The Street Railway Assembly held a large-attended meeting last evening at Bunch's Hall, No. 314 Eighth street north-west. The special committees having in charge the Anacostia lockout reported that everything was going on as satisfactorily as could be expected. The 'busses being run by the assembly were receiving a full share of the patronage of the people of Anacostia, and on that score there could be no complaint. There were a great many persons, however, who not being able to pay two fares, walk to the navy yard in preference to taking advantage of a free 'bus ride. Knowing that these persons are sincere friends to the locked-out drivers and to organized labor, to relieve them from embarrassment and put all on the same footing, the committee advised the taking out of the contribution boxes, which had been placed in the 'buses. The suggestion was approved by the assembly and the boxes were ordered to be taken out of the 'buses. To offset this reduction in the funds for the support of the locked-out men the assembly decided to secure the services of some noted labor advocate to deliver a lecture for the benefit of the Anacostia drivers. Messrs. M. Casey, J. R. Redmond and W. F. Bennett were appointed a committee to make all necessary arrangements and have decided to ask General Master Workman Joseph E. Rowerson, of the Knights of Labor, to deliver the lecture. The ball committee reported progress and will shortly announce the date on which it will be given. FOR LOCKED-OUT DRIVERS. Subscriptions Coming in to The Times Help Fund. Poverty has, in many instances, laid its hand upon the locked-out employees of the Anacostia Street Railway.
