

### FINGERPRINT MORE THAN 150 IN SEARCH FOR ERHARDT SLAYER

In the search for any possible clue that might lead to the capture of the slayer of Mr. and Mrs. Jacob Erhardt, more than 150 arrests have been made, all of whom were finger-printed. Those whose finger prints bore not the slightest resemblance to the finger prints found in the Erhardt home the day following the fatal attacks on the couple were immediately released, while the other suspects were detained until they were found to have no possible connection with the affair.

Two negroes, believed to be the ones for whom two posses have been searching north of Phoenix for several days, were arrested here yesterday with a stripped Ford car in their possession. They were released after their finger prints were taken and compared.

Sheriff Raymond Earhart of Nogales arrived in Phoenix yesterday with the finger prints of a Mexican, Jesus Barboa, arrested in Patagonia, near Nogales. A comparison of finger prints proved the Mexican not to be the man wanted.

### PUPILS OF INDIAN SCHOOL TAKING UP VACATION PURSUITS

Since the closing of the Phoenix Indian school term of 1919-1920 the problem of what to do during vacation confronts the pupils.

This problem has already been settled by 250 members of the student body who come from near-by reservations, for they have gone back to their homes to help in cultivating their lands and caring for their stock, but a great many of the pupils come from distant parts of the state, and even from Cali-

fornia, New Mexico, Oklahoma and Texas, and cannot afford to make the long journey home. Those who will not go back to their homes will remain at the school until they find employment elsewhere in the valley, or they may stay at the school all summer and work on the farm and in the power house.

One hundred boys are expected to be employed at the school this summer, who will receive \$1000 furnished by the government as payment for their services. In addition there will be about 150 girls who will remain at the

school without pay, but who will be furnished with room and board.

This year a great many of the boy pupils have gone to work on farms in the valley, receiving from \$50 to \$75 a month, including board and room. As this work pays more than city jobs, fewer Indians are working in Phoenix this year, more going instead to the farms, where their services are more valuable. A large number of girls are working in the city as housemaids or nursemaids. Some of the girls have gone to work in private homes at Iron Springs and other summer resorts. On

the whole, the demand for pupils to work in such capacities exceeds the supply.

Graduate pupils are also making a success in the valley, one boy in particular having just accepted the foremanship of a ranch near here.

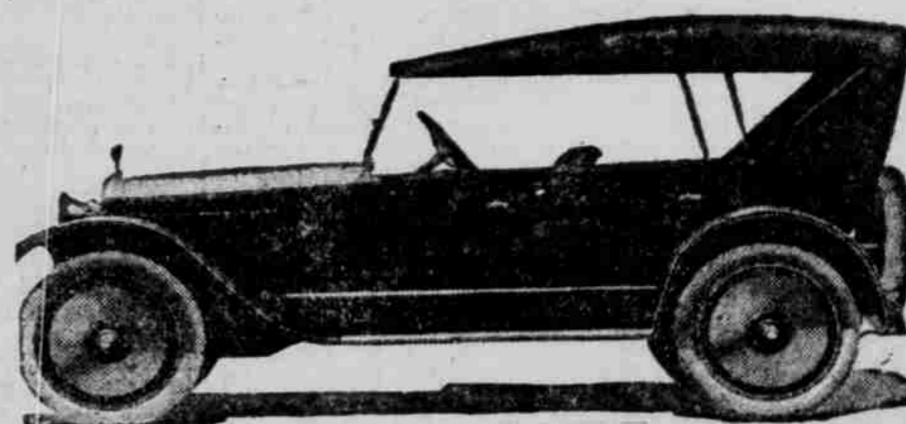

More than 1,255,000,000 pounds of virgin wool have accumulated in storehouses of the world since the beginning of the World War. The world's wool clip of 1920 will increase this amount by 2,500,000 pounds.

A LIMITED NUMBER OF

# ELCARS

The Car of Excess Value

FOR IMMEDIATE DELIVERY

### Security, Service and Good Looks

These are the things the discriminating automobile buyer looks for in a car.

Compare the specifications of the ELCAR with that of any car selling up to three or four hundred dollars more. Then inspect the ELCAR in detail. Note the extra strong, beautifully balanced chassis construction. Note the size, beauty and finish of the car. Test the luxurious cushions. Note the completeness and quality of all items of equipment.

Test the car. Note the lithe, eager way it responds to the slightest advance of the throttle. Observe how silently and smoothly it runs at all speeds from two to sixty miles an hour. Try it on hills, or in the deep sand of the desert, and see how wonderfully and quietly it pulls—then you will realize why the ELCAR deserves the title of "The Car of Excess Value."

In what price car would you expect to find the following specifications?

Red Seal Continental motors in the sixes; Lycoming motors in the fours; Delco Starting, Lighting and Ignition. Salisbury Pressed Steel Axles, Borg and Beck Clutch, Stromberg Carburetor. You have them all in the ELCAR.

Four Cylinder 5 Passenger . . \$1695	Six Cylinder 5 Passenger . . \$1995
Four Cylinder 4 Passenger . . \$1695	Six Cylinder 4 Passenger . . \$1995

## Willard STORAGE BATTERY SERVICE STATION

Copyright registered, 1918

### Which would you rather do?

### Take Good Care of Your Battery

Or let it be ruined and then have to buy a new one

It is easy enough to keep your storage battery in excellent condition, if you only will do it. Very little time is required and no exertion or work on your part.

Our factory trained battery experts are here to render you official battery service. They know everything there is to know about storage batteries.

All you have to do to keep your battery fit is to drive in and let them test it. If it needs fresh water, they'll put it in. If it is charging properly, they'll tell you so. If not, they'll tell you what to do or possibly make a slight adjustment that will mean longer life to the battery.

This service is official and authorized by the battery manufacturer. It's the simplest thing on earth for you to take advantage of it.

Have your battery tested every week during the hot summer months

### Shelving

We are just unloading two carloads of one-inch number one common soft pine boards, surfaced on two sides including five thousand feet of 1x14 and 1x16 13 and 20 feet long. Usually this wide stock can only be bought in clear which costs double the price of the common. If you need 14 and 16-inch shelving get it while this stock lasts. We have 40,000 feet of 1x12, 8 to 20 feet No. 1 common surfaced two sides. See us for all kinds of lumber.

## A Word to Owners of Small Cars About Buying Tires Now

You know that every summer, for the past four years, there has been a shortage of Goodyear Tires in the 30x3-, 30x3½- and 31x4-inch sizes.

Although we have now in full operation the world's largest tire factory devoted to these sizes, we cannot guarantee to supply all needs this year.

So if you want true Goodyear mileage and economy this summer for your Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, we counsel you to act at once.

The sure way to avert disappointment later is to go to your nearest Service Station Dealer and buy Goodyear Tires and Heavy Tourist Tubes now.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50
