California Wines.

GURNER & Co.,
DEALERS IN
PURE CALIFORNIA WINES,
No. 80 CEDAR-ST.,
NEW-YORK.

These valuable Wines are gaining public favor with astonishing rapidity, and their unprecedented and unrivaled popularity are not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of the blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.

The following brands are now offered by us. They comprise all the varieties now grown in the State, suitable for sale:
WHITE, or HOCK WINE, of a light straw color, very delicate and fine flavored.
CLARET, a superior wine for table use.
ANGELICA, a rich and naturally sweet wine, much admired by ladies and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine dessert wine, and well adapted for Communion purposes.
MUSCATEL, a light colored, highly aromatic wine. Very similar to the celebrated Tokay.
PORT.—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.
GRAPE BRANDY.—The pure distillation of our wines.
WINE BITTERS.—A very agreeable tonic, and a sure remedy for the diarrhea.
This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced, it has proved a welcome addition to the invalid table, the family circle and the batchelor's sideboard.
Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner, whose stomachs are out of order, and whose systems are generally deranged; mothers weaning children, and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water, and all who live in malarious districts, and are subjected to miasmatic influences, will find it one of the most valuable invigorators that can be taken.
It was used very extensively in 1861 with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates which we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.
It has been given to little children suffering from weakness and weak lungs, with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased, and she is now well.
