CANTATA OF THE HAYMAKERS, LAST EVENING.

The audience at the Opera House, last evening, the occasion of the repetition of the *Haymakers*, by the Mendelssohn Choral Union, was not so large as on their first appearance, but it was nevertheless a very fair and sympathetic one. The cantata was put upon the stage as upon the former occasion, and was attended with the same success.

We do not think any one came away, last night, disappointed. There was great improvement over the first presentation, in the absence of timidity on the part of the singers, and the solo voices were brought out with better effect. All the solos were encored. The choruses and semi-choruses were very fine indeed. The part of Snipkins, performed at the first presentation by Mr. Kennedy, was taken by Mr. Crissey, whose voice was somewhat stronger.

Prof. P. Allen was musical director, and Miss Anna Pickels performed the accompaniement on the piano.

THE CANTATA OF LAILA.

The rumor prevalent on the street that all the seats had been sold for the Cantata of Laila, we have been requested to contradict. There are still about 300 seats untaken, which may be had at B. T. & Co.'s. The sale, yesterday, was very large, however.

The Wilmington & Western Railroad.

MORE ABOUT THE SUNDAY TRAINS—MONTHLY TICKETS—THE PIC-NIC GROUNDS AT CUBA HILL.

It is proposed to place two Sunday trains on this road, commencing on May 8th. The first train will start at Landenberg in time to bring passengers to church in Wilmington, and returning, will leave Wilmington about one o'clock. The second train will leave Landenberg at about five o'clock, and return in the evening, leaving Wilmington at about 6½ o'clock. The fares will be the same as on the daily trains.

The sale of monthly coupon tickets will soon begin, the fare being about half the single fare rate. This will enable our citizens who go out on the line of the road for summer boarding to travel to and fro at a very slight expense. Why do not some of the farmers out in Mill Creek and Christiana Hundreds advertise for and receive boarders?

As we reported, a few days ago, the pic-nic grounds of the company will be put in order early in June. A building, 60 feet by 24 feet, with a wing added, is being erected for shelter in case of rain; foot-paths are being made along the hill sides, and bridges thrown across the stream. Those who have visited the grounds pronounce them very suitable for the purpose of pic-nics, and as shade and water is in plenty and the place of easy and cheap access, we do not doubt they will attain great popularity.

The Catholic Temperance Society has engaged the grounds for the 12th of June; and the Friends' Social Lyceum proposes to use them for their annual re-union on the 13th. St. Paul's M. E. Sunday School has engaged them for the 19th.

Special trains will be at the disposal of excursionists, at the following rates: two cars, $50; three cars, $65; four cars $80; six cars, $96; seven cars, $105, and fifteen dollars per car for all above the last number.

Philadelphia Topics.

—There are now more houses "for sale" and "to let" in the city, than at any former period.

—The leading city topics—Centennial, the Pensylvania, and the Market street railway scheme.

—A man's head was found on a lot, Saturday morning, and a search has been instituted for the owner.

—The State Fencibles, Capt. Ryan commanding, will celebrate their 60th anniversary at the Academy of Music on Monday evening.

—The *Star* thinks now that base ball is as much a "profession" as carpet-shaking or any other field work, the clubs should pay for their advertising.

Industrial News.

The journeymen horseshoers employed at the Market Street Railway Company's stables, Philadelphia, nine in number, stopped work on Monday because the foreman of the shop had refused to pay his dues to the horseshoers' society and was in arrears for six months. Under the rules of the society, no member can work in a shop which a man has "fouled" by refusing to pay his dues to the society, and the foreman therefore received notice that he must pay his dues or the men would stop work. There was no dispute with the Company about wages or hours of labor, the men receiving the Society wages of $20 per week. New men were secured yesterday, in the strikers places.

There is no new feature in the 8-hour strike of the New York journeymen carpenters. The Chief of Police has issued an order instructing his officers to prevent any interference with non-society men, there on strike, but the latter declares the order unnecessary and insulting, as they did not propose any interference. The boss carpenters declare that a journeymen's strike at this season of the year is absurd; that there are hundreds of men out of employment, and that the prospect for an unusually dull summer is acknowledged on all hands.

It is stated that the San Francisco Board of Supervisors are about to pass an ordinance levying a tax of $15 per quarter on Chinese laundrymen, depriving of their pig tails all Chinese sentenced to the county jail, and forbidding the removal of dead bodies to China. Representatives of six Chinese companies have telegraphed to Hong-Kong advising Chinamen to cease coming to California.

Of all the amusements that can possibly be imagined for workingmen after daily toils, or in the intervals, there is nothing like reading a newspaper or a book. It calls for no bodily exertion, of which already he has had enough—perhaps too much. It relieves his home of dullness and sameness. Nay, it accompanies him to the next day's work, and gives him something to think of besides the mechanical drudgery of his every-day occupation—something he can enjoy while absent, and look forward to with much pleasure.

Postal Card Decisions.

Persons should not mail two postal cards joined together, one containing an inquiry, and the other blank upon which to make a reply. Both will be cancelled at the office of mailing, and the blank one rendered useless.

The following ruling of the Postoffice Department has just been made respecting postal cards: These cards are not to be advertised, are not to be returned to the writers, nor sent to the Dead Letter Office. If undelivered 60 days after their receipt they should be burned.

No postal card which contains a scurrilous or obscene communication, or which is folded and the edges fastened together, or to which a slip of paper is attached to conceal the communication, or to which any printed matter, photograph or picture *is affixed*, will be allowed transmission through the mails, nor can two cards be pasted together and transmitted without prepayment of postage (in addition to the stamps imprinted thereon) at full letter rates. All such cards will be destroyed at the mailing office. It will, therefore, be well for the public to understand that whilst anything not scurrilous or obscene can be properly transmitted if written or printed on the card itself, no addition to it, or alteration of it, or increase in its weight will be permitted.

THE PENINSULA.

TALBOT COUNTY.

Four colored people have been convicted of larceny since the commencement of court.

Capt. James Tilghman, for many years commander of the steamer Hugh Jenkins, died suddenly week before last in Queen Anne's county.

Thos J. Rowins has been appointed constable for Chapel district to fill a vacancy.

Matthias Murrick claims the finest field of wheat in the country.

J. Frank Bateman has accepted the principalship of the Bishop's school at Easton, Mr. Chisholm having returned to Virginia.

The cerebro spinal meningitis prevails to a considerable extent in the upper part of the county, and one case has proved fatal.

FIRST EDITION.

THE PRESBYTERIAN ASSEMBLY.

[Specially reported for the Commercial.]

BALTIMORE, May 28.

The Assembly was opened, yesterday, with prayer by Dr. Geary, of Oregon.

NARRATIVE OF STATE OF RELIGION.

Reports were received from 131 Presbyteries indicating growth and development in all parts of the church.

Spiritual progress is shown in the prominence given to instruction given in Sabbath schools and Bible classes, in liberal support of missionary agencies of the church, in the increased efficiency and the larger extent of the work of Christian women and in the increasing spirit of gentleness and charity.

The mortuary Record was read, containing the names of 87 ministers who had died during the past year.

THE NEW BOOK OF PRAISE.

After considerable lively debate, the majority report was adopted, directing the Board of Publication in connection with the Committee to proceed to sterotype and publish the hymn book compiled by Dr. Duryea.

THE ELDERSHIP QUESTION.

Dr. Magill, of Princeton, made a long speech urging life service as the only proper term of the Eldership.

The case of appeal and complaint relating to this subject was referred back to the Synod and a special committee consisting of Dr. Magill, Dr. M. E. Moore and five others were appointed to present an overture on this subject to the next Assembly, which should be sent down to the Presbyteries.

SUSTENTATION.

This subject was finally acted upon, continuing the committee another year and complimenting Dr. Jacobus for his valuable services, and referring the question of consolidation with the Board of Home Missions to the Special Committee on Consolidation of the Board.

EVANGELICAL ALLIANCES.

Addresses were made in regard to the World's Evangelical Alliance, to be held in New York next October, and Rev. Drs. Schaff and Nicholls with the Waldensian Delegate, Rev. Mattas Prochet spoke most eloquently. It was recommended that branch alliances be formed in different prominent points throughout this country, each branch sending seven delegates to New York.

The various committees were discharged, and with only a few items of business remaining the Assembly adjourned till this evening at 9 o'clock.

To-day is spent in an excursion to Washington.

FINAL ADJOURNMENT.

The Assembly will finally adjourn this evening, after a session of 12 days, to meet in St. Louis, Mo., the third Thursday of May, 1874.

All its sessions have been characterized by a most excellent spirit, and the work that has been accomplished cannot fail to prove most valuable to the church. J. G. H.

ODD FELLOWS EXCURSION TO LAUREL—ADDRESSES DELIVERED—DEDICATION OF A P. E. CHURCH ON TAYLOR'S ISLAND—A FINE SANCTUARY—A SENSATION IN TOWN—SUPPOSED CASE OF INFANTICIDE—VERDICT OF "DEATH FROM NATURAL CAUSES."

[*Special Correspondence of the Commercial.*]

CAMBRIDGE, Md., May 24th, 1873.

After one postponement, Dorchester Lodge of Odd Fellows, last Thursday afternoon, at half past two, on a special excursion train, left Cambridge, with a goodly number of the honored fraternity, besides citizens of the town, as passengers, for Laurel, Del. At the latter place they were met by the lodge there and one from Salisbury, also, and escorted through the principal streets with lively music.

After the members of all the Lodges had satisfied the demands of the stomach, by a sumptuous supper, especially prepared for the occasion at the Temperance Hotel, they proceeded in procession to the M. E. church, where addresses upon "Odd Fellowship," were delivered. The first speaker was Mr. I. N. Williams, formerly one of the Associate Principals of the Cambridge Military Academy, and at present has charge of a flourishing institution at Laurel. The notoriety which Prof. W., has won as a public orator was fully sustained in his masterly and eloquent discourse. Rev. Joseph Dare, of Salisbury, Md., followed in a fine address of a half hour's duration, upon the same subject. Rev. Wm. E. Evans also made some remarks.

After the conclusion of the speech-making, the audience, which was a large one, dispersed. The excursion train reached Cambridge on its return about 2 A. M. yesterday.

The exercises attending the dedication of the new P. E. Church, on Taylor's Island, last sabbath drew many from all parts of the county. It has recently been erected by Messrs Brown & Bro., Architects, of this town, and is said to be one of the most beautiful and tasty places of worship in this country. Its architectural plan is of gothic style, 24 by 56 feet. The building is surmounted by a handsome spire, which towers 70 feet in the air. Upon its summit is a transverse cross. The pews are of black walnut; the windows open upon a pivod, and the panes are of a modern style of stained glass. Upon the whole, though not as pretentious as some other churches in the land, it is nevertheless a fine edifice for a country church. Bishop Lay consecrated it.

A few mornings ago, a ripple of excitement ran through Cambridge folks. Sensationalists were wild, for a time. Loafers shook off, with a hurculean effort, their leothargy and were at once on the *qui vive*. A discovery had been made, which hinted at intanticide and legal investigation stepped in. Just in the rear of the Maryland Hotel, on High street, partially unearthed was found—what was said to be—*a candle box*. It was broken open and the corpse of a white male child met the startled gaze. The body was well clothed, and apparently had been interred several months. Justice Winterbottom at once summoned a jury of inquest, and a searching investigation revealed the fact that the body was that of an infant but a few days old, and that it had died some time last January, and was clandestinely entombed to avert a scandalous discovery. The parties names who figure in this disgrace are suppressed. The jury rendered a verdict of "death from natural causes." VIDI.

Kent and Sussex Items

[Correspondence of the Commercial]

GEORGETOWN, May 26.

EXCURSION.—The Georgetown M. E. Sunday schools are to have an excursion to Lewes, on the 4th of June.

PLENTY OF STRAWBERRIES.—The prospect of an abundant crop of strawberries, in Sussex, is very good.

CONVERT.—Rev. A. D. Davis, of the M. E. Church, received 26 persons into full connection, last Sabbath at St. John's, Sussex county, near Georgetown.

NEW LODGE, G. T.—A Lodge of Good Templars was organized at Leipsic, Kent Co., on Tuesday evening, the 20th inst., by G. W. C. T. Davis. This Lodge was organized with about 40 charter members, and fair prospects of future success. Rev. J. H. B. Wilson is W. C. T.

TEMPERANCE AT MILTON.—The Good Templars of Milton are to turn out regalia and march from their Lodge Room to the M. E. Church where they will hold a public meeting on Thursday, evening, May 29th. A. P. Robinson, Esq., Rev. A. D. Davis, and others, will address the meeting.

THE DOOMED JOE BURTON.—The colored man, who is to be executed in Georgetown, on the 20th of June, spends most of his time in prayer, and appears horrified at the thought of being hanged.

PREACHERS' ASSOCIATION.—The Preachers' Association of Dover District M. E. Church, will meet in Bridgeville, on Monday evening, June 2nd.

Repairs to the State House.

[From the Sussex Journal, May 23.]

We think the Wilmington COMMERCIAL has a level head on the subject of repairing the State House. A Mansard roof will disfigure the building. The building is a substantial and plain one and fancy work on it will be in bad taste certainly. The State House should be painted inside and out, re-arranged inside and made comfortable, but to attempt to modernize that antique structure, will be to destroy all that is now good in it.

The U. S. steamer Powhatan, Admiral Green, arrived at Boston, yesterday, from Key West.

LOCAL AFFAIRS.

EXIT REHOBOTH.—The post office Department has directed that the name of the post office at Rehoboth, in Sussex county, be changed to Nassau. We suppose the change has been ordered in deference to the new sea side resort which has been located near the town.

STRAWBERRY FESTIVAL.—The first strawberry festival of the season will be held at the Central Presbyterian Church, to morrow evening. This is really a social gathering, to which the public are invited, no admittance fee being charged. It will be held in the church parlor.

THE FIRST CASE OF SUNSTROKE.—On Saturday last, a man named John Sechrist, Jr., residing at Millersville, was overcome by the heat on North Queen street, near the P. R. R. depot. He was picked up and conveyed to Frantz's Hotel and Dr. Frantz sent for. That gentleman pronounced it a genuine case of sunstroke.—*West Chester News.*

WHICH HAS THE MOST INFLUENCE.—The Abraham Literary Society, on Wednesday evening, the 14th inst., debated the question as to which has the most influence in this country, Capital or Education. After a discussion of some three hours, by Messrs. Murray and Bostic, for Capital, and Peter S. Blake and A. R. Hurry, for Education, it was decided five points for each side. The discussion was continued on Monday evening, and after a lengthy debate the Judges decided seven points for Capital and Education nine points.

A Sewing Machine Company.

A PROPOSED NEW INDUSTRY IN WILMINGTON—MANUFACTURING SEWING MACHINES.

The "Keystone Sewing Machine" is a comparatively new combination of the usual parts of a sewing machine, of such a character as to secure great simplicity, strength, capability for a large range of work, and ease of operation. The patent is owned by a company mostly composed of Philadelphians, and the machines have been manufactured for a year or two, in a large establishment on 5th street, below Walnut, Philadelphia, the business occupying three floors of what is known at the Tatham Building.

The machine is already favorably known, and extensive sales have been made since its manufacture was commenced. It is desired, now, to remove the manufactory to more extensive quarters, and secure cheaper power for driving the machinery. We understand a suitable building for the purpose can be obtained at short notice, with ample water power.

It is understood that the Company are willing to remove their operations to Wilmington, if some additional subscriptions are made to the capital, by persons interested in the removal, and to any one who knows the margin of profit there is in the manufacture of sewing-machines, there seems no good reason why this additional stock should not be promptly taken, as soon as the parties in charge of the enterprise make known the details of the proposition.

The establishment of the business in Wilmington would be an important addition to our higher class of industrial operations, employing a heavy amount of capital, and a large number of hands. It is to be hoped the necessary arrangements may be made.

Prompt actions on the part of our citizens will be required to secure the advantages to our city; as parties in other places are offering inducements. A meeting will soon be called in this city to consider the matter.

IRON SHIPMENT FOR THE ROAD—TRACKLAYING, GRADING, &C.

The work of constructing the Bombay Hook R. R. progresses rapidly, and in a short time this line will be in successful operation. Yesterday twenty car loads of rails and other iron were shipped from this city to Smyrna, for the use of this road.

A force of three hundred men is employed on the construction, and the grading is almost completed. The all-important event of tracklaying will be commenced to-morrow, and the first rails will be laid in Smyrna, proceeding down Cemetery street, and thence on the course to the river.

Police Court.

Two fast young men named Charles Phillips and Eli Sinex, for fast driving, were fastened up by the police authorities, for which $2 and costs were fastened on in the way of a penalty.

Alexander White, for disorderly conduct, was fined $2 and costs.

Six inebriates were mulcted in the sum of 50 cents and costs.

Neighboring Counties.

—Reading will organize a first class base ball club.

—The new Board of Health has finally been organized in Reading.

—The *Colon*, of the Pacific Mail Co., built at Chester, has made her trial trip, and all was satisfactory.

—Canby S. Smith has been appointed to the vacant office of Register and Recorder for Delaware county.

—The outgo of Van Amburg's circus in Reading, a few days ago, was greater than the income by $1.246 75.

—The tracklayers on the Berks county R. R. have now reached 4th street on Canal, in Reading in laying the iron.

—Decoration will take place at Longwood, Chester county, on Sunday next. Rev. F. Israel of this city, will preach in the afternoon. Major David Jones will distribute the flowers.

—William Quinn a news agent on the Baltimore Central R. R., was killed on Monday, near Patterson station, while standing on the platform of one of the cars while the train was in motion.

—The handwriting of the late Chief Justice Chase was very peculiar. He wrote a singularly small and almost feminine hand, which, however, he turned off with great rapidity and nervous force. His private letters (which were more numerous than those of almost any other public man who fill d stations so eminent) were models of terse and clear English style.

Joseph Chase and B F. Poole were drowned yesterday by the capsizing of a boat in which they were attempting to pass up the rapids in the Connecticut river, at Guildhall, N. H. Chase was a prominent business man.

Two women were killed by lightning at Ossawatomie, Kansas, last Sunday.

A portion of the Courier building at Hannibal, Mo., was burned yesterday. Loss, $25,000.

A large portion of the village of Bedford, in Canada, was destroyed by fire on Saturday night.

The rivers in the vicinity of Quebec have been so swollen by heavy rains, that about 5,000,000 feet of lumber have gone adrift.

The crops in Kansas and Iowa are said to have suffered great damage by heavy rains during the past week.

Deaths.

DIXON.—On the 26 h inst, Thomas S. Dixon, aged 59 years.

The relatives and friends are invited to attend the funeral from his late residence, 1410 Spruce street, Philadelphia, on Thursday afternoon, 29th, at 2 o'clock. Interment at the Woodland Cemetery.

The Perils of the Rail.

A SERIOUS ACCIDENT ON THE DELAWARE R. R., LAST NIGHT—A PASSENGER TRAIN ALMOST ENTIRELY WRECKED—ONLY ONE CAR LEFT UNHARMED ON THE TRACK.

A "run off" occurred at Prettyman's Switch on the Delaware R. R., about 2½ miles below Farmington, last night, which was, probably, the most disastrous to the rolling stock of the Company of any which have yet happened. Singular to relate, no lives were lost, but the escape is as remarkable as gratifying to the friends of the men whose lives were in jeopardy.

The accident was purely the result of carelessness, but no blame attaches to the Railroad officials. Shelldrake's saw mill is located alongside this switch, and during the day the sawyer had been engaged in wheeling some articles to the other side of the road, laying down a board across the track as a roadway for his barrow. When he quit work at night, he forgot to remove the board, and when the train came thundering along, it struck the board and was thrown from the track with the result as stated below.

The train to which this accident happened was the 6:25 P. M. passenger south, consisting of three cars—a baggage, smoking and ladies' car—and being a little behind time was running at a higher rate of speed than usual, making from 30 to 35 miles per hour. The board was not observed in the darkness of the night until the train was almost upon it, and, consequently, the speed could not be checked in the least.

The locomotive was thrown upon one side of the track, and entirely stripped of its outer covering and the cab. It is a total wreck, pronounced by an experienced railroad man the worst one he ever saw. The tender turned a complete somersault, and landed close by the locomotive. The baggage car broke loose from the trucks and was turned bottom upwards on the other side of the track, while one truck fell with the locomotive and the other ran on down the track, but was soon thrown off. The forward truck of the smoking car was broken off and run back under it, the front platform crushed, and the end of the car partially staved in. The rear car was alone left standing wholly on the track and unharmed.

The engineer, William Pyle, and the fireman, Wm. Waterman, were both in the cab and were swept away with it, miraculously escaping with their lives. Mr. Pyle was pretty badly, but it is thought not not dangerously, hurt, and a bone in one wrist is also broken. His foot was caught under the tender, which held him so firmly that he had to be dug out. Mr. Waterman escaped with slight bruises. They both came up on the morning train to-day, which arrived on time, an engine having been detached from a freight train for this purpose. The baggage master and a brakesman were riding in the baggage car when it upset, but they were not hurt beyond a few bruises.

A wrecking train went down to the scene of the disaster, last night, and so much of the rolling stock as can be got ready will be brought up this afternoon.

A BRAKEMAN KILLED ON THE W. & W. RAILROAD.

Evan Barben, a brakeman on a freight train, on the Wilmington & Reading Railroad, was killed, yesterday morning. The train was nearing Chadd's Ford, about 9.15, when this brakesman was passing along the train, and while crossing a lime car, covered with canvas, his foot slipped and he fell to the track. Sixteen cars passed over him, cutting off his legs, one arm, and breaking his skull. He lived but a few moments, barely having time to speak to his brother, who was the conductor of the train, telling him he knew he would have to die. Deceased was a resident of Oxford, on the line of the P. & B. Central, and was considered one of the most efficient and careful brakemen on the road.

TO INVESTORS.
THE
Northern Pacific R. R.
7-30 First Mortgage
GOLD BONDS,
Which we recommend as a profitable and well secured investment, bear
7 3-10 Per Cent Gold
Interest (about 8⅝ currency.) and have the following elements of security, viz:
1. They are the obligation of a strong corporation.
2. They are a First Mortgage on the Road, its Equipments, Rights and Franchises.
3. They are a first lien on its net earnings.
4. There is pledged in addition, for the payment of principal and interest, a Land Grant of 12,800 acres per mile, through the States, and 25 600 acres per mile through the territories traversed. The Company is already entitled to nearly Ten Million acres of its grant, and its land Sales thus far have averaged $5 66 per acre.
With nearly 500 miles of the road constructed and in operation, the earnings for 1873 will be large.
All marketable stocks and bonds are received in exchange for Northern Pacifics on most favorable terms.

A GRAND TOURNAMENT
BETWEEN THE
Knights of Delaware & Maryland
WILL TAKE PLACE
On the Second Day of June, 1873,
At Hare's Corner,
NEW CASTLE COUNTY, DELAWARE.
A number of Knights will enter the lists, several of whom have become renowned by deeds in former tilts and tourneys on this Peninsula.
The successful Knights will have the honor of crowning the Queen of Love and Beauty. The prizes to be tilted for are the following:
First prize, a handsome top-buggy, valued at $300; second prize, a no-top buggy, valued at $100; third prize, a set of single harness, valued at $50.
The Knights, marshals and aids will form in procession at 9 o'clock, and be led by the Amphion Cornet Band, of New Castle, Del., H. C. McCrone, leader, and proceed to the Tilting Ground.
Tilting will commence at 11 o'clock, under the following rules and regulations:
Distance of tilt, 125 yards; time, 11 seconds. Three arches; diameter of rings, 2 inches, to be fixed 8 feet from the ground.
The Tilting Grounds are only one mile from New Castle, where excursions can be made via Delaware Railroad, north and south, and by the steamer "Major Reybold," from Salem and Delaware City.
A brilliant display of horsemanship may be confidently expected. The judges will be as follows: Chief Judge, Philip R. Clark; Assistant Judges, George Morrison and Thos Holcomb, Esqs.; Chief Officer, William A. Stuckart; First Assistant Officer, William B. Ford; Assistant Officers, H. C. Clark, A. Allston, J. V.
