**For Misses!  
A Fall Frock Trimmed with Jeanette Fur**

Fur-trimmed frocks of Canton Crepe speak French more easily than any other kind this Fall—and this delightful little model with its skirt bands and sleeve-edgings of Jeanette fur has a truly Parisian accent—which is enhanced by the gay poinsettia at the waist. **59.00**

Second Floor

**A Velvet Beret Tam Imported from Paris**

conveys all the jauntiness of a Parisian creation, and all the comfort that a hat can boast of. Flying birds embroidered in beads and tinsel give it additional vivacity. Of black Lyons velvet embroidered in black or steel beads, or white velvet embroidered in black or steel beads. **8.50**

Third Floor

**A Charming Fall Overblouse of Georgette Crepe**

introduces the cleverest of novel French ideas in the deep straight berth which not only forms the sophisticated neck-line, but becomes sleeves into the bargain and edges itself with jet beads. In French blue, mauve, American Beauty, jade, navy and black. **12.75**

**A Scarab Charm of Imitation Jade—**

Scarabs, dangling from silk cords, are seen everywhere in Europe this Fall—and this is a particularly attractive example of the delightful vogue—so beautifully carved that its appeal is irresistible. **5.00**
