Automobile Accidents.

Hyatt Gregory, of Silvermine, was coming to Norwalk Monday, when his automobile ran into the machine of Samuel Dworkin. Mr. Dworkin gave a signal, he claims, that he was turning a corner, but Mr. Gregory apparently could not stop his machine, and struck the rear wheel of the forward car. Mrs. Gregory was thrown to the street, where she struck on her face and was quite badly bruised and cut.

Inability to secure carbide to generate gas for his automobile lights and driving without the lights was the cause of Frederick Bennett's car striking a team driven by Homer Clark in Cranbury Saturday evening, resulting in Mr. Clark's being injured and the horse killed, as well as wrecking the wagon. Mr. Bennett will pay for all the damages, including the horse which was worth about \$100. Homer Clark struck on the back of his head when thrown from the wagon and was delirious for the time, but will not suffer seriously from the accident.

An automobile owned and driven by Joseph H. Gillespie, of Bethel, struck George J. Stevens, of Danbury, Saturday night. The young man was thrown a distance of several feet, striking with considerable force on the pavement. An examination showed that beyond a deep cut on the right ankle, several cuts on the face and a general shaking up no serious injuries had resulted. He started to cross Main street just as two trolley cars came along. Intent on trying to get across between the two cars and watching the second car to keep out of its way, the young man darted from behind the first car directly into the path of the approaching automobile. Mr. Gillespie attempted to avoid hitting the young man. The forward wheel hub struck Mr. Stevens throwing him off towards the sidewalk.

Shot in the Leg.

Miss Margaret Valendor of New Canaan was accidentally shot in the calf of the right leg Tuesday by a .22 rifle in the hands of David McGrath. The McGrath boy and several friends were testing the gun and were shooting at a tin can tied to a limb of a tree. McGrath took a shot and at the same time the bullet sprang on through the trees and hit the little girl, who was paddling in the brook.

Bankrupt in Norwalk.

Charles S. St. Johnson of Norwalk, a manufacturer of cigar boxes, has filed a petition in bankruptcy. His liabilities are listed at \$2,936.72, and all but \$13.35 of the amount is unsecured. His assets are listed at \$885.30 and \$894.43 is a value placed on machinery and tools.

School Savings Bank.

The advance sheets of the annual report of Superintendent of Schools Frederick J. Brownscombe of Danbury develops the fact that little use was made of the school saving bank system during the year. The school savings bank system was introduced at the New Street school in February 1911, and at the Balmforth Avenue School in February, 1912. At the New Street school pupils from eighteen rooms have been depositors in this bank, 263 pupils out of 823 being depositors. The amount deposited by these pupils was \$1,762.74; the amount withdrawn \$216.17, and the amount on deposit to date \$1,546.57. At the Balmforth Avenue school pupils from fourteen rooms have been depositors in the bank. The depositors at this school have numbered 209 pupils out of 548. The amount deposited was \$5,460.02; the amount withdrawn \$835.55, and the amount on deposit at the present time \$4,624.48. The total amount on deposit from pupils of both schools at the present time is \$6,171.05.

Struck by Lightning.

Lightning broke loose with a vengeance in the Plattsville avenue section of Norwalk, Friday afternoon, with the result that James F. Wynn has a badly shattered house. It apparently struck in the center of the room near the chimney. Here it divided, one section tearing down along the side of the house and striking a large maple tree, the trunk of which was split. Another portion of the bolt ran on the other side of the house and along the water leader which it tore open, while a third descended into the kitchen, where it tore down the walls, shattered the door casing and broke the windows. The first two bolts shattered the beams in the attic and tore many of the shingles from the roof. There were five people in the house and they were shocked.

SILVER AND GLASS

Fine, heavy silver and rich cut glass are universally regarded as ideal wedding presents and rightly so.

In these wares there is beauty, value and utility combined. In appropriate and desirable articles can be found to fit equally well the filled wallet or slender purse; and again, they are needed for the new home quite as much as furniture, china, and other things.

We make a specialty of carrying a wide assortment of suitable gift articles in silver, glass and plate, especially those nationally advertised.
