

\$3,639 GIVEN FOR RELIEF BY CHARITIES IN OCTOBER
 Relief disbursements of the Associate Charities during October totaled \$3,639.80; more than in any previous month, except in midwinter, in the history of the association. During the month 230 families were cared for, as compared with 235 in October, 1920.
 Deposits in the penny provident fund dropped off 20 per cent, from 2,948 to 1,636 for the month. Since October 1,407 contributors have been added to the rolls and forty-five pledges received. The chief causes

of distress are sickness, unemployment, and non-support and desertion of shirking husbands, the reports show.
MUTINY IN SOUTH CHINA DENIED BY ENVOY HERE
 Ma Soo, representative in Washington of the South China Government, today issued a statement denying the troops of President Sun Yat-sen had mutined.
 Ma said the Canton Government had decided "some months ago" to send the 10,000 Yunnan troops home as they had been in Canton more than two years.

UNDERSIZE ENVELOPES CAUSE DELAY IN MAILS
 Girls, don't use those tiny envelopes for mailing your Christmas letters. Their use results in delay and mutilation of mails. The minimum size advocated by the Postoffice Department is 2 1/4 inches.
 On smaller sizes, the department states, addresses are obliterated by cancellation marks, the letters are too small to run through the facing tables and so must be handled three times extra, delay is caused on all mails through the necessity of running the small letters through the cancelling machines by hand, and ad-

ditional delay is caused by the necessity of sorting the small letters by hand, and the small sizes are subject to loss as they cannot be tied firmly in letter packages.
 In addition they often jam the cancellation machines and cause mutilation of mail.
Educator to Speak.
 Garnet C. Wilkinson, assistant superintendent in charge of colored schools, will speak on Sunday afternoon at 5:30 p. m. at the People's Congregational Church, Sixth and M streets northwest.

RENT COMMISSION OPENS MERIDIAN MANSIONS INQUIRY
 The District Rent Commission yesterday began its hearing of the Meridian Mansions case, in which the commission announced it will, of its own initiative, fix rents for every apartment. The day was taken up with the testimony of the owners, regarding the cost of the structure.
 The commission adjourned at 4 o'clock until Monday morning at 10 o'clock, when the case will be resumed.

MRS. STILLMAN WINS CUSTODY OF SONS' FUNDS
 Denied Application as Guardian By Surrogate, Who Leaves Question to Divorce Court.
 NEW YORK, Nov. 11.—Mrs. Anne Urquhart Stillman won another important point yesterday in the litigation developing around the suit for divorce brought by James Stillman, banker.
 Surrogate Cahalan granted the application for the appointment of a commission to take care of the property of the Stillman children, Alexander and James. The surrogate named Mrs. Stillman and her chief counsel, John F. Brennan, as this committee.
 The surrogate said that owing to the adversity of interests between the father and mother of the boys, it is due and desirable that some person other than the father be appointed committee to administer care for their property.
 The children's property consists of birthday and Christmas gifts, now held by the banker, amounting in value to \$150,000 in James' case, and about \$2,000 for Alexander. The property does not include the inheritances of the children from their grandfather.
 The surrogate denied Mrs. Stillman's application to be made general guardian of the boys. He pointed out that the custody of the children is one of the questions to be decided in the Stillman divorce suit.
