

HOME RULE

OUR CELEBRATED

OVERCOATS!

Hundreds of men start out every day to buy clothing, more especially at this season of the year to buy overcoats. Where do they go? What store do they patronize? They go to the most popular store, to the one they have a personal pride in. The store that is run for them. Their store! Our store. And their buying continually has made Meigs & Co. what it is. Our clerks are not machines, they are polite, attentive and everything and everybody about the place will make you feel at home. You will see the best selected stock of Suits, Overcoats and Ulsters you've seen since you were here last.

You will see Men's Overcoats from \$6 to \$35, and Boys' Overcoats and Reefers from 2.50 to \$15, which embrace the latest styles, the best make and VALUES which are full and generous. We indulge no taste for imaginative writing when we say our prices are a saving on each value grade for grade.

It is our patrons that have made this store a successful one. They know by actual experience what sort of clothing we sell. They are our advertisements, the sort that every Tom, Dick and Harry cannot buy at so much a column.

The cloth is our celebrated "Home Rule" Beaver Overcoat is made in Vasselborough, Me., by the Vasselborough mills.

It is a long fiber, pure Australian wool and comes in two colors, Blue and Black; made in single breasted. Our factory at 100 Arch Street, Boston, Mass., uses the entire production of this mill's goods. This is an important fact, as we could not otherwise get the quality of Beaver to give our patrons in a \$10 overcoat. The cloth is guaranteed without a blemish and absolutely fast color. The coats are made expressly to our order and are therefore exclusive in style and design. Some we have made short, some medium, and some very long. All are made with extra heavy farmer satin linings.

Other houses cannot, no cannot, produce a coat equal in style, fit and durability for less than \$12, and many will charge you \$15.

IS \$5 WORTH SAVING?

Affairs About Town.

MISS MOONEY-MR BRADLEY.

Wednesday morning, November 6, at the Sacred Heart church, Bridgeport, John F. Bradley, the popular young carpenter and builder of Newtown and Miss Beatrice Mooney of Bridgeport were united in marriage by Rev. Father O'Brien, pastor of the Sacred Heart church. George Mooney, brother of the bride, was best man and Miss Katie McGarrey, a cousin of the bride, was bridesmaid. Immediately after the ceremony the happy couple repaired to M. J. Bradley's, a brother of the groom, where a wedding breakfast was served. They afterward took the 11.30 train for Hartford and Springfield, returning to Newtown, Saturday night, where the groom has fitted up a handsome home.

Among the popular and successful school teachers of Waterbury is James E. Madigan, principal of the Bishop street school, which has an enrollment of 521 pupils. They are now building on a \$20,000 addition to this school building, which will make it a 14-room school with 15 teachers. In this building, also, is an evening school presided over by Principal Madigan and two assistants. Mr. Madigan keeps abreast with the times, which may be shown by the fact that he is one of the instructors in the Hous Falls summer school. A representative of THE BEE visited this school, he other day, and was shown through the building. When the improvements are completed it will be one of the modern school buildings of the city.

Mr and Mrs Herbert Clark of Meriden were guests over Sunday of Mrs John Judson and Mr and Mrs Robert Clark. Mrs Clark remains through the week with her mother, Mrs Judson.

Percy Cullen, who has held the post of telegraph operator at the Newtown station on the New England, is now the ay operator for the same road at Sandy Hook.

John Donlan of Zoar carried Frederick hambers' household goods to Waterbury, last week. While in the city he topped in at the hardware store of F. J. plan, where he met J. D. Bolan, Mr plan's brother, whom he had not seen for 30 years. F. J. Bolan, in his boyhood days, lived for a time with the family of Mr Donlan and attended school at Sandy Hook.

Mrs Anne Tyrrell of Roxbury Falls used Sunday as a guest of her daughter, Miss Nellie Tyrrell.

Horatio N. Lattin would like to know to has the mitten, or rather the new eye for the right hand that he lost between the Depot and Zoar on Wednesday, October 30.

cheap medicines without positive injury. If you use any substitute for Ayer's sarsaparilla, you do so at the peril of your health, perhaps of your life. Insist on having Ayer's, and no other.

AN EGYPTIAN CURIOSITY.

In July, 1881, there were discovered in the ancient city of Thebes, the mummies of Egypt's mightiest Pharaoh, among them that of Roman the Great. There were also found seals, coins, statuettes, preserved food, and a few rolls of papyrus, some of the latter being of great value, curiously bound together, and notwithstanding the mould and mildew of ages upon them, as easily read as if written yesterday. A queer little book entitled, "A Night with Ramesses II," has been executed so cleverly, that the oxidized seal, suggestion of mould, and faded coloring, and partially decayed and ragged-edged papyrus carry at once to the mind the possession of a veritable relic from the dawn of civilization. Mailed to any address on receipt of 6 cents in stamps, by J. C. Ayer & Co., Lowell, Mass.

Mr and Mrs Robert Clark of Hawleyville returned, last week, from an enjoyable visit in Illinois and Michigan.

H. R. Belden, who recently moved his family to Bridgeport, is continuing the manufacture of rat traps in the Smith & Egge Manufacturing Co's factory. Work began last Friday in good earnest. Mr Belden is interested in other parts of the factory where some wonderful specimens of mechanism can be seen. One interesting machine turns out window sash chain. The brass band about one and one half inches wide unwinds from a coil going into one end of the machine, coming out a complete chain. Government locks of brass are made here, besides many other useful things.

Fred Lovjoy has bought the sloop, Ella, and will continue the business of dredging for oysters.

Wilbur E. French has moved his family into the house known as the James Cole place in Huntington.

Henry Keane, who was the citizens' candidate for registrar of voters in the second district and was elected, has named Charles E. Bessford as deputy registrar, and the latter will probably perform the duties of the office. Mr Bessford was the republican nominee for the place. This generous act of Mr Keane will give the republicans their usual representation on the board.

Frank Wright, who has been assistant town clerk for three years, has tendered his resignation. John F. Keane has been named and has qualified as his successor.

Lawyer W. H. O'Hara from Bridgeport passed Sunday as a guest of Landlord Edward Taylor at Sandy Hook.

Rheumatism is caused by lactic acid in the blood. Hood's sarsaparilla neutralizes this acid and completely and permanently cures rheumatism. Be sure to get only Hood's.

Hood's pills cure nausea, sick headache, indigestion, biliousness. Sold by all druggists.

The winter goods to be found at W. E.

Halligan's millinery establishment, this season, surpasses all other efforts. They are exhibiting specially attractive novelties for winter wear. See advertisement.

Benjamin Carkey of Port Jervis, N. Y., the father-in-law of Robert D. Smith, with whom Mr Smith is associated at farming, is quite seriously ill with inflammation of the bladder and kidney trouble. He is some better but his troubles are likely to keep him indoors the greater part of the winter.

Tickets for the lecture of C. E. Bolton on "The Land of the midnight sun" will go on sale the 18th at the stores of Warner, Taylor & Curtis at the Hook and E. F. Hawley's in the Street.

If you are not feeling well, drop coffee and use Ayer's Hygienic. Grocers sell it.

The demand for Ayer's hair vigor in such widely-separated regions as South America, Spain, Australia, and India has kept pace with the home consumption, which goes to show that these people know a good thing when they try it.

Baldness is often preceded or accompanied by grayness of the hair. To prevent both baldness and grayness, use Hall's hair renewer, an honest remedy.

Fairfield County Chat.

EASTON.

AT CENTER STREET.

The Aid society was very pleasantly entertained in the hall by Mrs Henry Wheeler on the 6th. The attendance was good and all seemed to enjoy the hour spent in social chat. The next meeting will be held in the same place Wednesday, November 20.

Miss Jennie Hoyt has returned home after spending two weeks with friends in this place.

Miss Alice Foster is visiting friends at Stapleton, Staten Island.

Mrs Horace Burr has been spending a few days with her sister, Mrs Sherman of Bridgeport.

Mrs Walburg is entertaining her brother from Sweden, who will probably spend the winter here.

Hanford Lyon, Sr., has presented to each of his children, Mrs Kepler Nichols of Bridgeport and Hanford Lyon, Jr., of Rock House a remarkably lifelike crayon of himself, elegantly framed, that are highly valued by the recipients.

New roofs have been put on the church sheds of Miss Mary Bradley, Miss Frank Silliman and Charles Burr, G. B. Tucker doing the work for Miss Bradley and Miss Silliman.

Miss Hattie Silliman of Norwalk is at her cottage at Rock House, where she will remain while her father, M. W. Silliman, is completing his improvements.

An entertainment, consisting of a lecture with stereopticon views, entitled "From a Yankee home to a southern prison" was given in the Rock House schoolhouse, Thursday evening, by Corp J. Dorn of Norwalk, that was exceptionally interesting.

Mrs John Candee and children, Flossie and Howard, were recent guests of her grandmother, Mrs John Rowland.

BRIDGEPORT.

J. H. Reid, 43 Wall street, repairs all kinds of watches, no matter what is the

alignment. He will bring the patient out all right and the charge will be below par for good mechanical brains.

SHELTON.

REMONSTRANCE AGAINST THE GRANTING OF LICENSES.

On Thursday last week the county commissioners met in the Town hall to hear the remonstrants against the license applications of Thomas Fenn, Thomas Hogan and McGuire, their respective saloons being within 200 feet from the postoffice, also against John H. Donovan. The remonstrants were represented by E. L. Staples and the applicants Fenn and Hogan, by William S. Davis of Derby, McGuire by Mr Fisher of Derby, his landlord, and John H. Donovan by J. C. Chamberlain of Bridgeport. The cases of Fenn, Hogan and McGuire were heard and the commissioners went out and viewed the places and surroundings. The case of Donovan was adjourned until last Monday when it was heard and the other cases were reserved. On Monday they again met in the Town hall and only one remonstrant was heard and a little other evidence and then Mr Donovan's side was presented. He brought forward several prominent citizens, business, professional and official men, who testified that they considered the location suitable and the applicant a suitable man to keep a saloon. Mr Donovan also presented a petition containing the names of the business men of the other cases and other containing a long list of the names of citizens. The probabilities are that with only one remonstrant Mr Donovan will obtain his license.

FOR THE CAUSE OF MISSIONS.

Wednesday afternoon and evening of last week a missionary rally was held at the Congregational church and addresses were delivered by Mrs Logan of the Microsean mission, Rev Dr Hazen of the Madras mission and Rev Dr Rowland of the Madras mission. The audience was large but listened to the very able addresses with much interest.

REV MR SMITH CALLED TO HARTFORD.

Rev A. W. Smith of the Baptist church in Shelton has been called to Hartford as superintendent of the Baptist missionary union, and has accepted the position and is to leave here about December 1. He has been very active in his own church work and in work of a general nature in the community and will be very much missed.

The assessors are to meet on Mondays and Tuesdays of each week to make up the grand list. They will make it up on about the same valuation as formerly.

The enumeration of the children of the town has been completed by Frederick Durand of the committee, the total being 1029, an increase of 25 over the previous year. The number in the Ferry district is 802. Two districts, the Mill and Lower White Hills, have eight each and in these there is no school, the scholars going to adjoining districts. The largest outlying district is the French, which has 36 children.

O. G. Beard, Jr., and wife will remove to Bridgeport to reside at being a more convenient location for his business.

The wedding of Miss Mary E. Kimberley and H. S. Woodhall, the latter of Sayville, L. C., occurred on Wednesday last and they left for his home on the afternoon train.

On Monday, before the committee at New Haven, the witnesses from Huntington were examined touching the controversy of the Derby tangle. An effort is being made by those who wish to have the tangle abolished to have this Col W. J. Miller arrived home from Atlanta, last Saturday, where he has been to attend the exposition as a member of the governor's staff. He brings back enthusiastic reports of their reception and experiences in that famed city of the South, also in Charleston, S. C., where they stopped a few hours.

John Burkhardt has purchased the

business of the Shelton Feed Store of Mrs Mary C. Hubbell.

L. V. B. Hubbard and Thomas J. Chadeayne arrived from their visit to Atlanta, last week Tuesday evening, and give glowing reports of their trip.

Mrs Mary A. Hurd, who has long been a resident here, has moved to Bridgeport, where she will reside with her son.

Franklin C. Beeman and Miss Mary Lancaster were married, last Thursday, and have taken up their residence on White Hill.

The D. of L. Lady Sherman Council, will hold a festival on the evenings of the 14th and 15th, in Pierpont hall.

BETHEL.

A CHARMING HOME WEDDING.

A very delightful home wedding took place, last week Thursday afternoon, at the home of Mr and Mrs Frank A. Judd of Huntington, L. I., an uncle of the bride, Eva B. Judd, became the bride of Frank Parsons of Danbury. The ceremony occurred at 2.30 o'clock, Rev H. Q. Judd of Huntington, L. I., an uncle of the bride, officiating. The bride was lovely in a gown of white. She carried a bouquet of pink and white roses, which afterward were used in decorating with flowers, chrysanthemums being mainly used. Among those present from out of town were Mr and Mrs Walter Parsons of New Haven, Mr and Mrs Elwell and the Misses Moore of Danbury. A choice wedding dinner was served at 5.30 o'clock, after which Mr and Mrs Parsons left for New York City for a week's sojourn. They will reside at 39 Balmforth avenue in Danbury, where a handsomely furnished house awaits them. The wedding gifts were beautiful and numerous.

SEVERE ACCIDENT TO FRED CURRY.

Fred Curry, while driving in New York state on Sunday, stopped a moment by the roadside, an uncorked jump from the carriage. He was so unfortunate as to fracture both bones in one leg. Dr Day is attending to his injuries.

THE DEERFIELD DISTRICT.

Floyd W. Burr has visited his aunt, Mrs Charles Beach of North Main street, Bridgeport.

Mrs Rufus B. Jennings has spent a few days with her daughter, Mrs A. H. Pease.

A very pleasant surprise party was given at the home of Mrs H. E. Dowd, last evening, and although the evening was so unpleasant, 25 or more were present. Games, music and abundance of refreshments made the evening pass very quickly and agreeably.

H. W. Bowen of Meriden was the guest over Sunday at Mrs H. E. Dowd's.

SOUTHBRURY.

ARTESIAN WELLS.

H. B. King, an artisan well driller from Hartford, is putting down a well for the Messrs Hine. In reference to his method, Mr King says: By the use of our artesian well drilling machinery, we drill a six-inch hole down through any formation of earth, sand, gravel or rock, using a heavy wrought-iron casing until the bed-rock is struck. We then drill a six-inch hole into the rock until plenty of pure, cold water is found; which is always running in the seams of the rock. Where the rock is not found we always find a good vein of water in strata of gravel, which insures pure water. We can always get a good well where it is impossible by any other method. These wells will never need cleaning out, as nothing can get in from the top or sides. The water is taken directly from the living spring. We put a substantial iron pump on top, with which the water may be forced up into tanks in houses or mills, or attach hose for washing windows, carriages, etc. These pumps can be run by hand or windmill, or by power from shafting. We sink old wells deeper without disturbing the walls, or spilling rice laws or doorways.

Hine Brothers are busy in filling a contract for 18,000 feet of oak timber to be used for ship building purposes. The lumber goes to a New York party. The gentlemen will also begin work soon on a lumber job on the land of Ezra Pierce in Britain, where they have bought standing timber. In addition to these large jobs, Hine Brothers turn out some 40,000 feet of lumber annually in custom saw-

ing. They are hustlers, keeping from three or four to a half dozen people busy.

MIDDLEBURY.

IMMENSE FARM BUILDINGS.

If the fathers of a half century ago could visit Middlebury to-day and view the immense and palatial farm buildings on the estate of H. B. Tuttle they would indeed open their eyes with wonder. Mr Tuttle is a resident of Naugatuck, but some time ago bought two farms here. He has a summer home, and is about completing some immense farm buildings, which are the largest and most extensive to be found in this section. The buildings are all connected and when viewed from the north have an imposing appearance. To begin with on the extreme west is a roomy hay barn, 40x250. At the north of this is an engine room, a silo 12x12, and a milk room in which the milk is brought from the dairy to be weighed and tested. East of this are the cow stables, 96x38, and Mr Tuttle is preparing to go into the Guernsey stock. Opening off from this is an immense manure pit, a shed and a work room. Next adjoining is the carriage and harness room and stables. The way the buildings are arranged, it provides for two large barnyards. All the liquids from the stables run into a cistern, and from this the liquid can be drawn on to the land, or used as wanted. He has put up a slightly wind mill for pumping water. Everything about the buildings is constructed in a thorough manner, and without regard to cost. Mr Tuttle is an architect by profession, and is carrying out his ideas in the buildings. In front of the barn he has erected a handsome cottage for his farmer. Across the road from the barns is a complete creamery, which is in charge of A. C. Ball, a professional creamery man. The buildings are certainly models of their kind and Mr Tuttle is to be congratulated on the happy result.

Say, why don't you try Dr Witt's Little Early Bile Beans? These little pills cure headache, indigestion and constipation. They're small, but do the work. E. F. Hawley, Newtown, and S. C. Ball, Sandy Hook, Conn; A. B. Blakeman, Botetford.

Mrs W. B. Meek, who resides at Camp-tonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by E. F. Hawley, Newtown, and Samuel C. Ball, Sandy Hook.

Nothing so distressing as a hacking cough. Nothing so foolish as to suffer from it. Nothing so dangerous if allowed to continue. One Minute Cough Cure gives immediate relief. E. F. Hawley, Newtown; S. C. Ball, Sandy Hook; A. B. Blakeman, Botetford.
