mowenby, who will pilot the balloon "Uncle Sam," and John Watts and A. T. Atherbold, who will manage the "Kansas City II."

CONVENTION OF TEAMSTERS

INDIANAPOLIS, Ind., Oct. 7.—Between 200 and 300 delegates from various parts of the United States and Canada were present here today when the biennial convention of the International Brotherhood of Teamsters, Chauffeurs, Stevedores and Helpers was called to order by President Daniel J. Tobin of Cambridge, Mass. The officers' reports showed an increase of about 10,000 members in the past two years and a treasury gain of \$60,000 in the same period. Indications point to the re-election of President Tobin and nearly all of the other officers.
