THE DEPARTMENTS.

THE YANTIC left Key West, Fla., yesterday, for New York.

SECRETARY BLAINE and family leave for Maine this evening.

THE NATIONAL BANK NOTES received for redemption to-day amounted to $217,000.

JEROME B. HAWLEY was to-day appointed gauger for the Territory of Arizona.

THE PRESIDENT has appointed A. C. Phillips receiver of public moneys at Harrison, Ark.

GOVERNMENT RECEIPTS TO-DAY.—Internal revenue, $779,448.41; customs, $704,-793.78.

JAY STONE was yesterday appointed stenographer to the Secretary of War *vice* N. E. Daws, resigned.

IT WAS expected that there would be some changes in the consular service to-day, but none were made.

LEAVE OF absence for one month has been granted First Lieut. H. H. Coston and First Lieut. F. H. Harrington, U. S. M. C.

COMMANDER SECARD, the new chief of the Bureau of Ordnance, Navy Department, arrived here yesterday from Boston and entered upon his duties to-day.

THE FISH COMMISSION steamer, Fish Hawk, arrived at the Navy-yard yesterday, from Cherrystone, where she has been engaged in hatching Spanish mackerel.

THE RUMORED removal and the rumored transfer of appointment clerk Lamphero of the Treasury are said to be nonsense. He was at his desk to-day performing his usual duties.

POSTMASTER-GENERAL JAMES will leave here to-morrow with the President. He will take along Colonel John Jameson, of the railway mail service, who will act as director of amusements.

S. L. NORTON, accountant in the Custodian's office, was to-day transferred to the Lighthouse Board at a salary of $1,600. His duties as accountant will be performed by Mr. Hatch, storekeeper.

A LARGE COLLECTION.—Collector Blake, of New York, reports to Commissioner Raum that his collections yesterday were $100,000, which brings the receipts for the year up to and over the estimates.

THE TREASURY receipts during the fiscal year were as follows: Internal revenue, $134,974,166.48; customs, $197,500,000; total, $332,474,166.48. The disbursements for military affairs were $41,000,000; naval, $15,-800,000; Indians, $16,540,000; pensions, $50,200,000.

REGISTER OF THE TREASURY BRUCE has issued and delivered to date $208,986,-000 extended 5 per cent. bonds, $45,681,350 of which are re-extended on account of coupons. There are yet to be disposed of $50,000,000 of registered and possibly $65,-000,000 coupons.

AMONG THE President's mail to-day was a letter from a religious enthusiast containing a number of tracts with such titles as "Joy in Sorrow, or Comfort for the Bereaved;" "Strong in Faith (for the afflicted)" and "Carletta, or Going to Sing in Heaven." It is believed that the President will not find time to read them.

THE PAYMENTS made from the Treasury by warrants during the month of June, 1881, were as follows: Civil and miscellaneous, $4,626,132.49; war, $3,282,972.67; navy, $1,131,055.24; Interior, Indians, $276,385.34; Interior, pensions, $1,817,603.71. Total, $11,134,149.45. The above does not include payments made on account of the interest or principal of the public debt of the United States.

GEN. SHELLENBARGER, M. C., from Western Pennsylvania, has been in the city the past two days looking after the interests of his constituents in Government employ. He, with Col. Tom Bayne, M. C., from Allegheny County, and the Ohio delegation, have been warmly working the President and Secretary Windom in the interest of Collector Davis, of Pittsburg, and with success, as Davis will be retained, for the present at any rate.

GEN. JOHN B. HAWLEY, ex-Assistant Secretary of the Treasury, whose name has been mentioned in connection with that office, stated to a representative of THE CRITIC to-day that he had made no effort to get the office and did not want it, and he has not seen the President at all. He says his visit is on another business entirely. His law practice gives him all he can attend to, and he has no desire nor intention of giving it up to take any office in the gift of the Government.

THE PROMOTION of Mr. Boone Chambers to the newly-created office of chief clerk of Sixth Auditor of the Treasury in the Post-office building gives pleasure to all concerned, because Mr. Chambers is entitled to the honor on civil-service rules. He hails from the District and entered the Sixth Auditor's division as a first-class clerk in 1869, and has been steadily climbing the ladder of promotion ever since. During a series of twelve years, during which he has enjoyed various trusts, no suspicion has ever been cast on his integrity, and his genial manners have made him universally popular.

THE REPORT published that Assistant Secretary of the Interior Alonzo Bell will be gently, but finally, requested to vacate his office, is evidently utterly without foundation. THE CRITIC, in conversation will the Assistant Secretary, mentioned the rumor. Mr. Bell said that it was news to him. "I have received no intimation of any such action," he said. "I don't expect to receive any such intimation, and certainly don't wish to. I am grateful, however, to some of the members of the press for keeping me so well posted about myself; it saves me the trouble, and even though, as in the present case, the 'posting' is untrue, it evidences a degree of disinterested kindness so rare in other walks of life that my heart thrills with gratitude to my officious but misinformed fellow-men."

THE PRESIDENT'S VISITORS.—The Executive Mansion presented a scene of bustle and animation to-day. The callers came in flocks and soon thronged the entire building. The President had a very busy time of it in receiving office-seekers and others, and it was quite a relief to him when the time came for holding the Cabinet meeting. Among those who saw the President were Justice Harlan, Senators Mitchell and Harris, Judge Shellabarger, Register Bruce, First Assistant Postmaster-General Tyner, Commissioner Dudley, Commissioner McDougal, Chauncey I. Filley, of Missouri, Governor Foster and ex-Secretary Robeson. A committee of Tennesseans, consisting of Judge Harrison, Gen. Brownlow and Col. Taylor, called to see the President in reference to affairs in Tennessee. A Capitol Hill delegation, including Gen. Payne, Judge Field, S. A. H. Marks, Paymaster Carpenter and A. Grant, were on hand with a strong petition for the appointment of ex-Senator Cragin as Commissioner of the District. They did not see the President, but left the petition all the same.

THE FISCAL NEW YEAR.

NEW APPROPRIATIONS AVAILABLE.

Changes in the Departments To-day—Appointees Happy and Recipients of Yellow Envelopes Otherwise—Names of the Lucky and Unlucky Individuals.

The appropriations for the fiscal year 1881-82 became available to-day, and business is booming in all the departments of the Government. The clerks and other employees have been a good deal excited for several days over certain ill-defined rumors that sweeping changes were to be made. This was particularly the case in the Post-office, Treasury and War Departments and in the Pension Office. The result was that work suffered, the tendency of the clerks being general to gather in groups for an exchange of forebodings. Now the agony is over, and work will go along smoothly again. THE CRITIC, which is nothing if not enterprising, gives below the principal changes made.

THE AGRICULTURAL DEPARTMENT.

Commissioner of Agriculture Loring took formal charge of his office to-day. He was introduced to the heads of various divisions under his charge, and reiterated his statement that there was no occasion to fear a general reorganization of the force of employees. Up to a late hour it had not been decided upon, but it was stated as likely, that Gen. Carmer, of Camden, New Jersey, would be appointed chief clerk, to succeed Mr. Paine, who has concluded to retire. Gen. Carmer was formerly chief clerk of the Agricultural Department.

WAR DEPARTMENT.

The following changes have been made in the clerical force and employees of the War Department, to take effect from to-day:

Secretary's Office—Wm. S. Dupee and Wm. C. Taylor, promoted to messengers.

Adjutant-General's Office—Samuel T. Brooks, of Ohio, and Franklin L. Owen, of the District of Columbia, appointed additional clerks at $1,000 per annum, vice Richard Kingsman and George H. Phillips, removed; Hunter Brooke, transferred from Surgeon-General's office and promoted to clerkship of class one, vice J. V. W. Vanderburgh, resigned; Wm. T. Golden, of Tennessee, appointed additional clerk, at $1,000 (on probation), vice J. D. Entwisle, discharged.

Paymaster-General's Office—Joseph T. Ball's resignation (of class 1) is accepted, to take effect to-day.

Surgeon-General's Office—Wm. French, jr., of Virginia; C. R. Barker, of Massachusetts; Thomas B. Higgins, of the District of Columbia, and Graham L. Gordon, of the District of Columbia, appointed additional clerks at $1,000 per annum, vice H. Brooke, transferred; W. T. Owsley, discharged, and Cranshaw and Graham, resigned.

Quartermaster-General's Office—Augustus Hubbell, appointed clerk of class one, vice Nelly M. Bates, resigned.

Office of Depot Quartermaster, Washington, D. C.—Miss Mary L. Manger, Miss Elizabeth F. Long, Mrs. Clara H. Mohun, Miss E. C. Lancaster, Miss Annie C. Wyeth and Mrs. Mary A. Rousseau appointed copyists at $900 per annum.

All the clerks and other employees now on the list, who were regularly appointed under the act approved March 3, 1881, in the Adjutant and Surgeon-General's Office, except where otherwise ordered, have been reappointed.

Office of the Commissary-General of Subsistence—Fred C. Crawford, of Illinois, appointed to class one, vice N. W. Clear, reduced to $1,000.

APPOINTMENTS IN TREASURY DEPARTMENT.

The following persons have been designated for examination for appointment to clerkships of class one in the Treasury Department from July 1:

A. H. Baker, Minnesota; R. B. Bagby, (colored), Indiana; T. C. Clark, Nebraska; James Dean, (colored), Florida; Elisha Goddard, California; Theo. H. Greene (colored), Mississippi; W. W. Granger, West Virginia; Harrison W. Moore, North Carolina; Homer M. Morrison, Indiana; D. F. Myers, Georgia; Greene D. Williams (colored), South Carolina.

W. H. Richards (colored), of Tennessee, has been appointed to a $1,000 clerkship.

Bruce Cavitt, Tennessee; Wm. R. Davis, Nebraska; John Cunningham, West Virginia, have been appointed to $900 clerkships.

Wm. T. Ferguson (colored), Alabama, and Wm. H. Physic (colored), North Carolina, have been appointed laborers.

The following ladies have been appointed in the Treasury Department, to take effect July 1, 1881: Mrs. Julia A. Breed, California; Mrs. Clara S. Byrne, Kansas; Miss Abbie B. Clark, Georgia; Miss Evalene Caven, Indiana; Miss Annie A. Gilmore, Indiana; Mrs. Hattie T. Hamilton, Indiana; Miss Minnie B. Heard, Missouri; Miss Ella P. Lee (colored), South Carolina; Miss Annie P. Luttrell, Colorado; Miss Carrie E. Martin, Alabama; Miss Mary McCawley, Georgia; Miss Lutie G. Ramsey, West Virginia; Mrs. A. F. Rynex, Illinois; Miss Mary V. Scott, Kansas; Miss Lesa R. Shelby, Mississippi; Miss Gussie Spengemen, Arkansas; Miss Ella Trumbull, Minnesota; Mrs. Fannie L. Utley, North Carolina; Mrs. Lizzie G. Wessle, Wisconsin; Mrs. Emma L. Watkins, Illinois.

The above comprise all the appointments made in the Treasury Department for the fiscal year.

THE GOVERNMENT PRINTING OFFICE.

This was a happy day at the Government Printing Office. Indeed, the "swamp" was a sea, as it were, of smiling faces. The new appropriation having become available, about 200 men and women were furnished employment in Gen. Defrees' mammoth beehive, with a promise of work on full time until Congress meets. Many who went to work there were furloughed employees, but about fifteen new hands were taken on in the typographical department. It appears that during the special session of the Senate, the vast amount of work necessary to be performed made a big hole in the regular appropriation, and when the session adjourned many printers were furloughed and others were put to work on short time. In the bindery no one was furloughed, but all were reduced to short time. Under the new dispensation of things, however, after the 5th instant, in the bindery the employees will be allowed to put in ten hours a day, and in the other departments full time will be the order. Gen. Defrees is out of the city, and was not present to-day to observe the happiness created by carrying out the rule of the new fiscal year. He will return about the 12th instant.

THE PENSION OFFICE.

The report that fully two hundred employees in the Pension Office will be decapitated by the removal guillotine, is slightly exaggerated. Still, there will be many heads lopped off. Chief Clerk Lockwood, of the Interior Department, says that it will be necessary to discharge more than a hundred on account of the inability of the Department to continue the present number with the present appropriation.

Those to be discharged will be of the lowest grades of clerical capacity, and much care will be taken in the examination of the record of work and its character shown up by the employees.

PLATT WITHDRAWS

FROM THE FIELD AT ALBANY.

Programme of the Half-Breeds and Featherheads—They will Endeavor to Elect Depew and Cornell.

ALBANY, July 1.—The joint convention resumed its session at noon to-day. The total vote for a successor to Conkling resulted: Conkling, 28, Wheeler, 38; Cornell, 6; Crowley, 2; Lapham, 13; Folger, 1; Rogers, 4; Potter, Democrat, 48. Total, 140. Before the beginning of the ballot for Platt's successor, Speaker Sharp, Stalwart, announced that he was authorized to withdraw the name of Thomas C. Platt. Great excitement ensued, and a large proportion of Platt's vote went to Depew, some of it going to Cornell, and other votes to scattering candidates. The ballot in detail was as follows: Depew, 48; Crowley, 20; Cornell, 15; Orlew W. Chapman, 4; Platt, 2; Lapham, 1; Adams, 1; North, 1; Daniels, 1; Kernan, 48. Total, 141.

A point was raised by the Democrats that the joint convention was not called to order until eight minutes past 12 o'clock m., and the ballots were null and void, and the convention must adjourn *sine die*.

Lieut.-Gov. Hoskins, presiding, refused to entertain the point of order and ordered the ballot to proceed.

Great excitement followed Sharpe's announcement of Platt's withdrawal from the roll. Several Stalwarts said it was unauthorized, but, nevertheless, Platt got but two votes on the ballot. After the ballot a motion to adjourn was voted down, and the convention proceeded to discuss a resolution by Jacobs, democrat, suggesting a committee of one from each faction, of Democrats, Stalwarts and Half-breeds to arrange pairs to continue over Saturday and Monday. The Democrats advocated this and the Half-breeds opposed it. A motion to table was lost, 61 to 37. The discussion was resumed, the Republicans, Stalwarts and Half-breeds taking the position that the adjournment proposition was a trick to nullify future sessions of the joint convention. After a large number of speeches, a second motion to lay the resolution on the table was carried, and the convention adjourned until to-morrow at noon.

THE REPUBLICAN PROGRAMME.

The feather-heads and Half-breeds claim that they will have sufficient signers to a call for a caucus to insure a caucus to-night, and that the withdrawal of Platt will bring Cornell into the field, and the Half-breeds will elect Cornell and Depew within four days, perhaps to-morrow.

COMPULSORY MILITARY SERVICE.

The German National Party Kicking Against It.

BERLIN, July 1.—The German National party has taken a new departure. In view of the approaching election it has resolved to adopt as an election cry, "Only two years' compulsory service in the army."

Under the present law every German capable of bearing arms must be in the standing army for seven years, generally from the twentieth until the twenty-seventh year of his life. Three of these years must be spent in active service—"Bui den fohen"—and the remaining four in the army of the reserves. The proposed change will be very popular, but that it will be bitterly opposed by Prince Bismarck, Count Von Moltke, and the Emperor is certain.

Injured in a Collision.

CHICAGO, July 1.—By a collision between a passenger and freight train on the Chicago and Eastern Illinois Railroad near Kensington, last night, nineteen persons were seriously injured. Frank Hazen, engineer, probably cannot recover. The wounded were brought here.

THE HENLEY REGATTA.

How the Races Were Rowed and Won To-day.

HENLEY, July 1.—The second day of the great regatta opened splendidly. The weather is perfect. Glorious sunshine lights up the scene and the water is in an admirable condition. The attendence is even larger than yesterday. In the final heat for the grand challenge cup, the London crew were victors. They came in one length ahead of the Leander crew and the Hertford club made a good third. The first heat for the public schools was won by Westminster, Cheltenham second, Derby third. The second heat was won by the Radley crew, Magdalene coming in second. The third heat was splendidly contested, and was won by the Bedford Grammar-school crew, who beat the College crew in excellent style.

The race for the ladies' plate came next in order. For the first heat the Trinity College crew, of Cambridge, and Eaton crew were competitors. Trinity was the victor by one length and a-half.

The race for the Diamond sculls was won by Lowndes, of Hertford College. Wild, of the Frankfort, Germany, Boating Association, made a gallant struggle, however. He had the centre station at the start, with Powers on the Berks' side and Lowndes on the Bucks' side of the stream. He began with a very quick stroke and took Powers' water. Lowndes thereupon came over from the Bucks' side into the centre of the river and thereafter the race was between these two. The German led until beyond Remenham, but before the finish was reached Lowndes rowed him down and came in 4 lengths ahead of him.

The final heat for the Thames College cup excited great interest. It was won by the Twickenham Club, the London Rowing Club coming in second.

The race for the silver goblet between the Thames and the London Rowing Clubs, pairs, was won easily by the former, the Londoners giving up without rowing over the entire course. The winning crew consisted of Adcock and Playboard.

Current Rumors in Wall Street.

[Special Dispatch to THE CRITIC.]

NEW YORK, July 1.—The general gossip was "bullish" after the board last night and at the up-town hotels in the evening. Money dealers said there was no occasion for the pinch in money late in the day, except the carelessness of brokers. Gould's brokers finally supplied all the demand at 4@5 per cent. It was believed that Gould bought stocks largely yesterday, except the Vanderbilts, in which he has still an uncovered short interest.

Vice-president Hopkins says these roads are all cutting furiously. It was stated that Keene bought in about 40,000 shares of various shorts yesterday. Sage is very bullish on Manhattan and is selling ninety-day puts on Wabash at 55 for ½ per cent. of one per cent.

The meeting will be held of the Wabash Company next Tuesday to ratify the purchases of old roads.

The foreign brokers say Europe is doing but little here at present, but bought some stocks yesterday.

Very much of the buying at present of Northwest common is from Chicago parties, who are good operators.

Frank Work says his company is earning 15 per cent., and there are only about $2,000,000 of the common afloat, the rest being held mainly by Vanderbilt.

Private crop reports from the best Chicago people report them equal to last year in the Northwest region.

Winter wheat is not over good, but there is but little of it raised, and spring wheat never looked better.

Vice-president Wadsworth also says the spring wheat on the line of the St. Paul Road never looked better. It is stated by parties, who are in a position to know, that fully 50,000 shares of St. Paul common is loaned out on the street.

There are almost unmistakable signs of a boom in the coal trade, and insiders say there is no necessity of any restriction in production this month as agreed upon yesterday.

There is nothing certain about the August dividend on C. C. C. and I. Devereaux says the company has the money on hand, but will add nothing further. There is more than a suspicion that the funds may be retained in the treasury for use in case of a railroad war. There is said to be a very large short interest in New Jersey Central. There is said to be a powerful bull pool and an impending large advance in St. Paul, Minnesota and Manitoba.

The company are making important connections, has earned 6 per cent. in six months and paid off $750,000 of its sinking fund, and will pay a 3 per cent. dividend in August. The talk is 125 for the stock, now about par.

It is stated that Underhill & Barton have been large buyers of Michigan Central during the past two days, and there is a powerful party in the movement.

CHICAGO, July 1—Later, 10 a. m.—The Missouri Pacific Railway Company has withdrawn its notice of retiring from the Southwest pool, and another attempt will be made to reconcile matters to-day.

Likely to Cheat the Hangman.

LONDON, July 1.—Notwithstanding the conflicting reports concerning the arrest of the man believed to be Lefroy, the murderer of Gold, and the absolute denial that the arrest has been made, it is believed to be certain that the man who was arrested yesterday while traveling from Windsor to London is the murderer. He was in such a dangerous condition, hospital surgeons say, that his wounds, which are supposed to have been received from his victim in his struggle for life, are likely to result in his death unless they are very carefully dressed.

Damaged by a Water Spout.

OWINGSVILLE, Ky., July 1.—Something like a water spout visited this locality last evening. The water fell in a deluge, and an accompanying wind unroofed the buildings, tore down trees, fences, &c. John Sanford and Cornelius Wilson were badly injured by the flying *debris*. The damage to the crops, fences and buildings is very great.
