

PLAN LONG VISIT TO EASTERN CITIES

Mr. and Mrs. Peter Chalmers left last night on an extended visit to the east. Mr. Chalmers is going to Buffalo, N. Y., to attend the celebration of the seventy-fifth anniversary of the granting of the charter of Hiram lodge, No. 105, F. & A. M., of which he is a life member, having joined that lodge in 1877.

On their return, Mr. Chalmers will stop in Cleveland to visit an aged woman with whom he used to go to dance in Glasgow, Scotland nearly 60 years ago. She recently learned of his residence in Phoenix by reading in the Weekly Scotsman of Edinburgh a letter she had written.

Next Mr. and Mrs. Chalmers will visit St. Louis, where the former has a brother whom he has not seen for 25 years. They will spend Christmas at St. Louis and then will go to their former home at Houston, Tex., where two sons of Mr. Chalmers reside. They will then visit the mother and relatives of Mrs. Chalmers at San Antonio, returning to Phoenix about February 1.

CATTLEMEN PLAN TO FEED COTTON SEED

Cotton seed will be used extensively for cattle feed, according to Ed Stephens, secretary to the Livestock Sanitary board, who has just returned from the southern part of the state where he reports the range situation serious. Owing to the drought, Mr. Stephens stated that the cattlemen were figuring on cotton seed feed, the seed being worth but \$15 a ton at the gin.

Stephens said that he noted many shipments of cattle from the United States to Mexico. Cattle, he said, that sold on this side for from \$45 to \$75 a head were bringing \$125 in the City of Mexico. Hides brought 15 cents in Mexico, while the same class of hides were 10 cents a pound in Arizona.

Armenian-Turkish Hostilities Resume

CONSTANTINOPLE, Nov. 23.—Hostilities have been resumed between Armenia and followers of Mustapha Kemal Pasha. Turkish nationalist leader, says dispatches from Angora. A report from an Armenian source is that the Armenians launched a counter offensive against the Turks and recaptured Alexandropol.

The German government has bought for cash 22,046,000 pounds of lard at a cost of 24 cents a pound. In 40 years the percentage of Kansas farms operated by tenants has more than doubled.

JUST BACK FROM WORLD WAR

BERLIN—Just back from the World War! Here is a bunch of German soldiers just back from the war. They have been held prisoner in Siberia for several years. A trainload of the German prisoners recently arrived in Berlin. And it is estimated Germany still has 300,000 of her soldiers held in Siberia.

September Output Breaks Gasoline Record To Date

WASHINGTON, Nov. 23.—All gasoline output records were broken during September, the bureau of mines announced today. Refineries produced a daily average of 15,000,000 gallons, making the output total for the first nine months of 1920 three and a half billion gallons as compared with 2,900,000,000 gallons during the same period in 1919.

Consumption and exports continued high, however, the bureau said, so that while storage tanks on September 30 held 298,000,000 gallons, the amount on hand then was actually less than that on hand August 30.

Exports for the first nine months of 1920 amounted to 463,433,392, almost 200,000,000 gallons more than was sent abroad during the same period in 1919.

Because salmon are taken largely during the spawning season, it is believed they will soon be extinct unless artificial propagation is resorted to.

Three More Banks Close In N. Dakota

BISMARCK, N. D., Nov. 23.—Three more banks were added today to the string of North Dakota financial institutions that have closed in the last six days, due to depletion of their reserves, which officials say is due to failure of farmers to meet notes held by the banks.

The Farmers State bank at Belford, the State bank of Kildeer and the Security State bank at Columbus closed today, making nine since the first of last week.

No Word From Spanish Steamer Since Friday

NEW YORK, Nov. 23.—No further word had been received today from the Spanish steamship Yute, reported last Friday as calling for assistance from a position apparently 240 miles east-southeast of Cape May, New Jersey. Several ships responded to the call.

Government Rental In New York Over Million Annually

WASHINGTON, Nov. 22.—A nationwide survey to determine government expenditures for office rental in the larger cities is in progress by the treasury with a view to laying plans for cutting down this outlay.

Figures so far tabulated, according to officials, indicate a total rent bill of many millions a year. Reports from four of the largest cities alone show a total of more than \$2,000,000 a year, and as the survey includes about 150 cities of over 100,000 population, officials expected the other reports to be in proportion.

New York, with \$1,596,796 a year, has the highest rent bill. Boston pays \$346,862 annually for additional office space, Chicago \$173,064, and Philadelphia \$103,862.

Enlisted Men Will Be Given Education

WASHINGTON, Nov. 23.—Civilian educators and specialists connected with the army educational and welfare work will meet here December 6, to 8, the war department announced, to frame a program under which enlisted men may receive "an education comparable with that obtained in the best schools in the country."

Clothing Prices Revised

This store, in order to respond to the demand for lower clothing prices, has reduced its entire stock of high grade clothing, including such famous makes as Hirsh-Wickwire, Griffon and others.

These marked reductions are in anticipation of future market conditions. Hence, we have decided, as a protection to our patrons, not to wait, but inaugurate now, a drastic price revision movement downward—offering

Owner Tests Prove Essex Reliability

Hundreds of Essex owners engaged in the "Essex Week" series of tests in all parts of the country—the most dramatic ever made to prove motor efficiency.

They covered every phase of car performance, breaking records for speed, hill-climbing and non-stop motor runs in every part of the United States.

Some of these owner driven cars already had from 20,000 to 35,000 miles of service to their credit.

Many were on tires that had travelled from 15,000 to 23,000 miles. Women owners piloted some of the record breaking events.

And these are the cars that set new world marks, as well as hundreds of local records. They were not hand-picked, specially tuned motor cars. They represent the ability of any and every Essex. They bespeak similar qualities of reliability and performance superiority for 50,000 Essex cars as their owners know them.

A Few Essex Owner Records

Boston, Mass.—Four round trips to Ft. Kent, Canadian Border, 4052 miles in one week.

Toledo, O.—3,722 miles, 168 hours non-stop motor, attaining 68 miles per hour at finish.

Dallas, Tex.—Essex, previous service 12,000 miles, set world's dirt track mark of 1261 miles in 24 hours, averaging 52½ m. p. h.

Wisconsin—Essex, previous service 38,000 miles, goes 90 miles over dirt roads in heavy rain, 2 hrs., 4 min.

Columbus, O.—Essex, previous service 16,000 miles, goes to Washington, D. C., 403 miles in 11 hrs., 40 min.; beating crack Penn. R. R. train by 8 hrs., 54 min.
