BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day'. If women would only take your Vegetable Compound they would have better health. I always recommend your Vegetable Compound to the neighbors."—Mrs. TRACY PATTER, 2 Lincoln Ave., Salisbury, Massachusetts.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak sickly wife to bring healthy children into the world. Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues" she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

The American Engineering Council of the Federated Engineering Societies sent to President-elect Harding a communication asking that an engineer be appointed assistant secretary of war. Another communication requested Mr. Harding to name an engineer for the vacancy on the Interstate Commerce Commission.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply ready and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, free of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly seals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

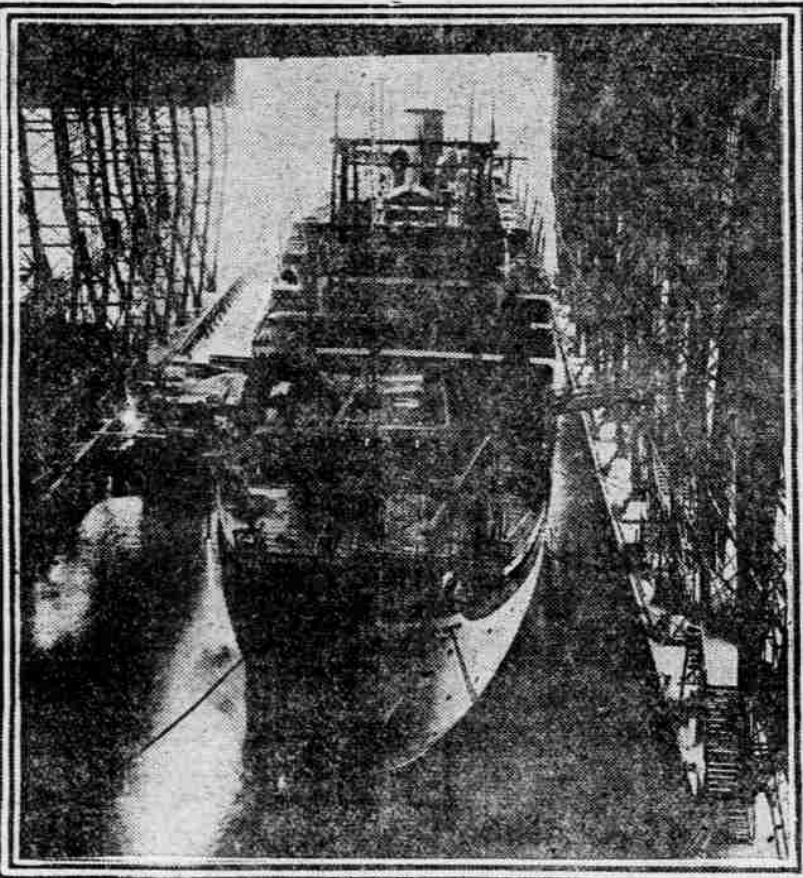

It is reported Rear Admiral Cary T. Grayson will continue as physician to President Wilson.

The bill repealing the daylight saving law, passed last week by the New York Assembly, was advanced to the order of final passage in the Senate.

Rely on Cuticura To Clear Away Skin Troubles

Relieves Itchings, Objections to smooth, soft, healthy skin. Cures Eczema, Scabies, Ringworm, etc.

New Crane Installs Huge Ship Machinery

The only place in the world where ships of 30,000 tons displacement and upward can be fitted out afloat under a glass roof. Clearance in the wet dock at the New York Shipbuilding plant in Camden, N. J., is approximately 125 feet. Immediately under the glass roof are the runways for the large traveling crane which may be noticed suspended above the steamship Wenatchee, shown in the picture. This crane is used for the installation of propellers and other heavy parts on the big passenger ships, while in past years the same crane was used for the installation of guns, turrets and other heavy steel parts used in the construction of battleships.

City Ownership Shows Profits

Raleigh, N. C.—Besides owning and operating its own water works, electric plant, ice plant, opera house and a railroad four miles long the little city of Warrenton, Warren county, North Carolina, with a population of less than 1,000 is also building a hotel to cost \$140,000 to be paid for by a bond issue. The municipality owned railroad runs from Warrenton to Warren Plains, where it connects with the Seaboard Air Line Railway, it being the only line entering Warrenton. "We have made a profit on all of our municipally owned enterprises, except our opera house, and we haven't lost much on it," declared Tucker H. Polk, prominent lawyer and member of the Warrenton Board of Aldermen. Warrenton is one of the oldest towns in the state. Horace Greeley was married there in 1836.

MENTALLY UNFIT.

A decision that the prisoners were mentally unfit, has removed the case of Louis Kolvek, of Westport, charged with burglary and Frank Ware, of this city, charged with the criminal superior court docket. The men were taken to Middletown Insane hospital, yesterday, for treatment.

ISSUES RELIGIOUS ORDER.

Paris.—The Rumanian government, with the object of checking the strong anabaptist movement in Transylvania, has issued a decree forbidding a change of religion without permission of the Ministry of the Interior, says a dispatch from Bucharest by the Hungarian news agency.

The anabaptists deny the efficacy of infant baptism and insist on baptism by immersion.

The Yale indoor polo team will play Troop C of Squadron A, N. Y. N. G., in New York, March 9. Princeton trio will play the troop team March 16.

Bronco Busters Passing Out Of Business

Denver.—Bronco Busters of the northern Rocky Mountain states are about to go out of business, according to reports from officials of wild west and frontier shows. The reason is there aren't any wild horses to bust. At least not around Wyoming and this part of the country. But down in Arizona they have wild horses to eat. There are 10,000 of them. They belong to the San Carlos Indians who have a reservation not far from Globe. But there isn't much chance of getting the Arizona ponies for the bronco busters of Wyoming for the Indians won't give them up. The day of the wild herds of horses roaming the plains of Wyoming and adjacent states has been growing rapidly shorter with the encroachment of civilization. More and more ranches are being fenced in, herds of cattle are reduced or confined and to make the matter worse for the existence of the wild steeds, oil drilling camps have been extended over wide areas of Wyoming, northwestern Colorado and Utah. But down on the San Carlos Indian reservation there are 10,000 wild steeds, roaming at will over the fields, destroying mile after mile of grazing land which might be put into good use for cattle, and turning green grass of for cattle and turning green grass of for their bones which hardly make even a decent meal for an Indian. But the Indians would have none of it. The horses are worthless, even for hides. They cannot be domesticated and the meat isn't much of a delicacy, but the Indians insist on their age old prerogative to have their herds out on the open prairie even as their fathers did. The In-

This is Silk Week

For Inauguration Day
A Piece of Genuine Harding Blue
will be displayed on a table in the center aisle
Friday, March fourth
Mallison's Indestructible Chiffon named in honour of
the first lady of the land
Positively the first appearance of this blue

Much talk has there been of Harding Blue and this one has said, and that one has said, but Mallison's issued their decree, "No sight of it until March Fourth," and kept their word, swearing their patrons to secrecy. Only by promising that this chiffon should not be shown until Inauguration Day could the material be obtained by our buyer.
Displayed at the Lace Section, main floor.

Flouncings and Novelties in gay profusion of coloring

Eyelet Taffeta Flouncing, very lacy looking, navy blue in color.

Embroidered Georgette and Venise Lace in a pretty soft shade of tan. Used extensively for vestees, gilets, stomachers and collars.

Roman Sashes, varicolored of course, with edges of blue, red, gold, black and henna, and fringed at the ends. This promises to be one of the most popular accessories shown this spring.

Embroidered Pongee, symmetrical dots in green, Alice blue, rose and brown. Width 34 inches.
Trimming Section, main floor.

Becoming to all Women is the glow of candlelight

At candlelight times, at supper tables, or "twixt the gloamin' and the mirk" your favourite color has a prominent place, as there are candles to be had in all wanted shades.

For two years professor at Johns Hopkins University.

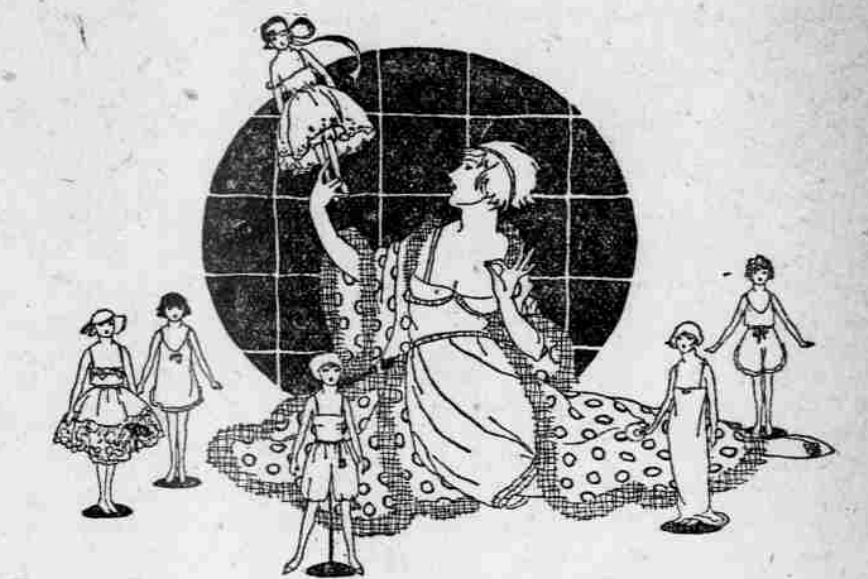

The statement which has been made by request says: "We the undersigned, wish to bring to the attention of the world that recent statistics gathered in Vienna show Austrian children subnormal both in weight and height. Recent examination of apprentices in Vienna revealed that boys of 17 years of age have an average height of five feet, two inches, instead of the normal height of five feet, six inches, and that their weight averages 101 pounds, instead of a normal weight of 114½ pounds.

"Altogether we may state that at the end of juvenile growth the average boys of Vienna are about four inches below normal height and about 16 pounds below normal weight. Girls are correspondingly stunted.

"We also believe, from a medical standpoint, these children will never have their normal weight and height but will go through life in this stunted condition. We believe that children of succeeding age and classes, unless given sufficient food will also remain underdeveloped and so go through life.

"An awful proof of under nourishment is great distortion, caused by rickets, or limbs of nearly all the children who come to orthopedic wards.

"A most depressing fact is the frequent occurrence that young boys and girls, asking for relief of severe pains in their feet or legs, are ascertained to be dragging themselves on on broken bones which had cracked noiselessly and given way on account of the unhealthful condition of their emaciated systems. Such deplorable developments were unheard of previous to two years professor at Johns Hopkins University.

Daintiest of all Feminine Frills are the "Silk Undies"

And the colors are adorable, and the styles correct in every way, plain tailored or beruffled and belaced in a fascinating manner.

New garments recently unpacked are now ready for display.

GREAT FOR ECZEMA AND OLD SORES

I Guarantee My Ointment, Says Peterson—Every Box of It.

"If you are responsible for the health of your family," says Peterson, of Buffalo, "I want you to get a large 35-cent box of Peterson's Ointment today.

"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim.

"I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blind, bleeding and itching piles as well as for chapping, burns, scalds, cuts, bruises and sunburn."

"I had 30 running sores on my leg for 11 years, was in three different hospitals. Amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment."—Mrs. F. E. Root, 257 Michigan Avenue, Buffalo, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Adv.

WOMEN WHO OVERWORK
"Man may work from sun to sun, but woman's work is never done." In order to keep the home neat and attractive, the children well dressed and tidy, women continually overdo and suffer in silence, drifting along from bad to worse, knowing full well that they need help to overcome the pains and aches which daily make life a burden. Lydia E. Pinkham's Vegetable Compound is a medicine with specific value which overcomes many of the worst forms of female complaints, as the letters constantly being published in this paper will prove.—Adv.
