

"Hechts' Greater Stores." "Hechts' Greater Stores." What do we mean by "hour sales?"

Can it be possible that there is a single man or woman who does not understand that every Friday this store, beginning at 9 o'clock in the morning (and sometimes at 8), starts the selling of merchandise considerably less than actual value for 60 minutes at a clip? If there is, we trust that this is sufficient explanation.

In tomorrow's "sales" only the quickest selling and most desirable "stuffs" are offered and we need hardly tell you that the prices are extraordinarily low. Anything will be "charged" that you desire and satisfactory terms will be arranged.
