Eisenschimmel, Hired by Lieutenant, Tells Him Wife Is Author of Advertisement

Following a long study of the documents in the Slingsby baby substitution case, Carl Eisenschimmel, handwriting expert, reported to Lieutenant Charles Slingsby yesterday that Mrs. Slingsby and none other wrote the advertisement which was published in San Francisco for a baby boy for adoption...

American Sailors Bunkoed in Rome Out of \$12,000 Cash

ROME, Nov. 11.—One thousand blue-jackets of the American battleships Utah, Delaware, Ohio and Vermont today found themselves poorer by \$12,000. The money was turned over to a musician named Camorazzo, who formerly belonged to the band on the Utah, who guaranteed to get them a special train for an excursion to Rome and an audience with the pope. When the men obtained shore leave here to take advantage of the excursion which they had paid for they could not find the former bandman or their \$12,000 cash.

\$6,000,000 Increase in Wages to Trainmen

NEW YORK, Nov. 11.—An increase of \$6,000,000, amounting to 7 per cent of the total annual wages of the conductors and trainmen on 41 eastern railroads, became effective today. The award was announced last evening by the board of arbitration organized under the Erdman act. The original demands of the men, who number approximately 29,000 conductors and 80,000 trainmen, was for an increase of 20 per cent, or about \$18,000,000.

Brokers Suspended for Big Wireless Swindle

LONDON, Nov. 11.—Stock exchange directors today ordered the suspension for five years of Helborn and Craft for their methods of placing shares in the Marconi Wireless Telegraph company of America on the exchange, which created a big scandal in Europe. A five year suspension is equivalent to expulsion.

World Dry by 1920 Is Anti-Saloon Slogan

COLUMBUS, O., Nov. 11.—World wide prohibition by 1920 is the keynote of the fifteenth annual convention of the Anti-Saloon League of America, which opened here last evening.

Porter Attacks Three Burglars and Gets Two; Other Escapes

Found Them Rifling Basement and Promptly Goes After Them, Making Capture James Ward, a porter living at 37 John street, was awakened early this morning by burglars who were rifling his basement. Running downstairs, he saw three men and promptly attacked them. In a terrific battle one of the men escaped, but Ward held the other two until the arrival of the police.

Coal Mine Strikers Confess to Killing

WALSBERG, Colo., Nov. 11.—Seven coal mine strikers, the full number directly implicated, have confessed to the ambushing and killing of three mine guards, an automobile driver and the wounding of a non-union miner near La Veta.

President Will Not Appoint Pindell

WASHINGTON, Nov. 11.—The president will not appoint Henry M. Pindell of Peoria, Ill., ambassador to Russia. This is the accepted view of the situation taken here today following a conference at the White House of the president, Secretary Bryan and Mr. Pindell. The latter declined to discuss his interview with the president, but it is evident that the conference was a highly disagreeable one for him.

Seek Noisy Car That Covered Yeggs' Work

SAN JOSE, Nov. 11.—The police are seeking today a big touring car, the engine of which is believed to have been made by cracksmen in drilling the safe in the jewelry store of Rachlin Baer Sunday night and stealing \$10,000 worth of diamonds. While the cracksmen worked in the stillness of the night, an unidentified chauffeur standing in the street started up the engine of his automobile.

Some Ship Is New Liner Aquitania

LONDON, Nov. 11.—The task of putting the colossal turbine machinery into the new Cunard line steamship Aquitania, the largest British passenger ship, is under way today at Clyde bank. Each of the Aquitania's four funnels is large enough to allow a vessel the size of the Comet, one of the first steamships ever built, to pass through it.

Secretary Approves Navy Aviation Reserve

WASHINGTON, Nov. 11.—Secretary Daniels has given his approval to the plans for the organization of the United States aviation reserve as a part of the volunteer reserves of the navy, which have been perfected by A. E. Lambert of St. Louis. The secretary will address the aviation reserves at the Commercial club, St. Louis, November 20.

Money Bargain Sale Draws Crowds to Call

The Call's "money sale" today, where you could get a dollar's worth of pennies for 95 cents, was the magnet that drew hundreds to the counters of the business office. Despite the election and a stormy day, the crowds began to gather early to snap up the brand new coins from the mint.

FEVER TEST PERFECTED AT U. C.

Savant's Discovery Expected to Revolutionize Typhoid Treatment

Announcement was made today at the University of California of the discovery by Dr. Frederick P. Gay and Dr. John N. Force, members of the faculty, which in point of achievement probably makes the state institution foremost in the world in the conquest of typhoid fever.

Weapon Against Typhoid

This discovery, long sought by scientists throughout Europe and America, gives the medical profession its most valuable weapon in the fight against typhoid. The benefits are threefold.

First—Any individual may learn in a few hours whether he is a natural victim of typhoid—that is, whether his natural resistance against this particular malady is abnormally low or is high.

Second—Vaccinated persons may ascertain promptly whether the treatment has "taken."

Third—The length of time which elapses before a vaccination loses its potency and revaccination becomes necessary may be definitely fixed and with scientific accuracy. This period of course varies slightly with individuals and has hitherto been conjectural.

The human skin supplies the medium of diagnosis.

124 TESTS PROVE SUCCESSFUL

Doctor Gay has personally tested the method, using 124 cases, with sufficient results to justify his announcing the discovery to the scientific world. Doctor Gay, like other pathologists, considers that "recovery from typhoid fever may be taken as presumptive evidence of immunity against recurrence of the disease."

Propose to Do Away With Grave Mounds

MADISON, Wis., Nov. 11.—Mounds over graves in Madison cemeteries will be a matter of history if the cemetery association directors adopt a tentative plan forbidding future mounding of graves after burial. All graves will have a flat surface and will be marked only by a monument.
