

### FIGHTS AND FIGHTERS

#### Lots of Talk Still Going on About the Ringside.

Tom Corbett Has Returned to New York and He Says Jeffries Is Afraid of Him—Tommy Feltz Defeats Joe Hurst—Billy Smith of New York Wins a Fight in London.

James J. Corbett returned to New York yesterday after a week's vaudeville excursion of Chicago. He said he was very successful, despite the burning of one theater in which he was playing. "I am going to stay in my cafe in this city for a time," he said, "and attend to my business. I have had some idea of going to Cuba to box, but it will depend on what arrangements can be made. I saw that McGovern-Broad fight and it was a hummer. When Gains and McGovern fought on December 11 I intend to arrange an excursion to take in the battle. But here is something I want to say, and it may surprise some people. There will arrive in New York in a few days a man of solid financial standing who will offer a large purse for a bout between Jeffries and myself. This man will post a substantial forfeit to guarantee that he will bring off the bout in a large city east of the Mississippi river. This town has over 300,000 inhabitants and is centrally located. The man will offer a purse for a twenty or twenty-five round bout. Then we will see what Mr. Jeffries will do. I noticed," said Corbett, "that Mr. Brady says I was not mentioned in connection with the six round bout in Chicago with Jeffries. Now, I saw the letter written by Brady to Lou Houseman, matchmaker of the latter's club, asking that I be matched to box Jeffries six rounds. I will accept any such match that I can make in the United States, and if it is not offered, I will simply thought he would catch me out of condition, and when he found I was ready for him, he switched. Jeffries knows better than to box my six rounds. In fact, he is afraid to box me at all; but he can't slide out of a match and get away with it."

### ON THE GRIDIRON.

#### Concentration in the Yale Ranks and Joy at Harvard.

Gould and Fincke, who play respectively end and halfback on the crack Yale varsity eleven, which so overwhelmingly defeated the Princeton Tigers last Saturday, will be remembered by local lovers of football as being members of the Yale freshmen team which played the St. Thomas Cadets football eleven in this city in 1898. Ramsey, Adams and Hubbard, who are substitutes on the Yale eleven, also played in that game, which the local eleven won. The St. Thomas was a powerful eleven that year, but it is no exaggeration to say that the team this year is in every way equally as good. Before the season opened the management of the St. Thomas Cadets promised to give the public good football in return for liberal patronage. The game has been well patronized so far and consequently the St. Thomas management intend to give the public the best Thanksgiving game ever offered in Waterbury or vicinity. Already this season they have expended about \$250 for football expenses and this will be increased to over \$400 by the end of the season. It will cost over \$150 to bring the Fifth Artillery eleven here, but the management hopes to be well repaid for its labor and expense by having the largest crowd that ever attended a football game present on that day.

Philadelphia, Nov. 20.—Pennsylvania's team continued its erratic work yesterday. Barnett, Hedges, Stearns and one or two other graduates were out and they coached the scrub, who played a very strong game.

New York, Nov. 20.—There was no football practice at Columbia university yesterday and the men will rest today also. DeWagon, manager of the team, is considered very doubtful at the university whether the faculty will allow the team to accept California's offer for a game on the Pacific coast for Christmas, but no decision has as yet been arrived at.

Cambridge, Nov. 20.—Harvard's regular team was on the line-up yesterday, and the work was such that the coaches came out with smiles on their faces and joy in their hearts. In the thirty minutes in which the varsity lined up against the scrubs two touchdowns were scored, but as the work was mostly on the offensive, that does not truly indicate the character of the work.

New Haven, Nov. 20.—Yale coaches tried a risky experiment yesterday, when they lined up nine of the "varsity" players who were in last Saturday's game with Princeton for a hard scrimmage half. They quickly scored. It is considered very doubtful at the university whether the faculty will allow the team to accept California's offer for a game on the Pacific coast for Christmas, but no decision has as yet been arrived at.

### WATERBURY WINS AGAIN.

#### Defeats Springfield in the Latter Place Last Night.

The Waterbury Players Put Up a Stiff Article of Polo—New Haven Has a Snap With Hartford—Frank Warner May Join the Meriden Team—Waterbury Is Tied for Third Place.

The Waterbury polo team dropped into Springfield last night and the players threw a bombshell into the camp of the Springfield players. It was expected that Springfield would have a walkover with the Waterbury team, but this was a mistake, for the walkover was on the other side. Waterbury started in to win that game right from the first sound of the whistle, and in less than half a minute going Dally had put the ball behind Hoffman for the first goal. Pierce, in order to keep up the hopes of the fans, sent the ball behind Fox for the first goal for Springfield in less than two minutes of play. Dally followed with another goal. Waterbury after nearly three minutes of play, and Pierce again sent off behind Fox to keep the score a tie. Then Waterbury started away with a jump and the next three goals were taken by Jean, who made two and Dally one. The crowd closed the first period. In the second period both teams fought hard and only two goals resulted, one for each side. In the last period three goals were made, one by Griffin and two by Curtis. It was a fast and exciting game. The score and summary:

New Haven, Nov. 20.—Hartford went to New Haven last night with the intention of wiping up the floor with the bodies of the champions of last season. The visitors started off with a rush and the fans thought New Haven was up against it. Schofield scored the first goal and then Tom Cotter made a foul in goal, which counted for New Haven, and that seemed to take away the life of the visitors, for after that they never were in the hunt. New Haven just toyed with them and the results show how well it was done. The score and summary:

New Haven	Position	Hartford

### NATIONAL LEAGUE STANDING.

Team	Won.	Lost.	P. C.
New Haven	7	2	.778
Hartford	5	4	.556
Waterbury	5	5	.444
Springfield	4	5	.444
Meriden	2	6	.250

New Haven here-to-morrow night. The report from Meriden that Frank Warner will soon wear a Meriden uniform seems to bring out the true state of affairs as regards this player. Warner evidently did not want to play in Waterbury, and he doubt if he dealt with Springfield for him to play with Meriden he will have a man right off to take that job in his store.

By the defeat of Springfield last night, Waterbury demonstrated that she is not so far behind the three teams which have constituted themselves the pennant winners. Springfield has beaten Hartford and Waterbury and now it is New Haven's turn and she will get the same medicine to-morrow night when she plays us a visit. The rink should be packed from door to door to-morrow night, when New Haven comes here. It will be the first time that many of the fans have had a chance to see Johnny Griffin work, and they will be given an opportunity to-morrow night. New Haven will be pushed from first to last and there is no two to one shot on the result.

Barlett, with his long experience, is the best halfback in the league. His directing of plays and judgment in getting in front of the ball saved Clinton many a setback. With Brockton Clinton shares the honor of having great defenses and according to exchanges a majority of the teams in the league are favored the same way. Mollen is in the mystic circle, as the averages show.—Brookton Times.

Since its last appearance here the Waterbury team has been greatly strengthened by the ad. of Frank Griffin, who played with the team two years ago and was released by Manager Cotter last week. "Griffin" is a clean player and a credit to any club he belongs to. He is a hard worker and the home club will not have any "snaps" in to-night's contest, for he has proven himself invaluable to the club thus early. The Waterburys have done some excellent work since their first visit here and are sure to put up in a fine article of polo.—Springfield News, and we did.

Manager Miller of the Meriden polo team is hustling to strengthen the local club. He has about perfected arrangements with Waterbury for the services of Frank Warner and is quite probable that Warner will be seen in a Meriden uniform at Hartford to-morrow night and here on Wednesday night. Meriden polo cranks will welcome Wednesday night if this now in the works are perfected. Mr. Miller is also planning to change the playing nights from Wednesday and Saturday to Tuesday and Thursday, and by next week the schedule will be changed so that the games will take place on Wednesday and Thursday. This change will meet with hearty approval. Meriden is negotiating for a fine center rush and it is expected that he will be secured in a few days.—Meriden Journal.

The week's schedule is as follows:  
 Monday—Hartford at New Haven.  
 Tuesday—Meriden at Hartford.  
 Wednesday—Springfield at Meriden.  
 New Haven at Waterbury.  
 Thursday—Hartford at Springfield.  
 Friday—Springfield at New Haven.  
 Meriden at Waterbury.  
 Saturday—Waterbury at Meriden.  
 New Haven at Hartford.

### WOMEN'S BICYCLE RACE.

Miss Marguerite Gast Is Ahead at the Close of First Day. At the conclusion of the fourth hour of the women's six-day bicycle race, in the Clermont avenue rink, in Brooklyn, at 10:30 last night, Miss Marguerite Gast held the lead, with 83 miles and 45 laps to her credit. Seven of the eight women who entered kept the track. Miss Gast was closely pursued by Miss Lottie Brandon of Canada, who was only two laps behind. These two fought hard for the lead, and there was continuous excitement during their spurs. They were about fifty laps ahead of the next nearest, Mrs. Emma Bayne, of Brooklyn.

During the last hour Miss Marie Davis had a bad fall, but she mounted her wheel quickly, and lost little distance. There were numerous falls also in the afternoon, but no one was hurt. The starters were Mrs. Emma Bayne, the 4,500 mile rider, of Brooklyn; Miss Lottie Brandon, of Peterborough, Toronto, Canada, the 100 mile champion; Miss Jane Lindsay, Markensburg, Germany; Miss Marie Davis, Bremen, Germany; Miss Marguerite Gast, of Brooklyn, the 2,000 mile champion; Margaret Field, Slano, New York and Miss May Petard, of New York.

### "DOPE" MEETING A FARCE.

Handful of Unknown Sports in London Discuss Phrasing of Horses. London, Nov. 20.—The much advertised meeting called for yesterday to consider the "doping" or phrasing of horses resulted in a farce. A handful of unknown "sports," a few Americans and a number of veterinary surgeons composed the audience. Several of the speakers said they looked upon the American jockeys used electrical appliances, but no evidence to that effect was produced. The meeting finally resolved into a discussion between American and English trainers, whereupon the chairman remarked that the subject of the meeting was lost sight of and invited all present who knew anything about "doping" to hold up their hands. There was no response and the meeting ended.

The Standard, in an editorial reference to the meeting, says: "It is pleasant to find that the wild stories about American jockeys cannot be substantiated. Mr. Atkinson, who organized the meeting, had absolutely no case and got himself and others in to a decidedly ridiculous position. Not the slightest case was given to the suspension."

### MAY BE DEPORTED.

Dowie's Lacermiers May Not Be Allowed to Work in Zion. PHILADELPHIA, Nov. 20.—Samuel W. Packard of Chicago, counsel for Dr. J. Alexander Dowie of Zionist fame, has deposited \$8,000 with the International Navigation company and thereby secured the release of the lacermiers who arrived here from England last week and who were ordered deported by the immigration commissioner from this port. Dowie found that he was violating the alien contract law. The release of the lacermiers, who, with their wives and children, number 25 persons, is only a temporary one, as their case is now before the court of the District Court at Washington on appeal. The lacermiers were brought here by Mr. Dowie for the purpose of establishing a lacerm-making plant at Zion, the town founded by him in Illinois. After they were ordered deported the case was reopened, and the commissioner again decided against them. Then the matter was carried to Washington, and a decision is looked for the latter part of this week.

### SCARED BY INDIAN YELL.

A crowd of United States surveyors and allotting agents were recently working in the reservation of the Comanche Indians, surveying, establishing corner stones and getting everything ready to divide the land in quarter sections, says the San Francisco Argonaut. The Indians did not take very kindly to the division and allotment of their land, and seeing that the whites were scared, they decided to act. The surveyors were all tenderfoot from Washington. Suddenly, without warning, their camp was invaded by a yelling, shooting band of 500 Indians in war paint and feathers. The surveying party could not stand the pressure and started out for the settlements along the Texas line and kept up their fight, pursued by the Indians, until they crossed the state line. Then they telegraphed to Fort Sill and the commander there sent out a large cavalry force to protect the surveyors. The general supposition is that a lot of cowboys and young bucks played a practical joke.

White Fish After a Shower. JOLIET, Ill., Nov. 20.—After showers a large number of small white fish were found in different parts of the city, and local scientists are at a loss to account for their appearance. From the fact that some of the fish were found on the roofs of the big buildings at the steel mills it is supposed that they must have dropped from the clouds.

### CONDENSED DISPATCHES.

The winter steamship routes between Portland, Me., and European points has begun. A large order for rolling stock for the Jamaica railroad will be placed in Philadelphia. The secretary of the University of Notre Dame, near South Bend, Ind., was damaged \$15,000 by fire. A report via Paris stated that a regency was under consideration at St. Petersburg until the complete recovery of the czar. Evidence that American jockeys were guilty of "doping" horses was presented at the meeting held in London to consider that subject. A director and the manager of Dumbell's bank of Douglas, Isle of Man, were sentenced to five years' imprisonment for falsifying the bank's books.

**How Papa Zimmerman Feels.**  
 CINCINNATI, Nov. 20.—Eugene Zimmerman, vice president of the Cincinnati, Hamilton and Dayton railway and a director in several other lines, was very much surprised on reading the press telegram announcing that he was the father-in-law of the Duke of Manchester. He stated that the press reports were all the information that he had regarding the matter and that he did not desire to talk about the marriage until he was further advised. He insisted, however, that there had been false reports about the Duke of Manchester, that the duke had never been engaged to any actress, that he is not a spendthrift and has not been a notorious case as regards making him. Mr. Zimmerman said the fortune was being dissipated before the present duke assumed his heritage. Mr. Zimmerman stated that he had received word that his daughter was on her way to America and that he would go to New York to await her arrival. He had only the kindest words to say of his daughter and of whatever she may have done.

### TOMMY FELTZ WINS.

Paterson, Nov. 20.—Tommy Feltz of Brooklyn knocked Joe Hurst of Philadelphia out in the seventh round of the start of the Passaic County A. C. last night. The men fought at 112 pounds and were to go twenty rounds. In the first three rounds the Philadelphia had a shade the better of it on points, although both men were fighting fast. Then Feltz seemed to get better. He led for Hurst's stomach and reached it repeatedly. He soon had Hurst groggy any by the end of the sixth round Hurst was at his mercy. In the seventh round a right hand punch under the lower part of Hurst's sleep. In a preliminary bout, Billy Duncan put Eddie McGinty out in the seventh round. Duncan landed a heavy blow on McGinty's jaw and it took McGinty six minutes to recover. Eddie Cain of Buffalo, a brony beat Joe Cain, the Hechtwicht, met Chris McCann of Passaic. They were to go twelve rounds, but after the second round the referee stopped the fight and declared it no contest, as Cain was thirty pounds heavier than his opponent, whom he was punishing severely.

### THIS AMERICAN WINS.

London, Nov. 20.—At the National Sporting club last evening what was to have been a fifteen round contest took place here. Billy, the brony beat York and Bill Fiddler of London, the affair coming to an abrupt termination in the second round with an easy victory for the American. Smith scored five pounds overweight, but Fiddler consented to accept a brony beat consideration. In the course of the evening Kilt McCoy was introduced. He was well received and announced that he intended to spend the winter in England.

### ONE YACHT FOR LIPTON.

Shamrock II, the challenger for the American cup, will be built by the Henderson Brothers at Meadowside, on the Clyde. David Barrie, who is Sir Thomas Lipton's representative in this country, was positive in his statement yesterday to this effect. Mr. Barrie said: "I am amused at the cablegram stating that the new boat will be built by Denny & Co. I stated over a week ago that she will be built by the Hendersons, and I repeat the statement. The contract for the building of Shamrock II, has already been signed with the Hendersons. They built the Valkyrie and other challengers. They always have been Watson's favorite builders. The story that Sir Thomas Lipton is having two boats built, one at Henderson's and one at Denny's, is sheer nonsense." The contract calls for the handing over of the completed yacht March 30 next, and the only other stipulation binding Messrs. D. and W. Henderson is to build the yacht in accordance with Mr. Watson's designs.

### BASKET BALL THIS EVENING.

The crack Yale basket ball team will play the opponents of the new boat, five of the Y. M. C. A. gymnasium this evening. For three consecutive years Yale has been beaten by the local five, and to-night she intends to wipe out these defeats by a grand victory. The Yale five is a fast lot of youngsters, who play with vim and dash and accuracy. It does one good to see their snappy team play. But in all these things they have their equals if not their superiors in the local players. The game, which will commence at 8 o'clock, will no doubt attract a large crowd. The following will be the line-up of the two teams:

Yale.  
 Curtis ..... P. F. ..... Rogers  
 Deys ..... L. F. ..... Hyatt  
 Reeves ..... C. ..... Clark  
 Miles ..... E. G. ..... Coten  
 Danaher ..... P. G. ..... Lincoln

ST LOUIS CLUB TRANSFERRED.  
 St. Louis, Mo., Nov. 20.—A chattel deed of trust was filed in the City Hall yesterday conveying the property of the American Base Ball and Athletic Exhibition, company, commonly known as the St. Louis base ball club, to Attorney John N. Edwards, to hold in trust for M. Stanley Robinson, treasurer of the club, in consideration of a loan of \$48,500.

The Robinson of the St. Louis club, whose name is signed to the deed which temporarily conveys the property to his brother, has left the city, and Mr. Becker, vice-president of the club, lately refuses to discuss the subject.
