

# Merry Christmas

Today we all pause in the rush of busy hours to acknowledge our good will to one another.

This store is happy to acknowledge the good will it enjoys from its friends.

And it hopes most sincerely that each and every home may enjoy the fullest happiness of Christmas Day.

## HERE ARE FACTS ON ROAD BOND ISSUE TO BE VOTED ON DEC. 31

Here are the road bonds facts:  
If the good road bonds carry on Dec. 31, every farm in Maricopa county will be put in touch with paved highways.

If the bonds do not carry, no farmer or landowner in the county will know whether his farm will be served by paved roads, as only a small section of roads can be constructed in that case.

The \$4,000,000 of the first bond issue will be used up by mid-summer, 1921, at the present rate of construction. If no further funds are in sight by that time, the work will have to stop.

If the work has to stop, Maricopa county will be left with an unfinished road program. Some roads on some of the shortest hauls will have been constructed. The rest of the project will be "up in the air."

Some people are arguing that the rest of the program can be taken care of. They say that the bonds can be voted at a later election. These people are mistaken. If only part of the project is finished, the construction of the other half will be a most expensive matter since that half will be disconnected and will be on the longer hauls. If the present contractors leave after the funds of the first bond issue are used up it will be impossible to obtain another reasonable bid. For if the new contractors did bid, they would have to bid on the longer hauls. They would also have to go to the expense of putting in a new plant.

If the bonds are voted, the entire project can and will be completed with the plant now installed. This means a great saving to the county.

The highway commission has been advised by its attorneys, Kibbey and Bennett, that it will be necessary to call again for bids for the construction of the roads under this new bond issue. This means that we will be able to take advantage of a falling market of materials in the forthcoming contract.

Twoby Brothers, the contractors, have made the following official declaration: "If the bond election to be held on Dec. 31 carries, when new bids are called we will submit competitive bids for the completion of the road program. If by the time such bids are submitted the prices of material and labor are lower, our bid will be lower."

\*Vote the bonds on Dec. 31 and the entire project will be carried out at once in the most methodical, economical and uniform manner. Every farmer and landowner will then have the paved roads. If the bonds did not carry a few people would be enjoying the benefits of paved highways, for which the other people, whose roads are not paved, will be paying. It is the part of wisdom and of true economy to carry out the whole project, to finish the job, and to vote for the bonds.

## OFFICIAL FAMILY PRESENTS WATCH TO GOV. CAMPBELL

As a friendship offering from his official family, Gov. Thomas E. Campbell was presented with a handsome Jules Jurensen watch yesterday.

The presentation was made in the governor's office in the state house before a number of the leading state officials and friends of the chief executive who gathered to extend their holiday greetings.

Expressing the friendship and admiration of the "family," the gift was presented to Governor Campbell by Joe V. Brochaska, state game warden. Touched by the spirit which prompted the gift, the governor spoke of his appreciation of his friends and thanked them for their efficiency and loyal cooperation of the past two years. Gov. Campbell said that he hoped the next two years of work would be such as to merit the confidence and approbation of the people of Arizona.

The gift of the watch was made complete by a gold and platinum link chain and a gold knife. The gift was presented by the board of directors of state institutions, the Northern Arizona Normal school, Tempe Normal, the state university, state hospital, industrial school at Fort Grant, the state live stock sanitary board, the commission of horticulture, dairy commission, Pioneer's home, state engineers, state game warden and those attached to the governor's office.

## OFFER PRIZES FOR THE BEST ESSAYS ON CROP SUBJECT

Farmers and farmerettes of Arizona have an opportunity to profit by experience if they win in the contest inaugurated by the college of agriculture of the state university.

Cash prizes have been offered for the best essays on the subject of "My Most Profitable Crop: How Produced and Marketed." The three prize essays will be read and the winners announced at Farm and Home Week of the University of Arizona.

The contest is open to any and every Arizona farmer, man or woman. The judges will be instructed to give no preference to any essay on account of the size of the farm on which the crop was grown. They will give no consideration to any article consisting of more than 1,200 words. The judging will be done by a committee of three who will give special weight to clearness of presentation, soundness of farm practice, accuracy of financial statement, and success in marketing. One of the judges will be appointed by Gov. Thomas E. Campbell, one by the president of the State Farm Bureau, and one by the dean of the college of agriculture.

The prizes will be paid in cash; the first prize to be \$15; the second, \$10; the third, \$5. It is understood that the college of agriculture is to have the privilege of publishing the prize-winning essays; also that each competitor shall deliver his manuscript (by mail or otherwise) to the dean of the college of agriculture not later than Monday, January 17, 1921.

Se-ling wife of the Chinese emperor Hoangti, who reigned about 267 B. C., is credited with the discovery of the value of the silkworm and it is the belief that she first discovered and taught silk spinning and weaving.

## MERRY CHRISTMAS

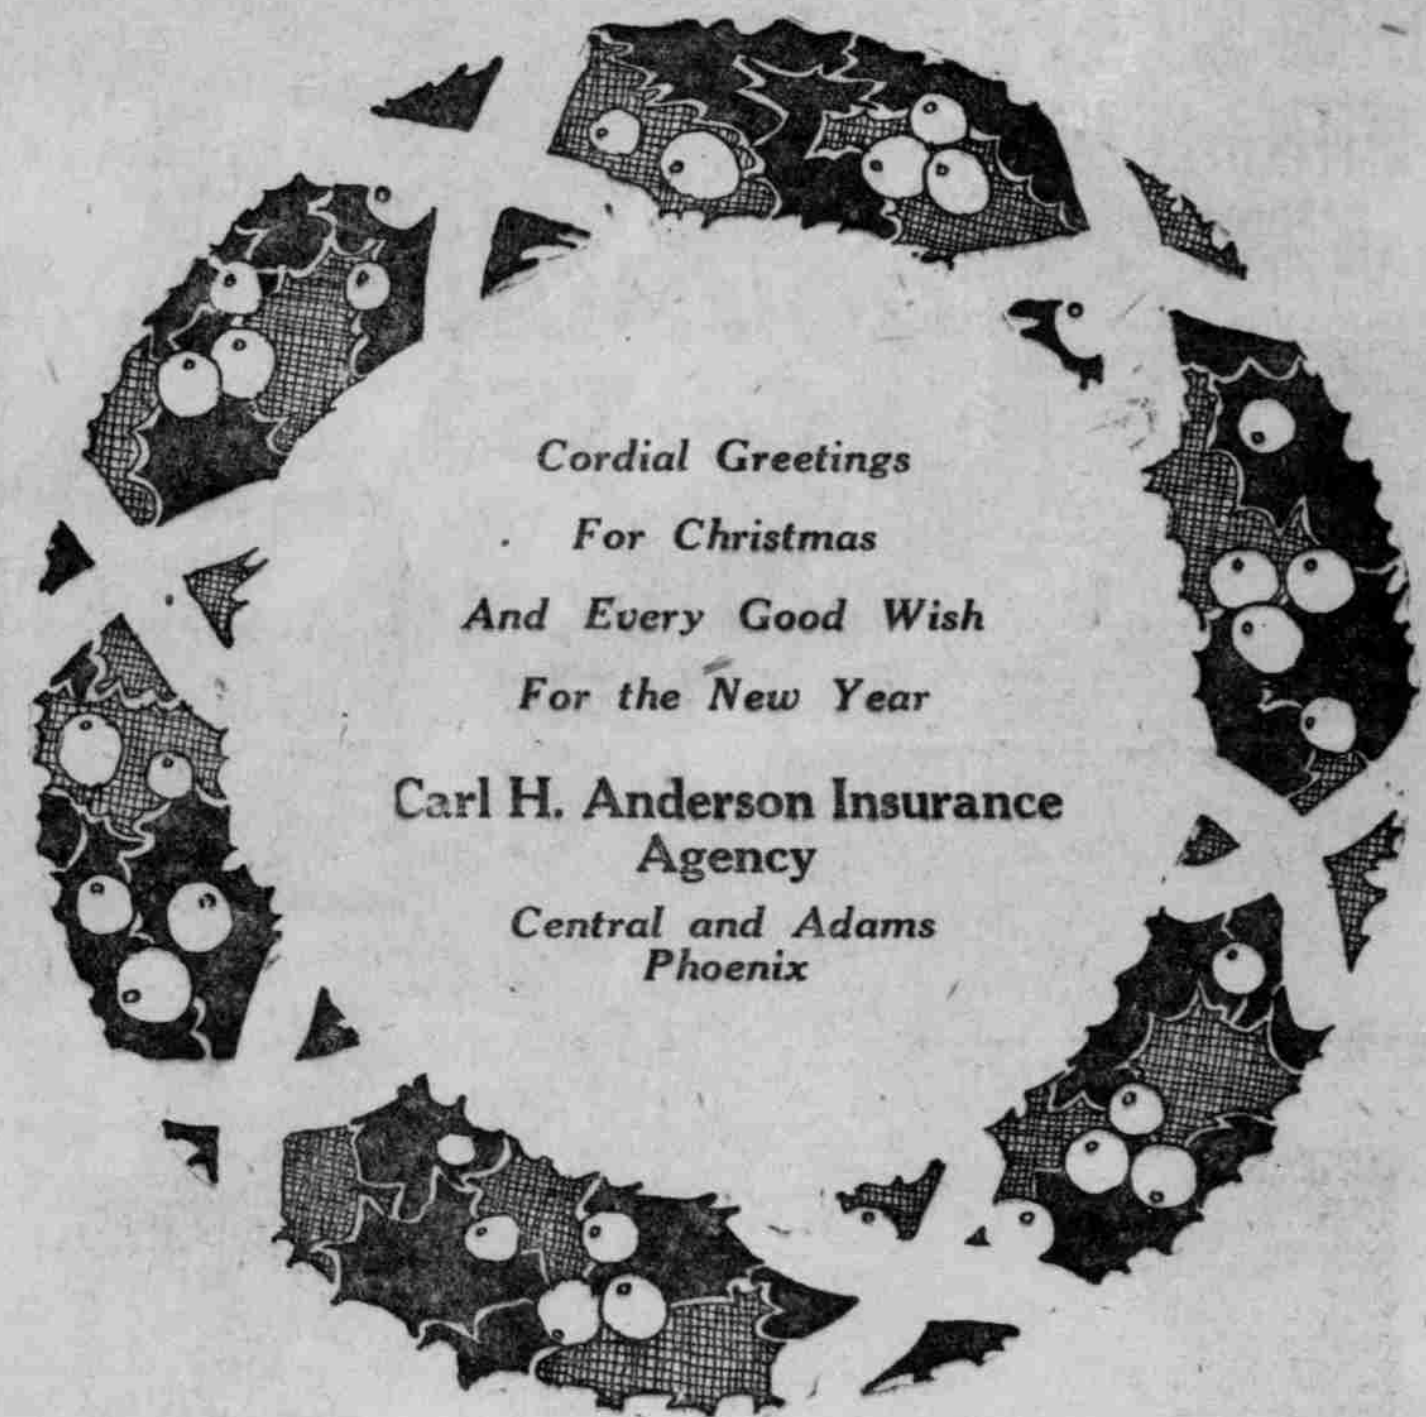

The members of this firm express their sincere thanks for the business which has come their way during the past year.

But more than that, they appreciate the friends they have acquired and the cordial relationships which have resulted.

To one and all they extend friendly wishes for a Merry Christmas.
