Adopt a Plan

A definite plan is the foundation of success in saving. It doesn't make much difference what the plan of saving is, so long as it's systematic. Some people never spend the dimes they get—they put them in a convenient home savings bank.

Some men shave themselves and drop into the bank the money they would have to pay the barber. Others walk to the office and save the carfare.

You can select any plan which suits you. Regularity in your saving is the essential thing.

One dollar opens an account and starts your savings earning interest. BEGIN NOW.

WASHBURN BLOCK

Now the Property of Jay M. Shepard—Purchases Interest of O. A. Sessions.

As a result of one of the biggest real estate transactions effected in Willimantic in several years, Alderman Jay M. Shepard is owner of the Washburn block, at the corner of Valley and North streets. He has purchased the interest of O. A. Sessions of this city as well as the interest of the late Joseph Eicher. The block is one of the city's most pretentious and substantial business blocks.

The fine structure was erected in 1891 by the late Edgar S. Washburn and was considered at that time, as it is today, one of the best blocks in the city. The building is three stories of brick, modern improvements throughout.

At present, as for a number of years past, the greater portion of the ground floor is used by Funeral Directors Elmore & Shepard. There is also a fine store on the second floor, which is presently used by the colored people of the city as a place of meeting for their religious services.
