Striking of pattern—but nothing Huertista.

Education Must Solve Big Problems of America

By MARY E. WOOLLEY, President Mount Holyoke College

THE COMPLEXITY OF OUR AMERICAN CIVILIZATION, THE DIVERSE ELEMENTS ENTERING INTO IT, REPRESENTING ALL RACES, RELIGIONS, CUSTOMS AND IDEALS AND THE RAPID INCREASE IN WEALTH RESULT IN A SITUATION OF GREAT PERPLEXITY. THE PROBLEMS ARE INDUSTRIAL, POLITICAL, SOCIAL AND RELIGIOUS. THEY CAN BE SOLVED ONLY BY SUBORDINATING SELFISH TO GROUP INTERESTS.

SINCE THE CONDITIONS OF MODERN LIFE ARE SUCH AS TO SEPARATE CLASSES RATHER THAN UNITE THEM, TO MAKE SELFISH INTERESTS PARAMOUNT RATHER THAN SUBORDINATE, IT IS THE RESPONSIBILITY OF EDUCATION TO TURN THE CURRENT.

Never Tell Child of Crime And Punishment

By F. J. GOULD, Specialist in Character Building in Children

MOST MORAL INSTRUCTION—the kind that is given WITHOUT ANYTHING BUT A PASSING PURPOSE IN THE SCHOOLS—is NEGATIVE. IT CONSISTS OF PROHIBITIONS, THREATS, PUNISHMENTS. VERY USEFUL THINGS THESE ARE SOMETIMES. BUT THEY ARE NOT MORAL INSTRUCTION. I USE POSITIVE METHODS ALMOST ENTIRELY. I ALMOST NEVER TELL OF CRIME AND ITS PUNISHMENT, OF VICE AND ITS CONSEQUENCES. I DON'T TEACH COURAGE BY POINTING THE FINGER OF SCORN AT A COWARD. I TEACH IT BY MAKING THE HEART OF A BOY OR OF A GIRL THRILL WITH A WONDERFUL EMOTION AT A STORY OF BRAVERY.

MCCORMACK SIGNS WITH NEW HAVEN

Manager Connell of the New Haven club yesterday announced the acquisition of infielder Mike McCormack. McCormack played with Waterbury several years ago and of late seasons has been a conspicuous figure in the Pacific Coast league. Connell will use him at second base, thereby closing the only gap in the infield. Connell will now direct his attention towards the pitching staff and outfield. A new outfielder was tried out in left field yesterday and Schuyler was tried in right garden, necessitating the benching of Chancey and Claude Barr.

AFTER COSTELLO OF GEORGETOWN TO COACH BOSTON COLLEGE TEAM

Boston, April 24.—Boston College, one of the oldest Catholic institutions in New England, will within the next few days, make Harry Costello, the sensational Georgetown quarterback, an offer to coach its football eleven next fall. This was learned from a person high in authority at the college, who said: "The athletic committee at Boston College wants Costello. We are going to make him an offer to coach next fall. If we fail to land him it will be because our figures are too small." Boston College is forging rapidly to the front in athletics. Baseball, football, and track activities are encouraged, and at present the institution is recognized as one of the foremost among the smaller New England colleges. Costello is a Meriden, Conn. boy.

Today in Pugilistic Annals.

1737—George Taylor, second pugilistic champion of England, successfully defended his title against Prince Howell, a giant sycop. Taylor assumed the title and defeated all comers in 1734, after the death of Pigg, the first champion. Upon hearing this challenge many gladiators came forth to do battle for the coveted honor, and among them, the big sycop. Taylor had no great difficulty in whipping Howell, whose fighting spirit was not of the staunchest, but he was given a terrible battle by Jack Slack, a Norwich butcher. Slack fought until his body was one mass of blood and bruises, but at length had to succumb. Taylor held the title until 1740, when he was whipped by Tom Faulkner, after a desperate bout lasting nearly two hours. Faulkner immediately retired, and Taylor resumed the title, but immediately lost it to Jack Broughton, who in turn was defeated by Jack Slack, the victim of Taylor. The latter sought to establish a pugilistic amphitheatre and school as a rival of Broughton's famous Oxford Road establishment, but failed in the venture. 1903—Jimmy Clabby knocked out Billy Griffiths in 4th round at New Orleans. 1916—Harry Lewis and Willie Lewis fought 25-round draw at Paris. 1911—Frankie Burns and Tommy Houck fought 15-round draw at New Haven.

RUSSELL FORD, 31 TOMORROW, IS A NATIVE OF THE DOMINION

Russell Ford, who deserted the New York Yankees this Spring to try his luck with the "outlaw" Federal league, will pass his thirty-first milestone tomorrow. "Russ" is a Canadian by birth, having been born in Manitoba on April 25, 1883. That was a couple of years before the half-breed Riel started his outlaw league in Western Canada, and Ford, if he is acquainted with the history of his native Dominion, knows what happened to "Mister Riel. Although he had several "chicks" in his line-up, and pulled off a few victories early in the season, Riel and his league soon came to grief and blew up with a bang. However, that is none of our funeral.

Ford's first appearance as a professional pitcher was made with Cedar Rapids, Ia., in the Three-I league, in 1905. While he pitched excellent ball, his swatting average came near to establishing a new low record, being only .046. After two seasons with the Iowa club he went to Atlanta in the Southern league, where he played two seasons, and helped largely to capture a pennant for the Georgia metropolis. In the southern city Ford had as his battery mate Ed Sweeney, who like Ford, lately joined the New York Yankees. Ford was purchased from Atlanta by New York in 1909, but that season was turned over to Jersey City in the Eastern league. In 1910 Ford made his big league debut with the Highlanders, and with his old pal Sweeney wearing the mask, started the baseball world by scoring twenty-six victories in six defeatless years out. He also batted .298, which is pretty good for a pitcher and a considerable improvement over the Cedar Rapids record. That same year King Cole made his phenomenal debut with the Chicago Cubs, sharing recruit honors with Ford. In 1911 Russ hung up another fine record, winning twenty-two and losing eleven games, which was a pretty fifty performance for a twirler on a team that finished dangerously near the cellar. In 1912 Ford slumped and had twenty-one defeats and thirteen victories. That year and in 1913 Russ showed frequent flashes of his old form, but lack of support weighed on his spirits. Last year Ford tied one record with Walter Johnson—he permitted nine home runs to be scored off his delivery, the same number that were marked up against the great Washington twirler. In that dubious honor Ford and Johnson were in a class by themselves, their nearest competitor having been Tom Hughes, who permitted the enemy to land on him for eight smashes good for the round trip.

Today's Discontinued Story

Chapter 1. He was a tango enthusiast and to get the very latest steps he decided to take his hard earned \$30 above his fare, and visit New York and drop in at the cafe where the noted inventors of the "Castle Walk" give exhibitions daily. He ate in the cafe, viewed several couples and then, unable to keep quiet decided to dance just once before departing for home with his \$20 still in his pocket, less the price of his meal. Chapter 2. He sighted a pretty girl sitting on

Undue Mixing of Incompatible Foods Produces Cancer; Monodiet Conducive to Longevity

By Dr. THOMAS J. ALLEN of Eureka Springs, Ark.

EXCESSIVE variation in feeding, the undue mixing of incompatible foods, is the fundamental cause of premature senility, of DISEASE IN GENERAL AND CANCER IN PARTICULAR. There were cases in England where people had lived to the age of one hundred and ten and more on a diet of bread and milk. The Arabs similarly HAVE REACHED TWO HUNDRED YEARS BY LIVING ON MILK ALONE. In the time of Charles I. an Englishman attained one hundred and fifty-two years on a "monodiet" and then died because he ate something else one day. THE HIGHEST CANCER RATE IS AMONG COMMERCIAL TRAVELERS, WHOSE DIET IS THE MOST VARIED, WHILE CANNIBALS AND ES-KIMOS, WHO EAT ONLY MEAT, ARE IMMUNE. FISH EAT EVERYTHING AND ARE VERY LIABLE TO CANCER. THE CARP IS AN EXCEPTION. IT CAN BE FED ONLY WITH BREAD, AND IT LIVES TO BE TWO HUNDRED YEARS OLD. The only real objection to "monodiet" is that it doesn't taste good. BUT PHYSICIANS WILL NOT ADMIT THAT. They cannot see the woods for the trees.
