Washington.

NO AGREEMENT IN CAUCUS—NO PROBABILITY OF AN EXTRA LEGISLATIVE SESSION.

WASHINGTON, Feb. 22.

The Republican caucus came to no agreement, as to the order of business, but the general impression is that the appropriation bills will be disposed of before considering the Civil Rights bill, passed by the House. They do not think there is any probability of an extra legislative session, as business is in a forward condition.

Forty-third Congress.

WASHINGTON, Feb. 22.

SENATE.

The Senate has passed the Indian Appropriation bill.

HOUSE.

In the house a bill was presented providing for a meeting of Congress on the 4th of March next, and of each succeeding year when the congressional term commences.

The River and Harbor bill was taken up and passed.

The Railroad War.

PRESENT STATUS OF THE FIGHT—INCIDENTS AND POINTS IN THE CAMPAIGN.

The war between the Baltimore and Ohio and the Pennsylvania Railroad Companies has closed its first week without showing signs of relenting or of weakening on either side. The reductions in passenger rates first made by the Baltimore and Ohio Road have been met by its rival, but each seems desirous, for the present at least, not to go below the abatements already made. So far the

OTHER GREAT TRUNK ROADS

between the East and West are holding a neutral position, but it is quite safe to predict that if the war lasts a week longer there will be a general break and stampede along the whole line. To keep the Erie and New York Central out of the fight the Pennsylvania Central endeavors to maintain the regular rates of fare between New York and Chicago, whilst from Philadelphia to Chicago it has come down to the low rates established by the Baltimore road. At Chicago also there are evidences of growing dissatisfaction with the unequal rates made to certain points that indicate that the quarrel must spread.

Baltimore and Potomac officials say that

NO BALTIMORE AND OHIO THROUGH TRAINS

from or to Washington have been carried by the Pennsylvavia Railroad Company over the line of road between Philadelphia and New York since Thursday last. Up to Saturday, however, Baltimore and Ohio passengers arrived at the President street Station, and proceeded on to Washington via. the Baltimore and Ohio road.

It is said that the putting on of the Old Dominion Line of steamers for the transportation of the Baltimore and Ohio freight between Baltimore and New York, via Norfolk, is only a temporary arrangement, and that as soon as possible

A NEW LINE OF STEAMERS

will be placed in the service. The Baltimore and Ohio Company are not carrying local freight in these steamers, and are not competing for it.

The Louisiana Report.

CHARACTER OF THE REPORT OF THE COMMITTEE—MESSRS FOSTER AND PHELPS UNITE WITH THE OTHER REPUBLICAN MEMBERS IN THE RECOMMENDATIONS—A RESOLUTION RECOGNIZING KELLOGG AS GOVERNOR APPENDED.

[*Special Dispatch to the New York Times*]

WASHINGTON, Feb. 21.

The report of the Louisiana Committee is a very long document,. It was drawn by Mr. George F. Hoar, and the draft, as first submitted by him, was not modified by the other members of the committe. Its conclusions are adopted by

ALL THE REPUBLICAN MEMBERS

of the committee, including Mr. Foster and Mr. Phelps. It was at first stated Mr. Phelps would unite with Mr. Foster, of New York, and Mr. Marshall, of Illinois. It is announced to-night that he will agree to the recommendations of the committee. The committee recommend the passage of a resolution recognizing Kellogg as the Governor of Louisiana. They also propose a resolution declaring the opinion of the House that the Conservatives elected a majority of the members of the House of Representatives of the State Legislature in the last election.

THERE IS NO EVIDENCE TO SHOW

that Kellogg is personally a bad or corrupt man. His conspicuous fault is a want of courage and firmness, to do what he thinks is right. There is little doubt that he would be stronger and would give the State a better Government with the aid of a Conservative House, provided it were fully established that he was to be the Governor till the end of his term. The evidense shows that a

SMALL TURBULENT, UNEASY,

unemployed class, composed generally of young men, who have come to manhood since the close of the war, cause most of the disturbances, and commit most of the violence in the State. Their acts are not approved by the majority of the people, but they are desperate characters, and in the existing condition of the State and local Government they cannot be restrained but are almost as much a source of terror to the better class of the white population as to the ignorant blacks.

Newark Items.

NEWARK, Feb. 22.

On Saturday evening, while our Newark hack was standing at the Newark station of the P. W. & B. R. R., the horses became frightened. Breaking the hitching strap, they started around the main road to the railroad track. One of the horses broke loose from the hack, crossing just in front of the 10.40 train down from Wilmington. The other, with the hack attached, turned up the track running into the side of the train with the tongue, breaking two panes out of the car windows. After the train passed, he turned back again to the Newark road, where the horse was caught and strange to say not a very great amount of damage was done, no one being in the hack at the time, but a great amount of excitement was caused.

The grand hop of the Citizen's Cornet Band, some evenings ago, was a grand success. The weather being so disagreeable, one would suppose a very good turn out might not be expected, but the reverse was the fact, a very large number being present of both gentleman and ladies. Some of the ladies' dresses were very tastefully arranged. They had engaged for the occasion Courtney's string band, of Wilmington, which discoursed some of the finest dancing music we have heard for a long time in Newark. Supper was gotten up by Mrs. Cloud Pierson, at Newark hotel, in a splendid manner, which reflected great credit upon her.

We regret to have to again announce the extreme illness of Joel Thompson, Jr., President of the National Bank of Newark, who has been indisposed for some time. We made mention of the fact of his being better, a short time ago. His disease has assumed a more dangerous form, and his family and friends have little hope of his recovery. Just while writing, we understand from parties visiting him that Mr Thompson is a great deal better.

The lecture of John O'Byrne, Esq.,at Delaware College, on Friday evening, Subject, "Cross and Crecent," was very well attended, considering the weather, which was none of the best. It is unnecessary for us to say anything in favor of the lecture, the name of the gentleman in this community being sufficient.

We need not speak of the weather of this last week. It speaks for itself.

This being Washington's birth-day, it will be observed as a general holiday. No schools are opened. P.

Explosion of Gas Works.

The gas works attached to the Tome Memorial M. E. church exploded early last evening. A. H. Reynolds, architect, and Thomas Taylor, sexton, who were engaged in making gas, were severely but not dangerously burned. The gas house and works were entirely destroyed. Loss about $1,000. The church was not injured.

ESCAPED FROM NEW CASTLE.—On Saturday night last, two prisoners, a man named Rash and Frank Jackson,escaped from the jail at New Castle. They were awaiting trial charged with misdemeanors.

VEGETINE

PURIFIES THE BLOOD, RENOVATES AND VIGORATES THE WHOLE SYSTEM.

ITS MEDICAL PROPERTIES ARE

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully-selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, and uterine diseases, VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable Blood Purifier yet placed pefore the public.

PREPARED BY

H. R. STEVENS, BOSTON, MASS.

WHAT IS VEGETINE?—It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep,—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and cures all diseases originating from impure blood. Try the VEGETINE. Give it fair trial for your complaints; then you will say to your friend, neighbor and acquaintance "Try it; it has cured me."

VEGETINE for the complaints for which it is recommended, is having a larger sale throughout the the United States than any other one medicine. Why? VEGETINE will Cure these Complaints.

VALUABLE INFORMATION.

BOSTON, Dec. 12, 1869.

Gentlemen—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Salt Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any benefit until I commenced taking the VEGETINE, and before I had completed the first bottle I saw that I had got the right medicine. Consequently, I followed on with it until I had taken seven bottles, when I was pronounced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of VEGETINE. To benefit those afflicted with Rheumatism, I will make mention also of the VEGETINE'S wonderful power of curing me of this acute complaint, of which I have suffered so intensely.

VEGETINE IS SOLD BY ALL DRUGGISTS

VEGETINE

Strikes at the root of disease by purifying the blood restoring the liver and kidneys to healthy action, invigorating the nervous system.

VEGETINE

Is not a vile, nauseous compound, which simply purges the bowels, but a safe, pleasant remedy which is sure to purify the blood and thereby restore the health.

VEGETINE

Is now prescribed in cases of Scrofula and other diseases of the blood, by many of the best physicians, owing to its great success in curing all diseases of this nature.

VEGETINE

Does not deceive invalids into false hopes by purging and creating a fictitious appetite, but assists nature in clearing and purifying the whole system, leading the patient gradually to perfect health.

VEGETINE

Was looked upon as an experiment for some time by some of our best physicians, but those most incredulous in regard to its merit are now its most ardent friends and supporters.

VEGETINE

Instead of being a puffed-up medicine has worked its way up to its present astonishing success by actual merit in curing all diseases of the blood, of whatever nature.

VEGETINE

Says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots, and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results"

VEGETINE

Is acknowledged and recommended by physicians and apothecaries to be the best purifier and cleanser of the blood yet dicovered, and thousands speak in its praise who have been restored to health.

PROOF.

WHAT IS NEEDED.

BOSTON, Feb. 13, 1871.

MR. H. R. STEVENS:

Dear Sir—About one year since I found myself in a feeble condition from general debility. Vegetine was strongly recommended to me by a friend who had been much benefitted by its use. I procured the article and after using several bottles, was restored to health and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health. Respectfully yours,

U. L. PETTINGILL,
Firm of S. M. Pettingill & Co., 10 State St., Boston.

CINCINNATI, Nov 26, 1872.

MR H. R. STEVENS:

Dear Sir—The two bottles of Vegetine furnished me by your agent, my wife has used with great benefit.

For a long time she has been troubled with dizziness and costiveness; these troubles are now entirely removed by the use of Vegetine.

She was also troubled with Dyspepsia and General Debility; and has been greatly benefitted.

FEEL MYSELF A NEW MAN.

NATICK, Mass., June 1st, 1872.

MR. H. R. STEVENS:

Dear Sir—Through the advice and earnest persuasion of Rev. E. S. Best, of this place, I have been taking VEGETINE for Dyspepsia, of which I have suffered for years.

I have used only two bottles and already feel myself a new man. Respectfully,

DR. J. W. CARTER,

REPORT FROM A PRACTICAL CHEMIST AND APOTHECARY.

BOSTON, Jan. 1, 1874.

Dear Sir—This is to certify that I have sold at retail 154½ dozen (1852 bottles) of your VEGETINE since April 12, 1870, and can truly say that it has given the best satisfaction of any remedy for the complaints for which it is recommended, that I ever sold. Scarcely a day passes without some of my customers testifying to its merits on themselves or their friends. I am perfectly cognizant of several cases of Scrofulous Tumors being cured by VEGETINE alone in this vicinity.

Very respectfully yours

A REPRESENTATIVE AND CHAMPION OF AMERICAN ART TASTE.

PROSPECTUS FOR 1875—EIGHTH YEAR.

THE ALDINE,

THE ART JOURNAL OF AMERICA,

ISSUED MONTHLY.

The Aldine, while issued with all the regularity, has none of the temporary or timely interests characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then there is the chromo, besides!

While The Aldine is a strictly American institution it does not confine itself to the reproduction of native art. In addition to the productions of the most noted American artists, attention will always be given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from home or foreign sources.

The artistic illustration of American scenery, original with The Aldine, is an important feature, and its magnificent plates are of a size more appropriate to the satisfactory treatment of details than can be afforded by any inferior page. The judicious interspersion of landscape, marine, figure and animal subjects, sustains an unabated interest, impossible where the scope of the work confines the artist too closely to a single style or subject. The literature of The Aldine is a light and graceful accompaniment, worthy of the artistic features, with only such technical disquisitions as do not interfere with the popular interest of the work.

PREMIUM FOR 1875.

Every subscriber for 1875 will receive a beautiful portrait, in oil colors, of the same noble dog whose picture in a former issue attracted so much attention.

"MAN'S UNSELFISH FRIEND"

will be welcome in every home. Everybody loves such a dog, and the portrait is executed so true to the life, that it seems the veritable presence of the animal itself.

Besides the chromo, every advance subscriber to The Aldine for 1875 is constituted a member,and entitled to all the privileges of

THE ALDINE ART UNION.

The Union owns the originals of all The Aldine pictures, which, with other paintings and engravings, are to be distributed among the members. To every series of 5,000 subscribers,100 different pieces, valued at over $2,500 are distributed as soon as the series is full,and the awards of each series as made, are to be published in the next succeeding issue of The Aldine. This feature only applies to subscribers who pay for one year in advance. Full particulars in circular sent on application enclosing a stamp.

TERMS—One subscription, entitling to The Aldine one year, the Chromo and the Art Union, $6 per annum, in advance. (No charge for postage.)

Specimen copies of The Aldine, 50 cents.

The Aldine, will, hereafter, be obtained only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, (without responsibility to the publishers,) except in cases where the certificate is given, bearing the fac simile signature of James Sutton, President.

SENT GRATIS! CHEAP ENOUGH!

I will send gratis on application a 46 page Catalogue, with descriptions and testimonials of all my New, Early, and Late well-tested Peaches; with much valuable information, of what and how to plant, giving correct rotation in ripening. of all desirable kinds of Peaches, from early to late.)

I have a large stock of the following extra, early variety, all of which ripen from one to two weeks earlier than any other kinds known as EARLY BEATRICE, EARLY LOUISE, EARLY RIVERS, EARLY ALEXANDER, and AMSDENS JUNE, (this one offered in dormant bud only.

EARLY BEATRICE.

This variety has been well tested in large orchards, and hundreds of bushels of this Peach have been put on our market in 1872, 1873 and 1874, and on this. the severest test it could have, it has proved even better than all that has ever been claimed for it. It is fully two weeks earlier than Hale's Early, and free from rot, and the Commission Merchants of Philadelphia and New York not only say it is one of the earliest and best Peaches, but one of the Best Shipping Peaches that goes on these markets, and brings more than double the price of any other peach.

I also offer an immense stock of Peaches in variety, in which are ten new valuable and well-tested kinds, sold by no other house this season, and which will make the season for shipping some four weeks longer. By planting my new early and late varieties, the canning houses can run from one to two weeks longer than ever before while depending on the old kinds. Among the valuable Late Peaches, I offer one which ripens two weeks later than all others, and in 1873 was shipped in an ordinary peach-crate successsfully to Europe, via steamer from Baltimore, fruit arriving in good order. It is a Peach of fine large size, well tested in many large orchards of Maryland and Delaware; not excelled for market value. See Catalogues for Testimonials.

ALSO, AT REDUCED RATES, A LARGE STOCK OF

Apples, Pears, Cherries, Grapes, Raspberries, Blackberries, Strawberries, Gooseberries, Currants, Asparagus, Rhubarb, Evergreens, Roses, and Deciduous Trees and Shrubbery.

In fact, all kinds of Trees and Plants usually found in a first-class Nursery can be supplied, at much less than the usual price, in order to clear ground.

AYER'S AGUE CURE.

FOR THE SPEEDY RELIEF OF

Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, etc., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

℞ Has been widely used, during the last twenty-five years, in the treatment of these distressing diseases, and with such unvarying success that it has gained the reputation of being infallible. The shakes, or chills, once broken by it, do not return, until the disease is contracted again. This has made it an accepted remedy, and trusted specific, for the Fever and Ague of the West, and the Chills and Fever of the South.

Ayer's Ague Cure eradicates the noxious poison from the system, and leaves the patient as well as before the attack. It throughly expells the disease, so that no Liver Complaints, Rheumatism, Neuralgia, Dysentery or Debility follow the cure. Indeed, where Disorders of the Liver and Bowels have occurred from Miasmatic Poison, it removes the cause of them and they disappear. Not only is it an effectual cure, but, if taken occasionly by patients exposed to malaria, it will expell the poison and protect them from attack. Travellers and temporary residents in Fever and Ague localities are thus enabled to defy the disease. The General Debility which is so apt to ensue from continued exposure to Malaria and Miasma, has no speedier remedy.

For LIVER COMPLAINTS, it is an excellent remedy.
