HENRY R. SEAGER

Professor of Political Economy, Columbia University (Exclusive Service The Survey Press Bureau)

The Federal Industrial Relations Commission, just appointed by President Wilson, was created to investigate the causes of the prevailing bitter feeling between employers and employees and to recommend measures for their abatement.

There is, however, a new element in the situation, and a widespread sense of the injustice of the conditions under which the wage contract must now be made.

NO FRANCHISE FOR WOMAN IS ASQUITH'S FIAT

London, Aug. 8.—Premier Asquith gave cold comfort today to Mrs. Millicent Fawcett, the president of the National Union of Women's Suffrage Societies, and her non-militant colleagues when they interviewed him in his official residence in Downing street and urged him to bring in a government measure bestowing the franchise on women.

Today and tomorrow remains for lovers of musical comedy to see the Poll Players in the great musical sensation, Madam Sherry, which is the vehicle at the Plaza theatre this week.

EMPIRE

In the "Intruder," a two-part Vitagraph, one of the features to-day at this theatre, is an interesting study of a "decayed gentleman" of the old school, an utter egotist and a failure in life, one who attempting to deceive others simply succeeds in deceiving himself but who nevertheless finds considerable satisfaction in so doing.

POLI'S THEATER

A bill of unusual variety was found at Poli's new theater yesterday. Sadie McDonald & Co. in a farce comedy in one act entitled "Cafe De Luxe" furnished abundant amusement.

PROBERS FOLLOW UP TRANSACTIONS IN BIG FOUR STOCK

New York, Aug. 8.—Philip Boyer of the New York Stock Exchange firm of Boyer, Griswold & Co., was to resume the witness stand before the Frawley legislative investigating committee, this afternoon, for further questioning about transactions in "Big Four" railroad stock in behalf of an individual whom counsel for the committee seeks to identify as William Sulzer, governor of New York.

It is understood there is marked difference of opinion among the members as to the course to be pursued should the evidence, in their opinion, indicate that the governor has violated the so-called corrupt practices act in not giving a correct statement of his campaign contributions.
