

LOCAL AFFAIRS.

Handiwork of Abolitionists.—Any of our citizens who will take the trouble to walk through and around our city, can see what the skinflint abolitionists of the North are doing for us. There was a time when it was possible to preserve order among the negro portion of the population of Washington; but then the great majority of that portion were slaves.—Now, since Mrs. Stowe and her compatriots, Solomon Northrup and Fred Douglass, have been exciting the free negroes of the North to "action," and some of our resident "philanthropists" have been acting as agents in that "holy cause," our city has been rapidly filling up with drunken, worthless, filthy, gambling, thieving free negroes from the North, or runaways from the South. Impudence is a virtue, so considered by their secret backers; and it is no unusual thing to hear of negroes insulting white ladies in our streets. This city is the neutral ground upon which the abolitionist and southern farmer and slave owner may meet to discuss their questions of policy, and their rights. This being the neutral ground, it is likely to be overrun with pauper negroes, made paupers by the abolitionists who take their money and give them promises of "equal rights" in return. We do not see that anything can be done under our city laws, as they stand, to keep this crowd of negroes in order; something more severe is required. The abolitionists have made good jobs of the samples of their work now in Washington.—Drunkenness and disorder prevail among them. It is hoped that our Councils will pass such laws as will keep them in order, and prevent further immigration from the States to this city.

Just in Time.—Yesterday, when all was hurry, heat, and noise about the office, and even the route-boys were making complaints of the hot weather, a young Ethiopian came in with a basket on his arm, and said: "Mrs. Keppler sends her compliments, and sez please 'cept dese." We opened the basket, and found it filled with bottles of root beer. We accepted; of course we did! It was unconstitutional to refuse, considering the state of the weather. They were emptied in the most approved style, and the beer pronounced to be first-rate. Mrs. Keppler has her shop on C street, near Twelfth, and during the summer we expect to give her several calls. Root beer ain't bad to take, and don't "make drunk come."

Picnic at Arlington.—The picnic of the Sabbath School attached to the Foundry Station, came off yesterday at Arlington Spring, and we are told it was a very fine affair, and passed off pleasantly. A very handsome Bible and hymn book were presented by Doctor Peck, on behalf of the Board of Trustees of the Church, to Mr. T. L. Potter, the leader of the church choir. Appropriate addresses were delivered by both these gentlemen.

The workhouse clause.—Some of our friends have been rather impatient while reading the law regulating the sale of intoxicating liquors; and severe words have been spoken rather hastily. After reading the law, as passed, we have come to the conclusion that throughout the entire act the workhouse stares the offenders in the face. After reading, in connection with this act, the act regulating the collection of fines, &c., all will come to the same conclusion.

Prevented.—Yesterday morning, about two o'clock, two men were seen by a citizen, lurking about a building on I st., near Sixth. Suspecting their intentions to be the firing of the property, he kept near them, much to their displeasure; and finally, after grumbling considerably, they left the place. Watch your premises, if you wish to be safe from incendiaries.

Criminal Court.—Yesterday nothing was done in relation to the Gardiner trial but talk. No day has been fixed for the trial, and the case stands as it did previously. Augustus Gable was found guilty of larceny and sentenced to one year's imprisonment in the county jail, and to pay a fine of one dollar.

Resignations.—Messrs. A. Dixon and James F. Nally have resigned their situations in the Auxiliary Guard, on account of the new regulations.

We are indebted to Captain J. H. Birch for a copy of the regulations of the Auxiliary Guard.

Police Report.—Milton Johnson, drunk and disorderly; gave security and paid costs. Elizabeth Sumbly, vagrant; work house 30 days. Wm. H. Brown, casa; sent to jail. Virginia McGuire, profanity; security and costs. Mary Heasler, assault and battery; security for peace. Francis Turnburke, running omnibus without license; ruled for trial. Franzenberger & Winaugh, open after hours; ruled for trial. R. Hanson, out after hours; ten stripes. — Thomas, surrendered by his bail; sent to jail. Chas. T. Shane, threats; security for peace. T. Donnelly, breach of peace; Mrs. Donnelly, do.; ruled for trial. Sam. negro, drunk, and disorderly; fine and costs. Thomas Hurdle, casa; fine and costs paid. Arkthur Wise, out after hours; do. John Toms, drunk and disorderly; do.

The weather is very warm, we are told.

Hon. Edmund Burke and the Administration.

The Concord (N. H.) Patriot, (Gen. Pierce's organ in that State,) contains an article occupying four columns, of a bitter reply to the resolutions submitted by the Hon. Edmund Burke, Commissioner of Patents under Polk, in the recent Democratic State Convention of New Hampshire, condemning Gen. Pierce's appointments. It charges that the statements are malignant falsehoods and threats against the Administration, and accuses him of cowardice, and as being a bully, an assassin, &c., which traits that paper thinks he exhibited when he attacked the President through the committee in the Democratic Convention, and that said body correctly failed to sustain them. The Patriot also says that Burke's course is owing to his failure to secure a lucrative office.

Mr. Burke has addressed a letter to the Democrats of his State, in answer to the article which appeared in the Patriot. He says, in reference to the committee reporting the resolutions, that he does not believe a single gentleman composing it wished or designed to attack the Administration.

He remarks that "he did not, and presume others did not; but I candidly acknowledge that I did wish to have the Democracy of New Hampshire present a clean and straightforward record to the world to stand on the National Platform as the third resolution asserts, "unchanged;" and that if the true Democracy had been overlooked, and Free Soilers, Coalitionists, and Disunionists had been taken too much into favor, the Democracy of New Hampshire were not responsible for it."

Mr. B. concludes by asserting that he shall not war upon the Democratic party, principles, usages, or candidates, but he shall upon the contemptible little cabal at the Capitol, who, sheltering under the wing of the Democratic party, are willing to hazard its utility to success, and gratify a personal dislike to one or more members of the party.

MR. EDITOR: An error having occurred in a sign of the solution to the Problem of June 14th, please give the following as the correct answer:

It would take the Californian 527 hours to perform the journey: the Washingtonian 1,405 hours and 20 minutes. The Californian would have traveled 398 hours when he met the Washingtonian, and the Washingtonian 344 hours. They would meet 1,032 miles distant from Washington, on the 18th of June, at 1 o'clock in the morning, Washington time. GILES G. C. SIMMS.

The Russian women think their husbands are becoming cold and indifferent if they do not flog them once a week. Mirabeau's valet, Tench, regarded it as a great favor to be kicked by his master; and it is said that however low-spirited he was before, this always set him in an excellent humor.

A BRIDAL THEFT.—A girl named Harriet Brown, an operative in the mills at Manchester, who was to have been married on Thursday, prepared for the occasion by stealing a gingham dress and two skirts from two other operatives. She had the dress on when she was arrested. She plead guilty, and was fined \$5 and costs, which her "intended" paid, but intimated that the matrimonial knot would go untied for some time.

Resolved, That for the purpose of ascertaining the amounts so subscribed, and for such further proceedings as may then devolve on the Commissioners, the said Commissioners named in the act will meet again at the Union Hotel, in Georgetown, D. C., on Tuesday, the 5th day of July next, at 12 o'clock, M.; at which meeting the books of subscription, or certificates of said Commissioners and agents of the amounts subscribed, will be expected to be produced.

Dyspepsia, Rheumatism, Scrofula, Liver Complaint, &c.

FROM THE METROPOLIS.—Pass it around! Let the afflicted hear the glad tidings!—This is but the sentiment of thousands!

WASHINGTON, May 17, 1853. MESSRS. MORTIMER & MOWBRAY:—Gentlemen—Having been afflicted with Liver Complaint of ten years standing, I hereby, for the benefit of the afflicted, take great pleasure in announcing that after using a few bottles of your Hampton Tincture, I found it had accomplished a perfect cure. I have used different medicines from time to time, but have never been able to account for any apparent good; and it is a blessing to stricken humanity that that medicine is found which possesses the wondrous power of prolonging human life. The many curses it has wrought is a sufficient guarantee of the beneficial results which may be experienced from its use. Yours, respectfully, J. CERTAIN HAY.

LIVER COMPLAINT, DEBILITY. [Extract from James Harris, Esq.'s Letter, Alexandria, Va.]

After speaking of wonderful cures on himself, he says: "Mrs. H. has been suffering with the liver complaint and with inability constantly complaining from weakness through her whole system. She now enjoys better health than for thirty years, being entirely restored by the use of Hampton's Vegetable Tincture."

DISEASED SIDE, BREAST, EYES. [Extract from a Letter from J. Grimes, esq., Loudon County, Va.]

"My wife has been for years afflicted with great weakness; pain in the breast, side, and back; palpitation of the heart; feebleness of the nervous system; loss of appetite, complexion sallow, the sight of one eye almost gone, the other very weak. I am pleased to say, Hampton's Tincture has restored her to perfect health. Her eyes are as good now as ever they were."

RHEUMATISM 38 YEARS. Mrs. E. Bagwell, of Virginia, suffered from Rheumatism from her 12th to her 50th year of age; at times entirely helpless. Being wealthy, she employed the best medical attention, and tried many medicines, but was cured only by Hampton's Vegetable Tincture.

CHRONIC INFLAMMATORY RHEUMATISM. The wife of Thomas M. Yeakle, 76 Pearl street, was a great sufferer for eight years. Restored to perfect health by Hampton's Vegetable Tincture.

MERCURIAL RHEUMATISM. Mr. Jarrett Plummer, 158 East Baltimore street, suffered this disease intensely 6 years; could not sleep; dreadful ulcers formed on his limbs, from which splinters of bones issued. His physician pronounced him incurable; but Hampton's Vegetable Tincture cured him.

HEREDITARY SCROFULA. A boy in the family of Hon. W. P. Thomasson, once member of Congress from Kentucky was a mass of sores from head to foot. His eyelids turned inside out, protruding over the eyeballs so as to produce blindness. He was cured by Hampton's Vegetable Tincture.

DYSPEPSIA, NERVOUS DISEASE, &c. Mr. Wm. Oldham, of the Baltimore Custom-House, suffered these complaints for eighteen months, with both body and mind seriously affected. He was cured by Hampton's Vegetable Tincture, after other things failed.

COUGH, CONSUMPTION, &c. Mr. Henry C. Winn had a cough for five years, great weakness, &c.; had, in all, five or six physicians, tried all their remedies, but was cured only by HAMPTON'S VEGETABLE TINCTURE.
