To Begin Monday—The Important August Sale of Luxurious Fur Wraps, Coats and Scarfs At Savings of Fully One-Third

on those prices which must prevail in October.

Furs today are very, very scarce, and worthwhile pelts are being immediately taken by manufacturers at almost prohibitive prices. Early in the Spring there was a temporary lull in the market—and prices fell off considerably. We seized this opportunity to secure the finest of furs at substantial savings, and now ask you to share the tremendous economies in price effected. Furs of the quality offered in this sale will cost you **at least 33 1/3% more in October** making immediate selection distinctly to your advantage.

Pay Only One Third Now On Any Furs You Select

—the balance to be due when your furs are taken from our vaults in the Fall.
