The Hay-Pauncefote Canal.

The treaty which Secretary Hay and the Honorable Lord Pauncefote have submitted to the United States Senate amounts to this: That in exchange for a formal renunciation by England of the Clayton-Bulwer Treaty, which forbade the United States to build, maintain, operate, and police the Nicaragua Canal...

Lord Roberts' Campaign Opinions.

The certain has been the opinion of Field Marshal Lord Roberts' campaign in South Africa, and at last there is news of operations both in Natal and the west. At the former Sir Roberts' Buller's campaign...

THE AMERICAN VIEW.

What Has England to Do With the Nicaragua Canal? Regarding the relations of the United States and Great Britain on this subject, the points of American policy first to be kept in mind, are two and are these: First, America should not be in a position to be forced to give up territory...

cross the Riet River near or to the east of Jacobabad. The flanking operations which Sir Hector Macdonald is conducting to the west of Magarfontein, have developed sufficient success, apparently, to make it necessary for the Boer general to detach a considerable force from Mafeking...

THE DEATH PENALTY FOR CRIMINALS.

A book has recently been written by Mr. Duncan McKim, advocating a somewhat radical and startling method of dealing with criminals. Mr. McKim has arrived at his conclusions after long study of the causes of crime, particularly as they are involved in problems of heredity...

PREFERS TO BE GOVERNOR.

Roosevelt Talks With Kerens About the Vice Presidency. NEW YORK, Feb. 8.—Governor Roosevelt has returned to Albany, and Richard C. Kerens, Republican National Comptroller for Missouri, is still at the Waldorf-Astoria. Mr. Kerens had come to Washington and Philadelphia to discuss with Governor Roosevelt the proposition to make Mr. Roosevelt the candidate for Vice President.

THE NAVY TO TEST THORITE.

An Experiment Which May Revolutionize Salt Construction. The ordnance experts of the navy will today make an experiment which may revolutionize armor-plating construction and reverse the present ascendancy of armor over projectiles which has resulted from the incessant competition between the gun and the protection in the navies of the world.

NOTES OF THE DAY.

About 3,000 laborers are at present employed on the Panama Canal. After five years of effort the Methodist churches of Alabama are reported to have received \$100,000 in contributions for the Panama Canal. Business failures in Great Britain during 1900 were 8,000, against 9,800 in 1899.

coupled with it, and supported by all the power of an enlightened public opinion, especially in the transition years, while the criminal population is constituted as it is at present. A chance must be given the man who wants to be honest, and the children of the poor must be rescued from vicious surroundings and brought up under conditions which are at least healthful from a physical point of view.
