The Jolly ten composed of managers and department heads of Bridgeport's leading business houses held their first informal dinner at Harry Taylor's last evening. RAILROAD MEN TO ASK WILSON FOR MORE PAY

Washington, Nov. 14.—Arrangements have been made for the chiefs of the four railroad brotherhoods to see President Wilson on Monday, Nov. 26, in connection with the workers' proposals for wage increases for conductors and brakemen on all the railroads of the country.

SUIT AGAINST DOUGLAS

FRANCIS-GERMAN WAR STATEMENTS

Berlin, Nov. 13, via London, Nov. 14.—Regarding operations in the east and in Macedonia, the official statement of the German war office today says: "Eastern theater—South of the Riga-Petrograd railroad our posts repulsed an attack by Russian raiding detachments. Southeast of Goridolise an enterprise by German and Austro-Hungarian thrusting troops was successful."

CENTRAL POWERS FOR ARMISTICE TO TALK PEACE

Regard Seriously Tentative Proposals Considered By Bolsheviki.

Amsterdam, Nov. 14.—Austrian newspapers print a statement from the official news agency pointing out that neither Vienna nor Berlin has received an actual peace or armistice proposal from the Russian government, and as long as the new rulers of Russia do not submit proposals the Central powers can do nothing in the matter, according to a dispatch from Vienna.

Should the maximalists retain the upper hand in Russia and come forward with a peace offer the Austro-Hungarian government would, the statement says, immediately establish accord with its allies and fix a common attitude.

"The workmen's and soldiers' program," the statement continues, "is capable of forming a point of departure for serious peace discussions with Russia. A just peace without annexations and without indemnities is also the goal of the Austro-Hungarian government. But what we understand by annexations and what everyone has understood about it up to the present does not correspond with the interpretation of the Russian government on this point. Counter proposals would have to be made on our part."

A temporary cessation of hostilities between Russia and the Central powers, Germania says, would bring peace nearer. It adds that Germany and Austria-Hungary would promptly agree to a limited armistice proposed and that Russia's allies could not escape the effects of such a step.

The German independent socialists, according to the Tageblatt of Berlin, publish in the Volks Zeitung of Leipzig a manifesto calling upon the socialist proletariat in Germany to respond to the Russian peace offer as made by the maximalist government in Petrograd. The manifesto suggests that meetings be held everywhere in favor of a general armistice for the purpose of obtaining a peace without annexations.

Berlin, Nov. 13, via London, Nov. 14.—The Berlin press generally gives a friendly reception to the peace manifesto of the Russian maximalists. Vorwarts, the socialist organ, and Germania, the Catholic organ, both raise the question as to whether the bolshevik will retain the power in Russia.

The question as to whether the belligerents are ready for a three-month armistice for the purpose of discussing peace, Vorwarts says, can only be answered by the German government affirmatively, declaring at the same time that it does not intend to annex or consent to annexation at Germany's cost. Whatever Germany has to say concerning annexations, it adds, is contained in the reichstag resolution of July 19 and in the German reply to the pope. Vorwarts continues: "German socialists do not accept all the theories of the bolshevik, but recognize them as socialists and comrades. Therefore we gladly record the bolshevik offer as worthy of socialism most promising."

BULGARIA TO FIGHT FOR MOUTH OF DANUBE RIVER

Amsterdam, Nov. 14.—Aroused apparently by the maximalist peace offer, the Mir of Sofia, organ of the Bulgarian national party, says that the Bulgarians cannot permit themselves to be troubled by the declarations of Russian illusionists or the Dutch-Scandinavian committee. It adds: "Bulgarians are completely unanimous that Bulgaria's future imperious demands the possession of Dobrudja to the mouths of the Danube river."

MAYOR TO VISIT AT CAMP DEVENS

Mayor Clifford B. Wilson will visit the Bridgeport drafted men in Camp Devens, Ayer, Mass., tomorrow and will be accorded full military honors. He will be met by Colonel J. E. Heron and staff and escorted through the camp.

Colonel Heron, commanding the 304th Infantry, of which mostly all Bridgeport draftees are members, in a communication to the mayor today thanks the publication of the report of Taylor's last evening. They have decided to hold these affairs semi-monthly, as they believe themselves entitled to at least two good luncheons a month, being firm believers and followers of the food conservation.

Among those present at last night's luncheon were: Harry Porter, retired smoke inspector of the N. H. R. R. Co.; John Cull, chief of Bridgeport's motor division; Edward Mansfield, manager of the John R. Woodhull Co.; John Mansfield, head salesman of the Woodhull Co.; Michael Brady, foreman of the Sprague Motor Co.; Joseph Gorman, of the electrical department of the N. H. road, and the following college graduates: Thomas Casev, Niagara; John Murren and Nally Wheeler.

A camp where army men will be trained to handle tanks will be established near Fortia, Ill.
