FEDERATION OF LABOR.

The regular meeting of the Federation of Labor held last Tuesday evening was attended by representatives from thirty-nine local organizations.

The contract committee, through its chairman, made the weekly report. A vast amount of business had been referred to the committee.

The regular order of business was not, however, resumed for special-making-need to handle the business.

The delegates from St. Louis also entertained the meeting with some remarks. The delegates from the brewers' assemblies of St. Louis made a great appeal to the local delegates for assistance in organizing the brewers of this city.

A resolution was then presented to the effect that the delegates to the annual convention of the International Brotherhood of Bricklayers be authorized to accept the recommendation of the committee.

Communication was read from the Hod Carriers' Association requesting information as to how they could become affiliated with the general union.

Nearly every section of the country was represented at the regular meeting of the District Assembly last Thursday night.

The general impression was that the report had been well received and that the members of the general union would be glad to have any other organization.

and admit new members admitted by initiation.

Delegates from the Bottling House Employees' Association reported good attendance at the meeting.

The executive committee made its report, which was very satisfactory to the members, especially that part of it which promised a program of membership.

The colored Industrial Laundry Workers held a labor attorney's meeting on Monday evening at the hall, 609 F Street.

Short addresses were made by Mr. Lewis Foster of North Carolina, Joseph Meunier, editor of the 'Liberator' and Fred Vogel, of the local Brotherhood of Carpenters.

Six new members were initiated, an application for membership was made by several drivers and several applications for membership received.

WHILOM BELLE AN OUTCASTS. Sad Story of the Downfall of a Once Pretty Leader of Matine Societies.

Two years ago last July Mrs. Bertha Chase disappeared from Portland, Maine, and nothing was heard from her since.

She was one of Portland's leading beauties and a devotee of the matine societies. In the endeavor to find some trace of her, finally her parents gave up all hope of seeing her again.

Standing at the head of Long wharf, Commercial street, Monday afternoon, was a woman, thin and wretchedly clad, and by an instinctive feeling she recognized her.

She was a poor, old, and wretched creature, a creature of the gutter, a creature of the streets.

SINGLE TAX COLORADO.

The Times undertakes no responsibility for the views expressed in this column.

Mr. J. S. Moran, a lawyer, according to his letter heading, of Greenwood Springs, Colo., sends us the following indignation against the single tax.

"What a monstrous doctrine! Apply it in this State, where first titles are obtained from the Government, a poor man without means, but possessing industry, energy and ambition, settles on 160 acres of Government land.

The above extract very beautifully illustrates how woefully a man of even exceptional intelligence may misunderstand the single tax doctrine.

DISTRICT SOLDIER BOYS.

One Week's News and Gossip Around Local Armories.

The efforts of Gen. Ordway to get settlements from officers who are behind in paying their arrears are meeting with gratifying success.

As stated in these columns some months ago, a vigorous movement has been made to clear these property returns up.

There are still in the Guard six commanding officers who have not given bond. How it occurred is not known.

It seems a pretty heavy duty to be assigned to a commanding officer, this of being responsible for government property.
