

ELLENBOGEN HITS D. C. GAS TAX PLAN

Commissioner Melvin C. Hazen's suggestion for a one-cent increase in the District gasoline tax to raise \$1,000,000 for local relief purposes met emphatic opposition today from Representative Henry Ellenbogen (D.), of Pennsylvania, chairman of the District subcommittee in charge of the fiscal affairs.

In the opinion of the Pennsylvanian, any additional taxes imposed here to care for relief purposes "must be placed upon the shoulders of the entire populace and not on a special class." He added:

"Why should the motorists here be singled out to pay for the additional relief burden? I am definitely opposed to such a proposition."

The fiscal affairs subcommittee chairman, however, said that he would be glad to call his group together to study the situation if the District Commissioners make a formal recommendation for increased taxes.

"I do not want to state at present what I believe would be the best source of obtaining additional revenue, but the subcommittee would go into the entire question if requested by the city heads."

"We should be guided by the principle of ability to pay, and we could hear the various suggestions that may come from the Commissioners, civic and business groups and taxpayers. Then we would determine from what source the additional revenue should be produced."

Four on Front Seat, Two Drivers Arrested

MARTINSBURG, W. Va., April 2.—Walter Derflinger and C. P. Airhart, of Martinsburg, were arrested here by State police charged with permitting more than three persons to ride on the front seats of the automobiles they were driving, in violation of the State road laws.

Each had four on the front seat, officers said. The law provides that not more than three, including the driver, shall oc-

COURT DELAYS CHURCH SALE

CHARLOTTESVILLE, Va., April 2.—Sale of the University Baptist Church was temporarily halted yesterday when attorneys for an organ company went into Federal court and secured an injunction to restrain the church trustees from selling a \$12,000 organ.

Sale of the \$200,000 church was ordered several months ago when the congregation was unable to meet interest and payments on notes, payments on the organ and other liabilities.

The organ company is seeking to prevent the sale, which had been set for yesterday, contending that if the organ were sold without the building the title to the instrument would be lost.

Originating in New York, the program will be heard here over WOL and if Milady is at all interested in fashions, Mrs. Snow will give her the latest hints from Paris, Hollywood and New York.

Historic U. S. Ship Goes to Scrap Heap

U. S. S. Alton, battle cruiser, once the pride of the Navy, has been ordered to the scrap heap.

Admiral Adolphus Andrews, acting Navy secretary, called for sealed bids Friday from any American citizen interested in her purchase as 20,000 tons of junk.

Launched in 1885 as the Navy's first steam powered, all-steel fighting ship, the Alton was formerly known as the U. S. S. Chicago.

"CHANGE OF LIFE"

To relieve the flushes, dizzy spells, headaches, "nerves," irritability of this miserable time try 2 to 3 Zo-ak Tablets 3 times a day.
