☞ *A Voice from Sweden.* — American Chemists and their production appreciated by the Professors at the celebrated Universities in Sweden.—Mr. Sachs sir, at your request, I have tested Hall's Vegetable Sicilian Hair Renewer, in my practice at the "Seraphitor Hospital," and can say, it will restore gray hair to its original color. It is entirely harmless, and is a valuable remedy to use in such cases.

P. H. MALMSTEN,
Professor of Chemistry and Medicine.
STOCKHOLM, July 4, 1868.

From the highest Medical Authority in Sweden.—As I have had occasion to see several persons, who, from some time have used Hall's Vegetable Sicilian Hair Renewer, and know that it has restored the original color of the hair, as well as being effective in removing the itching and dandruff that accompanies the falling off of the hair, I consider it my duty to acknowledge the same to Mr. Sachs.

☞ *Don't Slight Your Teeth.*—Remember that upon their sound, healthy condition depends the stomach depends. Keep them perfect, and, in order to do so, manipulate them with a brush dipped in the fragrant SOZODONT, once or twice a day.

☞ The Complaints of disgusting odors and injurious effects produced by the use of Parafine Oil on machinery are inexcusable, so long as manufacturers can obtain the pure sperm and tallow oils made by E. H. Kellogg, of New York, at the low prices he advertises.

☞ *The Purest* and sweetest Cod-Liver Oil is Hazard & Caswell's, made on the seashore, from fresh, selected livers, by Caswell, Hazard & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market.

☞ *Chapped hands*, face, rough skin, pimples, ringworm, salt-rheum, and other cutaneous affections cured, and the skin made soft and smooth, by using the Juniper Tar Soap, made by Caswell, Hazard & Co., New York. Be certain to get the Juniper Tar Soap, as there are many worthless imitations made with common tar.

☞ *Dr. Water's Wild Cherry Balsam.* — This Balsamic compound has become a household feature. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary complaints, make use of this unequaled remedy. It can be relied upon, the mass of testimony that has been published since its introduction, being ample proof of its efficacy.

☞ *Now for Spring.*—The Winter days are past, though the cold blasts from the North-west may not have ceased to blow, and our city tailors have already made arrangements for Spring garments for the people. Mr. John H. Muhlhausen, at 415 King street, especially, has laid in a beautiful stock of coatings, vestings cassimeres, &c., for Spring and is ready to receive orders from his usual well dresse customers. He is also having his store papered and painted so that everything looks as bright and fresh as a new gold dollar.

DR. E. F. KUNKEL:

Dear Sir:—I desire to bear unsolicited testimony to the merits of your Bitter Wine of Iron, as a dyspeptic remedy. I have taken it myself with ex cellent effect. I have noticed the great benefit derived from it by several suffering, poor women, whom your charity has enabled me to bestow it upon. I am willing that you should use this in any way you may desire, and hope those of my friends who read it will believe it to be an honest expression of my opinion of an excellent medicine, and of my sense of obligation to its benevolent proprietor, E. F. Kunkel.

Respectfully,
ANNE E. MCDOWELL.
Editor Woman's Department Sunday Republic.

A "FRIEND" inquires: "What does your certificate to the efficacy of Kunkel's Wine of Iron bitters mean? Is it true that it has helped yourself and others in dyspepsia?" It means just what it says. We have proved its efficacy in our own case, and have seen its effects in many others. Dr. Kunkel has our warmest thanks for putting it in our power to relieve many poor sufferers, by furnishing his excellent medicine gratuitously to us for distribution amongst those unable to pay for them.—*Anne E. McDowell.*

I now only ask a trial of this valuable Tonic.

Mr. Chandler has sold his store to Mr. Butler, and will leave about next Monday week for Ohio on a visit to his relatives.

REV. MR. DAHLEEN.—One of the Swedes, resident in Wilmington, though not one of those who came over in the recent companies, addresses us an earnest letter, defending Rev. Mr. Dahleen and representing him as a sincere and worthy man, acceptable to the majority of the Scandinavian population of Wilmington, and especially as to those of the Lutheran faith.

BUSINESS ITEMS.—Daniel Schafer, 518 Lombard street, has opened an agency for a steam washer.

Thomas V. Lighe will open, in a few days, a saloon at No. 12 E. 5th street.

P. Traynor & Son have engaged in the plumbing and gas fitting business at 601 Walnut St.

Robert J. Lawson has opened a looking glass and picture frame depot at 503 Walnut street.

PUTTING IN A NEW ENGINE.—Operations have been suspended in some of the departments of McLear & Reindall's Coach Works for a couple of days whilst a new engine is being put in, and the suspension will continue a day or two longer. These works were recently enlarged, and the Messrs. McLear & Reindall are constantly making additions of machinery, &c., to meet the demands of their increasing trade. They purchased the factory building from John Merrick, last January, paying for it $40,000.

THE "SHAMEFUL AFFAIR" AT SEAFORD.—Mr. Lowman, the brakesman on the Del. R. R., accused by our correspondent at Seaford of shamefully treating a drunken man, says the affair was greatly exaggerated and is inaccurate. He says the man had the money to pay his fare, and persisted in a demand to ride in a freight car against the rules of the Co., until he put him off the train. The striking, he says, was the result of the man's own bellicose attitude, and the blow was made with the naked fist.

"WHISKEY DRIPS."—This is the "taking" title of a book recently published by Messrs. Maclean, Stoddart & Co., of Philadelphia, the author being the famous Detective James J. Brooks, who was very nearly murdered by Marrs, and Dougherty, backed by other members of the Whiskey Ring. The book describes this occurrence and details at length the operations of the gang in their evasion of the law and its penalties. It is an interesting and exciting volume, and will be read with great interest. It is sold only by subscription, and J. Anderson, agent for Porter & Co., is now canvassing this city, to give our people an opportunity to secure it.

STEAM WHISTLES IN THE STREET.—A few days ago, as Mr. B. Frank Townsend, was coming from the South side to the central part of the city, he was detained below the railroad, about a quarter of an hour, by the obstruction of the roadway with shifting trains. While there waiting, the engineer of a passing locomotive gave a sharp, shrill blast with his steam whistle, which frightened Mr. T.'s horse so badly that it wheeled suddenly around upsetting the carriage and starting off in a run. Both Mr. T. and the vehicle were dragged about 50 yards. Now, what necessity exists for the blowing of these steam whistles at all? The locomotives are moved by hand signals, approaching trains are signalled by bells, and brakes may be applied upon shifting cars in the discretion of competent brakesmen. There is no actual necessity for the blowing of steam whistles in the streets of the city, and some measures should be adopted to prevent it.

THE BUFFALO RECEPTION. — The reception of the Buffalo Assembly, which took place on Monday evening, at St. Mary's college building, was one of the most brilliant affairs of the season. There were between 80 and 90 ladies present, and 70 couples adorned the grand march. The ladies were dressed handsomely, every one present seemed highly pleased with the affair. I was also a financial succes. The Assembly intend giving annual receptions; and it will be their aim to always eclipse the one gone by. This reception was spoken of yesterday as the Delaware Fire Co.'s ball.

NEW ENTERPRISE.—There is some talk of starting in our town, a fruit and vegetable preserving establishment. Our town is well situated for fruit canning or preserving, or for manufacturing of any description.

RUMORS ABOUT THE CANAL.—It is reported here that the Del. & Chesapeake Canal has passed into the hands of the Penna., R. R. Co., and a new superintendent and other officers are soon to be appointed. We hope Mr. Price, the efficient and popular Superintendent will not be displaced. There is no man who could discharge the duties of the office more creditably, faithfully or satisfactory.

EXHIBITION.—On Thursday evening last, there was an exhibition and concert given in the M. E. church for the benefit of the sabbath school. There was a large attendance, and all seemed very much pleased with the entertainment. We hope our Methodist brethren realized a good round sum for their school.

ANOTHER UNFINISHED CHURCH.—Two years ago a correspondent at Millington, Kent county, Md., writes us, the Methodists undertook to build a new church, but were unable, and the edifice is still in an unfinished condition. The lecture room is finished and divine services are held therein, but otherwise the church is not used. A little more than a year ago the business part of the town of Millington was burned. This has had the effect to impoverish the town and paralyze energy. No appeal has been made for public aid, but our correspondent is hopeful that some kind friend in Wilmington will send a check to help along the enterprise.

Has been removed to its new location, in the Clayton House, where it is now open for business.

Six per cent. has been regularly paid on deposits, since the organization of the Bank in 1861, and it is the expectation of the Directors that the profits on the actual capital, and on the regular business will enable the Bank to continue this rate of dividends.

Deposits are solicited from persons in the receipt of regular incomes, from Farmers, Mechanics, and Dealers, and from Widows and Children's Estates, and from those whose business enables them to keep a varying balance of cash, from which, if placed with us, they will derive an income in the shape of

SEMI-ANNUAL INTEREST.

A rule of the Bank requires notice to be given of the withdrawal of Deposits, but in all ordinary cases depositors will be paid on demand.
