

PLANS WAY TO BUILD CONNECTING ROADS TO NEAR COUNTIES

A way has been brought into sight, believes State Engineer Maddock, by which Maricopa county can connect its highway program building with all the adjoining counties and reply to the charge of selfishness which those counties are making because of the isolation of the program.

COMMUNITY TREE IN ROOSEVELT DISTRICT

Plans are under way for a community Christmas tree in the school patio Christmas eve. The program and general arrangements of the affair will be made by the school.

COUNTIES SEND IN THEIR 1920 TAXES

Three of the 14 counties in the state have paid in full the first half of the 1920 taxes, according to the announcement made yesterday by George Erhardt, deputy state treasurer.

APPEAL TO DECIDE GAME JURISDICTION

Whether the state game warden has jurisdiction in government territory will be the question decided by the supreme court, the state having appealed from the decision of the superior court of Navajo county, which returned a verdict in favor of the defendant in the "Tom Smith deer horn case."

more eggs if you feed your hens ARIZONA STAR Laying Mash

Poultrymen who feed ARIZONA STAR products are high in their praise of them for the results obtained.

Just the Thing! What will be more appreciated by some member of your family for Christmas than a Savings Pass Book with a small deposit entered for a start.

APPEAL TO DECIDE GAME JURISDICTION

Whether the state game warden has jurisdiction in government territory will be the question decided by the supreme court, the state having appealed from the decision of the superior court of Navajo county, which returned a verdict in favor of the defendant in the "Tom Smith deer horn case."

Smith was charged with having eight deer horns in his possession over the forest preserve, and not the state game warden. It is the contention of Game Warden Prochaska that the state has jurisdiction within the boundaries of the state, whether on state or federal lands, and it is to test out this point that the matter will be taken to the highest court in the state.

FRESH JAP TROOPS TO SIBERIA TOKIO, Dec. 11.—Japan is replacing troops in the maritime provinces of Siberia with fresh contingents. This action, it is said, is taken in view of the failure of the conference at Darlen between Japan and representatives of the Chita, or Far Eastern republic, to reach an agreement for the sale of

with W. H. Weaver, scoutmaster on Tuesday afternoon a reorganization meeting. About 20 scouts reported. Interesting accounts of experiences during the camping trip last summer were given by the boys who attended the encampment. Several new names were handed in for membership. Plans are being arranged for a trip to Blue Point mountains during the Christmas vacation, and an effort is being made to get an assistant scoutmaster to help with the scout work in the district.

The Bible Endeavor society is planning a bonfire social at the home of Mrs. M. Bradley next Friday night. Everyone is cordially invited to attend. The fund realized from this social is to pay the Bible Endeavorers' share of the society's expenses. Robert Ours entertained the junior endeavorers at this home on the Baseline road Sunday afternoon. The occasion was Robert's twelfth birthday.

The Neighborhood Congregational church voted on Sunday to call a pastor for the parish. The children of the school were busy last week with their sale of Christmas stamps. There was no effort to have competition between the grades. The spirit of service, which the little seals are the emblem of, proved a sufficient force to urge the children forward in their efforts to sell the full quota given to the Roosevelt district.

Friday night the Neighborhood club gave one of the most enjoyable of the series of dances the club is sponsoring. The music was very good and everyone seemed to have a delightful time. Mrs. Carl Roesser, Mrs. John Reed, Mrs. Ernest Campbell, Mrs. D. McRae and Mrs. Lucius Butler were hostesses for the evening. Miss Cornelia Luscomb was a dinner guest at the Switzer home on Tuesday evening.

Miss Pearl Holzinger and a group of friends from Phoenix came out on Friday night to the dance. Mrs. E. H. Ford and daughters drove out for the dance Friday night. Miss Margaret Ryder and Mrs. Raymond Percy were the district's representatives for the sale of

E. P. & S. W. TO TAKE OVER ARIZONA ROAD

The El Paso and Southwestern will take over the Arizona and New Mexico railroad, the corporation commission yesterday acting favorably on the application of the roads to this effect.

The A. and N. M. operated from Clifton to Hachita, N. M., a distance of 105 miles. The line was held by the commission to be the logical extension of the El Paso and Southwestern and a convenient and proper branch line of its system.

The taking over of the road, it is believed, will harmonize traffic and transportation and other business affairs of the two roads.

The A. and N. M., according to the application, has a value of \$1,500,000, for which the E. P. and S. W. will pay \$1,000,000 cash and the balance in short term notes. In addition to the purchase price approximately \$15,000 a year will be paid as interest in outstanding bonds.

VOCATIONAL AGENT TO INSPECT WORK For the purpose of conferring with M. L. Doner, director of vocational education and supervisor of trades and industries, H. A. Tieman, federal agent of industrial education, arrived in Phoenix yesterday. That the course in industrial education will be "revamped" was indicated by Mr. Tieman, who on his return from a survey of the work in Douglas and Bisbee will make his recommendations. He will be accompanied on the inspection trip by Mr. Doner.

Every phase of the work being carried on here will be checked by Mr. Tieman during his brief stay in Arizona.
