PERSONAL AND PARTICULAR.

Every day we omit obscure news truth we should have known. Speech is silent but silence is golden. Hence the expression hush money.

There was a very general observance of New Year's Day at Paris yesterday. President Thiers held a brilliant reception at the palace in Versailles yesterday.

General Von Bismarck has been appointed president of the German Council of Ministers. Robert Brown of Milton, N. H., has a boy 15 years of age named William, who is a prominent member of the county bench of that county.

The jury investigating the recent disaster at the bridge at York, Pa., in their verdict find that "No body was to blame." A convict in the Kansas State prison was sentenced to a steam road wagon, and several other things.

Joseph Jefferson reappeared on the stage in Baltimore last evening. He played "Tip Van Winkle" to a crowded audience. In New England the present cold term is pronounced the longest and severest that has been experienced for forty years.

The West Chester Republic of Tuesday, has the following: In our last issue we announced that we had been placed in possession of some important facts in connection with contemplated railroad matters in this vicinity.

There are now in circulation in Philadelphia two sets of counterfeit five dollar United States notes. The first of these bogus greenbacks is a poorly engraved and printed paper, and purports to be No. 9812. The state of "America" on the left hand side of the note, is faintly and badly executed.

There is a rather unique thing in circulation in Philadelphia. It is a counterfeit five dollar note, printed on the left hand side of the note, is faintly and badly executed. The line engraving on the back is indistinct and the serial number is 12,720.
