

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

LIEUT. PURNEY PROMOTED.

Local Doctor Is Camp Medical Officer With British Forces.

Dr. John E. Purney who entered the Canadian army service with the rank of lieutenant recently completed a special training course at one

LIEUT. JOHN PURNEY.

of the largest English officers training schools and was detailed as the camp medical officer when a vacancy occurred.

Before entering the training school Dr. Purney made several trips between Canada and England on transports.

DR. MOORE LEAVES TO DO WAR WORK

Superintendent of Health Starts for England Next Monday—Board Holds Important Meeting.

A meeting of the board of health was held in City hall yesterday afternoon with Chairman M. H. Camp presiding. The new machinery will be purchased from the Brecht Company which makes a specialty of this kind of work. An appropriation of \$5,475 has been made by the council for the work. As soon as the plans

are approved by members of the board, the specifications will be put out to the contractors for bids.

Captain Michels of the United States Public Health Service was present and spoke favoring a social clinic in this city. Clinics have been established in Waterbury, New London and Hartford. After a lengthy discussion of the matter, the board took a vote in favor of appointing a committee to look into the matter. Chairman Camp appointed Dr. Henry T. Bray and Frank Riley.

At the meeting a petition was received from the employees of the department asking for an increase of 20 per cent in wages. The petition will be taken up at the next meeting of the board. Superintendent Moore stated that in connection with the petition the employees worked 240 hours overtime during the recent epidemic of influenza. The government doctors made 1,298 visits during the epidemic. The canteen in charge of W. W. Leland served 2,600 meals.

The canteen was open for thirteen days.

Dr. Moore for England where he will do special work with pneumonia serums for the British government in London. He has been given a leave of absence. The health board will hold a meeting on Friday night when action will be taken in regard to filling Dr. Moore's place while he is away. There are several other matters to come up.

EMILY E. MEDS COSGRIFF.

After nine years of steady and efficient service as agent of local freight depot, J. E. Cosgriff has been promoted to the traveling department in the Yellow Building in New Haven. Mr. Cosgriff has been connected with the New York, New Haven and Hartford railroad for 22 years. He has served as station agent at Shelton, Naugatuck and several other points. His successor will be J. E. Leitch, assistant freight agent at Springfield, Mass.

POSTMASTER A CARRIER.

There are now three vacancies on the regular force of clerks and carriers at the post office and six on the supernumeraries force. Civil service examinations to fill these vacancies will soon be held. Postmaster William F. Delaney has been covering one of the rural delivery routes in his auto for some time because of a vacancy caused by a death.

CAUTION!

SOME people have an idea that "all molasses is alike." This is not so. Molasses varies in grades—like coffee, for instance.

To know real molasses is to know *Brer Rabbit*—absolutely pure New Orleans Molasses from New Orleans.

The sugar shortage taught thousands of resourceful housewives how *Brer Rabbit* takes the place of sugar.

We all know that we use sugar because it's sweet—it has no flavor.

But *Brer Rabbit* not only sweetens like sugar—it flavors.

Both sugar and *Brer Rabbit* are made from Sugar Cane. Both are pure. *Brer Rabbit* contains a large amount of real sugar.

There Are Two Kinds of Brer Rabbit Molasses
Both Are Absolutely Pure New Orleans Molasses

GOLD LABEL *Brer Rabbit* is mild in flavor, light in color and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc. It is especially fine for cooking, baking and candy making.

GREEN LABEL *Brer Rabbit* Molasses is darker in color, slightly stronger in flavor, and is splendid for cooking, baking and candy making. It costs less than the *Gold Label*.

For cooking and baking; for stewing prunes, dried apples, peaches and other dried fruits; for baking apples—don't worry about sugar. Use *Brer Rabbit* Molasses.

It is delicious, wholesome and health-building.

And there is lots of it at all good grocers.

FREE Write us today for *Brer Rabbit* Cook Book of Southern Goodies—all made without sugar.

PENICK & FORD, Ltd., New Orleans, La.

For the Children

Youngsters naturally crave molasses. Years ago sliced bread and molasses was part of the daily diet of children.

GOLD LABEL *Brer Rabbit* Molasses gives to the child the elements the young growing body needs. *Brer Rabbit* is absolutely pure—therefore, wholesome, palatable and strengthening.

Doctors will tell you what molasses and bread means to children.

Besides it saves sugar and cuts the butter bill.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Lead or Bladder Bothers You—Meat Forms Uric Acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have headache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

DRUGGISTS STILL ASKED TO CONSERVE STOCKS OF VAPORUB NEEDED IN "FLU" DISTRICTS

Influenza Epidemic is Decreasing in Most Sections and the Demand is Slackening But We Are Still 18,000 Gross Behind On Orders and it Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1st, we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more than three (3) dozen 20c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent ship direct on receipt of check or money order. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST. We have prepared a little folder

giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter-ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed-covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTATIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petrolatum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and sniff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half-full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.
