Sugar; Cream, capacity 5/8 pints; Tray 21 5/8 inches extreme diameter.

Final arrangements for the silver service presentation to the battleship Delaware were discussed by the battleship committee of the Board of Trade at a meeting in the home of Josiah Marvel, No. 1207 Van Buren street, last night. Governor Pennell, who is to make the presentation address, attended the meeting and he and the committee were guests of Mr. Marvel at luncheon.

It was definitely decided to present the silver service at 11 o'clock on the morning of October 5. Final arrangements for the entertainment of the officers of the battleship could not be made, as Captain Gove of the battleship, must be communicated with. The program will be submitted for his approval.

Besides the public entertainment of the officers, one or two private entertainments are planned. It was decided to present to the crew some gift. A suggestion to what would be most appropriate is expected from him.

One suggestion is that the crew be provided with Delaware apples. The committee will not attempt in entertaining either the officers or the crew. The Y. M. C. A. has volunteered to assist in entertaining the enlisted men, and members of the committee will confer with the officials of the association.

Thousands of persons have viewed the silver service which is on exhibition in the store of Millard F. Davis, southwest corner of Tenth and Market streets. Everybody is welcome to see the beautiful designs of silver, as the Davis store is open to the public and persons are there to explain all about the \$9,997 gift, the oil paintings of Delaware naval heroes and the beautiful flags that are soon to grace the captain's quarters on the Delaware.

The silver service after to-night will be removed from the Davis store and will be taken to New York, where it will be exhibited in the window of the Gorham Company.

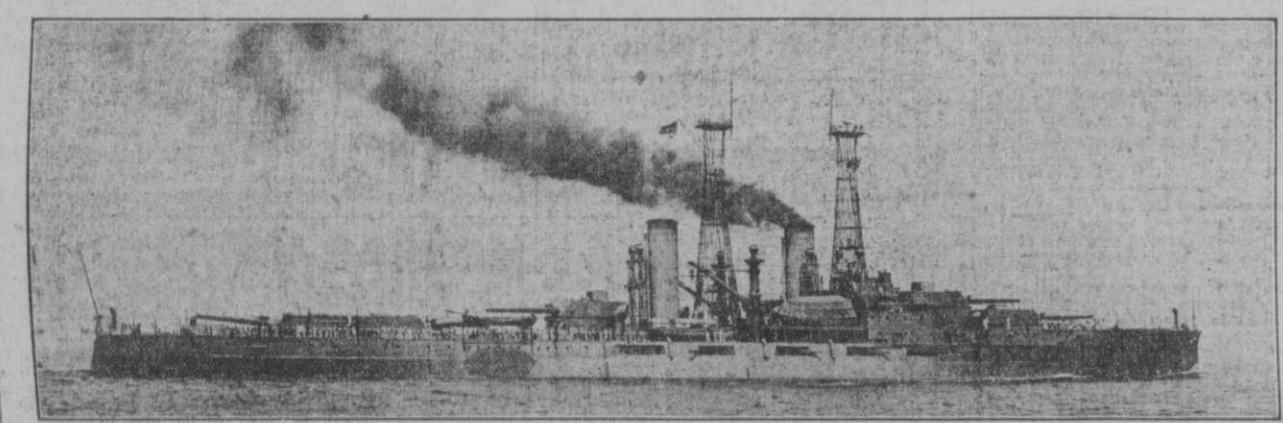

About the Old Delaware. Captain William Lee of this city, has a copy of the National Calendar, of 1831, in which is printed an account of the old ship of the line Delaware, built at Gosport in 1810. This old ship had seventy-four guns and was a big boat for those days. In regard to the vessels in ordinary it was set forth that the Delaware had been in the navy yard at Gosport for thorough repairs for sixty days, the cost of the work done being \$103,892.

At the time The National Calendar was printed the navy of the United States was made up of seven ships of the line in ordinary; frigates of the first class, five in commission and two in ordinary; frigates of the second class, one in commission and two in ordinary; sloops of war, twelve in commission and three in ordinary; and schooners, four in commission and two in ordinary. The total navy in commission was twenty-two boats with sixteen in ordinary. At that time there were being built five ships of the line and six frigates.

In the list of postoffices printed in the same journal Delaware is credited with offices in Dover, New Castle and Georgetown. The postmasters were: Dover, John Catts; New Castle, Hugh W. Ritchie; Georgetown, Philip Short.

Y. W. C. A. Vesper Service. The Y. W. C. A. will have its vesper service tomorrow afternoon at 4 o'clock for women. Miss Clara Mendenhall will be the speaker.

Given a Serenade. A number of friends of Lesley L. Pyle took advantage of his absence.

BUILDING AGAIN BOOMS

Permits Issued This Week for Operations Cost Close to \$42,000

BANCROFT COMPANY PLANS BIG WAREHOUSE

A permit for a \$35,000 operation was the most important one issued by Building Inspector Cassidy during the week ending today.

This was to the Joseph Bancroft and Sons Company for an addition to its textile plant in this city, making the latest of the many improvements undertaken by this company within the last year. The building will be used as a store house, will be of concrete, and will consist of five stories with dimensions of 150 by 70 feet.

The Bancroft Company obtained a permit this week also for a small addition to the Rockford plant at a cost of \$400.

A permit was granted to Joseph Schunder to build three dwellings on the south side of Twenty-fourth street between Tattall and West for Daniel Dohl at a cost of \$2900 each. The same contractor will erect two dwellings on the south side of Twenty-fourth street between West and Washington at a cost of \$2300.

Two hundred dollars will be the cost of a shoe shop to be erected by Ernest D. Sabatronic for Dominick Bernardo on Scott street between Seventh and Eighth.

The Indian Refining Company obtained permits to erect four frame buildings with corrugated iron roofs for the storage of oil and other purposes on Commerce street, east of Third street bridge. The largest building will cost \$1600. The other buildings will cost \$500, \$400 and \$150.

A permit was granted to D. L. Topkis to erect two dwellings on the

IN SELECTING TOILET SOAP

Why not procure one possessing delicate emollient properties sufficient to allay minor irritations, remove redness and roughness, prevent pore clogging, soften and soothe sensitive conditions, and promote skin and scalp health generally? Such a soap, combined with the purest of saponaceous ingredients and most fragrant and refreshing of flower odors, is Cuticura Soap. It costs but a little more, it wears to a wafer, and gives comfort and satisfaction every moment of its use in the toilet, bath and nursery. No other soap has done so much for poor complexions, red, rough hands, and dry, thin and falling hair. It has done even more for skin-tortured and disfigured infants, children and adults, when assisted by Cuticura Ointment. As a toilet soap for preserving and purifying the complexion, hands and hair, and as a skin soap for dissipating irritating and unsightly conditions of the skin, Cuticura Soap has no rivals worth mentioning. Its sale is greater than the world's product of other skin soaps combined. It is sold wherever civilization has penetrated. It has depots in all world centers. For the thirty-two page Cuticura Booklet, a guide to the best care of the skin and hair, address Potter Drug & Chemical Corporation, 131 Columbus Ave., Boston, U. S. A.

north side of Twenty-second street near Madison at a cost of \$2766 each. A permit was also issued to H. P. Carlin to make alterations at the northwest corner of Seventh and Union streets for Michael Dougherty, costing \$362.

A Reliable Medicine—NOT A NARCOTIC.

Mrs. F. Marti, St. Joe, Mich. says Foley's Honey and Tar saved her little boy's life. She writes, "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar, in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house."

MANY TRANSFERS ARE REPORTED

The following transfers of real estate were recorded at the office of the city registry clerk since Wednesday of this week:

- North Side Improvement Company to the Mayor and Council of Wilmington, the bed of Monroe Place, between Twentieth and Twenty-first streets, \$5.
