OFFICIAL PAPER OF GUNNISON COUNTY

For President William J. Bryan of Nebraska. For Vice-President John W. Kern of Indiana.

Republicans are pretty well ashamed of their new boss. Guggenheim can furnish the cash as well as Evans, but he demands such nasty promises.

From the intense silence heard in the direction of Cincinnati, we suppose the bulky secretary is preparing another long statement to be submitted first to Mama Roosevelt and then sprung on the American people.

The official paper of the National Manufacturers' Association says Bill Taft's labor decisions while on the bench is sufficient evidence that he is the "man of our choice," and adds that Mr. Taft will receive the support of their organization.

Paonia Newspaper—One of our zealous republicans was the happy possessor of the largest conundrum and he sprung it on a local democrat.

To the Democrats of Gunnison County This is to announce that my name will be submitted to the democrats of this county for the nomination on the democrat ticket for the position of County Judge.

J. W. Gable of Frankfort, Ind., is here visiting his brother, W. H. Gable. He is an old time bass fisherman and is having very good luck with the big rainbows in the Gunnison.

It is now thought the Gunnison tunnel may yet be completed in season for water next spring. Homestead and desert land entries are all going to be reduced to from 40 to 80 acres.

Elmer England is getting along quite nicely at the Salida hospital. He will come out very little the worse for a double break in his leg and the close shave from instant death under wheels of the Crested Butte freight.

A brick addition 12x15 to the rear of his residence is being built by S. J. Miller. It will be used as a kitchen. Claude Bourne is laying the brick and the Gunnison Hardware is installing a furnace therein.

Mrs. Mary Lawrence and son, H. C. Lawrence, this week moved their household goods from Crested Butte, so long their home, and will occupy the new residence remodelled from the old Frank Adams property in north Gunnison.

Judge Long and E. B. Lacey, the two government investigators of land frauds, are still in our vicinity. That there have been coal land frauds everybody suspects. We shall soon see whether their investigation is in good faith or for political effect.

Miss Julia A. Wegener, daughter of Judge B. H. Wegener of our city, has recently completed the high school course at Augusta, Kentucky, and plans this next year to begin a course in the state university at Lexington where she has won a scholarship.

As delegates to the National Irrigation Congress to be held in Albuquerque, N. M. September 29 to October 3, Governor Harper has appointed about a hundred delegates at large for Colorado.

E. G. PALMER, A. M. THOMAS, Secretary, Co. Chairman.

FOR A GOOD CONVENTION

The call for the next democratic county convention is published in this issue. There was some talk of holding two county conventions, one to elect delegates to other conventions and a later one to nominate county officers.

In order to equalize representation another delegate has been added to precincts 1, 5 and 9. It will be noted, also that precincts 4 and 16 at Crested Butte have been consolidated, although the apportioned delegates remain the same.

This convention on September 5th will determine not only delegates to the state convention on September 8th, but the congressional, senatorial and judicial convention, as there is a congressman to nominate, a state senator from Gunnison and Pitkin counties and a district attorney from the Seventh Judicial District.

Fill out the primary ballot on this page and forward to the Democratic State Advisory Committee.

The C. & S. had no sooner repaired the recent waterspout damage on Trout creek and put through a few trains than another one has torn up the track.

DOCTORS' MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to the doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular.

As a soothing and strengthening nerve tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and symptoms commonly attendant upon functional and organic disease of the uterus.
