Thirty International League Batters Hit .300 or Better

See, of Rochester, Who Was Purchased by the Reds Late in Season, Leads Way With .387; Bill Lamar, Former Yankee, Is Second With .369

Unless the pitching in the new International League last season was away below the general class of that fast minor league, David L. Fultz's organization is to be congratulated on the number of excellent hitters developed. No less than thirty players of this Class AA circuit hit for .300 or better.

Charley See, of Rochester, whose purchase by the world's champion Reds late in the season created a big stir, won the batting laurels of the league. In seventy-eight games he hit .387—a mark of which even a Ty Cobb might be proud. Bill Lamar, of the same club, who will be remembered as a Yankee cast-off, took second honors with .369. Lamar, however, played in only forty-four games.

Lawrence Otis, of Baltimore, in 133 games, swatted .364, while George Kelly, the young first sacker of the Giants, clubbed .356 for 103 games with Rochester. Fritz Maisel, former Yankee; John Hummel, the ancient Dodger; Paddy Baumann and Mike Doolan were all in the charmed circle.

Jack Dunn's Baltimore Orioles, which won the pennant easily, quite as easily set the pace to all other teams in hitting. The Orioles attained the most remarkable team average of .299, which was twenty-three points better than Reading, its closest rival.

Following are the batting averages of all new International League players who participated in fifteen or more games:

Duggan Horse Equals Record For 6 Furlongs

Lackawanna Captures Fifth Race by Length After Bitter Struggle With Legal

Special Correspondence.

HAVANA, Cuba, Jan. 25.—Willie Duggan's Right Angle, meeting some of the best sprinters at the local track, easily defeated his field in the Morro Castle Handicap, which carried a net value of $2,070, and was the feature of the program at the Oriental Park track to-day.

The victory of the son of Peter Quince was somewhat of a surprise, as his last race over the local course was way below his true form and on that race the public neglected him in the betting, the gelding going to the post at 10 to 1.

Right Angle was on his good behavior at the barrier, and when the start came A. Collins broke him off well in his stride and with his tremendous early speed he soon had a long lead, being fully eight lengths in front as the field swung into the stretch, and all during the run through the final furlong Collins was looking back at his field. Right at the end he began to ease up his mount and won by four lengths, with Cromwell second, three lengths before Surplice.

Right Angle stepped the first quarter of a mile in 22⅘s, the half in 46 flat and the six furlongs in 1:11, which equals the track record for the distance.

The results:

First race (purse $600; three-year-olds and upward; claiming; six furlongs)—Iron Cross II., 110 (Crump), 4 to 1, 8 to 5 and 4 to 5, won; Polyanna, 105 (Weiner), 8 to 1, 3 to 1 and 8 to 5, second; Perigourdine, 104 (Finley), 7 to 5, 7 to 10 and 2 to 5, third. Time, 1:12 2-5. Assumption, Marty Lou, Beverly Jane, Apple Jack and Arthur Middleton also ran.

Second race (purse $600; three-year-olds and upward; claiming; five and a half furlongs)—Polar Cub, 106 (A. Collins), 2 to 1, 4 to 5 and 2 to 5, won; Annabelle, 90 (Jarrell), 8 to 5, 7 to 10 and 1 to 5, second; Old Red, 104 (H. Garner), 5 to 1, 6 to 5 and 5 to 6, third. Time, 1:06 4-5. Raven Sea, Bardora and Diomed also ran.

Collins), 4 to 1, 8 to 5 and 4 to 5, second; Plantarede, 101 (Carmody), 8 to 5, 4 to 5 and 2 to 5, third. Time, 1:40 4-5. Obertubbessing Will Help Titterton Get Title Medal

Frank Titterton, the clever little Glencoe Athletic Club distance runner, whose victory in the senior five-mile Metropolitan Association championship run last week was protested on the ground that the omittance of his name from the program made him ineligible to start, may receive his rightly won gold medal. It has been brought to the attention of the registration committee that Titterton had filed his entry on time, but owing to a mistake on the part of the Newark games' officials it had been returned to him.

While the registration committee has been assured that the mistake was not on the part of Titterton, it is obtaining additional facts about the case and will make its decision known at its next meeting. An official who will come to the defense of the athlete is Herman Obertubbesing, vice-president of the local association.

The special 600-yard run at the 106th Infantry Post, American Legion, games at the 23d Regiment, Brooklyn, last Saturday night, was the most sensational of the special races indoors this season. Jimmy O'Brien's victory stamps him as one of the best middle distance runners in the country, and he will make it hot for his rivals in all his races during the coming indoor campaign.

Homer Baker, who finished one foot behind O'Brien, also ran brilliantly. Had it not been for Baker's error in running too close to O'Brien on the final turn, thus throwing himself out of his stride, it is likely that O'Brien would have been beaten. A hoodoo has followed Baker in many of his special races and in some instances Baker's eyesight was to blame.

Loren Murchison further proved his right to the honor of being probably the fastest athlete away fom a starting point in this country in the Legion games. In the interpost relay it was his great jump at the start that killed off his rivals right there and then. Ordinarily, Murchison, the fastest man on the New York A. C. team, would naturally be asked to run at anchor. However, in this instance it was rightly figured that Murchison would gain a big enough lead on his opponents during his 220-yard "leg," which his mates would then be expected to maintain to the end.

In the century sprint Murchison made up many yards allotted rivals in the final of the 100-yard handicap dash right at the start. He shot out quickly with the report of the gun with the result that he won in the fast time of 10 2-5 seconds. In this heat Murchison won in 10 1-5 seconds, his best showing this season.

Fitzgerald's Shooting Proves of No Avail

Although A. W. Fitzgerald tied for both the high scratch and the high handicap prize at the traps of the Larchmont Yacht Club, yesterday he was unable to take home either cup. In the former shoot he tied with T. J. McCahill, each gunner having a total of eighty-four out of a possible 100 targets. On the shoot off McCahill defeated Fitzgerald by twenty-four to twenty targets.

Captain X In the Field

When you wanted a drink of water and couldn't get it—

When the chow was cold or hadn't come up—

When life was dreary and rain-soaked, too—

You had one friend that never failed you—

That soothing, comforting standby—a cigarette — and the popular cigarettes over there were round and smoked freely.

When Captain X found he couldn't replenish his supply of Pall Mall (plain ends) in the field, he began smoking the popular round cigarettes. Their shape gave him an idea.

Back in America once more the Captain came and gave us his idea,—a big idea. He suggested that we make Pall Mall cigarettes round in shape, loosely rolled —a cigarette that does not have to be tapped, squeezed or loosened, a cigarette with a free and easy draught.

A cigarette made from the famous Pall Mall blend of 42 Turkish tobaccos chosen for richness and delicacy of flavor.

In the new foil package with a patented opening tab.
