SOUTHPORT

(NATURE NOTES—CONTRIBUTED.)
The shower of Thursday night descended upon vegetation greatly.

A beefsteak dance was held in the old E. C. & M. R. club room on Thursday evening. About 60 persons were present and over 35 pounds of fine beefsteak was done justice to.

The farmers are on the lookout for the army worm and hope it will not come.

Haying is at its height but hard to cure, owing to the damp and sunless weather.

The "Set a Spell" house was well filled on Friday and many enjoyed a pleasant time at the beautiful spot near Long Island Sound.

NEW YORK RECTOR SAWS AND CHOPS LOGS FOR HIS NEW WINSTED HOUSE.

Winsted, Conn., July 25.—Instead of going to Europe or seeking other recreation in vacation time, the Rev. Dr.

Carl Reiland, rector of St. George's Episcopal church, New York, is sawing wood. There is nothing fugitive about the activities of Dr. Reiland. He is doing the real thing to make muscle and gain strength to manage what is said to be the largest Protestant Episcopal church under one rector in the United States, which is St. George's.

Every week day finds Dr. Reiland out in the forest a few miles from his summer home, at Winsted, Conn., dressed in a lumberman's suit, axe and saw in hand, sleeves rolled up, and "on the job." Hour after hour he chops and saws great logs of cedar, fir, spruce, hemlock or pine trees.

St. George's rector has bought a farm of 180 acres several miles from Winsted, and he is now building a log house there. Meanwhile, he and his wife and little daughter, Virginia, stay in their Winsted home.

Albert B. Craig, a member of the New Jersey National Guard in camp at Sea Girt, was killed and four other seafarers were injured when lightning struck their tent.

FAIRFIELD FIREMEN TO LIGHT VILLAGE FOR ENTERTAINMENT

Residents of Village Are Inconvenienced by Laying of New Tracks—Ball Player Ill With Malaria.

Fairfield is to be a blaze of light during the week of the firemen's fair, which is to be held August 1 to 5 inclusive. The fair is to be held on an open space near the temporary school-house on Marine avenue. Yesterday the fireboys put up electric lights on the main streets, which will be lined on both sides with the lights, while strings of incandescent lights will hang from between the trolley poles.

Marine avenue will be brilliantly lighted on both sides of the highway, from Main street to the fair grounds. The fair grounds will also be made a blaze of light, with all the concessions, the dancing pavilion, and other places of enjoyment brilliantly lighted.

Plans for the parade to be held upon the opening night have been completed. Besides the fire ladders of Westport, Fairfield and Warner Bros. of Bridgeport, selectmen, officials and other prominent men are expected to appear in line to give the firemen an auspicious beginning.

It is hoped that they will secure enough from the proceeds of the fair to pay for a new hook and ladder truck for No. 4 company.

Residents of Fairfield are being greatly inconvenienced because of the laying of new tracks through the town. The work was begun Monday, and will be carried to completion as rapidly as possible. The street car company comes in for considerable criticism, because passengers must walk more than half a mile from one car to another owing to the torn up condition of the tracks.

The cost to the company will be several thousands of dollars more. Motorists are being warned by the Fairfield authorities that the road is in a dangerous condition, owing to a quantity of dirt thrown upon it by the laborers.

The women of St. Thomas' church, who held a lawn party on the lawn in the rear of the church, report that proceeds from the affair far exceeded expectations. Large numbers attended the festival upon both evenings. Everyone enjoyed themselves to the utmost, and throughout, it was the most successful affair ever given by the lady members of the church.

William McGarry, of Danbury road, one of the mainstays of the Fairfield baseball team, is confined to his home, suffering with malaria fever. He is seriously ill. At first it was thought that blood poisoning had set in from a scratch received while working on the road. The receipts of the local post office are increasing. It is believed that when the present fiscal year is completed the receipts will be the largest ever recorded.

The largest crowds in years are visiting Fairfield beach. The beach is one of the finest on the Long Island coast, and each year the number of prominent people who make their summer residence there is increasing.

Prof. and Mrs. Chaffee of New York will spend the remainder of the summer upon the beach.

A large number attended the mid-summer dance given at the Country club last evening.

Extensive preparations are being made by the women members of the Trinity church for a lawn party. Arrangements have not as yet been fully completed, but those in charge promise the most pretentious affair ever given by the members of the church.

Miss Ruth Bulkeley was hostess for the Social club last evening. A large number of the members were present and a very enjoyable evening was spent.

The Italian minister to Albania reported to his country that Prince William, ruler of the Albanian kingdom, is expected to abdicate.

OUR NEWTOWN NEWS LETTER

Last Tribute Paid to Mrs. Susan L. Hall, Honored Member of Methodist Church—Other News Items.

Newtown, July 25.—Funeral services were held Friday afternoon at 2:30 over the remains of Mrs. Susan L. Hall at her late home before a large concourse of relatives and sympathizing neighbors. Rev. T. N. Laube of the Methodist church and Rev. Charles A. Tibbals of St. John's church, Shady Hook, were the officiating clergymen. Hobart Warner, Wm. Tarbox, Misses Florence and Mary Warner sang their favorite hymn of the departed lady, "Aster in Jesus." The funeral discourse followed loving the text, "She rests from her labors and she works no more." A profusion of flowers spoke eloquently of the donors' regard for this much beloved woman. Mrs. Hall was a consistent Christian, a devoted member of the Methodist church for 58 years, during many years of which she had been a member of the official board of that church. Six of her grandsons acted as pallbearers. The interment was in the family plot in Berkshire cemetery. Attending the funeral were relatives and friends from Danbury, Oklahoma, Brooklyn, New York and Southbury, Ct.

Catherine Wheeler, wife of Hobart Booth of Southbury, died this week and her remains were brought to this town by Undertaker E. W. Gray, Thursday, and buried in the Berkshire cemetery. The deceased was a native of Monroe and was 60 years of age at the time of her death. Her husband survives her. He is a brother of Edward Booth of Sandy Hook.

Trinity Guild Sale

The sale of fancy articles and things useful at Trinity Guild rooms Thursday afternoon and evening was a well attended affair, and the financial results were satisfactory. Refreshments were for sale, and the little ones as well as the children of a larger growth had much merriment in attending the sale. The articles of the "Elephant," a surprising feature of the occasion. The women of the guild are thankful for the patronage given them.

New Doctor to Come

It is given out that Dr. Baldwin of Derby will locate in the borough, and that he has secured apartments and office in the flat in the post office building owned by Henry Ruff of Southbury. The doctor has secured the rooms as he fitted up. With his advent there will be four practicing physicians in town, three of whom are in the borough. Besides these are the two military doctors of Anglo members of our summer colony, but who have offices elsewhere.

Farmers' New Outlook

Mortimer Smith of Mount Pleasant has joined the class of progressive farmers who see a future for New England by eschewing the dairy business and embarking in the raising of beef cattle. The pioneer in this movement is A. W. Reynolds of Curdville, who more than a year ago started a herd of the Angus-Aberdeen breed of cattle, famous the world over for their beef producing characteristics. He carefully building up a herd to a commercial standard that is attracting the attention of the farmers of the state, many of whom are availing themselves of the service of his registered males in breeding their cattle up to grade. Mr. Smith is following in the footsteps of his neighbor, and has recently purchased the entire herd of Angus-Aberdeen stock of James M. Osborne of Butler, Ill., with a view to solving for New England the problem of the high cost of beef by providing a local supply. Both men believe this plan is feasible, and that there is money in it for the average farmer. They prophesy that New England in a few years will be independent of the West in the matter of beef for food—if the movement spreads as they believe it will. Already many farmers here who are dissatisfied with the dairy business and the almost unmountable difficulties of general farming due to the labor problem are discussing the outlook from the point of view of farmers. Reynolds and Smith and everybody hopes good may come of it.

BOYS' DREADFUL SKIN TORTURE

Itched So They Couldn't Sleep. Cure by Resinol Cost Only \$1.50

Chicago, Ill., April 25, 1914: "My two boys were troubled with little red pimples on their hands and faces. The larger they got the more they itched. It got so bad they couldn't sleep at night. I had to tie mittens on their hands to keep them from digging holes in their faces. I tried all kinds of ointments, but it always got worse. I sent for Resinol Ointment and Resinol Soap. The second application relieved them, and they had their first night's rest in three months. I used two 50c jars of Resinol Ointment and two cakes of Resinol Soap and the cure was complete. No more speck has appeared on their skin since." (Signed) Wm. Marker, 715 Willow St.

New York, July 25.—Job E. Hedges has formally announced himself as a candidate for the "regular" Republican nomination for governor of New York. For some time Mr. Hedges had been looked upon as a candidate, but his statement was generally received as a reply to announcements made by Harvey D. Hinman of Binghamton and District Attorney Charles R. Whitman of New York, who are seeking endorsement outside the so-called regular Republican ranks.

The selectmen of the town have issued a notice in relation to the riding of bicycles on the sidewalks. At a meeting held July 1, it was voted that bicycle riding on the sidewalks be prohibited and the offenders, if arrested, prosecuted to the full extent of the law.
