

NEW YORK BOMB
VICTIMS TOTAL
34 DEAD--POLICE
FORCE IS BAFFLED

Russian Editor Held By
Officers as Possible 'Lead'
To Identity of Bomb
Planters

[Republican A. P. Leased Wire] NEW YORK, Sept. 19.—Department of justice agents and the police were still without a clue tonight of the identity of persons who planted the Thursday's explosion in Wall street. Alexander Bralovsky, a Russian journalist, who was arrested yesterday on information furnished by an anonymous correspondent, and who admitted having been in the financial district a short time after the explosion, is still held without bail on a charge of being an undesirable alien.

William J. Flynn, chief of the bureau of investigation of the department of justice, declared tonight he placed no significance in Bralovsky's arrest, but said he was being questioned and held in conformance with the department's plan "not to overlook any bets" and to follow up all "leads". No other charge or suggestion that Bralovsky is any way personally responsible for the disaster has yet been made by the authorities. They announced however, that he would be questioned further and an effort made to locate three men with whom he was seen talking at Pine and Nassau streets less than an hour after the blast. He vehemently denies being implicated in the supposed plot.

One Body Identified The only other recent important development is the suggestion by Medical Examiner Norris that the sole remaining unidentified body, that of a blond-haired boy about 15, may be that of the driver of the "death" wagon, which was abandoned near the assay office just before the explosion and which is believed to have carried the time bomb causing the disaster. "Identifications" of the body were made today but all proved erroneous.

A revised list of the dead tonight showed that 35 persons and one dog, Robert A. Pope, brother-in-law of Edwin Fischer, who sent postcard warnings of the disaster, from Toronto to friends in the financial district, was questioned for two hours today at the department of justice. Pope turned Fischer over to the authorities in Hamilton, Ont., where he is being detained pending extradition to this city, where he will be questioned as to his knowledge of the blast. Chief Flynn would not disclose the nature of the investigation of Pope or say whether he would come voluntarily or in answer to summons. Fischer, who already has been adjudged mentally unbalanced by a lunacy commission in Hamilton, is expected to return today.

Chief Flynn declared there were no new developments in the case tonight, although his men were working on several "leads" which would come definite results. He denied published reports that he was seeking five members of the so-called Galliani band of anarchists.

"I know where these people are and we are watching them," he said. "We have them under surveillance along with a number of other people, but we are not looking for them."

100,000 View Scene in Day Police estimated that 100,000 persons visited the scene of the explosion today. All prominent churches and public buildings, as well as the homes of high public officials and financiers, were placed under extra guard during the week end.

Impressive funeral services were held today for sixth of the dead military honors being accorded to three who were war veterans.

The September grand jury will begin listening to the testimony of witnesses tomorrow. Subpoenas have been issued for more than a score of persons who claim to have been within a block of the explosion.

ITALIAN LABORERS NEARING AGREEMENT MILAN, Sept. 19.—Complete agreement between employers and metal workers is believed to be in prospect as a result of the negotiations here. Belief that the difficulties presenting the graver problems of the situation have been solved is expressed.

The metal workers have accepted a wage advance of four lire daily, this amount to be reduced 20 per cent in the cases of workmen from 18 to 20 years of age, and by 40 per cent in the cases of women and children. The employers also have agreed to grant a week's vacation annually to workmen.

A dispatch to the Exchange Telegram from Rome says the negotiations between the employers and the metal workers in Milan were ended Saturday evening and that an agreement was reached on every point except that concerning the dismissal of workmen who have been guilty of crimes inside the factories during the time the workmen occupied them. The dispatch, according to the dispatch, will evacuate the factories.

GREAT LAKES NAVAL
TRAINING STATION
HAS SCANDAL PROBE

[Republican A. P. Leased Wire] CHICAGO, Sept. 19.—Irregularities aggregating \$6,000 have been discovered in the recruit payroll at the Great Lakes naval training station by a special agent in charge of the investigation, it became known today. Officials declared that the total may be more than \$75,000 in additional irregularities were rapidly being uncovered. Lieutenant S. P. Sullivan, until three days ago in charge of the payroll, is being held under guard. It is charged that hundreds of naval recruits, at the station only a few weeks, were being paid off through false receipts, the victims generally being at sea before they discovered that they were not receiving full pay.

Captain Daniel W. Wurthburg, commandant at the station, refused to discuss the case other than to say that a shortage had been discovered.

[Republican A. P. Leased Wire] WASHINGTON, Sept. 19.—Twenty-seven of the 43 standard articles going into the American family market decreased in price between July 15 and August 15, it was said today by the department of labor's bureau of labor statistics which made public figures showing that during the 30-day period ending with the middle of August the retail price of potatoes fell 44 per cent and the price of cabbage went down 41 per cent.

The drop in sugar price was placed at 14 per cent. Most kinds of meat decreased in price. Eggs went up 11 per cent during the period. With this exception and pork chops, which declined one per cent, the increases in other foodstuffs were two per cent or less.

CATTLE FEEDING IN
NEBRASKA EXPENSIVE

WASHINGTON, Sept. 19.—Cattle feeding in Nebraska during the past two years was a precarious venture, more likely to be unprofitable than not, the department of agriculture announced tonight in reporting the results of its first cost of production investigation in the business of cattle feeding. Similar investigations are being made in Iowa, Missouri and Illinois and Indiana and reports soon will be made.

The average cost of corn-fed cattle in Nebraska, laid down at the market was \$14.91 per hundred weight for 2,293 head fed in the winter of 1918-1919 and \$12.83 during the winter of 1919-1920. "Cave Woman" He Charges

RUTH TURNER

Chicagoan Sued for \$100,000 N. E. A. Republican Special CHICAGO, Sept. 19.—She used to be his "darling," his "dear" and his "angel child," and her neck, to him, was a "darling little neck." And, besides all that, a certain staid office building, pictured in one of his love notes, could never "hold the amount of love" he had for her.

And now he calls her his "cave woman." A Chicago judge will hear the stories of Mrs. Ruth Turner Martin and James Wright Martin, Jr. The "cave woman," alias "angel child," has sued Martin for \$100,000 breach of promise following Martin's own suit for annulment of marriage ceremony performed at Crown Point, Ind. in January, 1920, six months after Ruth Turner's divorce from Harry S. Bishop.

THIRTY-EIGHTH DAY
OF HUNGER STRIKE
BRINGS NO CHANGE

LONDON, Sept. 19.—The condition of Terence MacSwiney, lord mayor of Cork, was reported unchanged in three bulletins issued today by the Irish Self-Determination League, although he appeared somewhat resting in the afternoon's sleep during the night. The evening bulletin said:

Considerable talk was occasioned today by a paragraph appearing in the Sunday Times under the heading: "Who is Feeding Mr. MacSwiney?" It says: "Every day a ton of food is fed him. There is no doubt at all that the government is not giving him food or any of the prison officials, it is suggested, are giving him food, and relatives, are giving him sufficient food to keep him alive."

Pointing out that Mr. MacSwiney and the Cork hunger strikers have virtually equaled Dr. Tanner's 40-day fast, the newspaper adds how the first 37 men to be found—Mayor MacSwiney and the 11 in Cork—when they tried to go without food could equal Dr. Tanner's record, which excited the wonder of the world. In reply, Art O'Brien of the Irish Self-Determination League said tonight:

"No nourishment or food of any kind is being given to the lord mayor."

Dr. Tanner's Celebrated Fast The fast of Dr. Henry Tanner, which virtually lasted 42 days, was carried out under supervision of a New York medical college in the summer of 1880. Dr. Tanner previously had abstained from food, one of his efforts, unofficially reported, covering 42 days. He was the doubt expressed regarding this achievement that impelled him to undergo his world famous 40-day fast. He then was 42 years old and he lived to be 57.

Claim Kenney is American CORK, Sept. 19.—The hunger strikers in Cork jail were reported today to be in an exceptionally weakened condition, due to a bad night experienced by all, especially Barker and Power, who have been suffering from insomnia. A Cork hospital nurse said that Honessy was unconscious and convulsively twitching. The condition of Kenney and Donovan was grave.

The Rev. Dr. Carroll of Greenagh, called at the Cork jail and notified the governor of the jail that Joseph Kenney was an American citizen. He said that Kenney, who was arrested on suspicion of being an Irish Republican soldier and now is one of the hunger strikers, had lived for many years in Montana and that he was the father of seven children. Father Carroll, who is a fellow lawman, said he had been communicated with by the American authorities establishing Kenney's American citizenship. Kenney was married in Montana and returned to Ireland to improve his health, according to the statement of the minister, Harold Barry, former high sheriff of Cork, today telegraphed the archbishop of Canterbury asking him to intervene with the premier on behalf of the hunger strikers on the ground that they now had fasted "the 46 days and 40 nights."

Sullivan, former president of the California Federation of Labor, following their conference with Senator Harding a few days ago when the California delegation was here. The statement said:

It also expressed approval of his attitude as an employer toward organized labor. Receives G. A. R. Delegation

Though the Sabbath, Senator Harding received at front porch delegation today but no speech was made and there were no flags, no banners, no bands.

The delegation was a 100 members of the G. A. R. from Akron, Ohio, en route to Indianapolis for the national encampment. The senator and Mrs. Harding shook hands with each. Tomorrow, another delegation of about 400 veterans from northern Ohio will stop here. Senator Harding will address them.

Among those who conferred with Senator Harding today were Howard E. Greene of Chicago, secretary of the national sheep and wool bureau; Major Henry S. Hooker of New York, Gov. H. L. Beechman of Rhode Island, and Wade H. Ellis, manager of the Washington headquarters.

With Mr. Green the senator discussed pending legislation that would require the branding of shoddy goods so the buyer would know their real character. "We merely want," Mr. Greene said, "legislation that will insure that the buyer is getting and not pay for something better than is really being furnished."

Major Hooker was formerly a member of a law firm with Franklin D. Roosevelt, brought cheering news of the campaign. Governor Beechman, accompanied by Mrs. Beechman, was a guest at the Harding home last night, departing for the East today. He issued a statement in which he asserted Senator Harding's speeches have made a great impression on the public which "reveals universal disapproval of the campaign of vilification and false statements that the Democratic nominee has been making."
