THE ART OF FORGETTING

What a blessing it is that we can forget. Today's troubles look very large, but a week hence they will be forgotten and buried. Says one writer: "If you would keep a book and daily put down the things that worry you, and see what becomes of them, it would benefit you." We allow things to annoy us, just as we allow a fly to settle upon us and plague us; and we lose our tempers and get all out of balance.

But if we could see what it was that threw us off our balance before breakfast, and put it down in a little book, and follow it up and follow it out, and ascertain what becomes of it, we would see what fools we were in the matter.

The art of forgetting is a blessed art, but the art of overlooking is just as important. And if we should take time to write down the origin, progress and outcome of our troubles, it would make us ashamed of the fuss we make over them and we should be glad to drop such things and bury them at once in eternal forgetfulness.

Life is too short to be worn out in petty worries, frettings, hatreds and vexations.

THE SPAN OF LIFE

Man that is born of his parents is of a few days and full of microbes.

He goes to school when a youngster and gets the seat of his pants paddled for something he didn't do until he is sick at heart. He groweth up like a weed in the back yard, and soon reaches the age when he is composed largely of feet, freckles and appetite.

About the time he gets too long for short trousers and not long enough for long ones he goes away to college, learneth how to monkey with a three dollar mandolin and play whiskey poker. He cometh home a bigger fool than ever and marrieth a sweet young thing whose pa is supposed to be wealthy, but whom he subsequently ascertaineth, couldn't buy a prize rooster at a county fair.

He worrieth along from year to year, gradually acquiring offsprings, until his house resembles a Sunday school class just before Christmas. He fretteth through the day and lieth awake at nights trying to keep himself and his dependent population out of the poor house. Efforts are rewarded by having his daughters run away and get married and bring him home a nice son-in-law every few days to feast at his board.

His sons grow up and call him "governor" and set him back a five spot every day or two.

About the time he has acquired enough lucre to make it worth while for his heirs to quarrel over, he contracts the "flu" and is hurried away before he has time to have a talk with his family. His sons blow in his estate on palm beach suits and coca cola, and his wife puts the finishing touches to his career by marrying the hired man.

U. S. EMPLOYMENT SERVICE

The Denver office of the Federal Employment Service has made extensive plans to handle the farm help situation in the State.

Letters of inquiry addressed to the "SERVICE", asking for farm help

will be immediately taken care of.

Special attention is being paid by the "SERVICE" to the needs of returned Soldiers and Sailors. On farms where returned Soldiers and Sailors are preferred, the orders will be filled with attention given to this preference.

CHRISTIAN CHURCH

Sunday school every Sunday morning at 10 A. M. in the district court room of the court house. Everybody invited. Communion and Bible Study at 11 A. M. Bible Study every Wednesday night.

FORDSON TRACTOR

At last we have succeeded in getting another carload of seven Fordson Tractors. At the present date there are two of these not contracted for. If you want one of these, now is your chance.

LUMBER
 Will Not Be Cheaper
BUILD NOW

"Chicago, April 15th, Charles S. Keith of Kansas City, president of the Southern Pine Association and widely known as a statistical authority of lumber, told the legislative commission investigating the high prices of building materials today that the present price of lumber is lower than it will be at any time in five years. He said the increased cost of production, depletion of raw material in this country and the enormous increased demand from Europe to rebuild the vast areas devastated by war are certain to mean higher prices for lumber for at least five years."

We are now making preparations to add a complete line of light and heavy hardware, and solicit your patronage in anything in the lumber, building material, hardware and coal.

Get our prices before buying elsewhere.

Rubber Work that Pleases All

Have you seen the tire work that we are turning out these days? Blowouts are repaired so smoothly that you can hardly find the repaired spot. If you wish your tires retreaded, we know we can please you, for we have pleased many others.

FOR REAL SERVICE,
 however, we recommend the

Gates Process

of making new tires out of old ones. When we give you a GATES Job you have a tire as good as new with a 3500 mile guarantee against punctures and blowouts. Let us put GATES half-soles on your old tires and you will see what freedom from tire trouble they will bring you.

W. M. LABAREE
 JULESBURG, COLO.

My reputation for fair dealing and reliable goods, coupled with the De Laval record of service and durability, has made the De Laval Cream Separator the leader in this community.

NO matter what anyone may tell you, there is only one speed at which you can turn a separator crank and get all the cream and cream of uniform thickness.

That's the speed plainly indicated on the crank of every separator, of whatever make.

Full speed is the only assurance of full capacity and full efficiency.

Every De Laval now has a Bell Speed-Indicator. The bell warns you if the handle is going round too slowly. You can't be mistaken about it.

The Bell Speed-Indicator adds nothing to the price but much to the value of the De Laval Separator.

BELL SPEED-INDICATOR
 The "warning bell" that warns you if the handle is going round too slowly.

Come in, examine the machine and see how the Bell Speed-Indicator works.

SOONER OR LATER YOU WILL BUY A
DE LAVAL

GET READY

For the Hot Summer Months

INSTALL AN OIL STOVE
 and do away with the old hot mussy coal stove. Get some real pleasure out of cooking in a clean comfortable kitchen. Come in and see the Puritan and New Perfection in action.

A REFRIGERATOR

Why Not?

Buy a home now in Cheyenne County, Colorado, where land is still cheap and can be bought on easy terms?

We own several thousand acres of this fertile prairie land that we can sell at prices ranging from \$15.00 to 35.00 per acre.

To you, who have not been able before to buy a choice piece of land, this is your opportunity to get in on the ground floor on strictly choice farm land.

This land is bound to double or triple in value in the next eighteen months and is certainly a safe investment for either the speculator or the home-buyer.

Ninety-five per cent of the men who have investigated this country have purchased land here, which goes to show what others think of it.

Thousands of acres of land will be broken here and sown to fall wheat this season.

The altitude at Cheyenne Wells (County Seat of Cheyenne County) is a trifle under 4,000 feet above sea level.

Good pure water is obtained here at a depth varying from 60 to 150 ft.

The day of the cattle man is past and the farmer is now getting started to raise wheat and corn and other grain crops which do exceedingly well with proper cultivation.

Our soil is a black clay soil, covered with heavy buffalo grass sod and is entirely free of magnesia and rocks.

Our seasons are some what longer than in Sedgwick County as we are 180 miles straight south of Julesburg. Every one is familiar with the rapid strides of progress that Sedgwick County, Colorado and Deuel County Nebraska, have made in the past three and four years, and have seen the land jump by leaps and bounds from \$10.00 and 15.00 to almost the \$100.00 per acre mark.

There is absolutely no reason why this Cheyenne County land will not do the same thing, as we have almost the same soil, same amount of rainfall, and other conditions, the same as exist in Sedgwick County. We make a trip from Julesburg every week and will be glad to have you make an inspection trip with us to see this country, and let us prove to you that this is the place, and now is the time to buy land.

Write or Call on F. H. GIBSON, Local agent Julesburg, Colorado.
