SPEED OF DEPORTATION HEARINGS IS EXCEEDED ONLY BY MONOTONY; HEAR FOUR CASES IN SINGLE DAY

Sameness of Testimony by Witnesses for the Prosecution Seems to Be Its One Bright, Outstanding Feature; Two Hearings Are Completed in An Hour; One of Witnesses For County Attorney Makes Tenth Trip to the Stand

(Special to The Review)
DOUGLAS, Ariz., Aug. 5.—Progress in the Bisbee deportation hearings was as rapid as it was unexciting today. Four cases were completed during the day, those of M. G. Jackson, Henry Bahmfalk, George Medigovich and George Scott, all of Bisbee.

The hearing of Medigovich, continued from yesterday on account of the absence of some of the state's witnesses, was the first on the docket this morning. Medigovich was on hand to hear further testimony than that offered 24 hours previous, but when court was opened the additional witnesses mentioned by the county attorney did not appear, and the state rested its case without further testimony. As usual, no witnesses were introduced by the defense.

Two Cases in One Hour
The hearings of both Jackson and Scott were completed in about an hour during the morning session. Two witnesses only were called against Jackson. Freeman Crouch and Mrs. Kate Berceclino, and their testimony was the least exciting of any so far in the hearings. Crouch's only testimony for the state was that he had seen Jackson standing with other alleged guards in front of the Bisbee postoffice at the time a group of deportees were assembled in the postoffice square at Bisbee on the morning of the day of the deportations. Jackson, said Crouch, had nothing to do with his arrest. He saw Jackson no more on that day.

Story Is Uninteresting
Mrs. Berceclino's testimony was even less interesting. She testified that when she went down town from her home in Bisbee to look for one of her children she had seen Jackson, with a rifle, talking with several armed citizens near the depot. Questioned as to whether or not Jackson appeared to be guarding or arresting any men, Mrs. Berceclino said that there were no deputies standing nearer to Jackson than across the depot square, and that as far as she could tell he had nothing to do with these men.

During the hearing of Scott, J. F. Holman made his tenth appearance since the beginning of the hearings several weeks ago as a witness for the state. Two other frequent witnesses, Thomas G. Green and Richard Denning, were also called by the county attorney.

Senate In Uproar Over Treaty; Lansing To Be Center of G.O.P. Fireworks Today

WASHINGTON, Aug. 5.—The league of nations and the Shantung settlement both came in for more bitter criticism today in the senate's consideration of the treaty with Germany.

At a public hearing of the foreign relations committee issues of the league controversy started a dispute which bordered on an uproar and in the senate chamber an attack on the Shantung provisions by Senator Watson, Republican, developed a series of sharp exchanges.

The committee's clash over the league grew out of the examination of Norman Davis, a financial advisor to the Versailles peace conference and centered in a heated discussion of the attitude of President Wilson toward supplying the committee with adequate information.

Foreigners Attack Americans In Mines

BELLAIRE, Ohio, Aug. 5.—The Fort Pitt mine of the Central Coal company, below Sunnyside, Ohio, near Bellaire, was under a heavy armed guard tonight, to prevent recurrence of threatened rioting during the day between American miners and striking foreign miners.

Mr. David Guelph Of England Soon To Be With Us

PORTSMOUTH, Eng., Aug. 5 (By The Associated Press).—The Prince of Wales sailed for Canada at 6 o'clock this evening on board the Cruiser Renown. There was no ceremony attending the departure of the cruiser.

The Prince of Wales will visit the United States on his trip to the American continent. During his stay in Washington, D. C., he will be the guest of President Wilson at the White House.

LABOR UNREST IN G.T. BRITAIN STILL GROWING

Threaten General Strike In Sympathy With the London Police; Arthur Henderson Is Called From Socialist Meet

LONDON, Aug. 5. (By The Associated Press).—With the Yorkshire strike still unsettled, the bakers' strike continuing, a number of minor sporadic strikes in other trades in sympathy with the smouldering discontent of the police at the failure of their strike to secure the withdrawal of the police bill, and the possibility of another big railway strike, the labor situation has again become so threatening that it is stated Arthur Henderson, the labor leader who is attending the socialist conference at Lucerne, Switzerland, has been hurriedly summoned to London.

Liverpool was quiet today but it remains the center of agitation for a strike of the dockers, now being threatened in support of the striking policemen. The executives of the dockers' union today passed a resolution demanding reinstatement of the dismissed policemen, failing which they will give wholehearted support to the policemen.

Another meeting of trade union organizations of all trades was convened at Liverpool tonight to consider the advisability of calling a general strike in support of the policemen.

Negotiations between the government and the Associated Locomotive Engineers and Firemen to arrange a new scale of pay for engine drivers have been in progress for six months. The government has just issued what is described as a final adjustment of the scale, as a result of which the executive of the union has been snarled under with indignant protests, as to the inadequacy of the scale from all parts of the country. The executive has arrived in London from Leeds to interview the board of trade on the subject and the outlook is considered serious.

Further, there are the beginnings of strike movements on the Scottish railways, owing to a local dispute. The number of men out on the London, Southwestern railway almost doubled today and passenger service is suffering severe inconvenience.

REVENGE PLOT BY REDS SEEN IN DYNAMITING

LOS ANGELES, Cal., Aug. 5.—Officers of the department of justice began today checking on the activities of known radicals in connection with the explosion which wrecked the home of Oscar Lawler, as special assistant attorney. Federal officials are convinced the dynamiting was an episode in a nationwide campaign of terrorism. The federal officers pointed out that the terms of many of the men whom Mr. Lawler, as special assistant attorney general, prosecuted at Indianapolis in 1914 for illegally transporting dynamite, are expiring, and that the convicted men may have planned retaliation.

RAIL SHOPMEN STRIKE SPREAD SEEN IN WEST

Men Refuse to Take Strike Vote Ordered By Officials Of Grand Unions; 15,000 Off Jobs In The Middle West

CHICAGO, Aug. 5.—Further spread of the strike of railroad shopmen, especially in the middle west, where 15,000 workers went out today, according to union reports, with a strike of 10,000 men on the Norfolk and Western line set for tomorrow, marked the fifth day of the walkout. The strike has been declared illegal by railroad executives, who have made this charge to the local bureau of the department of justice.

The barrier was let down today for boiler-makers to join the other strikers, according to L. M. Hawver, president of the Chicago district council of the federated railroad shopmen's union, which called the strike last Friday.

While railroad yards in the Chicago district have become congested with broken down cars as a result of the strike, the union officials declare all railroad service will be more seriously affected in a few days.

They admit the strike was called in defiance of the grand lodge officers of the unions involved, but that it was in compliance with the wishes of the rank and file of the federation. They also refuse to take a strike vote August 24, as ordered by the grand lodge officers, and assert that the rail administration must treat with them and grant their demands for 85 cents an hour for mechanics and 60 cents for helpers.

ST. LOUIS HAMPERED
ST. LOUIS, Aug. 5.—Several of the largest railroads operating through St. Louis are refusing to accept less than carload shipments because of the shopmen's strike, the chamber of commerce announced today.

Approximately 1000 Missouri-Pacific shopmen are out and about 400 each at the Wash and Rock Island shops, it was stated.

STRIKE ON CHESAPEAKE
HUNTINGTON, W. Va., Aug. 5.—The Chesapeake and Ohio shops here were completely closed down tonight following a meeting at which the men voted to go on a strike and remain out until their demands for increased wages is met. Three thousand men are affected.

Two thousand of the workers have been idle several days but the vote tonight took out every worker in the shops.

STRIKE IN MONTANA
ST. PAUL, Minn., Aug. 5.—Railroad shopmen at Billings and Livingston, Mont., went on strike tonight.

PACIFIC FLEET FAST NEARING SAN DIEGO BAY

Big Armada Was 50 Miles Off Harbor Last Night; To Make Formal Entrance of Bay on Thursday; Daniels to Review

ON BOARD U. S. S. NEW MEXICO, Aug. 5 (By The Associated Press).—The Pacific fleet tonight fast was nearing San Diego, being off Rosario Bay.

The dreadnaughts will anchor tomorrow morning off Los Coronados islands, where the various elements of the fleet will rendezvous for their entrance into San Diego bay Thursday.

During all of the week the armada will remain at Los Coronados to paint and clean ships preparatory for the review in which Admiral Hugh Rodman plans to have the fleet leave Los Coronados early Thursday morning in line formation, passing in review before Secretary of the Navy Daniels, who will be stationed on the cruiser Montana, which will be anchored off Coronado Beach.

The fleet then will enter San Diego harbor, after which the dreadnaughts will anchor off the beach and the destroyers and other craft in the bay.

Three seaplanes from San Diego met the fleet 200 miles south of Los Coronados in mid-afternoon. After circling the fleet several times taking pictures, the planes departed, flying in a northeasterly direction.

DANIELS ARRIVES TODAY
SAN DIEGO, Aug. 5.—Somewhere off the coast of Lower California the Pacific fleet tonight was steaming toward its new home waters. At midnight the ships were to be within 50 miles of San Diego harbor.

Nearly two score vessels which comprise the fleet, as it now stands, will anchor off the Coronado islands, 17 miles from San Diego.

San Diego's preparations for welcoming the fleet were virtually complete. Secretary Daniels telegraphed Rear Admiral J. Jayne here this afternoon he would arrive in San Diego either at 7 a. m. or at 1 p. m. tomorrow. The secretary's arrival had been scheduled for 9:30 tomorrow night under his original plans Washouts on the Santa Fe railroad in Arizona have necessitated rerouting the party over the Southern Pacific lines.

Secretary Daniels and the official party will review the fleet outside the harbor. It was said by naval officers this would be the procedure followed for the review of the fleet off Los Angeles.

Many notables from outside San Diego were arriving here today to view the fleet on behalf of the municipalities or states.

California flowers will be one of the means used to make the visit of the fleet memorable to men and officers and to notable visitors.

Even Chorus Girls Get Strike Fever; Policemen, Too

CHICAGO, Aug. 5.—A strike of actors and chorus girl members of the actors' association is threatened for tomorrow. They are demanding extra pay for Sunday performances, for rehearsals and the closed shop.

The managements have declined to grant the demands.

MOBERLY, Mo., Aug. 5.—Members of the Moberly police department went on strike today following the refusal of the city council last night to grant an increase in salary.

PALMER ORDERS FOOD HOARDERS BE PROSECUTED

President Wilson Decides to Address Congress As to the High Living Costs; Price of Wheat Not to Be Lowered

WASHINGTON, Aug. 5.—The decision of Director General Julius H. Barnes, of the grain corporation, to maintain the government's guarantee on wheat at \$2.25 a bushel, as a reserve protection against a higher price later, was one of the moves today by government agencies working to reduce the cost of living and allay the country's unrest.

Two other decisions were reached today. President Wilson decided to address a meeting of congress regarding recommendations for reducing the cost of living. Agents of the department of justice were ordered to ferret out all hoarders of necessities and profiteers throughout the country. They are to be prosecuted under the food control act.

At the conclusion of a day's activity by the president, the subcommittee of the cabinet appointed by Attorney General Palmer, and by the attorney general himself, announcements were made of these immediate steps to be taken, and of the government's wheat policy.

In a statement showing why the price of wheat would rise but for the government's guarantee, Director Barnes promised a readjustment of flour prices.

Immediate steps will be taken by the grain corporation to sell standard export flour in every community of the country in carload lots, at a price not more than \$10 a barrel, Mr. Barnes announced.

This price, he added, was lower by one dollar a barrel than any price ruling during the last four months.

Using figures described as coming from the grain corporation's own private sources, Mr. Barnes predicted a shrinkage of "probably 400,000,000 bushels" in the wheat production for North America, 250,000,000 bushels of which is in the United States, from the June forecast, and a further shrinkage in European, wheat and rye production, of 300,000,000 bushels outside Russia.

WANT FARE INCREASE
CHICAGO, Aug. 5.—The state public utilities commission today took under advisement the application of the Chicago surface lines and the Chicago elevated railroads for increased fares. The increases were opposed by counsel for the city.

SAN DIEGO PLANE FALL FATAL
SAN DIEGO, Aug. 5.—Returning from a flight to the Pacific fleet, a seaplane piloted by Lieutenant O. P. Kilmer of the North Island naval air station, crashed into the water in San Diego harbor tonight. S. E. Deaneas, radio electrician, was killed. Lieutenant Kilmer and Willis C. Baker, San Diego newspaper photographer, who had been taking pictures of the fleet, escaped with slight injuries.

99 PER CENT OF BUSINESS MEN IN NATION DECLARE AGAINST FEDERAL RAIL OWNERSHIP

Referendum Vote Submitted By U. S. Commerce Chamber Shows Unanimity of Opinion Government Operation Failure

HEAVY COST, HIGH RATES, BAD POLITICS ARE SEEN

Plan of Labor Would Cause Either Burdensome Rates or Taxes, Cost 20 Billions at Start, Disrupt Transportation

WASHINGTON, Aug. 5.—The railroad problem, which is engrossing the attention of both the legislative and executive branches of the government, will be brought before congress tomorrow with the application before the interstate commerce committee of representatives of the railroad brotherhoods and of organized labor for support of their plan for tripartite control of the railroads.

Meanwhile threats of hundreds of thousands of railroad employes to go on strike to force higher wages to meet the high cost of living were reiterated.

Men Refuse to Return to Work
From many parts of the country today came reports that striking shopmen refused to return to work, despite the fact that their action was denounced as illegal by the executive council of the six shop crafts. Strike ballots were mailed from the American Federation of Labor for taking an official vote as to whether the 500,000 shopmen shall walk out. Demands also are being made by 45,000 clerks and freight handlers and station employes. Director Hines was to have discussed their problems today with J. Forester, grand president of the union, but other business interfered and the conference will be held later.

Favor Private Ownership
Business men of the country as represented in the chamber of commerce of the United States favor private ownership of the railroads.

Backed by a referendum of the chamber's 670,000 members, the announcement was made tonight following publication of the demands of organized labor for elimination of private capital from railroad ownership and operation.

Announcement of the vote of 99 percent of the business men against government ownership was accompanied by the following explanation of the reasons actuating the decision:

Would Hamper Transportation
"1.—Under government ownership the development of railroad facilities would depend upon congressional appropriations and would prevent the anticipation of the transportation needs of the country. Appropriations would not be made in the amount and at the time needed to insure adequate development of the railroads. Political considerations might also control the amount of appropriations and the objects for which they were made.

Important Meeting American Legion Tomorrow Eve.

An important meeting of the American Legion will be held tomorrow night at the Elks' hall, when permanent officers will be elected and a name chosen for the local post. It is requested by the leaders in the legion organization that as many members as possible be present and that they bring with them \$1.25 as the first quarterly installment of the \$5 annual dues. The membership in the local post has passed the 250 mark and it is expected that 100 more will be added. One of the aims of the legion is a permanent home, where cozy clubrooms can be fitted up for the convenience of the members. The Elks have kindly donated the use of their hall to the former servicemen until they have their own quarters.

ALLIES BEATEN IN HOT BATTLE BY BOLSHIEVIK

LONDON, Aug. 5.—Allied forces that landed on Omega on the north front, attempting to capture it, were driven out after sixteen hours of fierce fighting in the streets, according to a Bolshevik official report received today.

The statement said the allied troops embarked under a hurricane of fire from their ships and the warships steamed northward. One of the allied vessels, it was reported, was set on fire by the Bolshevik artillery.
