May Break First Ground in Eighteen Months.

QUICK ACTION WANTED

Incorporation to Serve as Entering Wedge.

With Rapid Growth in Numbers and Influence Ever on Increase, Members Think They Will Be Able Shortly to Finance Project—Considered as Measure of Economy, Sincere for Building.

Before the expiration of eighteen months first ground will have been broken for a \$250,000 or \$300,000 building for the Washington Chamber of Commerce, if the movement now taking form within the membership of that body accomplishes its purpose.

The recent introduction of a resolution calling for the incorporation of the Chamber under the laws of the District of Columbia was the first step in that direction.

FAVORABLE REPORT READY. The announcement last week that a subcommittee to which the resolution had been referred had completed a favorable report and would present a plan of incorporation at the next meeting of the committee on laws and legislation was, in the minds of many, a virtual promise of speedy building operations.

Appreciating the added prestige that has attached to the Chamber in the last two years and certain that the almost phenomenal growth, both in size and power, that has marked the history of the institution in that time will continue, the progressive members of the Chamber favor a speedy incorporation and stock issue as a means of beginning building operations in the near future. Eighteen months is believed to be a conservative estimate of the brevity of the time that will intervene between the incorporation of the Chamber and the breaking of first ground for the new building.

In the face of the expense the Chamber is now under for rented quarters, lighting, and incidentals, the issue of sufficient stock to insure the erection of a fine building would be a measure of economy in the minds of many. Moreover, there has often been repeated in the Chamber offers by the wealthier or more confident members to take over, along with their own share, the additional stock of those members who do not feel inclined to invest when the issue is made. It is believed that the entire issue would be taken up by members of the Chamber.

Chamber Growing Fast. In the last two years the Chamber has been growing at the rate of about twenty-four members a month. This influx of members has been the result of tireless efforts on the part of Secretary Grant and the membership committee, and little doubt is expressed but what such growth could continue. But the membership committee and Secretary Grant are not satisfied even with this showing, and within a short time—probably at the close of the summer will, possibly before that time—a carefully thought out plan of operations will be put into action and will, it is believed, bring the membership of the Chamber up to the 2,000 mark within twelve months after it is started.

Given a membership of 2,000, any arguments about the unwise of building would be mere airy posturing in the opinion of the pre-building faction. A paid membership of 2,000 would mean an assured income of \$100,000—this leaving out of consideration the income to be expected from the rental of offices in the home of the Chamber. According to figures already compiled, the Chamber could run, with a membership of 2,000, on \$25,000 a year, leaving a net surplus of \$75,000 each twelve months.

Sincere for Building. A. Leftwich Sinclair, chairman of the committee on law and legislation, is heartily in favor of such a move. "The Chamber of Commerce has become a big, live, influential body," said Mr. Sinclair yesterday.

"It has several thousand dollars invested in interest-bearing securities, and is accumulating surplus at the rate of about \$2,000 a year.

"It will not be long before the Chamber will have enough of a nest-egg to take up the question of erecting a building. Then, of course, it will be highly desirable for the Chamber to be incorporated."

"It seems to me that we might as well incorporate now as a little later—especially in view of the fact that other benefits and advantages would accrue to the Chamber from incorporation—but this is a matter to be settled by a committee of the Chamber, to which the question of incorporation has been referred for careful consideration and report.

"If we do not incorporate before we start to build, any real estate purchased for the purpose would have to be held by trustees for the Chamber—which would be very unbusinesslike and unsatisfactory."

Secretary Grant Favorable. Secretary Grant was equally favorable yesterday. "Since the organization of the Chamber," he said, "it has had a rapid growth, and has accomplished much for the city. From time to time members ask the question, 'Why can't we have our own building?' I would be glad to see the Chamber incorporated, which would erect a building, with a large hall suited to convention purposes, as well as having club features, gymnasium, etc.

"The erection of such a building would do much to bring about a centralization of the various organizations now working for the city's advancement, a result much to be desired, and one not so difficult to accomplish, as is shown by the unfeeling regularity with which all organizations merge in the way of joint committee work when any really large and beneficial project is advanced.

"The surplus now laid aside each

JOHNSTON AS "GOP" NABS SMALL BOY

Commissioner Uses Right to Make Arrests.

SHOW BILLS LITTER STREETS

Swooping Down on Lad, Official Carries Him in Automobile to Police Headquarters and Allows Machine to Occupy Reserved Space on Fourteenth Street.

No person will be allowed to litter the streets of Washington with show bills, if Commissioner Johnston sees them first. To throw such newsy circulars about is a violation of the police regulations.

This fact was made apparent yesterday when, according to police officials, for the first time in the history of the District, a Commissioner exercised his power to make arrests. Commissioner Johnston, in an automobile, swooped down on little John Murphy, ragged and dirty, who had in his possession a package of show bills. The lad when questioned said that he was employed by Joe Dorney.

Rushed to Headquarters. With the show bills in his possession, coupled with the fact that the lad was employed by Joe Dorney, the Commissioner seemed to be satisfied. "Jump in," he said, and when the boy was settled in the seat the car was headed for police headquarters. Commissioner Johnston drew his machine up in front of the Fourteenth street entrance to the District Building.

The car was brought to a halt between the two glaring white marks placed on the curbing to warn drivers of vehicles and owners of other devices for transportation that the situation stood this way when Maj. Sylvester arrived on the scene and told John in hand.

In the meantime, the Commissioner's automobile occupied the space in front of the District Building between the two white marks. Watchmen in the building and the police who enforce this particular regulation were busy just at this time. They failed to see the flagrant violation of the police regulations.

Senecas Have Reorganized. The Senecas of the Rosedale Playground League, have reorganized for the coming season and will line-up as follows: Lovelace, catcher; Clements and O'Donnell, pitchers; Smith, first base; Long, second base; McCarthy, shortstop; Maxwell, third base; Vanness, left field; White, center field; Rogers, right field. The Senecas would like challenges from all teams sixteen years old. Address: Bernard Lovelace, 129 Maryland avenue northeast.

South Ends Change Name. At a meeting last night the South End team of the Olympia League changed its name to Southland. The nine would like to arrange games with strong teams in the district. Address all challenges to Jerry Flaherty, 1111 Four-and-a-half street southwest.

Should John's case be brought up in the Police Court to-morrow morning Commissioner Johnston will have to appear as a witness. There will be an interesting scene in the court, according to statements made last night if this should come to pass, as the press agent for the burlesque show intimated that he would invite the chorus girls and principals of the troupe to attend the hearing.

Shortly after Commissioner Johnston left the building and ran his car from the reserved space a messenger boy rode his "bikes" to the curbing between the two white lines and walked into the District Building. In a moment a watchman rushed from the building and ran the bicycle down the street outside the glaring white mark.

A minute later Rev. Cotton Smith, rector of St. John's Church, drove his car to the entrance and alighted without thought of the regulation. One more watchman rushed from the building and with the aid of two big "cops" managed to push the machine from the reserved line. And so the police regulations of Washington are enforced.

Walford Club After Games. The D. N. Walford baseball team would like to arrange games with clubs in the District or vicinity, White Haven, A. S. & T. Company, Ballston, St. Stephen's, Rock Hill, and Mount St. Joseph preferred.

Beautiful Spring Flowers. The choicest specimens of Tulips, Jonquils, Gardenias, Violets, Gude's 1214 P.

REAL ESTATE TRANSFERS. Fourteenth Street Heights—Square 258, lot 15; L. H. Brown to Harvey L. Cooper and James H. Nye, \$10,000.

McLachlen Banking Corporation, Agent, 10th and G Streets N. W.

LOCAL MENTION. Excursions to-day. Norfolk and Washington Steamship Company's steamer from foot of Seventh street for Old Point Comfort and Norfolk daily at 6:30 p. m.

Street Car Mail Boxes Probable. Strong claims are being made by the inventor for the "street car mail box," which has been successfully tested in several cities of the United States.

AGED WOMAN INJURED. Mrs. David Anderson Knocked Down by a Street Car. While crossing the street after alighting from a northbound car at Eleventh street near Kenyon street northwest, Mrs. David Anderson, seventy-two years old, of 1211 I street northeast, was knocked down by a southbound car and badly injured.

INTRUDERS OBEY REQUEST. Take Stocks from Safe Without Breaking Hinges. Satisfied that some day he would be visited by burglars, Richard L. Elliott, a four and feed dealer, at 1206 Seventh street northwest, pasted a large placard on the door of his safe which read: "This safe is not locked. Don't break it or do any other damage. The request is granted by two intruders, who ransacked the establishment early yesterday morning and removed from the safe, without the use of nitroglycerin, \$150 worth of nonnegotiable stock and notes.

Luzon Defeat Franklin. The Luzon Athletic Club opened its season yesterday by defeating the strong Franklin Athletic Club on the Mount Vernon grounds, 7 to 1. All teams desiring games with the Luzon address Manager L. Connor, 107 Twenty-second street northwest.

STREET CAR MAIL BOXES PROBABLE

Test of Invention May Be Made Here.

Now that the season is under way a better line on the high school teams can be gotten. Easton appears to have one of the best lines that has ever represented that institution, but the lack of heavy hitters has always been the schoolboy ranks to play professional ball. "Mac" has received an offer from the Old Point team, and has not made up his mind yet whether to accept it or not.

Although weakened by the loss of "Skip" Herriman, Collins and Quavado, Central is not giving up hopes and is working all the harder to turn out a winning nine. "Cy" McDonald has had the boys out daily, and is giving them plenty of opportunities to display their ability.

If the present plans at Central do not miscarry "Murph" King will be on first again this year, and big McCarthy will play third. At the beginning of the year it was intended to play King behind the bat, but as "Murph's" arm is a trifle weak, a catcher will be developed. Clay Thompson seems to be the man for the backstop job.

Joe Harris, of Eastern, has improved wonderfully in hitting since last year. Joe now stands up well at the plate, and puts plenty of steam into his swing.

By depositing McArde Western lost a capable manager. "Mac" arranged a long schedule for the boys across the creek, and deserves a lot of credit for his hard endeavors. Cahill, who will manage the team now, is a good man for the job and should make a good leader for the Red and White nine behind the bat.

Technical looks to have the strongest team at present. With their pitchers going good the Manual Trainers will make them all bustle.

Fisher is bearing out all predictions made about him early in the season. Fisher is hitting the ball and fielding like a veteran.

Senecas Have Reorganized. The Senecas of the Rosedale Playground League, have reorganized for the coming season and will line-up as follows: Lovelace, catcher; Clements and O'Donnell, pitchers; Smith, first base; Long, second base; McCarthy, shortstop; Maxwell, third base; Vanness, left field; White, center field; Rogers, right field. STREET CAR MAIL BOXES PROBABLE

Test of Invention May Be Made Here.

Strong claims are being made by the inventor for the "street car mail box," which has been successfully tested in several cities of the United States. While nothing definite has been decided upon, Third Assistant Postmaster General Grandfield has expressed his willingness to co-operate with the inventor in an experiment to be made if the car companies will permit the use of their lines for the trial.

Although it is not claimed mail can be deposited while the car is moving at a rapid rate, it is said letters may be easily deposited at street crossings, and dropped without fear of injury, when a car is going at the average speed. The apparatus seems to have many advantages, as the box extends for several feet along the side of the car, and has an opening four inches wide.

When the appliance was tested in Wilmington, Del., the only thing which prevented the permanent institution of the "rapid transit" boxes was the failure of the street car companies to quote rates which could be paid by the city officials.

AGED WOMAN INJURED. Mrs. David Anderson Knocked Down by a Street Car. While crossing the street after alighting from a northbound car at Eleventh street near Kenyon street northwest, Mrs. David Anderson, seventy-two years old, of 1211 I street northeast, was knocked down by a southbound car and badly injured.

The Emergency Hospital ambulance was called, but Mrs. Anderson refused to be taken to that institution. She was carried to the home of a son who lives at 3117 Eleventh street northwest, and a physician was called. It was found one of her legs had been broken and an arm was injured.

INTRUDERS OBEY REQUEST. Take Stocks from Safe Without Breaking Hinges. Satisfied that some day he would be visited by burglars, Richard L. Elliott, a four and feed dealer, at 1206 Seventh street northwest, pasted a large placard on the door of his safe which read: "This safe is not locked. Don't break it or do any other damage.
