—A Great Horror Done Away With —Housecleaning is a great horror to nine men out of every ten. When that time comes the "men folks," as a rule, give the domestic hearth a "wide berth." Oceans of suds—the product of tons of soap—fairly flood every part of the house. The women, from the mistress down, labor as they never worked before, and what with the discomfort, the smell of suds and the dampness, and not unfrequently sickness, the product of colds and overwork, matters are generally disagreeable. The simple use of Sapolio instead of soap does away with all this discomfort. It lightens the labor a hundred per cent because it removes dirt grease, stains and spots, with hardly any labor, and but little water, and in one-tenth the usual time.

☞*Dr. Wistar's Balsam of Wild Cherry* is "a combination and a form indeed" for healing and curing diseases of the throat, lungs and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus removing the cause, instead of drying up the cough and leaving the disease behind.

☞*THE LARGEST SHOE HOUSE IN THE STATE.*—Our Summer Styles, walking shoes and gaiters, are light, cool genteel and give general satisfaction to the wearer. Great variety and our prices are low at Babcock and Bro.'s, 206 and 208 Market street

☞*For Loss of Appetite*, Dyspepsia, Indigestion, Depression of Spirits and General Debility, in their various forms, Ferro-Phosphated Elixir of Calisaya made by Caswell, Hazard & Co, New York, and sold by all druggists is the best tonic. As a stimulant tonic for patients recovering from fever or other sickness, it has no equal. If taken during the season it prevents fever and ague and other intermittent fevers.

☞*Do not wait* this warm weather, for a customer made pair of seasonable cool walking shoes, or gaiters, but go where you have a large stock of ready-made work to select from, as good as custom made. Most of our ready-made work has been made specially for our own sales and we can guarantee to almost every one a good fit, from our large and complete stock. Call and see at Babcock & Bro.'s, 206 and 208 Market street.

☞*Suits for Summer.*—The Winter days are past, though the cold blasts from the North-west may not have ceased to blow, and our city tailors have already made arrangements for Spring garments for the people. Mr. John H. Muhlhausen, at 415 King street, especially, has laid in a beautiful stock of coatings, vestings cassimeres, &c., for Spring and is ready to receive orders from his usual well dressed customers. He is also having his store papered and painted so that everything looks as bright and fresh as a new gold dollar.

☞*TAPE WORM! TAPE WORM!!*—Removed in a few hours with harmless Vegetable Medicine. No fee asked until the entire worm with head is removed; can refer those afflicted to patients whom I have cured, that have been treated by noted Physicians of this country and Europe, had been treated months in Medical Colleges; had taken Dr. Jayne's specific Turpentine and all known remedies. Dr J. B. Cherry, 254 N. Ninth St., Philadelphia. Will be at the Washington Hotel, Wilmington, every Monday, from 8, A. M., to 8, P. M.

☞*Sylvan Springs.*—Chas. Kyle, Proprietor. This pleasant place of resort has been neatly fitted up for the reception of individual visitors, picnics, and social parties. Ample accommodations for dancing have been made, and ice cream, lemonade, cakes, fruits, &c., will be sold to all who desire them. No intoxicating liquors will be sold on the ground. He will also continue his popular stand at Second and Market, where the above named luxuries may be had during the season; also, at his residence, Sixth and Orange, where he will be pleased to see his many friends and the public generally.

☞*PEOPLE OFTEN WONDER*

HOW IT IS

THAT BABCOCK & BRO.,

Do so much business when other houses are so dull. The facts of the matter are simply as follows:

1st, We advertise only what we have for sale.

2d, We have for sale what we advertise.

3d, The people buy our shoes because they are pleased with the styles we make.

4th, The people are satisfied that they get full value for the money they leave with us and they come again and send their friends, and so the multiplication of sales and customers have gone on, until in less than six years of constant application and hard work, we have built up a trade that far exceeds any in Wilmington.

We invite everybody to call and see if the above are not stubborn facts, at 206 and 208 Market street, Wilmington, Del.

☞*ATTENTION!*

The Board of Education meets this evening.

Mr. H. B. Seidel is at the Ocean House, Cape May.

Alexander Chandler, City Receiver of Monies, has gone to Ocean Grove.

Judge Gilpin is having a handsome new picket fence made in front his residence on Delaware Avenue.

Eighteen deaths from cholera and thirty from cholera morbus were reported in St. Louis during last week.

The P. W. & B. Co., are preparing to erect a fire-proof building at the depot in this city for the storage of oil.

The steam pump factory of J. H. Gowan & Co., at Cincinnati, was damaged by fire to the amount of $20,000.

DECEASED.—Jacob Zebley, an old and well-known citizen of Brandywine Hundred, died somewhat suddenly, (though his health had been impaired for some time,) on Saturday afternoon. He was about eighty-four years of age, and for thirty years had been a tenant on the river farm, of Messrs. DuPont & Co., above Edgemoor.

JOHN A. ARMOUR'S FUNERAL.—The funeral of John A. Armour, Assistant Local Editor of the COMMERCIAL, took place from his late residence, on Saturday afternoon, Rev. J. P. Conkey, of the Central Presbyterian Church, officiating. The interment took place at Riverview Cemetery, where he was borne to his grave by his late associates, followed by many friends.

BETTER ACCOMMODATIONS WANTED.—Complaint is made in reference to the running of trains on the Penna & Delaware railroad. Travelers can not go south and return the same day, nor are the connections made with the Baltimore Central satisfactory. Persons living south, however; have every facility for making easy connection with the Penna. railroad.

PHILADELPHIA RECORD AGENCY.—The agency of the Philadelphia *Record*, in this city, underwent a change this morning. Mr Porter, who has been managing the affairs of the paper since its introduction here has been retired, and Mr. F. H. Dyer has combined the *Record* agency with that of the *Aldine*. There are now 1600 copies of the *Record* served to subscribers here.

POSTAL AFFAIRS.—John T. Stroud, night clerk at the post-office, has been transferred to the postal car service between New York and Washington. He has not yet been assigned to a train. William L. Heal succeeds him as night clerk.

Samuel Sheppard has been appointed an additional letter-carrier, but owing to the absence of one of the regular carriers his route has not yet been assigned him.

EXCURSION TO CAPE MAY, TO-DAY.—Excursions to Cape May are very popular, this season, and they all seem to be well patronized. This morning, another large party left on the steamer *Twilight* with the Shields' Library Association. All the tickets were sold, and many persons were turned away. As high as five dollars per ticket was offered, this morning, on the wharf. The City Cornet band accompanied the party.

NEW TELEGRAPH.—Arrangements have been made between C. J. Fell & Bro., spice manufacturers, at Faulkland, and the Western Union Telegraph Company for the establishment of a telegraph line from Newport, on the P., W. & B. R. R., to the mills of the Messrs. Fell & Bro. W. T. Westbrook, manager of the W. U Company, in this city, has the matter in hand, and will, no doubt, soon have the work completed. The distance between the two places is about three miles.

THE CITY HOSPITAL.—Mr. John M. Stewart, the Superintendent elect of the new City Hospital moved into his new charge on Friday last, and is preparing for the opening of the same. The Committee having the matter in charge have invited proposals for furniture, and in a short time the hospital will be open for the reception of patients. It is proposed, we understand, to cut out the partitions between the small rooms, and throw several of them together, thus affording large and airy apartments.

WASHINGTON COLLEGE.—The faculty of Washington College, at Chestertown, Md., has been re-organized, as follows: Principal, Prof. William J. Rivers, of the University of South Carolina, from Columbia, S. C.; Vice Principal, Prof. William H. Zimmerman, of Baltimore, Md., formerly of the West Maryland College at Westminster, Md.; Instructor in the Preparatory Department, Joseph Peterson, Esq., of Calvert Co., Md., recently instructor to the public school of Chestertown. Judge Wickes has been recently elected President of the Board of Visitors, and there seems a determination on the part of the Board to build up this old institution of learning. The gentlemen who have been elected to the several positions bring the highest testimonials as practical instructers of youth.

A TOAD THAT EATS CIGARS AND SWALLOWS FIRE.—A few evenings ago, a gentleman living on Lovering Avenue was sitting in front of his dwelling, after the labors of the day were over, and regaling himself with a fragrant Havana. Each successive puff made the cigar perceptibly shorter, until it became necessary to throw it away, which he did without extinguishing the fire. No sooner had he done so, however, and the burning cigar reached its destination, than a large house toad which had been hopping around all the evening, and had no doubt been casting longing glances at the coveted cheroot, made for that stump of a cigar, and with one gulp down it went, fire and all, into the capacious maw of Mr. Toad. The gentleman looked on with surprise, and expected to see that toad do some rare somersaulting, but was disapointed in his expectations, for it quietly hopped off as if accustomed to such delectable bits.

PROF. ISAAC C. WEST—Prof. Isaac C. West, acquitted of the murder of Cooch Turner, but still in the Dover jail awaiting trial on an indictment for arson, has become, we learn, the victim of a remorseful conscience. He is evidently much harrassed in mind, beyond the insanity which is said to possess him, and his actions betray an inward consciousness of the enormity of the offence for which his life was on trial. We learn from a gentleman who has visited him in his cell that he is frequently seen looking at his hands, first on one side and then on the other, as if expecting to see blood upon them and his actions in other respects raise a presumption that remorse for the murder of Turner is settling down upon him. During a late thunder storm he was greatly agitated, and his face, the next morning, was one of the most woe-begone imaginable. He slept but little, and every thunder peal would start him to his feet as if a thousand harpies were dogging at his footsteps. His life at best is a miserable one, but it provokes but a little sympathy.

Along the Wilmington & Western.

KIAMENSI.—A good many persons get on and off at this point. Though not directly on the line of the road, the Kiamensi Woolen Mills, employing a large number of hands, furnish a considerable amount of travel and freight from this station. John N. Porter has been appointed ticket and freight agent.

GREENBANK.—We are glad to see that A. J. Williams & Son are about to proceed with the building of their storehouse at this station. The work has been retarded by the illness of the senior member, but all is right again. The flouring, saw and spoke mills of W. G. Phillips & Bro. are in full blast, and turning out a large amount of work. The most noticeable improvement at the banks is the tasteful county residence of Wilmer Atkinson, of the COMMERCIAL, which in compliment to the editorial and publishing fraternity, has been named by travelers on the road, the "Delaware Chappaqua."

FAULKLAND.—This place has for some time past been one of the loveliest places on the road. The opening of the Brandywine Springs during the summer season, with the facilities for reaching them so convenient, has drawn a large number of summer boarders to the place which gives it in some degree the appearance it had in former days. We understand it is the intention of the owners to offer some portion of the grounds at public sale in convenient building lots, with the stipulation that the purchasers are to erect commodious and handsome summer cottages. If this be the case, we may expect soon to see a large number not only from Wilmington, but from cities more distant, spending their summer vacations here. The large spice mills of C. J. Fell & Bro. are noted all over the Union and in some parts of Europe. Before the destruction by fire, of the mills, in 1867, they were mostly used for the manufacture of chocolate, but since they have been re-erected they have been used exclusively for the manufacture of spices. Thos. W. Jones and his two sons operate the mills. The father is postmaster, and the sons attend to the railroad business. Since the visiting season at the Spring has opened, Faulkland has become the leading post office on the railroad, for the amount of its mail matter.

WOODDALE.—When the W. & W. R. R. was opened, it was proposed, out of respect to Alan Wood, the principal proprietor of the iron works located here, to call the place Allandale, and it was so named upon the first time schedule of the Railroad Company. But this name sounding so much like Avondale, a station on the Baltimore Central R. R., it was feared confusion might ensue, and the name was soon afterwards changed to Wooddale, still honoring Mr. Wood as originally intended.

The iron works here on account of the unremunerative prices of sheet iron, have been closed for a large part of the Summer, the Swedish iron, which is mostly used, costing as much, at the mills, as the sheet iron was worth, after being rolled, but they are now, we are glad to say, in operation again.

MT. CUBA.—There has been no station house erected here yet, by the Rail Road Company, the dwelling house of Thomas Springer being used for that purpose, and a daughter of Mr. S. acting as station agent. A short distance from the station are the flouring and saw mills, formerly Speakman's but now belonging to James Wilson. These mills are being remodelled and enlarged, and carpenters are at work erecting a large stone house, for merchandizing purposes, which must prove of great convenience to the neighborhood. Mt. Cuba pic-nic grounds have been patronized beyond the most sanguine expectations of the Rail Road Company. These grounds are not only the resort of Sunday Schools and Societies from Wilmington, but often they are occupied by small croquet parties from the country. As an experiment, Mt Cuba, the present season, has been a great success.

ASHLAND.—This station was so named from the Ashland flouring mills of A. & J. D. Sharpless, located here, W. T. Bane is station agent and telegraph operator, and J. D. Sharpless is postmaster. The flouring and saw mills, the only manufactories in the place, furnish a large amount of freight for the railroad. Amos Sharpless, who is the Levy Court Commissioner from Christiana Hundred, is repairing, and building larger stone abutments to the county bridge, over Red Clay Creek.

AUBURN.—This place has either the fortune or misfortune to have three names. The original name was, no doubt, Auburn, but after the erection of the extensive snuff mills of W. E. Garrett & Co., it sometimes went by the name of Garrett's Snuff Mills. Since the opening of the Railroad, and the advent of the iron horse, the establishment of a post office was desired by the citizens, but as there were many Auburns, in the country, application was made to Mr. Garrett to select a name for the office. He laid the matter before his daughters, whose minds materially reverted across the broad Atlantic to the old family home in England called Yorklyn, and that name was accordingly chosen for the new post office, and William F. Moore duly commissioned post-master. Mr. M. is also the station agent. The two snuff mills, the store of W. S. Moore, the woolen manufactory of William Clark, and Marshall's paper mills, a short distance up the creek, will make this one of the best paying freight station on the railroad.
