

### SUFFRAGE VOTE IS QUESTIONED; TENNESSEE MAY RECONSIDER ACTION

**Forty-Seven Members Sign Pledge to Vote to Reconsider Ratification Vote in Tennessee Assembly**

### BRIBERY CHARGE TO BE PROBED BY JURY

**Nashville Papers Publish Affidavits Charging Suffragists Offered Bribe to State Representative**

(Republican A. P. Leased Wire)  
NASHVILLE, Tenn., Aug. 19.—Forty-seven members of the Tennessee house have signed a pledge to vote to reconsider ratification of suffrage, Speaker Seth Walker declared tonight, speaking at a mass meeting called by those opposed to suffrage. Others will sign the pledge tonight and tomorrow, he said, declaring that the ratification vote would be reconsidered.

Mr. Walker was leader of the anti-suffrage forces in the fight in the house and changed his vote to "aye" to move for reconsideration.

Failure of anti-suffrage leaders to attempt to force the Tennessee house to reconsider its action of yesterday in ratifying suffrage was overshadowed in interest by the launching of a county grand jury investigation into charges that improper influences have been brought to bear on members of the legislature in consideration of the measure.

Publication by the Nashville Tennessee and the Nashville Banner of two affidavits attributed to C. C. Wallace, judge of the city court of Lewisburg, Tenn., and E. E. Murray of Nashville, alleging that an attempt had been made by a suffrage leader to bribe Representative H. T. Burn, Republican, also was a feature of the developments.

**Charge Bribe Offered**  
The grand jury, charged by Judge J. D. B. Debow of the Davidson criminal court before the case against J. T. Eichelberger of Washington, D. C., a publicity man in charge of headquarters here of the anti-ratification forces.

Judge Debow's charge was directed at alleged special interests which it has been charged have representatives here working against ratification.

It has been reported by some of the friends and supporters of the ratification, he told the grand jury, "that forces of corruption and representatives of special interests have come into this state from behind the scenes, and that lobbyists have been and are in this city invading and infesting the rooms of our state capitol and the lobbies and public assemblies of hotels, and other places in our country."

The grand jury to return indictments promptly if an investigation developed that the laws relating to lobbyist have been violated.

**Suffrage Carried By One Vote**  
Charges of the attempted bribery of Representative Burn were not awarded seriously by suffrage leaders and many anti-ratificationists said their views were similar. Mr. Burn was recorded as voting with the suffrage opponents on both roll calls on a motion to table ratification which was lost on a tie vote and later cast his vote for the amendment. One vote decided the issue for suffrage. The affidavits charged that he was approached during the interval between the vote on the motion to table and the vote to concur with the senate in ratifying the amendment.

Representative J. Hanover, alleged in the affidavit attributed to Murray as having told Burn that if he would vote for ratification he would be given "anything in the world he wanted" and that "it would be worth \$10,000 to him," characterized the charge as "no more than a clumsy effort to blackmail or embarrass friends and supporters of the rights of our women." Mr. Hanover said his conversation was confined to an appeal to Burn to vote for suffrage.

Major C. L. Daughtry, secretary to Governor Roberts, named in both affidavits as urging with Hanover that Burn vote for ratification, declared Hanover did not intimate to Burn he would be paid any amount of money or that he would be given any other consideration.

The house adjourned until tomorrow without reference to suffrage. Speaker Walker has one day more in which to move for reconsideration.

### Dry Your Fruit Save Your Sugar

Our Washington Information Bureau has, for free distribution, a Department of Agriculture booklet which tells how to save green food for winter use.

Do you know that spinach and turnips may be dried and kept all year?

Do you know that this drying in the home may go right on while it is raining outside?

Never was there greater need for saving the perishable foods of the summer season. Drying them is now the best method because it calls for no sugar. DON'T FAIL TO DRY.

### 80 Per Cent Of Bisbee Miners Are Americans

(Republican A. P. Leased Wire)  
BISBEE, ARIZ., Aug. 19.—The reputation of Bisbee as an American camp will be maintained, according to a statement made yesterday by G. H. Dowell, manager of the Copper Queen branch of the Phelps-Dodge corporation, in a talk before the luncheon club. Dowell said that it has been the policy of the company in the past to employ American labor and that this policy will be continued to the fullest possible extent. He pointed out that 80 per cent of the men employed underground at present, are Americans and that all men underground are English-speaking; that the employment of Mexican labor on the Sacramento hill project has been a temporary necessity which will be ended as soon as the preliminary work is finished.

### UNITED STATES IN LEAD AT ANTWERP OLYMPIC CONTESTS

(Republican A. P. Leased Wire)  
ANTWERP, Aug. 19.—The total scores in the athletic events—track and field—at the finish of today's program were as follows:

United States, 118 points; Finland, 49; England, 40; Sweden, 36; France, 18; South Africa, 7; Italy, 7; Canada, 7; Norway, 3; New Zealand, 3; Estonia, 3; Czechoslovakia, 2; Holland, 2; and Belgium, 1.

Scores for England, Holland and Belgium include, respectively, three, two and one points won in the tug of war today. The American and Italian teams, which finished fourth and fifth in this event, were not entitled to any points under the rules.

English runners today dethroned the American star mile runner, Jole W. Ray of the Illinois A. C., in the 1500 metres race of the Olympic games. It was the second most sensational foot race of the Olympiad, being just a little short of thrills of the 500 metres race Tuesday.

All competitions today were held in the rain, giving English athletes something of a home-like atmosphere. They scored impressively, first a second and a sixth place for 15 points, one less than the Americans, who won one first, two thirds and one fifth for 12 points. Sweden was third in the scoring, taking one second, one fourth and one fifth place for 10 points.

The calibre of the runners was demonstrated by the time of the winner, 4 minutes 1.6 seconds on a slow rain-soaked track. This time was only six seconds more than the world's record.

M. L. Shields of the Meadowbrook club, Philadelphia, who finished sixth, J. J. Connelly of the Boston A. A., and one of the other Americans ran back with the field most of the way. Connelly's effort to come up after Ray faded away proved killing in view of the hot pace and he was forced to quit. Shields, who had run well back, came fast at the finish and was fast overhauling the two tired Englishmen. It was one of the best races the American spectators had witnessed for years.

P. J. Ryan of Loughlin Lyceum, N. Y., won the hammer throw. G. Lind of Sweden was second and B. Bennett of Chicago A. C., third. M. J. McGrath, New York A. C., was placed fifth by reason of his throw in the finishing round. He did not compete today because of a bad knee.

In the qualifying events today the Americans made good shows. Padlock, Los Angeles; Kirksey, San Francisco; Murchison, New York A. C., and Woodring, Meadowbrook, Philadelphia, gaining places in the 200 metres semi-finals, while the quarter miler, Shane U. S. N.; Meredith, New York A. C.; Schiller, Los Angeles A. C., and Emory, Chicago A. A., won place in the finals. Nick, to his beat, won from Edd, South African star.

The American pole vaulters likewise came through the elimination trials without difficulty, but in the top step and jump the Americans could win only two places out of four men competing. D. F. Ahearn, holder of the world's record, finished sixth and just managed to qualify.

The American long distance runners failed in the 10,000 metres run, only one, Fred W. Taylor of the Dorchester club qualifying.

### BOTH CANDIDATES FAVOR CHANGE IN CONSULAR SERVICE

NEW YORK, Aug. 19.—The American Export Manufacturers' association tonight made public letters from Senator Harding and Governor Cox in which they express a desire for improvement of American diplomatic and consular services.

The association recently addressed communications to candidates recommending that the United States own and maintain proper homes for its foreign representatives and establish graded positions with promotion.

Senator Harding said "America has been greatly remiss in this function of government," and added that, if elected, "America's export trade will receive immediate and deeply interested attention." He added that the diplomatic and consular service and the department of commerce should be brought together in a concerted and efficient effort toward finding markets, developing trade and expanding transportation through an American merchant marine.

Governor Cox wrote: "I recognized the justice of proper attention to the needs of the diplomatic and consular career. These services should demand the best we have."

### COPPER STRIKE AT BISBEE

BISBEE, ARIZ., Aug. 19.—An important strike of copper, averaging 15 per cent copper, was made in the drift of the Boron mine last night. The full force of the drift is in ore. This is the first sulphide copper ore that has been encountered in the White Tail deer section of the Warren district, and is the same ore that is encountered on the lower levels of the mines in the district. It will revolutionize geological opinion as to the extent of ore bodies in this section.

# RED FORCES ROUTED AT WARSAW

## PONZI THREATENS TO SHAKE BOSTON FINANCIAL CIRCLES WHEN HE NAMES MAN INSIDE

(Republican A. P. Leased Wire)  
BOSTON, Aug. 19.—Charles Ponzi, discredited prophet of high finance, again was the object of the attention of crowds today. He was taken before a federal commissioner for a hearing on charges that he used the mails to defraud. Ponzi waived examination and was taken back to jail in default of \$25,000 bonds. Trial was set for September.

In the throng which filled the court room was John S. Dondero, described as a partner of Ponzi in his securities exchange company in papers filed at city hall, and named with him as a joint defendant in bankruptcy proceedings brought by creditors several days ago.

Dondero has been sought for several days and service was not made on him until today. He was arraigned, charged with Ponzi scheme. He pleaded not guilty and was ordered held for a hearing Sept. 10. Bonds were set at \$5000.

There was no outward indication today of any attempt by Ponzi or his counsel to obtain his freedom on bail. Ponzi told deputy United States marshals his downfall was due to withdrawal of support by a man prominent in the city's financial circles. If given his liberty under guard for 60 days Ponzi asserted he could make good dollar for dollar on every promise and prove his solvency.

"There is likely to be a big blow up within a few days," he was quoted as saying. "If I tell what I know about a certain man prominent in Boston who poses as a philanthropist and public benefactor, there will be a great change of sentiment."

Ponzi remarked as an instance of continued public confidence in him that he had received a check for \$5000 for investment before he left the jail today, which he turned over to the sheriff.

Attorney General Allen announced that \$15,000 of the funds of the Old Colony Foreign Exchange company had been located in New York and that this brought the total of the company's funds accounted for to \$150,000.

Ponzi's liabilities, as uncovered by the state attorney general, totalled \$4,308,874, representing the claims of 10,200 investors plus the 50 per cent interest promised.

A run on the First State bank, a private institution doing business principally with members of the Italian colony, continued today. Depositors were said to be alarmed in indefinite reports that President Thomas Nuttle had suffered losses in the closing of the Hanover Trust company which was involved in the Ponzi scheme. President Nuttle said he could produce three times as much money as was necessary to pay off the \$1,900,000 of deposits.

Ponzi said tonight that he was "content to remain in jail" after being arraigned.

Crowds in the court room gathered around him in an effort to grasp his hand and he smiled broadly in appreciation.

BOSTON—Charles Ponzi, money "wizard" and "Wallington" of Boston (carrying cane), is shown under arrest on a charge of larceny. A marshal is with him. Below, two "rogue's gallery" views of Ponzi, taken at the time of his arrest on a charge of forgery in Montreal, Canada, some years ago.

## COX CHARGES HUGE SLUSH FUND RAISED FOR G. O. P. CAMPAIGN

(Republican A. P. Leased Wire)  
SOUTH BEND, Ind., Aug. 19.—Charges that at least \$15,000,000 are being contributed to the Republican campaign fund by selling interests were made today by Governor Cox in two addresses opening the Indiana Democratic campaign.

"That is its low mark," he said, "and the sky is the limit. In Ohio \$500,000 was being taken in twinkling of an eye. They have subdivided America into districts and influential men representing selfish and greedy interests are passing the hat. They are trying to buy a governmental underhold. It is a mere bagatelle compared to what the contributors expect to get back."

Plea for the league of nations, denunciation of what he said was the Republican plan for a separate peace with Germany, promises of tax reductions and problems of the high cost of living were other features of the addresses. He spoke to laborers today on the court house square, attended a banquet of the Indiana Democratic Editors' association and tonight addressed another large public meeting.

With Republican campaign funds a special object of the governor's attack, he declared Wall street interests were planning to "emasculate" the federal reserve act, should the Republicans win, by providing that bankers only shall be eligible to a federal reserve board membership, to secure power over credits and interest rates.

He also urged federal regulation of packers and other cold storage concerns with time limits for storage of foodstuffs.

**Discusses Paper Shortage**  
To the editors in his audience Governor Cox gave his views on the print paper situation, urging reforestation, invading against a print paper combination and declaring manipulation and panic has contributed to the paper shortage. He suggested federal supervision. He also took sharp exception to Senator Harding's depreciation of the disappearance of political organs.

Using an "independent press" he said Senator Harding's was "a Saragatino proposal," suggesting control of papers by the "senate oligarchy."

Tennessee's ratification of suffrage brought from the candidate in his address to reduce consumption of electric energy to the minimum.

## BOLSHEVIK TROOPS RETREAT IN WILD CONFUSION ALONG THE 110 MILE FRONT; REDS LOSE HEAVILY DURING POLISH DRIVES

### Soviets Forge Italian Notes To Pay Troops

(Republican A. P. Leased Wire)  
ROME, Aug. 19.—Newspapers here are publishing warnings against forged Italian bank notes of 1000 lire which are being circulated. So admirably have the forgers imitated the real note that the spurious ones are almost impossible of detection.

It is said that some months ago a confidential warning reached the Italian government of a plan of the bolshevik government to forge on an immense scale bank notes of the United States, England, Italy, France, Spain and Greece to pay the soviet expenditures abroad.

### Warsaw Advance 60 Miles

PARIS, Aug. 19.—Polish forces are advancing with undiminished speed along the line running from north of Warsaw to Wlodawa, about 110 miles southeast of Warsaw. Principal interest, however, attaches to the maneuvers of General Pilsudski's forces. Massed reserves which he had concentrated at Ivangorod have advanced 60 miles in three days and are in junction with another army coming from Cholm. United, these armies within 18 miles of Brest-Litovsk, 30 miles east of Warsaw, at Sosonovo, and now probably have reoccupied that important center of communications which the reds late Wednesday night were reported to be evacuating.

The initial tactical aim of this maneuver, say military experts, is more than attained, as the left wing of the bolshevik army, based on Minsk, has become separated, the red center is being held before the forts of Warsaw and on the right they are repulsed in a critical condition.

**Reds Hard Pressed**  
According to the latest news, the objective—the course of the middle and below Brest-Litovsk. Once attained, he believed the retreat of the bolsheviks, concentrated in the Siedlca region, will be cut off and they will be left with only one way to retire back along the Bug. This is by way of the Warsaw-Bialystok high road.

North of the Narwe, the Polish wing is continuing to advance and is now well up on the work between the Warsaw and Bug, making a concerted attack on the Pultusk bridgehead in the center, the Poles are driving the reds back on the upper Bug between Chelchowan and Drohiczyn.

Near Thorn, in the Danzig corridor, northeast of Warsaw, fresh troops have appeared. They surrounded the red detachments, which reached the Vistula and removed all danger to communication between Warsaw and Danzig by the Vistula and also cleared the railroad from Danzig to Sosonovo.

**Poles Refuse Armistice**  
LONDON, Aug. 19.—Polish delegates at the Minsk conference have refused to accept a peace condition advanced by the soviet for the disarmament of the Polish army unless the Russians disarm, says a wireless from Berlin quoting a report from Minsk.

**Soviets Growing Calm**  
MOSCOW, Aug. 19.—The soviet conquerors and shall evacuate Polish territory immediately Poland gives us guarantees that the Polish republic has abandoned its aggressive policy and is resolved to commence peaceful constructive work.

This was a statement made by M. Danilevsky, chairman of the soviet armistice delegation at the opening of

## CHAPMAN FUNERAL WILL BE HELD IN CLEVELAND TODAY

(Republican A. P. Leased Wire)  
CLEVELAND, Aug. 19.—Final arrangements for the funeral of Ray Chapman, star baseball player, were completed today. Because of the many requests for seats in the church, it was decided to hold the services in St. Johns cathedral. Chapman will be buried here. The services will be tomorrow morning's funeral services will consist of solemn high requiem mass at 10 o'clock with the sermon by Dr. W. A. Scullion, chancellor of the Cleveland diocese.

Among the pall bearers will be Tris Speaker, Manager Steve O'Neill and Joe Wood of the Cleveland Indians, and Tom Rafferty, former baseball player. The team will attend the funeral.

Twenty thousand six hundred and twenty-three persons donated 10 cents each toward the "flower from a fan" fund. A floral basket with 2,065 flowers will be purchased and all money left over will be turned over to the "Ray Chapman memorial committee."

## JAWN M'GRAW DENIES HE BOUGHT WHISKEY AT THE LAMBS CLUB

NEW YORK, Aug. 19.—Dental attorney for John J. McGraw, manager of the New York Giants, said that he had purchased whiskey from the Lambs club on August 8, featured today's investigation of the occurrences at the club the evening before John C. Slavin, comedy actor, was found lying injured on the sidewalk in front of McGraw's home.

William J. Fallon, one of McGraw's attorneys, admitted that McGraw "might have gotten whiskey at the club," though he maintained that his client did not purchase it of the club itself.

Another Ponzi agent found in Montreal, Aug. 19.—Antonio B. Salvati, arrested in New York on a Montreal warrant, is wanted here in connection with the collapse of the banking firm of Z. Rossi and company of which Charles "Boyz" Boston's "financial wizard" was a member when it failed in 1908.

Salvati is alleged to have jumped his bail.

## HARDING WOULD GIVE SENATORS SHARE IN POWER OF GOVERNMENT

(Republican A. P. Leased Wire)  
MARION, Ohio, Aug. 19.—Reaffirming his faith in "party sponsorship in government," Senator Harding said in a speech today that his Democratic critics were correct in supposing that if elected he would "permit the senate to have some say in determining the policy of the government."

"The senate saved American nationality in 1919 and 1920," he said, "when the executive proposed to surrender it. If a Republican administration is chosen, you can be certain that the senate will have something to say about the foreign relations as the constitution contemplates. I had rather have the counsel of the senate than all the political bosses."

"I want to have done with personal government. I want to put an end to autocracy reared in the name of democracy."

The senator also referred to the senate filibuster which blocked several appropriation bills in the last days of the Democratic congress and said that while he did not approve at the time, the development had saved about a billion dollars by putting the supply measures over into the Republican congress.

The speech was delivered from the front porch and was cheered by a delegation of members and former members of the Ohio legislature. It was the second today, a group of Civil war veterans from Kenton, Ohio, having induced him to make a brief talk when they paid him a noonday visit. To them he reiterated his belief that it was for American rights that the nation entered the World war, and added a promise that if he were elected there would be no surrender of nationality.

"The simple truth is, and it doesn't displease the opinion of anyone, that we went in because American rights were threatened."

## Sugar Dealers Seek Aid From U. S. Government

(Republican A. P. Leased Wire)  
WASHINGTON, Aug. 19.—Sugar dealers caught in the recent price slump with large stocks are appealing to the department of justice to save them from loss, according to John P. Crosby, acting head of the department's campaign to lower the cost of living. Many dealers who have been prohibited from selling sugar at more than one cent a pound profit, he said today, complain that because they bought sugar when prices were high they now face heavy losses.

Unless refiners violate the Lever act, he added, the department has no remedy.

## FARMERS ORGANIZE LOAN ASSOCIATION

WASHINGTON, Aug. 19.—Organization of the "Co-operative Farmer-Borrowers" of the United States as a national body including members of the 4,000 farm loan associations already organized under the federal farm loan act, has been started, the national board of farm organizations announced tonight.

Paralyzing of the federal act as a result of the suit pending in the supreme court to test its constitutionality, it was said.

Local farm loan associations will be formed into "state unions" and state conventions will be called to name delegates to a national convention.

## WATER SHORTAGE IN CAL.

SAN FRANCISCO, Aug. 19.—Because of an acute shortage of water all cities in northern and central California were ordered today to curtail their consumption of electric power 20 per cent. The order will become effective at an early date, which, however, has not been announced. It was issued by the state power administrator under authority of the state railroad commission. Private persons were asked to reduce consumption of electric energy to the minimum.

## LATE TELEGRAPH BRIEFS

**BANTAM CHAMP WINS**  
COLORADO SPRINGS, Colo., Aug. 19.—Pete Herman, champion bantamweight pugilist, successfully defended his title here tonight in a 10-round bout with Roy Moore of Baltimore, in the opinion of ringside critics.

**GENERAL GONZALES RELEASED**  
MEXICO CITY, Aug. 19.—Ricardo Gonzalez, recently reported to be leading an uprising and was arrested Monday, was released on orders from the provisional president. He arrived yesterday for a conference with government officials asserted he desired to return to private life.

**U. S. SHIP TO BALTIC PORT**  
CHERBOURG, Aug. 19.—The U. S. S. Panther is taking on supplies of ammunition here with a view to an earlier departure for the Baltic sea than had been anticipated. She probably will leave Saturday.

**MEXICAN VOLCANO ACTIVE**  
MEXICO CITY, Aug. 19.—The volcano of Popocatepetl is showing signs of activity, smoke being visible and ashes falling on Ayotzingo, in the state of Mexico.

**HONOR ATHLETE'S MEMORY**  
KANSAS CITY, Aug. 19.—President Hickey of the American association announced today all association games will be stopped for five minutes tomorrow in honor of the memory of Ray Chapman.

**CARRANZA DIPLOMAT FREED**  
MEXICO CITY, Aug. 19.—Manuel Berlanga, secretary of the interior in the cabinet under Carranza, who has been in a military hospital since the death of the former executive, has been granted a writ of habeas corpus and will be liberated tomorrow, says Excelsior.

**BOYCOTT BELFAST FARMERS**  
BELFAST, Aug. 19.—A resolution advocating a general boycott of Belfast farms owing to alleged persecution of Catholics has just been adopted by the Leitrim county council.

**ORGANIZE ARIZONA LEAGUE**  
GLOBE, Aug. 19.—Following a conference last night of the Globe, Miami, Ray and Superior baseball clubs, it was announced that Globe had been admitted to a newly organized league tentatively named the Arizona State league, which will open a series of 12 games next Sunday. Globe and Miami will play at Globe, and Ray and Superior at Ray.

## ARMY PLANE REACHES FAIRBANKS

FAIRBANKS, Alaska, Aug. 19.—Four army airplanes en route from Mineola, N. Y., to Nome, Alaska, arrived here together at noon, having traveled the 250 miles from Dawson, Y. T., in two hours. The planes made a perfect landing leading up in front of a grand stand where 5,000 persons were assembled to greet them. Captain St. Clair Street, commanding the expedition announced that the planes will be here three days.
