

# CAN YOU NAME THEM?

by RAY BETHERS

1 You could get lost in this jigsaw-puzzle house, a product of the fabulous Gay Nineties

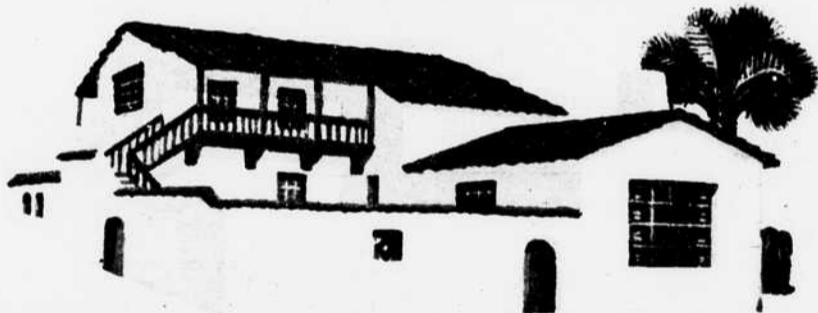

2 Still popular, this simple style is ideal for cool climates

3 This old-world home is half timber, with leaded-glass windows

4 A rambling setup, it's centuries old, has a tiled roof

5 Balconies and walled patio make it fine for a warm climate

6 Latest thing in streamlined homes has sun deck, large windows

## Big moment for a little lady!

TOO BUSY FOR INTERRUPTIONS. Baby is making her first acquaintance with good-tasting Gerber's Cereals.

DELICIOUS! NUTRITIOUS! Babies really go for Gerber's Cereal Food, Strained Oatmeal, Barley Cereal. Just add formula or milk—give a few stirs—and Gerber's are ready. Smooth-as-cream!

MILLIONS OF BABIES who start on Gerber's finely strained cereals thrive on them all through babyhood. Variety! Flavor! Easy to digest! What more could any mother or doctor ask? Except—added iron, calcium and B-complex vitamins—and Gerber's Cereals contain all three! For free samples—write to Gerber's, Dept. 168-7, Fremont, Mich.

### TWO MORE BIG MOMENTS FOR BABY

1. Going on Gerber's Strained Foods.
2. Progressing to Gerber's Junior Foods. Same size container as Strained Foods. Same low price. That means more variety with less leftovers! What economy!
